[No. 2701]

A PROCLAMATION

WHEREAS September 19, 1946 marks the one hundred and fiftieth anniversary of President Washington's Farewell Address to the American people, in which the Father of our Country, in announcing his intention to retire from political office, gave his fellow countrymen the benefit of his wisdom and laid down a set of political principles which for a century and a half have profoundly affected the course of our history, it is fitting and proper at this time to pay our humble and grateful respects to the deep insight, the spirit of responsible citizenship, and the outstanding devotion to duty which characterized this pronouncement and the entire career of our first President.

In this message, issued to the country at a time when our young and struggling Republic was torn by internal strife and threatened by external dangers, President Washington saw clearly the need for our country to gain time "to settle and mature its recent institutions and to progress without interruption to that degree of strength and consistency which is necessary to give it . . . the command of its own fortunes."

Pointing to the dangers that lay ahead, he boldly charted a course for our country, based on principles of "national union", "independence and liberty", exemption from the "broils and wars" of other countries, "religion and morality", "pride of patriotism", "institutions for the general diffusion of knowledge", and the observance of "good faith and justice toward all nations".

Guided largely by these principles and favored by nature and the indomitable spirit of freedom and the will of a sturdy and pioneering people, our young Republic has grown to maturity, has gained that "command of its own fortunes" which has freed it from the state of relative dependency in which President Washington found it, and has taken its place in the councils of nations with new responsibilities which a century and a half ago could not have been foreseen.

It is appropriate for us at this time to draw fresh inspiration and renewed faith from the advice and admonitions of the Father of our Country and to apply his wisdom to our times and to the new environment in which we live.

Call to national unity and responsible citizenship.

Above all, we should keep fresh in our memory his call to national unity and responsible citizenship, based on principles of morality, and good faith and justice to all nations; for these remain the imperishable foundations of our Republic.

Display of flag on Sept. 19, 1946, and observance of sesquicentennial.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, on the occasion of the sesquicentennial of President Washington's Farewell Address, do hereby call upon the officials of the Government to display the flag of the United States on all Government buildings on September 19, 1946, and I invite the people of the United States, on or near that date, to observe the event with appropriate ceremonies in schools, colleges, and civic organizations, re-dedicating ourselves to the spirit of loyal service to the Republic which our first President so nobly embodied.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 6th day of September in the year of our Lord nineteen hundred and forty-six, and of [SEAL] the Independence of the United States of America the one hundred and seventy-first.

Modification of proclamation of Sept. 5, 1939, with respect to harsh or rough cotton.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby find and declare, on the basis of the investigation and report of the Tariff Commission, that changed circumstances require the modification of the President's proclamation of September 5, 1939, with respect to harsh or rough cotton having a staple of less than three-fourths of one inch in length, to carry out the purposes of section 22 of the Agricultural Adjustment Act of 1933, as amended, and that such cotton is being imported into the United States under such conditions and in sufficient quantities as to tend to render ineffective the domestic cotton programs undertaken under section 32 of the act of August 24, 1935, 49 Stat. 774, as amended. Accordingly, pursuant to the said section 22 of the Agricultural Adjustment Act of 1933, as amended, I hereby modify the President's proclamation of September 5, 1939 (No. 2351) by deleting therefrom the words "and chiefly used in the manufacture of blankets and blanketing" wherever they appear therein; and I do hereby proclaim that the total quantity of harsh or rough cotton having a staple of less than three-fourths of one inch in length which may be entered, or withdrawn from warehouse, for consumption, in the year commencing September 20, 1946, and in any subsequent year commencing September 20, shall not exceed 70 million pounds, which quantity I hereby find and declare shown by the investigation to be necessary to prescribe in order that the entry of such cotton will not tend to render ineffective the programs undertaken with respect to cotton under section 32 of the act of August 24, 1935, 49 Stat. 774, as amended. I further find and declare that the total quantity of harsh or rough cotton having a staple of less than three-fourths of one inch in length which is permitted entry hereunder, is not less than the minimum permissible quantity computed under the proviso to section 22 (b) of the Agricultural Adjustment Act of 1933, as amended.

[No. 2718]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the rise of the United States of America to a place of eminence among nations in less than two centuries has been greatly enhanced by the migration to its shores of pioneering, freedom-loving peoples; and

WHEREAS the political life-blood of the Nation is annually renewed by the coming of voting age of more than two million native-born young men and women; and

WHEREAS the combined talents, skills, service, and loyalty of these mingled native-born and foreign-born peoples have brought us victoriously through the greatest of all wars; and

WHEREAS in the teamwork of democracy the requisites for good citizenship are not place of birth or race or religious belief; but character, education, cooperation, and loyalty; and

WHEREAS the stupendous task of all men in this new age is to strive to remove from the world the age-old curse of warfare, and to advance the cause of freedom and brotherhood:

Designation of May 18, 1947, as "I Am An American Day."

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, under and by virtue of the authority vested in me by the Congress in Public Resolution 67, approved May 3, 1940, do hereby designate Sunday, May 18, 1947, as "I AM AN AMERICAN DAY", and do set aside that day as a public occasion for the honoring of American citizenship by giving special recognition to those who have become naturalized as citizens during the past year and to the young people who have during the year assumed full responsibilities of citizenship by coming of age.

ARMY DAY AND ARMY WEEK, 1947

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

March 7, 1947
[No. 2719]

A PROCLAMATION

WHEREAS the Army of the United States is a bulwark of our country's strength in time of peril and the faithful guardian of our dearly-bought liberty in time of peace, and has since the inception of this Nation stood between our freedom-loving people and all aggressors; and

WHEREAS the soldiers of our Army continue in active service as loyal servants of our democracy, whose purpose is to insure the establishment of justice, tranquillity, and an enduring peace; and

WHEREAS Senate Concurrent Resolution 5, 75th Congress, 1st Session, which was agreed to by the House of Representatives on March 16, 1937 (50 Stat. 1108), provides:

> "That April 6 of each year be recognized by the Senate and House of Representatives of the United States of America as Army Day, and that the President of the United States be requested, as Commander in Chief, to order military units throughout the United States to assist civic bodies in appropriate celebration to such extent as he may deem advisable; to issue a proclamation each year declaring April 6 as Army Day, and in such proclamations to invite the Governors of the various States to issue Army Day proclamations: *Provided*, That in the event April 6 falls on Sunday, the following Monday shall be recognized as Army Day":

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, in order that we may give special recognition to our Army, whose soldiers have gallantly secured and guarded our freedom since the founding of the Republic and have heroically sacrificed to bring to the world a lasting peace founded upon justice to all mankind, do hereby proclaim Monday, April 7, 1947, as Army Day, and encourage the observance of the week beginning April 6 and ending April 12, 1947, as Army Week; and I invite the Governors of the several States to issue proclamations for the celebration of this day and this week in such manner as to render appropriate honor to the Army of the United States.

Designation of Apr. 7, 1947, as Army Day.

Observance of Apr. 6-12, 1947, as Army Week.

I also remind our citizens that our Army, charged with the responsibility of defending the United States and our territorial possessions and of promoting the firm establishment of peace and good order in the territories of our defeated enemies, can discharge these duties only with the firm support of our people. I therefore urge my fellow countrymen to be mindful of the Army's needs, to the end that our soldiers may not lack the means to perform effectively their continuing tasks and that the hardships of military service in foreign lands may be alleviated in every way possible. There is no means by which we can better honor our heroic dead than by our support of their living comrades who carry on the mission they so nobly advanced.

WHEREAS the aforesaid limitation on the entry of cotton having a staple of 1-⅛ inches or more in length was imposed after a finding by the President, on the basis of the investigation and report of the United States Tariff Commission made under the provisions of the said section 22 of the Agricultural Adjustment Act of 1933, as amended, that such cotton was being imported into the United States under such conditions and in sufficient quantities as to tend to render ineffective or materially interfere with the program undertaken with respect to cotton under the Soil Conservation and Domestic Allotment Act, as amended; and

Designation of week beginning Oct. 5, 1947, as Fire Prevention Week.

Any such extended or reopened season shall be determined, fixed, and announced by the Director of the Fish and Wildlife Service and the conservation agency of the State in which the emergency condition has existed, in accordance with the provisions of this regulation."

THANKSGIVING DAY, 1947

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

November 10, 1947
[No. 2756]

A PROCLAMATION

Older than our nation itself is the hallowed custom of resting from our labors for one day at harvest time and of dedicating that day to expressions of gratitude to Almighty God for the many blessings which He has heaped upon us. Now, as the cycle of the year nears completion, it is fitting that we should lift up our hearts again in special prayers.

May our thanksgiving this year be tempered by humility, by sympathy for those who lack abundance, and by compassion for those in want. As we express appreciation in prayer for our munificent gifts, may we remember that it is more blessed to give than to receive; and may we manifest our remembrance of that precept by generously sharing our bounty with needy people of other nations.

Thursday, Nov. 27, 1947, proclaimed a day of national thanksgiving.
55 Stat. 862.
5 U. S. C. § 87b.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, invite the attention of all citizens to the joint resolution of Congress approved December 26, 1941, which designates the fourth Thursday in November of each year as Thanksgiving Day; I proclaim Thursday, November 27, 1947, as a day of national thanksgiving; and I call upon the people of the United States of every faith to consecrate that day to thoughts of gratitude, acts of devotion, and a firm resolve to assist in the efforts being made by religious groups and other bodies to aid the undernourished, the sick, the aged, and all sufferers in war-devastated lands.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

1 Stat. 21.

WHEREAS the anniversary of the adoption of this hallowed declaration of our liberties affords a fitting occasion for rededication to its inspired and lofty principles; and

WHEREAS the Government of the United States has proposed the incorporation of these essential freedoms in a Declaration of Human Rights for all the peoples of the world:

Designation of Dec. 15, 1947, as Bill of Rights Day.

Foreign trade agreements.

WHEREAS (1) section 350 (a) and (b) of the Tariff Act of 1930, as amended by section 1 of the act of June 12, 1934 entitled "AN ACT To amend the Tariff Act of 1930," by the Joint Resolution approved June 7, 1943, and by section 2 of the Act of July 5, 1945, provides as follows:

48 Stat. 943; 59 Stat. 410.
19 U. S. C. § 1351 (a), (b).

"Sec. 350. (a) For the purpose of expanding foreign markets for the products of the United States (as a means of assisting in the present emergency in restoring the American standard of living, in overcoming domestic unemployment and the present economic depression, in increasing the purchasing power of the American public, and in establishing and maintaining a better relationship among various branches of American agriculture, industry, mining, and commerce) by regulating the admission of foreign goods into the United States in accordance with the characteristics and needs of various branches of American production so that foreign markets will be made available to those branches of American production which require and are capable of developing such outlets by affording corresponding market opportunities for foreign products in the United States, the President, whenever he finds as a fact that any existing duties or other import restrictions of the United States or any foreign country are unduly burdening and restricting the foreign trade of the United States and that the purpose above declared will be promoted by the means hereinafter specified, is authorized from time to time—

"(1) To enter into foreign trade agreements with foreign governments or instrumentalities thereof; and

"(2) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and for such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder. No proclamation shall be made increasing or decreasing by more than 50 per centum any rate of duty, however established, existing on January 1, 1945 (even though temporarily

suspended by Act of Congress), or transferring any article between the dutiable and free lists. The proclaimed duties and other import restrictions shall apply to articles the growth, produce, or manufacture of all foreign countries, whether imported directly, or indirectly: *Provided*, That the President may suspend the application to articles the growth, produce, or manufacture of any country because of its discriminatory treatment of American commerce or because of other acts (including the operations of international cartels) or policies which in his opinion tend to defeat the purposes set forth in this section; and the proclaimed duties and other import restrictions shall be in effect from and after such time as is specified in the proclamation. The President may at any time terminate any such proclamation in whole or in part.

"(b) Nothing in this section shall be construed to prevent the application, with respect to rates of duty established under this section pursuant to agreements with countries other than Cuba, of the provisions of the treaty of commercial reciprocity concluded between the United States and the Republic of Cuba on December 11, 1902, or to preclude giving effect to an exclusive agreement with Cuba concluded under this section, modifying the existing preferential customs treatment of any article the growth, produce, or manufacture of Cuba: *Provided*, That the duties on such an article shall in no case be increased or decreased by more than 50 per centum of the duties, however established, existing on January 1, 1945 (even though temporarily suspended by Act of Congress)." (48 Stat. 943 and 944, ch. 474, 57 Stat. 125, ch. 118, 59 Stat. 410 and 411, ch. 269; 19 U. S. C. (1940) 1351 (a), 19 U. S. C. (1940) Supp. V, 1351 (a) (2) and (b).);

WHEREAS (2) the period within which the President is authorized to enter into trade agreements under said section 350 (a) was extended by section 1 of the Act of July 5, 1945 until the expiration of three years from June 12, 1945 (48 Stat. 944, ch. 474, 59 Stat. 410, ch. 269; 19 U. S. C. (1940) Supp. V, 1352 (c).);

52 Stat. 1077.
19 U. S. C. § 1304.

WHEREAS (3) section 304 of the Tariff Act of 1930, as amended by section 3 of the Customs Administrative Act of 1938, provides in part as follows:

"(a) . . . The Secretary of the Treasury may by regulations—

. . . . . .

"(3) Authorize the exception of any article from the requirements of marking if—

. . . . . .

"(J) Such article is of a class or kind with respect to which the Secretary of the Treasury has given notice by publication in the weekly Treasury Decisions within two years after July 1, 1937, that articles of such class or kind were imported in substantial quantities during the five-year period immediately preceding January 1, 1937, and were not required during such period to be marked to indicate their origin: *Provided*, That this subdivision (J) shall not apply after September 1, 1938, to sawed lumber and timbers, telephone, trolley, electric-light, and telegraph poles of wood, and bundles of shingles; but the President is authorized to suspend the effectiveness of this proviso if he finds such action required to carry out any trade agreement entered into under the authority of the Act of June 12, 1934 (U. S. C., 1934 edition, title 19, secs. 1351–1354), as extended." (52 Stat. 1077 and 1078, ch. 679; 19 U. S. C. (1940) 1304 (a) (3) (J).);

WHEREAS (4) I, Harry S. S. C. § 1351 (a).

WHEREAS (5) reasonable public notice of the intention to negotiate such trade agreement was given and the views presented by persons interested in the negotiation thereof were received and considered;

WHEREAS (7) the Governments of the United States of America, the Commonwealth of Australia, Canada, and the Grand-Duchy of Luxemburg, and, in respect of their respective metropolitan territories, the Governments of the Kingdom of Belgium, the French Republic, the Kingdom of the Netherlands, and the United Kingdom of Great Britain and Northern Ireland, having signed said protocol prior to November 15, 1947, will apply provisionally, on and after January 1, 1948, pursuant to paragraph 1 thereof, (a) parts I and III of said general agreement and (b) part II thereof to the fullest extent not inconsistent with existing legislation; 61 Stat., Pt. 5.

The United States of America agrees to withdraw and surrender, and does hereby withdraw and surrender, all right of possession, supervision, jurisdiction, control or sovereignty existing and exercised by the United States of America in and over the territory and the people of the Philippine Islands, except the use of such bases, necessary appurtenances to such bases, and the rights incident thereto, as the United States of America, by agreement with the Republic of the Philippines, may deem necessary to retain for the mutual protection of the United States of America and of the Republic of the Philippines. The United States of America further agrees to recognize, and does hereby recognize, the independence of the Republic of the Philippines as a separate self-governing nation and to acknowledge, and does hereby acknowledge, the authority and control over the same of the Government instituted by the people thereof, under the Constitution of the Republic of the Philippines.

Pending the final establishment of the requisite Philippine Foreign Service establishments abroad, the United States of America and the Republic of the Philippines agree that at the request of the Republic of the Philippines the United States of America will endeavor, in so far as it may be practicable, to represent through its Foreign Service the interests of the Republic of the Philippines in countries where there is no Philippine representation. BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS a convention on international civil aviation was formulated in the English language at the International Civil Aviation Conference at Chicago and opened for signature on December 7, 1944, and signed on that date by the Plenipotentiary of the United States of America and on or after that date by the Plenipotentiaries of forty-eight other governments;

WHEREAS the said convention in the English language is word for word as follows:

CONVENTION ON INTERNATIONAL CIVIL AVIATION

PREAMBLE

WHEREAS the future development of international civil aviation can greatly help to create and preserve friendship and understanding among the nations and peoples of the world, yet its abuse can become a threat to the general security; and

WHEREAS it is desirable to avoid friction and to promote that cooperation between nations and peoples upon which the peace of the world depends;

THEREFORE, the undersigned governments having agreed on certain principles and arrangements in order that international civil aviation may be developed in a safe and orderly manner and that international air transport services may be established on the basis of equality of opportunity and operated soundly and economically;

Have accordingly concluded this Convention to that end.

PART I. AIR NAVIGATION

CHAPTER I

GENERAL PRINCIPLES AND APPLICATION OF THE CONVENTION

Article 1

Sovereignty

The contracting States recognize that every State has complete and exclusive sovereignty over the airspace above its territory.

Article 2

Territory

For the purposes of this Convention the territory of a State shall be deemed to be the land areas and territorial waters adjacent thereto under the sovereignty, suzerainty, protection or mandate of such State.

Article 3

Civil and state aircraft

(a) This Convention shall be applicable only to civil aircraft, and shall not be applicable to state aircraft.

(b) Aircraft used in military, customs and police services shall be deemed to be state aircraft.

(c) No state aircraft of a contracting State shall fly over the territory of another State or land thereon without authorization by special agreement or otherwise, and in accordance with the terms thereof.

(d) The contracting States undertake, when issuing regulations for their state aircraft, that they will have due regard for the safety of navigation of civil aircraft.

Article 4

Misuse of civil aviation

Each contracting State agrees not to use civil aviation for any purpose inconsistent with the aims of this Convention.

CHAPTER II

FLIGHT OVER TERRITORY OF CONTRACTING STATES

Article 5

Right of non-scheduled flight

Each contracting State agrees that all aircraft of the other contracting States, being aircraft not engaged in scheduled international air services shall have the right, subject to the observance of the terms of this Convention, to make flights into or in transit non-stop across its territory and to make stops for non-traffic purposes without the necessity of obtaining prior permission, and subject to the right of the State flown over to require landing. Each contracting State nevertheless reserves the right, for reasons of safety of flight, to require aircraft desiring to proceed over regions which are inaccessible or without adequate air navigation facilities to follow prescribed routes, or to obtain special permission for such flights.

Such aircraft, if engaged in the carriage of passengers, cargo, or mail for remuneration or hire on other than scheduled international air services, shall also, subject to the provisions of Article 7, have the privilege of taking on or discharging passengers, cargo, or mail, subject to the right of any State where such embarkation or discharge takes place to impose such regulations, conditions or limitations as it may consider desirable.

Article 6

Scheduled air services

No scheduled international air service may be operated over or into the territory of a contracting State, except with the special permission or other authorization of that State, and in accordance with the terms of such permission or authorization.

Article 7

Cabotage

Each contracting State shall have the right to refuse permission to the aircraft of other contracting States to take on in its territory passengers, mail and cargo carried for remuneration or hire and destined for another point within its territory. Each contracting State undertakes not to enter into any arrangements which specifically grant any such privilege on an exclusive basis to any other State or an airline of any other State, and not to obtain any such exclusive privilege from any other State.

Article 8

Pilotless aircraft

No aircraft capable of being flown without a pilot shall be flown without a pilot over the territory of a contracting State without special authorization by that State and in accordance with the terms of such authorization. Each contracting State undertakes to insure that the flight of such aircraft without a pilot in regions open to civil aircraft shall be so controlled as to obviate danger to civil aircraft.

Article 9

Prohibited areas

(a) Each contracting State may, for reasons of military necessity or public safety, restrict or prohibit uniformly the aircraft of other States from flying over certain areas of its territory, provided that no distinction in this respect is made between the aircraft of the State whose territory is involved, engaged in international scheduled airline services, and the aircraft of the other contracting States likewise engaged. Such prohibited areas shall be of reasonable extent and location so as not to interfere unnecessarily with air navigation. Descriptions of such prohibited areas in the territory of a contracting State, as well as any subsequent alterations therein, shall be communicated as soon as possible to the other contracting States and to the International Civil Aviation Organization.

(b) Each contracting State reserves also the right, in exceptional circumstances or during a period of emergency, or in the interest of public safety, and with immediate effect, temporarily to restrict or prohibit flying over the whole or any part of its territory, on condition that such restriction or prohibition shall be applicable without distinction of nationality to aircraft of all other States.

(c) Each contracting State, under such regulations as it may prescribe, may require any aircraft entering the areas contemplated in subparagraphs (a) or (b) above to effect a landing as soon as practicable thereafter at some designated airport within its territory.

Article 10

Landing at customs airport

Except in a case where, under the terms of this Convention or a special authorization, aircraft are permitted to cross the territory of a contracting State without landing, every aircraft which enters the territory of a contracting State shall, if the regulations of that State so require, land at an airport designated by that State for the purpose of customs and other examination. On departure from the territory of a contracting State, such aircraft shall depart from a similarly designated customs airport. Particulars of all designated customs airports shall be published by the State and transmitted to the International Civil Aviation Organization established under Part II of this Convention for communication to all other contracting States.

Post, p. 1192.

Article 11

Applicability of air regulations

Subject to the provisions of this Convention, the laws and regulations of a contracting State relating to the admission to or departure from its territory of aircraft engaged in international air navigation, or to the operation and navigation of such aircraft while within its territory, shall be applied to the aircraft of all contracting States without distinction as to nationality, and shall be complied with by such aircraft upon entering or departing from or while within the territory of that State.

Article 12

Rules of the air

Each contracting State undertakes to adopt measures to insure that every aircraft flying over or maneuvering within its territory and that every aircraft carrying its nationality mark, wherever such aircraft may be, shall comply with the rules and regulations relating to the flight and maneuver of aircraft there in force. Each contracting State undertakes to keep its own regulations in these respects uniform, to the greatest possible extent, with those established from time to time under this Convention. Over the high seas, the rules in force shall be those established under this Convention. Each contracting State undertakes to insure the prosecution of all persons violating the regulations applicable.

Article 13

Entry and clearance regulations

The laws and regulations of a contracting State as to the admission to or departure from its territory of passen-

gers, crew or cargo of aircraft, such as regulations relating to entry, clearance, immigration, passports, customs, and quarantine shall be complied with by or on behalf of such passengers, crew or cargo upon entrance into or departure from, or while within the territory of that State.

Article 14

Prevention of spread of disease

Each contracting State agrees to take effective measures to prevent the spread by means of air navigation of cholera, typhus (epidemic), smallpox, yellow fever, plague, and such other communicable diseases as the contracting States shall from time to time decide to designate, and to that end contracting States will keep in close consultation with the agencies concerned with international regulations relating to sanitary measures applicable to aircraft. Such consultation shall be without prejudice to the application of any existing international convention on this subject to which the contracting States may be parties.

Article 15

Airport and similar charges

Every airport in a contracting State which is open to public use by its national aircraft shall likewise, subject to the provisions of Article 68, be open under uniform conditions to the aircraft of all the other contracting States. The like uniform conditions shall apply to the use, by aircraft of every contracting State, of all air navigation facilities, including radio and meteorological services, which may be provided for public use for the safety and expedition of air navigation.

Post, p. 1200.

Any charges that may be imposed or permitted to be imposed by a contracting State for the use of such airports and air navigation facilities by the aircraft of any other contracting State shall not be higher,

(a) As to aircraft not engaged in scheduled international air services, than those that would be paid by its national aircraft of the same class engaged in similar operations, and

(b) As to aircraft engaged in scheduled international air services, than those that would be paid by its national aircraft engaged in similar international air services.

All such charges shall be published and communicated to the International Civil Aviation Organization: provided that, upon representation by an interested contracting State, the charges imposed for the use of airports and other facilities shall be subject to review by the Council, which shall report and make recommendations

thereon for the consideration of the State or States concerned. No fees, dues or other charges shall be imposed by any contracting State in respect solely of the right of transit over or entry into or exit from its territory of any aircraft of a contracting State or persons or property thereon.

Article 16

Search of aircraft

The appropriate authorities of each of the contracting States shall have the right, without unreasonable delay, to search aircraft of the other contracting States on landing or departure, and to inspect the certificates and other documents prescribed by this Convention.

CHAPTER III

NATIONALITY OF AIRCRAFT

Article 17

Nationality of aircraft

Aircraft have the nationality of the State in which they are registered.

Article 18

Dual registration

An aircraft cannot be validly registered in more than one State, but its registration may be changed from one State to another.

Article 19

National laws governing registration

The registration or transfer of registration of aircraft in any contracting State shall be made in accordance with its laws and regulations.

Article 20

Display of marks

Every aircraft engaged in international air navigation shall bear its appropriate nationality and registration marks.

Article 21

Report of registrations

Each contracting State undertakes to supply to any other contracting State or to the International Civil Aviation Organization, on demand, information concerning the registration and ownership of any particular aircraft registered in that State. In addition, each contracting State shall furnish reports to the International Civil Aviation Organization, under such regulations as the latter may prescribe, giving such pertinent data as can be made available concerning the ownership and control of aircraft registered in that State and habitually engaged in international air navigation. The data thus obtained by the International Civil Aviation Organization shall be made available by it on request to the other contracting States.

CHAPTER IV

MEASURES TO FACILITATE AIR NAVIGATION

Article 22

Facilitation of formalities

Each contracting State agrees to adopt all practicable measures, through the issuance of special regulations or otherwise, to facilitate and expedite navigation by aircraft between the territories of contracting States, and to prevent unnecessary delays to aircraft, crews, passengers and cargo, especially in the administration of the laws relating to immigration, quarantine, customs and clearance.

Article 23

Customs and immigration procedures

Each contracting State undertakes, so far as it may find practicable, to establish customs and immigration procedures affecting international air navigation in accordance with the practices which may be established or recommended from time to time, pursuant to this Convention. Nothing in this Convention shall be construed as preventing the establishment of customs-free airports.

Article 24

Customs duty

(a) Aircraft on a flight to, from, or across the territory of another contracting State shall be admitted temporarily free of duty, subject to the customs regulations of the State. Fuel, lubricating oils, spare parts, regular equipment and aircraft stores on board an aircraft of a contracting State, on arrival in the territory of another contracting State and retained on board on leaving the territory of that State shall be exempt from customs duty, inspection fees or similar national or local duties and charges. This exemption shall not apply to any quantities or articles unloaded, except in accordance with the customs regulations of the State, which may require that they shall be kept under customs supervision.

(b) Spare parts and equipment imported into the territory of a contracting State for incorporation in or use on an aircraft of another contracting State engaged in international air navigation shall be admitted free of customs duty, subject to compliance with the regulations of the State concerned, which may provide that the articles shall be kept under customs supervision and control.

Article 25

Aircraft in distress

Each contracting State undertakes to provide such measures of assistance to aircraft in distress in its territory as it may find practicable, and to permit, subject to control by its own authorities, the owners of the aircraft

or authorities of the State in which the aircraft is registered to provide such measures of assistance as may be necessitated by the circumstances. Each contracting State, when undertaking search for missing aircraft, will collaborate in coordinated measures which may be recommended from time to time pursuant to this Convention.

Article 26

Investigation of accidents

In the event of an accident to an aircraft of a contracting State occurring in the territory of another contracting State, and involving death or serious injury, or indicating serious technical defect in the aircraft or air navigation facilities, the State in which the accident occurs will institute an inquiry into the circumstances of the accident, in accordance, so far as its laws permit, with the procedure which may be recommended by the International Civil Aviation Organization. The State in which the aircraft is registered shall be given the opportunity to appoint observers to be present at the inquiry and the State holding the inquiry shall communicate the report and findings in the matter to that State.

Article 27

Exemption from seizure on patent claims

(a) While engaged in international air navigation, any authorized entry of aircraft of a contracting State into the territory of another contracting State or authorized transit across the territory of such State with or without landings shall not entail any seizure or detention of the aircraft or any claim against the owner or operator thereof or any other interference therewith by or on behalf of such State or any person therein, on the ground that the construction, mechanism, parts, accessories or operation of the aircraft is an infringement of any patent, design, or model duly granted or registered in the State whose territory is entered by the aircraft, it being agreed that no deposit of security in connection with the foregoing exemption from seizure or detention of the aircraft shall in any case be required in the State entered by such aircraft.

(b) The provisions of paragraph (a) of this Article shall also be applicable to the storage of spare parts and spare equipment for the aircraft and the right to use and install the same in the repair of an aircraft of a contracting State in the territory of any other contracting State, provided that any patented part or equipment so stored shall not be sold or distributed internally in or exported commercially from the contracting State entered by the aircraft.

(c) The benefits of this Article shall apply only to such

States, parties to this Convention, as either (1) are parties to the International Convention for the Protection of Industrial Property and to any amendments thereof; or (2) have enacted patent laws which recognize and give adequate protection to inventions made by the nationals of the other States parties to this Convention.

Article 28

Air navigation facilities and standard systems

Each contracting State undertakes, so far as it may find practicable, to:

(a) Provide, in its territory, airports, radio services, meteorological services and other air navigation facilities to facilitate international air navigation, in accordance with the standards and practices recommended or established from time to time, pursuant to this Convention;

(b) Adopt and put into operation the appropriate standard systems of communications procedure, codes, markings, signals, lighting and other operational practices and rules which may be recommended or established from time to time, pursuant to this Convention;

CHAPTER XV

AIRPORTS AND OTHER AIR NAVIGATION FACILITIES

Article 68

Designation of routes and airports

Each contracting State may, subject to the provisions of this Convention, designate the route to be followed within its territory by any international air service and the airports which any such service may use.

Article 69

Improvement of air navigation facilities

If the Council is of the opinion that the airports or other air navigation facilities, including radio and meteorological services, of a contracting State are not reasonably adequate for the safe, regular, efficient, and economical operation of international air services, present or contemplated, the Council shall consult with the State directly concerned, and other States affected, with a view to finding means by which the situation may be remedied, and may make recommendations for that purpose. No contracting State shall be guilty of an infraction of this Convention if it fails to carry out these recommendations.

Article 70

Financing of air navigation facilities

A contracting State, in the circumstances arising under the provisions of Article 69, may conclude an arrangement with the Council for giving effect to such recommendations. The State may elect to bear all of the costs involved in any such arrangement. If the State does not so elect, the Council may agree, at the request of the State, to provide for all or a portion of the costs.

Article 71

Provision and maintenance of facilities by Council

If a contracting State so requests, the Council may agree to provide, man, maintain, and administer any or all of the airports and other air navigation facilities, including radio and meteorological services, required in its territory for the safe, regular, efficient and economical operation of the international air services of the other contracting States, and may specify just and reasonable charges for the use of the facilities provided.

Article 72

Acquisition or use of land

Where land is needed for facilities financed in whole or in part by the Council at the request of a contracting State, that State shall either provide the land itself, retaining title if it wishes, or facilitate the use of the land by the Council on just and reasonable terms and in accordance with the laws of the State concerned.

Article 73

Expenditure and assessment of funds

Within the limit of the funds which may be made available to it by the Assembly under Chapter XII, the Council may make current expenditures for the purposes of this Chapter from the general funds of the Organization. The Council shall assess the capital funds required for the purposes of this Chapter in previously agreed proportions over a reasonable period of time to the contracting States consenting thereto whose airlines use the facilities. The Council may also assess to States that consent any working funds that are required.

Ante, p. 1199.

Article 74

Technical assistance and utilization of revenues

When the Council, at the request of a contracting State, advances funds or provides airports or other facilities in whole or in part, the arrangement may provide, with the consent of that State, for technical assistance in the supervision and operation of the airports and other facilities, and for the payment, from the revenues derived from the operation of the airports and other facilities, of the operating expenses of the airports and the other facilities, and of interest and amortization charges.

95347°—49—PT. II——16

Article 75

Taking over of facilities from Council

A contracting State may at any time discharge any obligation into which it has entered under Article 70, and take over airports and other facilities which the Council has provided in its territory pursuant to the provisions of Articles 71 and 72, by paying to the Council an amount which in the opinion of the Council is reasonable in the circumstances. If the State considers that the amount fixed by the Council is unreasonable it may appeal to the Assembly against the decision of the Council and the Assembly may confirm or amend the decision of the Council.

Article 76

Return of funds

Funds obtained by the Council through reimbursement under Article 75 and from receipts of interest and amortization payments under Article 74 shall, in the case of advances originally financed by States under Article 73, be returned to the States which were originally assessed in the proportion of their assessments, as determined by the Council.

CHAPTER XVI

JOINT OPERATING ORGANIZATIONS AND POOLED SERVICES

Article 77

Joint operating organizations permitted

Nothing in this Convention shall prevent two or more contracting States from constituting joint air transport operating organizations or international operating agencies and from pooling their air services on any routes or in any regions, but such organizations or agencies and such pooled services shall be subject to all the provisions of this Convention, including those relating to the registration of agreements with the Council. The Council shall determine in what manner the provisions of this Convention relating to nationality of aircraft shall apply to aircraft operated by international operating agencies.

Article 78

Function of Council

The Council may suggest to contracting States concerned that they form joint organizations to operate air services on any routes or in any regions.

Article 79

Participation in operating organizations

A State may participate in joint operating organizations or in pooling arrangements, either through its government or through an airline company or companies designated by its government. The companies may, at the sole discretion of the State concerned, be state-owned or partly state-owned or privately owned.

PART IV. FINAL PROVISIONS

CHAPTER XVII

OTHER AERONAUTICAL AGREEMENTS AND ARRANGEMENTS

Article 80

Paris and Habana Conventions

Each contracting State undertakes, immediately upon the coming into force of this Convention, to give notice of denunciation of the Convention relating to the Regulation of Aerial Navigation signed at Paris on October 13, 1919 or the Convention on Commercial Aviation signed at Habana on February 20, 1928, if it is a party to either. As between contracting States, this Convention supersedes the Conventions of Paris and Habana previously referred to.

47 Stat. 1901.

Article 81

Registration of existing agreements

All aeronautical agreements which are in existence on the coming into force of this Convention, and which are between a contracting State and any other State or between an airline of a contracting State and any other State or the airline of any other State, shall be forthwith registered with the Council.

Article 82

Abrogation of inconsistent arrangements

The contracting States accept this Convention as abrogating all obligations and understandings between them which are inconsistent with its terms, and undertake not to enter into any such obligations and understandings. A contracting State which, before becoming a member of the Organization has undertaken any obligations toward a non-contracting State or a national of a contracting State or of a non-contracting State inconsistent with the terms of this Convention, shall take immediate steps to procure its release from the obligations. If an airline of any contracting State has entered into any such inconsistent obligations, the State of which it is a national shall use its best efforts to secure their termination forthwith and shall in any event cause them to be terminated as soon as such action can lawfully be taken after the coming into force of this Convention.

Article 83

Registration of new arrangements

Subject to the provisions of the preceding Article, any contracting State may make arrangements not inconsistent with the provisions of this Convention. Any such arrangement shall be forthwith registered with the Council, which shall make it public as soon as possible.

CHAPTER XVIII

DISPUTES AND DEFAULT

Article 84

Settlement of disputes

If any disagreement between two or more contracting States relating to the interpretation or application of this Convention and its Annexes cannot be settled by negotiation, it shall, on the application of any State concerned in the disagreement, be decided by the Council. No member of the Council shall vote in the consideration by the Council of any dispute to which it is a party. Any contracting State may, subject to Article 85, appeal from the decision of the Council to an *ad hoc* arbitral tribunal agreed upon with the other parties to the dispute or to the Permanent Court of International Justice. Any such appeal shall be notified to the Council within sixty days of receipt of notification of the decision of the Council.

Article 85

Arbitration procedure

If any contracting State party to a dispute in which the decision of the Council is under appeal has not accepted the Statute of the Permanent Court of International Justice and the contracting States parties to the dispute cannot agree on the choice of the arbitral tribunal, each of the contracting States parties to the dispute shall name a single arbitrator who shall name an umpire. If either contracting State party to the dispute fails to name an arbitrator within a period of three months from the date of the appeal, an arbitrator shall be named on behalf of that State by the President of the Council from a list of qualified and available persons maintained by the Council. If, within thirty days, the arbitrators cannot agree on an umpire, the President of the Council shall designate an umpire from the list previously referred to. The arbitrators and the umpire shall then jointly constitute an arbitral tribunal. Any arbitral tribunal established under this or the preceding Article shall settle its own procedure and give its decisions by majority vote, provided that the Council may determine procedural questions in the event of any delay which in the opinion of the Council is excessive.

Article 86

Appeals

Unless the Council decides otherwise, any decision by the Council on whether an international airline is operating in conformity with the provisions of this Convention shall remain in effect unless reversed on appeal. On

any other matter, decisions of the Council shall, if appealed from, be suspended until the appeal is decided. The decisions of the Permanent Court of International Justice and of an arbitral tribunal shall be final and binding.

Article 87

Penalty for non-conformity of airline

Each contracting State undertakes not to allow the operation of an airline of a contracting State through the airspace above its territory if the Council has decided that the airline concerned is not conforming to a final decision rendered in accordance with the previous Article.

Article 88

Penalty for non-conformity by State

The Assembly shall suspend the voting power in the Assembly and in the Council of any contracting State that is found in default under the provisions of this Chapter.

CHAPTER XIX

WAR

Article 89

War and emergency conditions

In case of war, the provisions of this Convention shall not affect the freedom of action of any of the contracting States affected, whether as belligerents or as neutrals. The same principle shall apply in the case of any contracting State which declares a state of national emergency and notifies the fact to the Council.

CHAPTER XX

ANNEXES

Article 90

Adoption and amendment of Annexes

(a) The adoption by the Council of the Annexes described in Article 54, subparagraph (1), shall require the vote of two-thirds of the Council at a meeting called for that purpose and shall then be submitted by the Council to each contracting State. Any such Annex or any amendment of an Annex shall become effective within three months after its submission to the contracting States or at the end of such longer period of time as the Council may prescribe, unless in the meantime a majority of the contracting States register their disapproval with the Council.

(b) The Council shall immediately notify all contracting States of the coming into force of any Annex or amendment thereto.

Ante, p. 1197.

CHAPTER XXI

RATIFICATIONS, ADHERENCES, AMENDMENTS, AND DENUNCIATIONS

Article 91

(a) This Convention shall be subject to ratification by the signatory States. The instruments of ratification shall be deposited in the archives of the Government of the United States of America, which shall give notice of the date of the deposit to each of the signatory and adhering States.

(b) As soon as this Convention has been ratified or adhered to by twenty-six States it shall come into force between them on the thirtieth day after deposit of the twenty-sixth instrument. It shall come into force for each State ratifying thereafter on the thirtieth day after the deposit of its instrument of ratification.

(c) It shall be the duty of the Government of the United States of America to notify the government of each of the signatory and adhering States of the date on which this Convention comes into force.

Article 92

Adherence to Convention

(a) This Convention shall be open for adherence by members of the United Nations and States associated with them, and States which remained neutral during the present world conflict.

(b) Adherence shall be effected by a notification addressed to the Government of the United States of America and shall take effect as from the thirtieth day from the receipt of the notification by the Government of the United States of America, which shall notify all the contracting States.

Article 93

Admission of other States

States other than those provided for in Articles 91 and 92(a) may, subject to approval by any general international organization set up by the nations of the world to preserve peace, be admitted to participation in this Convention by means of a four-fifths vote of the Assembly and on such conditions as the Assembly may prescribe: provided that in each case the assent of any State invaded or attacked during the present war by the State seeking admission shall be necessary.

Article 94

Amendment of Convention

(a) Any proposed amendment to this Convention must be approved by a two-thirds vote of the Assembly and shall then come into force in respect of States which

have ratified such amendment when ratified by the number of contracting States specified by the Assembly. The number so specified shall not be less than two-thirds of the total number of contracting States.

(b) If in its opinion the amendment is of such a nature as to justify this course, the Assembly in its resolution recommending adoption may provide that any State which has not ratified within a specified period after the amendment has come into force shall thereupon cease to be a member of the Organization and a party to the Convention.

Article 95

Denunciation of Convention

(a) Any contracting State may give notice of denunciation of this Convention three years after its coming into effect by notification addressed to the Government of the United States of America, which shall at once inform each of the contracting States.

(b) Denunciation shall take effect one year from the date of the receipt of the notification and shall operate only as regards the State effecting the denunciation.

AUGUST 26, 1946

EXCELLENCY:

I have the honor to transmit herewith, under cover of a note dated August 16, 1946, from the Acting Secretary of State of the United States, a Declaration by the President of the United States of America recognizing, on behalf of the United States of America, the compulsory jurisdiction of the International Court of Justice under Article 36 of the Statute of the Court. 59 Stat. 1060.

My action today in depositing this Declaration, accepting on behalf of the United States the compulsory jurisdiction of the International Court of Justice, is further testimony to the determination of my Government to do all in its power to assure that the United Nations will fulfill the role assigned to it, which is nothing less than the preservation of world peace.

One of the most elemental functions of the United Nations in the preservation of world peace is the development of procedures of pacific settlement. In these procedures, the role and functions of law is clear. We feel that international law is already sufficiently developed to serve as a guide and basis in international relations. We feel further that the best way of assuring its further development, and the only way of enabling it to fulfill its function, is by referring to a responsible international tribunal all disputes properly justiciable by such a tribunal.

We accordingly look forward to a great development of the rule of law in international relations through a broad acceptance of the function of the Court in the spirit of the Charter.

Accept, Excellency, the renewed assurances of my highest consideration.

[T. I. A. S. 1648]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Treaty of Peace with Italy, dated at Paris February 10, 1947, was signed by the respective Plenipotentiaries of the United States of America, the Union of Soviet Socialist Republics, the United Kingdom of Great Britain and Northern Ireland, China, France, Australia, Belgium, the Byelorussian Soviet Socialist Republic, Brazil, Canada, Czechoslovakia, Ethiopia, Greece, India, the Netherlands, New Zealand, Poland, the Ukrainian Soviet Socialist Republic, the Union of South Africa, the People's Federal Republic of Yugoslavia, and Italy;

WHEREAS the text of the said Treaty, in the French, English, Russian, and Italian languages, as certified by the Foreign Office of the Government of the French Republic, is word for word as follows:

TRAITE DE PAIX

AVEC

L'ITALIE

1947

Les Etats-Unis d'Amérique, la Chine, la France, le Royaume-Uni de Grande-Bretagne et d'Irlande du Nord, l'Union des Républiques Soviétiques Socialistes, l'Australie, la Belgique, la République Soviétique Socialiste de Biélorussie, le Brésil, le Canada, l'Ethiopie, la Grèce, l'Inde, la Nouvelle-Zélande, les Pays-Bas, la Pologne, la Tchéchoslovaquie, la République Soviétique Socialiste d'Ukraine, l'Union Sud-Africaine, la République Fédérative Populaire de Yougoslavie, désignés ci-après sous le nom de "Puissances Alliées et Associées", d'une part,

et l'Italie d'autre part;

Considérant que l'Italie, sous le régime fasciste, est devenue l'une des parties contractantes du pacte tripartite avec l'Allemagne et le Japon, qu'elle a entrepris une guerre d'agression et, de ce fait, a provoqué un état de guerre avec toutes les Puissances Alliées et Associées et avec d'autres Nations Unies, et qu'elle porte sa part de responsabilité dans la guerre;

Considérant que, par suite des victoires des forces alliées et avec l'aide des éléments démocratiques du peuple italien, le régime fasciste a été renversé en Italie le 25 juillet 1943, et que l'Italie, après avoir capitulé sans conditions, a signé les clauses d'armistice des 3 et 29 septembre de la même année;

Considérant que, après ledit armistice, des forces armées italiennes, celles du Gouvernement aussi bien que celles de la Résistance, ont pris une part active à la guerre contre l'Allemagne, que l'Italie a déclaré la guerre à l'Allemagne le 13 octobre 1943 et qu'elle est ainsi devenue cobelligérante dans la guerre contre l'Allemagne;

Considérant que les Puissances Alliées et Associées et l'Italie sont désireuses de conclure un traité de paix qui règle, en conformité avec les principes de justice, les questions demeurant en suspens à la suite des événements ci-dessus rappelés et qui forme la base de relations amicales entre elles, permettant ainsi aux Puissances Alliées et Associées d'appuyer les demandes que l'Italie présentera pour devenir membre de l'Organisation des Nations Unies et pour adhérer à toute convention conclue sous les auspices des Nations Unies;

Pour ces motifs, ont décidé de proclamer la cessation de l'état de guerre et de conclure à cet effet le présent Traité de Paix et ont, à ces fins,

désigné les Plénipotentiaires soussignés, lesquels, après présentation de leurs pleins pouvoirs, reconnus en bonne et due forme, sont convenus des articles suivants:

Le tracé de ces frontières est indiqué sur les cartes jointes au présent Traité (annexe I). En cas de divergences entre le texte de la description des frontières et les cartes, c'est le texte qui fera foi.

Article 2

La frontière entre l'Italie et la France, telle qu'elle était au 1er janvier 1938, sera modifiée comme suit:

1. *Col du Petit-Saint-Bernard*

La nouvelle frontière suivra la ligne de partage des eaux en quittant la frontière actuelle à 2 kilomètres environ au nord-ouest de l'Hospice, coupant la route à 1 kilomètre environ au nord-est de l'Hospice et rejoignant la frontière actuelle à 2 kilomètres environ au sud-est de l'Hospice.

2. *Plateau du Mont Cenis*

La nouvelle frontière quittera la frontière actuelle à 3 kilomètres environ au nord-ouest du sommet de Rochemelon, coupera la route à 4 kilomètres environ au sud-est de l'Hospice et rejoindra la frontière actuelle à 4 kilomètres environ au nord-est du Mont d'Ambin.

frontière actuelle qu'elle rejoindra à 2 kilomètres environ au sud-est de la localité de Montgenèvre.

4. *Vallées supérieures de la Tinée, de la Vésubie et de la Roya*

La description détaillée des sections de la frontière auxquelles s'appliquent les modifications indiquées dans les paragraphes 1, 2, 3 et 4 ci-dessus, figure à l'annexe II du présent traité, les cartes auxquelles se réfère cette description se trouvant à l'annexe I.

Article 3

La frontière entre l'Italie et la Yougoslavie sera déterminée comme il suit:

La nouvelle frontière suit une ligne partant du point de jonction des frontières de l'Autriche, de l'Italie et de la Yougoslavie, telles qu'elles étaient au 1er janvier 1938, et suivant vers le sud la frontière de 1938 entre la Yougoslavie et l'Italie jusqu'au point de jonction de cette frontière et de la limite administrative séparant les provinces italiennes du Frioul (Udine) et de Gorizia;

de ce point, la ligne se confond avec ladite limite administrative, jusqu'en un point situé approximativement à 0,5 Km au nord du village description se trouvant à l'annexe I.[1]

laissant en ce point la limite administrative séparant les provinces italiennes du Frioul et de Gorizia, la ligne s'étend à l'est jusqu'en un point situé approximativement à 0,5 Km à l'ouest du village de Vercoglia di Cosbana et de là se dirige vers le sud, entre les vallées du Quarnizzo et de la Cosbana, jusqu'en un point situé approximativement à 1 Km au sud-ouest du village de Fleana, après s'être incurvée de manière à couper la rivière de Recca en un point situé approximativement à 1,5 Km à l'est de l'Iudrio, laissant à l'est la route de Cosbana via Nebola à Castel Dobra;

[1] [By a note dated Apr. 29, 1947, the Government of the French Republic invited attention to the fact that "description se trouvant à l'annexe I" is a printing error and should be replaced by "de Mernico dans la vallee de l'Iudrio" in order to have the French language version correspond with the English and Russian versions.]

de là, la ligne continue vers le sud-est, passant immédiatement au sud de la route entre les cotes 111 et 172, puis au sud de celle de Vipulzano à Uclanzi par les cotes 57 et 122, coupant cette dernière route à 100 m. environ à l'est de la cote 122 pour s'infléchir vers le nord en direction d'un point situé à 350 m. au sud-est de la cote 266;

passant à 0,5 Km environ au nord du village de San Floriano, la ligne s'étend alors vers l'est jusqu'au Mont Sabotino (cote 610), laissant au nord le village de Poggio San Valentino;

du Mont Sabotino, la ligne, se dirigeant vers le sud, traverse l'Isonzo (Soca) à la hauteur de la ville de Salcano, qu'elle laisse en territoire yougoslave; elle longe alors immédiatement à l'ouest la ligne de chemin de fer de Canale d'Isonzo à Montespino jusqu'en un point situé à environ 750 m. au sud de la route de Gorizia à Aisovizza;

se détachant alors du chemin de fer, elle s'infléchit en direction du sud-ouest, laissant en territoire yougoslave la ville de San Pietro et en territoire italien l'Hospice et la route qui le borde, traverse à 700 mètres environ de la station de Gorizia S. Marco la ligne de raccordement entre le chemin de fer précité et celui de Sagrado à Cormons, longe le cimetière de Gorizia, laissé en territoire italien, passe entre la grand'route N° 55 de Gorizia à Trieste, laissée en territoire italien, et le carrefour situé à la cote 54, laissant en territoire yougoslave les villes de Vertoiba et de Merna et atteint un point situé approximativement à la cote 49;

de là, la ligne continue en direction du sud à travers le Carso à 1 Km environ à l'est de la grand'route N° 55, laissant à l'est le village d'Opacchiasella et à l'ouest le village d'Iamiano;

d'un point situé approximativement à 1 Km à l'est d'Iamiano, la ligne suit la limite administrative séparant les provinces de Gorizia et de Trieste jusqu'en un point situé approximativement à 2 Km au nord-est du village de San Giovanni et à environ 0,5 Km au nord-ouest de la cote 208, et qui constitue le point commun aux frontières de la Yougoslavie, de l'Italie et du Territoire Libre de Trieste.

La carte à laquelle se réfère cette description figure à l'annexe I.

Article 4

La frontière entre l'Italie et le Territoire Libre de Trieste sera fixée comme il suit:

La nouvelle frontière part d'un point situé sur la limite administrative séparant les provinces de Gorizia et de Trieste à environ 2 Km au nord-est du village de San Giovanni et à environ 0,5 Km au nord-ouest de la cote 208, et qui constitue le point commun aux frontières de la Yougoslavie, de l'Italie et du Territoire Libre de Trieste, et se dirige vers le sud-ouest jusqu'en un point adjacent à la grand'route N° 14 et situé approximativement à 1 Km au nord-ouest de la jonction des grand'routes N°s 55 et 14 qui vont de Gorizia et de Monfalcone, respectivement, à Trieste;

de là, la ligne se dirige vers le sud jusqu'en un point situé sur le golfe de Panzano, à égale distance de Punta Sdobba, à l'embouchure de l'Isonzo (Soca), et de Castello Vecchio à Duino, à 3,3 Km environ au sud du point où elle quitte la côte, point situé approximativement à 2 Km au nord-ouest de la ville de Duino;

de là, la ligne rejoint la haute mer en passant à égale distance de la côte italienne et de la côte du Territoire Libre de Trieste.

3. Toutes les questions sur lesquelles l'accord n'aura pas été réalisé par ces Commissions seront soumises aux Ambassadeurs des Etats-Unis d'Amérique, de France, du Royaume-Uni et de l'Union Soviétique à Rome, qui, agissant suivant la procédure prévue à l'article 86, en assureront le règlement final par telle méthode de leur choix, y compris, s'il y a lieu, la nomination d'un troisième Commissaire impartial.

4. Les dépenses des Commissions de délimitation seront supportées par moitié par chacun des deux Gouvernements intéressés.

5. En vue de la détermination finale sur place des frontières établies aux articles 3, 4 et 22, les Commissaires seront autorisés à s'écarter de

0,5 Km de la ligne établie par le présent Traité, afin d'adapter la frontière aux conditions géographiques et économiques locales, sous réserve de ne placer sous une souveraineté autre que celle résultant des délimitations stipulées dans le présent Traité aucun village ni aucune ville de plus de 500 habitants, aucune route ou voie ferrée importante, ni aucun centre important d'approvisionnement en eau ou de fourniture d'énergie électrique.

de langue ou de religion, la jouissance des droits de l'homme et des libertés fondamentales, y compris la liberté d'expression de la pensée, la liberté de presse et de publication, la liberté du culte, la liberté d'opinion et de réunion.

Article 16

L'Italie ne persécutera ni n'inquiétera les ressortissants italiens, notamment les membres des forces armées, pour le seul fait d'avoir, au cours de la période comprise entre le 10 juin 1940 et la date d'entrée en vigueur du présent Traité, exprimé leur sympathie envers la cause des Puissances Alliées et Associées ou d'avoir mené une action en faveur de cette cause.

Article 17

Traité. L'acquisition de la nationalité de l'Etat intéressé entraînera la perte de la nationalité italienne.

2. Le Gouvernement de l'Etat auquel le territoire est cédé, prendra, dans les trois mois suivant l'entrée en vigueur du présent Traité, les mesures législatives appropriées pour donner à toutes les personnes mentionnées au paragraphe 1 qui sont âgées de plus de dix-huit ans (ou aux personnes mariées, qu'elles aient ou non atteint cet âge) dont la langue usuelle est l'italien, le droit d'opter pour la nationalité italienne dans un délai d'un an à partir de l'entrée en vigueur du présent Traité. L'option du mari n'entraînera pas celle de la femme. L'option du père ou, si le père est décédé, l'option de la mère entraînera automatiquement celle de tous les enfants non mariés âgés de moins de dix-huit ans.

2. Dans ce cas, le Gouvernement yougoslave transmettra au Gouvernement italien, par la voie diplomatique, les listes des personnes qui auront ainsi acquis la nationalité yougoslave. Les personnes mentionnées dans ces

Dès que la souveraineté de l'Italie sur la zone en question aura pris fin, le Territoire Libre de Trieste sera administré, conformément aux dispositions d'un Instrument relatif au régime provisoire, établi par le Conseil des Ministres des Affaires Etrangères et approuvé par le Conseil de Sécurité. Cet Instrument demeurera en vigueur jusqu'à la date que le Conseil de Sécurité fixera pour l'entrée en vigueur du Statut Permanent qui devra avoir été approuvé par lui. A partir de cette date, le Territoire Libre sera régi par les dispositions de ce Statut Permanent. Les textes du Statut Permanent et de l'Instrument relatif au régime provisoire figurent aux annexes VI et VII.

SECTION II—RESTITUTIONS PAR L'ITALIE

Article 75

1. L'Italie accepte les principes de la Déclaration des Nations Unies du 5 janvier 1943 et restituera dans le plus bref délai possible les biens enlevés du territoire de l'une quelconque des Nations Unies.

2. L'obligation de restituer s'applique à tous les biens identifiables se trouvant actuellement en Italie et qui ont été enlevés, par force ou par contrainte, du territoire de l'une des Nations Unies, par l'une des Puissances de l'Axe, quelles qu'aient été les transactions ultérieures par lesquelles le détenteur actuel de ces biens s'en est assuré la possession.

3. Le Gouvernement italien restituera en bon état les biens visés dans le présent article et prendra à sa charge tous les frais de main d'oeuvre, de matériaux et de transport engagés à cet effet en Italie.

4. Le Gouvernement italien coopérera avec les Nations Unies à la recherche et à la restitution des biens soumis à restitution aux termes du présent article et fournira à ses frais toutes les facilités nécessaires.

5. Le Gouvernement italien prendra les mesures nécessaires pour restituer les biens visés dans le présent article qui sont détenus dans un tiers pays par des personnes relevant de la juridiction italienne.

6. La demande de restitution d'un bien sera présentée au Gouvernement italien par le Gouvernement du pays du territoire duquel le bien a été enlevé, étant entendu que le matériel roulant sera considéré comme ayant été enlevé du territoire auquel il appartenait à l'origine. Les demandes devront être présentées dans un délai de six mois à partir de l'entrée en vigueur du présent Traité.

7. Il incombera au Gouvernement requérant d'identifier le bien et d'en prouver la propriété et au Gouvernement italien d'apporter la preuve que le bien n'a pas été enlevé par force ou par contrainte.

8. Le Gouvernement italien restituera au Gouvernement de la Nation Unie intéressée tout l'or monétaire ayant fait l'objet de spoliations par l'Italie ou transféré indûment en Italie, ou livrera au Gouvernement de la Nation Unie intéressée une quantité d'or égale en poids et en titre à la quantité enlevée ou indûment transférée. Le Gouvernement italien reconnaît que cette obligation n'est pas affectée par les transferts ou les enlèvements d'or qui ont pu être effectués du territoire italien au profit d'autres Puissances de l'Axe ou d'un pays neutre.

9. Si, dans des cas particuliers, il est impossible à l'Italie d'effectuer la restitution d'objets présentant un intérêt artistique, historique ou archéologique qui font partie du patrimoine culturel de la Nation Unie du territoire de laquelle ces objets ont été enlevés par les ressortissants, les autorités ou les armées italiennes, usant de la force ou de la contrainte, l'Italie s'engage à remettre à la Nation Unie intéressée des objets de même nature ou d'une valeur sensiblement équivalente à celle des objets enlevés, dans la mesure où il est possible de s'en procurer en Italie.

SECTION III—ABANDON DE RÉCLAMATIONS PAR L'ITALIE

Article 76

1. L'Italie renonce, au nom du Gouvernement italien et des ressortissants italiens, à faire valoir contre les Puissances Alliées et Associées, toute réclamation de quelque nature que ce soit résultant directement de la guerre ou de mesures prises par suite de l'existence d'un état de guerre en Europe après le 1er septembre 1939, que la Puissance Alliée ou Associée intéressée ait été ou non en guerre avec l'Italie à l'époque.

Sont incluses dans cette renonciation:

(a) Les réclamations relatives à des pertes ou dommages subis par suite de l'action des forces armées ou des autorités de Puissances Alliées ou Associées;

(b) Les réclamations résultant de la présence, des opérations ou de l'action des forces armées ou des autorités de Puissances Alliées ou Associées sur le territoire italien;

(c) Les réclamations portant sur les décisions ou les ordonnances des tribunaux de prises de Puissances Alliées ou Associées, l'Italie acceptant de reconnaître comme valides et comme ayant force exécutoire toutes les décisions et ordonnances desdits tribunaux de prises rendues au 1er septembre 1939 ou postérieurement à cette date et concernant les navires italiens, les marchandises italiennes ou le paiement des frais;

(d) Les réclamations résultant de l'exercice des droits de belligérance ou de mesures prises en vue de l'exercice de ces droits.

2. Les dispositions du présent article excluront complètement et définitivement toutes réclamations de la nature de celles qui y sont visées, et qui seront dès lors éteintes, quelles que soient les parties intéressées. Le Gouvernement italien accepte de verser en lires une indemnité équitable pour satisfaire les réclamations des personnes qui ont fourni, sur réquisition, des marchandises ou des services aux forces armées de Puissances Alliés ou Associées sur le territoire italien, ainsi que les réclamations portées contre les forces armées de Puissances Alliées ou Associées relatives à des dommages causés sur le territoire italien et ne résultant pas de faits de guerre.

3. L'Italie renonce également, au nom du Gouvernement italien et des ressortissants italiens, à faire valoir des réclamations de la nature de celles qui sont visées au paragraphe 1 du présent article, contre toute Nation Unie qui a rompu les relations diplomatiques avec l'Italie et qui a pris des mesures en coopération avec les Puissances Alliées et Associées.

4. Le Gouvernement italien assumera la pleine responsabilité de toute la monnaie militaire alliée émise en Italie par les autorités militaires alliées, y compris toute la monnaie de cette nature en circulation à la date de l'entrée en vigueur du présent Traité.

5. La renonciation à laquelle l'Italie souscrit aux termes du paragraphe 1 du présent article s'étend à toutes les réclamations portant sur les mesures prises par l'une quelconque des Puissances Alliées ou Associées à l'égard des navires italiens entre le 1er Septembre 1939 et la date d'entrée en vigueur du présent Traité, ainsi que à toutes les réclamations et créances résultant des conventions sur les prisonniers de guerre actuellement en vigueur.

6. Les dispositions du présent article ne devront pas être considérées comme affectant les droits de propriété sur les câbles sous-marins qui, au début de la guerre, appartenaient au Gouvernement italien ou à des ressortissants italiens. Ce paragraphe ne fera pas obstacle à l'application aux câbles sous-marins de l'article 79 et de l'annexe XIV.

Article 77

1. A dater de l'entrée en vigueur du présent Traité, les biens en Allemagne de l'Etat et des ressortissants italiens ne seront plus considérés comme biens ennemis et toutes les restrictions résultant de leur caractère ennemi seront levées.

2. Les biens identifiables de l'Etat et des ressortissants italiens que les forces armées ou les autorités allemandes ont enlevés, par force ou par contrainte, du territoire italien et emportés en Allemagne après le 3 septembre 1943, donneront lieu à restitution.

3. Le rétablissement des droits de propriété ainsi que la restitution des biens italiens en Allemagne seront effectués conformément aux mesures qui seront arrêtées par les Puissances occupant l'Allemagne.

4. Sans préjudice de ces dispositions et de toutes autres qui seraient prises en faveur de l'Italie et des ressortissants italiens par les Puissances occupant l'Allemagne, l'Italie renonce, en son nom et au nom des ressortissants italiens, à toutes réclamations contre l'Allemagne et les ressortissants allemands, qui n'étaient pas réglées au 8 mai 1945, à l'exception de celles qui résultent de contrats et d'autres obligations qui étaient en vigueur ainsi que de droits qui étaient acquis avant le 1er septembre 1939. Cette renonciation sera considérée comme s'appliquant aux créances, à toutes les réclamations de caractère intergouvernemental relatives à des accords conclus au cours de la guerre et à toutes les réclamations portant sur des pertes ou des dommages survenus pendant la guerre.

5. L'Italie s'engage à prendre toutes les mesures nécessaires pour faciliter les transferts des biens allemands se trouvant en Italie, qui pourront être décidés par celles des Puissances occupant l'Allemagne qui ont le pouvoir de disposer des biens allemands se trouvant en Italie.

PARTIE VII

BIENS, DROITS ET INTERETS

SECTION I—BIENS DES NATIONS UNIES EN ITALIE

Article 78

1. Pour autant qu'elle ne l'a pas déjà fait, l'Italie rétablira tous les droits et intérêts légaux en Italie des Nations Unies et de leurs ressortissants, tels qu'ils existaient au 10 juin 1940, et restituera à ces Nations Unies et à leurs ressortissants tous les biens leur appartenant en Italie dans l'état où ils se trouvent actuellement.

2. Le Gouvernement italien restituera tous les biens, droits et intérêts visés au présent article, libres de toutes hypothèques et charges quelconques dont ils auraient pu être grevés du fait de la guerre, et sans que la restitution donne lieu à la perception d'aucune somme de la part du Gouvernement italien. Le Gouvernement italien annulera toutes mesures, y compris les mesures de saisie, de séquestre ou de contrôle, prises par lui à l'égard des biens des Nations Unies entre le 10 juin 1940 et la date d'entrée en vigueur du présent Traité. Dans le cas où le bien n'aurait pas été restitué dans les six mois à compter de la date d'entrée en vigueur du présent Traité, la demande devra être présentée aux autorités italiennes dans un délai maximum de douze mois à compter de cette même date, sauf dans les cas où le demandeur serait en mesure d'établir qu'il lui a été impossible de présenter sa demande dans ce délai.

3. Le Gouvernement italien annulera les transferts portant sur des biens, droits et intérêts de toute nature appartenant à des ressortissants des Nations Unies, lorsque ces transferts résultent de mesures de force ou de contrainte prises au cours de la guerre par les Gouvernements des Puissances de l'Axe ou par leurs organes.

4. *(a)* Le Gouvernement italien sera responsable de la remise en parfait état des biens restitués à des ressortissants des Nations Unies en vertu du paragraphe 1 du présent article. Lorsqu'un bien ne pourra être restitué ou que, du fait de la guerre, le ressortissant d'une Nation Unie aura subi une perte par suite d'une atteinte ou d'un dommage causé à un bien en Italie, le Gouvernement italien indemnisera le propriétaire en versant une somme en lires jusqu'à concurrence des deux tiers de la somme

nécessaire à la date du paiement, pour permettre au bénéficiaire, soit d'acheter un bien équivalent, soit de compenser la perte ou le dommage subi. En aucun cas, les ressortissants des Nations Unies ne devront être l'objet d'un traitement moins favorable en matière d'indemnité que le traitement accordé aux ressortissants italiens.

(b) Les ressortissants des Nations Unies qui détiennent directement ou indirectement des parts d'intérêts dans des sociétés ou associations qui ne possèdent pas la nationalité des Nations Unies, au sens du paragraphe 9 *(a)* du présent article, mais qui ont subi une perte par suite d'atteintes ou de dommages causés à leurs biens en Italie recevront une indemnité conformément à l'alinéa *(a)* ci-dessus. Cette indemnité sera calculée en fonction de la perte ou du dommage total subi par la société ou l'association, et son montant par rapport au total de la perte ou du dommage subi aura la même proportion que la part d'intérêts détenue par les dits ressortissants par rapport au capital global de la société ou association en question.

(c) L'indemnité sera versée, nette de tous prélèvements, impôts ou autres charges. Elle pourra être librement employée en Italie mais sera soumise aux règlements relatifs au contrôle des changes qui pourront, à un moment donné, être en vigueur en Italie.

(d) Le Gouvernement italien accordera aux ressortissants des Nations Unies une indemnité en lires, dans la même proportion que celle prévue à l'alinéa *(a)* ci-dessus pour compenser la perte ou les dommages qui résultent de mesures spéciales prises pendant la guerre à l'encontre de leurs biens et qui ne visaient pas les biens italiens. Cet alinéa ne s'applique pas à un manque à gagner.

5. Tous les frais raisonnables auxquels donnera lieu, en Italie, l'établissement des demandes, y compris l'évaluation des pertes et des dommages, seront à la charge du Gouvernement italien.

6. Les ressortissants des Nations Unies ainsi que leurs biens seront exemptés de tous impôts, contributions ou taxes exceptionnels, auxquels le Gouvernement italien ou une autorité italienne quelconque auraient soumis leurs avoirs en capital en Italie entre le 3 Septembre 1943 et la date d'entrée en vigueur du présent Traité, en vue de couvrir les dépenses résultant de la guerre ou celles qui ont été entraînées par l'entretien des forces d'occupation ou par les réparations à payer à l'une des Nations

Unies. Toutes les sommes qui auraient été ainsi perçues seront remboursées.

7. En dépit des transferts de territoires prévus par le présent Traité, l'Italie demeurera responsable des pertes ou des dommages causés, pendant la guerre, aux biens des ressortissants des Nations Unies dans les territoires cédés ou dans le Territoire Libre de Trieste. Les obligations contenues dans les paragraphes 3, 4, 5 et 6 du présent article incomberont également au Gouvernement italien à l'égard des biens des ressortissants des Nations Unies dans les territoires cédés et dans le Territoire Libre de Trieste, mais seulement dans la mesure où il n'en résultera pas de contradiction avec les dispositions du paragraphe 14 de l'annexe X et du paragraphe 14 de l'annexe XIV du présent Traité.

8. Le propriétaire des biens en question et le Gouvernement italien pourront conclure des arrangements qui se substitueront aux dispositions du présent article.

9. Aux fins du présent article:

(a) L'expression "ressortissants des Nations Unies" s'applique aux personnes physiques qui sont ressortissants de l'une quelconque des Nations Unies, ainsi qu'aux sociétés ou associations constituées sous le régime des lois de l'une des Nations Unies lors de l'entrée en vigueur du présent Traité, à condition que lesdites personnes physiques, sociétés ou associations aient déjà possédé ce statut le 3 septembre 1943, date de l'armistice avec l'Italie.

L'expression "ressortissants des Nations Unies" comprend également toutes les personnes physiques et les sociétés ou associations qui, aux termes de la législation en vigueur en Italie pendant la guerre, ont été traitées comme ennemis.

(b) Le terme "propriétaire" désigne le ressortissant d'une des Nations Unies, tel qu'il est défini à l'alinéa *(a)* ci-dessus, qui a un titre légitime au bien en question, et s'applique au successeur du propriétaire, à condition que ce successeur soit aussi ressortissant d'une des Nations Unies au sens de l'alinéa *(a)*. Si le successeur a acheté le bien lorsque celui-ci était déjà endommagé, le vendeur conservera ses droits à l'indemnisation résultant du présent article, sans que les obligations existant entre le vendeur et l'acquéreur, en vertu de la législation interne, en soient affectées.

(c) Le terme "biens" désigne tous les biens mobiliers ou immobiliers, corporels ou incorporels, y compris les droits de propriété industrielle,

littéraire et artistique, ainsi que tous droits ou intérêts de nature quelconque dans des biens. Sans préjudice des dispositions générales qui précèdent, les biens des Nations Unies et de leurs ressortissants comprennent tous les bâtiments de mer et de navigation intérieure avec leurs gréments et leurs équipements, qui appartenaient aux Nations Unies ou à leurs ressortissants ou étaient enregistrés sur le territoire de l'une des Nations Unies ou naviguaient sous le pavillon de l'une des Nations Unies, et qui postérieurement au 10 juin 1940, qu'ils se soient trouvés dans les eaux italiennes ou qu'ils y aient été amenés de force, furent soumis au contrôle des autorités italiennes en tant que biens ennemis, ou cessèrent d'être en Italie à la libre disposition des Nations Unies ou de leurs ressortissants, du fait de mesures de contrôle prises par les autorités italiennes en relation avec l'existence d'un état de guerre entre certaines des Nations Unies et l'Allemagne.

SECTION II—BIENS ITALIENS SITUÉS SUR LE TERRITOIRE DES PUISSANCES ALLIÉES ET ASSOCIÉES

Article 79

1. Chacune des Puissances Alliées ou Associées aura le droit de saisir, retenir ou liquider tous les biens, droits et intérêts qui, à la date d'entrée en vigueur du présent Traité, se trouvent sur son territoire et appartiennent à l'Italie ou à des ressortissants italiens, et de prendre toute autre disposition en ce qui concerne ces biens, droits et intérêts. Elle aura également le droit d'employer ces biens ou le produit de leur liquidation à telles fins qu'elle pourra désirer, à concurrence du montant de ses réclamations ou de celles de ses ressortissants contre l'Italie ou les ressortissants italiens (y compris les créances), qui n'auront pas été entièrement réglées en vertu d'autres articles du présent Traité. Tous les biens italiens ou le produit de leur liquidation en excédent du montant desdites réclamations seront restitués.

2. La liquidation des biens italiens et les mesures de disposition dont ils feront l'objet devront s'effectuer conformément à la législation de la Puissance Alliée ou Associée intéressée. En ce qui concerne lesdits biens,

le propriétaire italien n'aura pas d'autres droits que ceux que peut lui conférer la législation en question.

3. Le Gouvernement italien s'engage à indemniser les ressortissants italiens dont les biens seront saisis en vertu du présent article et auxquels ces biens ne seront pas restitués.

4. Il ne résulte du présent article aucune obligation, pour l'une quelconque des Puissances Alliées ou Associées, de restituer au Gouvernement ou aux ressortissants italiens des droits de propriété industrielle, ni de faire entrer ces droits dans le calcul des sommes qui pourront être retenues en vertu du paragraphe 1 du présent article. Le Gouvernement de chacune des Puissances Alliées ou Associées aura le droit d'imposer aux droits ou intérêts afférents à la propriété industrielle sur le territoire de cette Puissance Alliée ou Associée, acquis par le Gouvernement italien ou ses ressortissants avant l'entrée en vigueur du présent Traité, telles limitations, conditions ou restrictions que le Gouvernement de la Puissance Alliée ou Associée intéressée pourra considérer comme nécessaires dans l'intérêt national.

5. *(a)* Les câbles sous-marins italiens reliant des points situés en territoire yougoslave seront réputés propriété italienne en Yougoslavie, même si une certaine partie de ces câbles se trouve en dehors des eaux territoriales yougoslaves.

(b) Les câbles sous-marins italiens reliant un point situé sur le territoire d'une Puissance Alliée ou Associée et un point situé en territoire italien seront réputés propriété italienne au sens du présent article en ce qui concerne les installations terminales ou les parties de câbles se trouvant dans les eaux territoriales de cette Puissance Alliée ou Associée.

6. Les biens visés au paragraphe 1 du présent article seront considérés comme comprenant les biens italiens qui ont fait l'objet de mesures de contrôle en raison de l'état de guerre existant entre l'Italie et la Puissance Alliée ou Associée dans la juridiction de laquelle les biens sont situés, mais ne comprendront pas:

(a) Les biens du Gouvernement italien utilisés pour les besoins des missions diplomatiques ou consulaires;

(b) Les biens appartenant à des institutions religieuses ou à des institutions philanthropiques privées et servant exclusivement à des fins religieuses ou philanthropiques;

(c) Les biens des personnes physiques qui sont des ressortissants italiens et sont autorisées á résider, soit sur le territoire du pays où sont situés ces biens, soit sur le territoire de l'une quelconque des Nations Unies, autres que les biens italiens qui, à un moment quelconque au cours de la guerre, ont fait l'objet de mesures qui ne s'appliquaient pas d'une manière générale aux biens des ressortissants italiens résidant sur le territoire en question;

(d) Les droits de propriété nés depuis la reprise des relations commerciales et financières entre les Puissances Alliées et Associées et l'Italie, ou nés de transactions entre le Gouvernement d'une Puissance Alliée ou Associée et l'Italie depuis le 3 septembre 1943;

(e) Les droits de propriété littéraire et artistique;

(f) Les biens des ressortissants italiens, situés dans les territoires cédés, auxquels s'appliqueront les dispositions de l'annexe XIV;

(g) Exception faite des avoirs visés au paragraphe 2 *(b)* de la partie A et au paragraphe 1 de la partie D de l'article 74, les biens des personnes physiques résidant dans les territoires cédés ou dans le Territoire Libre de Trieste, qui n'exercent pas le droit d'option pour la nationalité italienne que leur confère le présent Traité, ainsi que les biens des sociétés ou associations dont le siège social est situé dans les territoires cédés ou dans le Territoire Libre de Trieste, à condition que ces sociétés ou associations ne soient ni la propriété de personnes résidant en Italie, ni contrôlées par elles. Dans les cas prévus au paragraphe 2 *(b)* de la partie A et au paragraphe 1 de la partie D de l'article 74, la question de l'indemnisation sera règlée conformément aux dispositions de la partie E de cet article.

SECTION III—DÉCLARATION DES PUISSANCES ALLIÉES ET ASSOCIÉES AU SUJET DE LEURS RÉCLAMATIONS

Article 80

Les Puissances Alliées et Associées déclarent que les droits qui leur sont attribués par les articles 74 et 79 du présent Traité couvrent toutes leurs réclamations et celles de leurs ressortissants pour pertes ou dommages résultant de faits de guerre y compris les mesures prises à la faveur de l'occupation de leur territoire, imputables à l'Italie et survenues en dehors

du territoire italien, à l'exception cependant des réclamations fondées sur les articles 75 et 78.

SECTION IV—DETTES

Article 81

1. L'existence de l'état de guerre ne doit pas être considérée en soi comme affectant l'obligation d'acquitter les dettes pécuniaires résultant d'obligations et de contrats qui étaient en vigueur et de droits qui étaient acquis avant l'existence de l'état de guerre, dettes qui étaient devenues exigibles avant l'entrée en vigueur du présent Traité et qui sont dues, soit par le Gouvernement ou les ressortissants italiens au Gouvernement ou aux ressortissants de l'une des Puissances Alliées ou Associées, soit par le Gouvernement ou les ressortissants d'une des Puissances Alliées ou Associées au Gouvernement ou aux ressortissants italiens.

2. Sauf disposition expressément contraire du présent Traité, aucune clause de ce Traité ne devra être interprétée comme affectant les rapports de débiteurs à créanciers résultant de contrats conclus avant la guerre soit par le Gouvernement soit par des ressortissants italiens.

PARTIE VIII

RELATIONS ECONOMIQUES GENERALES

Article 82

1. En attendant la conclusion de traités ou d'accords commerciaux entre l'une quelconque des Nations Unies et l'Italie, le Gouvernement italien devra, pendant les dix-huit mois qui suivront l'entrée en vigueur du présent Traité, accorder à chacune des Nations Unies qui, en fait, accordent par voie de réciprocité un traitement analogue à l'Italie dans ces domaines, le traitement suivant:

(a) Pour tout ce qui concerne les droits et redevances à l'importation ou à l'exportation, l'imposition à l'intérieur du pays des marchandises importées, et tous les règlements qui s'y rapportent, les Nations Unies bénéficieront de la clause inconditionnelle de la nation la plus favorisée;

(b) L'Italie ne pratiquera, à tous autres égards, aucune discrimination arbitraire au détriment des marchandises en provenance ou à destination

du territoire d'une Nation Unie par rapport aux marchandises analogues en provenance ou à destination du territoire de toute autre Nation Unie ou de tout autre pays étranger;

(c) Les ressortissants des Nations Unies y compris les personnes morales bénéficieront du traitement national et de celui de la nation la plus favorisée pour tout ce qui a trait au commerce, à l'industrie, à la navigation et aux autres formes d'activité commerciale en Italie. Ces dispositions ne s'appliqueront pas à l'aviation commerciale;

(d) L'Italie n'accordera à aucun pays de droit exclusif ou préférentiel en ce qui concerne l'exploitation des services aériens commerciaux pour les transports internationaux; elle offrira des conditions d'égalité à toutes les Nations Unies pour l'obtention de droits en matière de transports aériens commerciaux internationaux sur le territoire italien, y compris le droit d'atterrir à des fins de ravitaillement et de réparation, et, en ce qui concerne l'exploitation des services aériens commerciaux pour les transports internationaux, elle accordera à toutes les Nations Unies, suivant le principe de la réciprocité et de la non-discrimination, le droit de survoler le territoire italien sans escale. Ces dispositions n'affecteront pas les intérêts de la défense nationale de l'Italie.

2. Les engagements ci-dessus pris par l'Italie doivent s'entendre sous réserve des exceptions usuelles des traités de commerce conclus par l'Italie avant la guerre; les dispositions relatives à la réciprocité accordée par chacune des Nations Unies doivent s'entendre sous réserve des exceptions usuelles des traités de commerce conclus par celle-ci.

PARTIE IX

Article 83

1. Tous les différends qui pourront s'élever à propos de l'application des articles 75 et 78, ainsi que des annexes XIV, XV, XVI et XVII, partie B, du présent Traité, seront soumis à une commission de conciliation, composée d'un représentant du Gouvernement de la Nation Unie intéressée et d'un représentant du Gouvernement italien, agissant sur un

pied d'égalité. Si un règlement n'est pas intervenu dans les trois mois qui suivront la date à laquelle le différend a été soumis à la commission de conciliation, l'un ou l'autre Gouvernement pourra demander l'adjonction à la commission d'un tiers membre choisi, d'un commun accord, entre les deux Gouvernements, parmi les ressortissants d'un Etat tiers. A défaut d'accord dans un délai de deux mois, entre les deux Gouvernements, sur le choix de ce membre, ces Gouvernements s'adresseront aux Ambassadeurs des Etats-Unis d'Amérique, de France, du Royaume-Uni et de l'Union Soviétique, qui désigneront le tiers membre de la commission. Si les Ambassadeurs ne parviennent pas à se mettre d'accord dans le délai d'un mois sur la désignation du tiers membre, l'une ou l'autre partie pourra demander au Secrétaire Général de l'Organisation des Nations Unies de procéder à cette désignation.

2. Lorsqu'une commission de conciliation sera constituée en application du paragraphe 1, elle aura compétence pour connaître de tous les différends qui pourront s'élever par la suite entre la Nation Unie intéressée et l'Italie au sujet de l'application ou de l'interprétation des articles 75 et 78, ainsi que des annexes XIV, XV, XVI et XVII, partie B, du présent Traité, et elle remplira les fonctions qui lui sont dévolues par ces dispositions.

3. Chaque commission de conciliation établira elle-même sa procédure, en adoptant des règles conformes à la justice et à l'équité.

4. Chaque Gouvernement paiera les honoraires du membre de la commission de conciliation qu'il nomme et de tout agent qu'il pourra désigner pour le représenter devant la commission. Les honoraires du tiers membre seront fixés par accord spécial entre les Gouvernements intéressés, et ces honoraires, ainsi que les dépenses communes de chaque commission, seront payés par moitié par les deux Gouvernements.

5. Les parties s'engagent à ce que leurs autorités fournissent directement à la commission de conciliation toute l'aide qui sera en leur pouvoir.

6. La décision de la majorité des membres de la commission sera considérée comme décision de la commission et acceptée par les parties comme définitive et obligatoire.

FRONTIERE FRANCO-ITALIENNE

Description détaillée des sections de la frontière correspondant aux modifications prévues à l'article 2

Col du Petit Saint-Bernard

Référence: Carte au 20.000° — Ste Foy Tarentaise N^os^ 1-2

La nouvelle frontière suit un tracé qui débouche de l'arête rocheuse

de Lancebranlette, puis, descendant vers l'est, suit la ligne de partage des eaux jusqu'au point coté 2180, d'où il passe à la Colonna Joux (2188). De là, suivant toujours la ligne de partage des eaux, le tracé remonte sur la Costa del Belvedere dont il suit les affleurements rocheux, gravit le Mt Belvedere dont il contourne le sommet, laissant ce dernier en territoire français à 120 mètres de la frontière, et rejoint par les cotes 2570, 2703, la Bella Valetta et la cote 2746, l'ancienne frontière au Mt Valaisan.

Plateau du Mont Cenis

Référence: Cartes au 20.000° de Lanslebourg N^{os} 5-6 et 7-8 et de Mont d'Ambin N^{os} 1-2

La nouvelle frontière suit un tracé qui quitte l'ancienne frontière au Mt Tour, suit vers l'ouest la limite administrative figurant sur la carte, s'engage dans le T. Vitoun dès qu'il le rencontre sur sa branche nord et descend son cours jusqu'à la Rocca della Toretta.

Longeant ensuite la ligne d'affleurements rocheux, il aboutit au torrent venant de l'Alpe Lamet et descend avec lui jusqu'à la base de l'escarpement rocheux qu'il longe pendant 800 m. environ jusqu'au thalweg en un point situé à environ 200 m. au nord de la cote 1805.

Il chemine ensuite au sommet des arrachements qui dominent Ferrera Cenisio à 300 m. environ et continuant vers l'ouest, il rencontre la route qui contourne à l'est le Rne Paradiso à 400 m. à l'ouest de la boucle (1854) pour l'abandonner aussitôt et s'infléchir en direction du sud.

Il coupe la route de Bar Cenisia à 100 m. environ du sud-est du refuge 5, traverse le thalweg en direction du lac S. Giorgio, suit sensiblement la courbe 1900 jusqu'à hauteur de la cote 1907, vient longer au sud le lac d'Arpon et rejoint l'arête rocheuse sur laquelle il se maintient en direction du sud-ouest jusqu'au confluent des torrents issus du glacier du Bard (Ghiaccajo di Bard), en un point situé à 1400 m. environ du sud-ouest du lac d'Arpon.

De là, s'infléchissant vers le sud, il suit approximativement la courbe 2500, passe à la cote 2579 puis, longeant la courbe 2600, il arrive au lac della Vecchia et vient retrouver, à la limite administrative marquée sur la carte à 700 m. environ du sud-est du lac, le chemin de Pso d'Avanza qui le conduit le long des escarpements rocheux à l'ancienne frontière, à mi-distance entre le Col de la Vecchia et le Col de Clapier.

Mont-Thabor

Référence: Carte au 20.000° de Névache N^os 1-2, 5-6 et 7-8

De la cime de la Planette au Rocher de Guion (Cima del Sueur)

La nouvelle frontière suit un tracé qui se détache de l'ancienne frontière a la Cime de la Planette et, se dirigeant vers le sud, suit la crête, par les cotes 2980, 3178, la Rca Bernaude (3228), les cotes 2842, 2780, 2877, le Pso della Gallina (2671), les cotes 2720, 2806 et la Pta Quattre Sorelle (2700).

Descendant la croupe est de cette pointe, le tracé laisse en territoire français le point coté 2420, d'où il rejoint et suit à l'est le chemin conduisant aux constructions situées à 200 m. environ de la cote 2253, ce chemin et ces constructions étant laissés en territoire français. Il s'engage ensuite dans un thalweg passant à 300 m. environ au nord-est de la cote 1915 d'où il gagne l'extrémité nord-ouest du bassin qui, dans la Vallée Etroite (Valle Stretta), alimente les installations hydroélectriques de Sette Fontane, laissant ce bassin et ces installations en territoire italien. Contournant le bassin par le sud, il atteint le carrefour de routes de la cote 1499.

Il emprunte ensuite le chemin qui épouse, à la lisière du bois, la courbe 1500 et qui le conduit à la Comba della Gorgia aux environs de la courbe 1580; il remonte ensuite le thalweg vers la cote 1974 et rejoint le bord des escarpements du rocher de la Sueur jalonné par les cotes 2272, 2268, 2239, 2266, 2267, bord sur lequel il se maintient jusqu'à sa rencontre avec l'ancienne frontière, la crête du rocher et le chemin qui la longe restant en territoire français.

Chaberton

Référence: Carte au 20.000° de Briancon N^os 3-4

La nouvelle frontière suit un tracé qui quitte l'ancienne frontière à la cote 3042 (au nord de la cote 3070 et au nord de la pointe des Trois Scies) et emprunte l'arête rocheuse jusqu'à la Croce del Vallonetto.

De la Croce del Vallonetto, il s'infléchit vers le sud et le long de l'arête rocheuse, rejoint la route du Chaberton au point où celle-ci pénètre dans le cirque du Clot des Morts.

Franchissant cette route et le thalweg qui la borde, le tracé suit

approximativement pendant 1250 m. la courbe 2300 qui suit sur le terrain vers le sud-est une série d'affleurements rocheux et d'éboulis, puis il coupe en ligne droite le versant est du Mont Chaberton, atteint un point situé à 400 m. environ à l'ouest de la cote 2160, laissant en territoire français la recette intermédiaire du téléférique qui se trouve en cet endroit.

De là, il se dirige en ligne droite, à travers une série de barres rocheuses et de ravins escarpés, vers la position non figurée sur la carte de la Fontaine des Chamois près de la cote 2228 (1,4 km. environ nord-est de Clavières), qu'il contourne par l'est en suivant la deuxième boucle de la route joignant cette position à la caserne fortifiée du Chaberton (sur la route de Cézanne (Cesana) à Clavières), laissant les ouvrages fortifiés de la Fontaine des Chamois en territoire français.

Ensuite, longeant d'abord en direction du Sud la limite de commune marquée sur la carte et ensuite la barre rocheuse à 400 mètres environ au nord de la route Clavières-Cézanne (Cesana), il s'infléchit vers le sud-ouest, passant au bas des falaises rocheuses à une distance de ces dernières suffisante pour permettre la construction d'une route à double circulation.

Contournant ainsi par le nord le village de Clavières, laissé en territoire italien, il rencontre le Rio Secco à 200 m. environ en amont du pont de Clavières et descend son cours, puis celui de la Doire Ripaire (Doria Riparia) jusqu'à la route de Clavières au Val Gimont, laissé à l'Italie, route qu'il suit jusqu'au pont sur le Gimont.

Remontant le cours de celui-ci sur environ 300 m., le tracé l'abandonne pour suivre le chemin muletier qui le conduit à la recette supérieure du téléférique de Clavières (Col du Mont Fort du Boeuf) qu'il laisse en territoire français. Il rejoint ensuite par la crête la frontière actuelle au Mont la Plane, borne frontière 251. La route de la vallée du Gimont est laissée en territoire italien.

Longeant toujours ce chemin, laissé en territoire français, il passe à l'est de la Testa d'Alpe, à la Fontana dei Draghi, aux sources de la cote 1406, à la cote 1297, longe à l'est la Colla Sgora, passe aux cotes 1088, 1016 et 1026, franchit l'arête rocheuse du mont Colombin, suit la limite de canton marquée sur la carte par la Cima di Reglie (846 et 858) abandonne cette limite de canton en direction du sud-ouest pour descendre la crête de la Serra dell'Arpetta (543, 474 et 416) jusqu'au thalweg de la Roya dont il franchit le cours à 200 m. environ au nord-ouest du pont de Fanghetto.

Le tracé remonte ensuite le thalweg de la Roya jusqu'en un point situé à 350 m. environ dudit pont. Quittant en ce point la Roya, il prend une direction sud-ouest jusqu'à la cote 566. De ce point, il s'oriente vers l'ouest jusqu'à sa rencontre avec le ravin, qui descend vers Olivetta; il suit le ravin jusqu'à la route, laissant en territoire italien les habitations situées sur cette route, remonte le V. di Trono sur 200 m. environ, puis se dirige vers la cote 410 jusqu'au chemin d'Olivetta à San Cirolamo. De là, après avoir suivi ce chemin sur 100 m. environ vers le sud-est, il reprend la direction générale du sud-ouest jusqu'à la cote 403, longeant à une vingtaine de mètres au sud le chemin marqué sur la carte. A partir de la cote 403, il suit la crête de la Pta Becche jusqu'à la cote 379, puis, s'orientant de nouveau vers le sud-ouest, il traverse le T. Bevera, se dirigeant, en suivant le thalweg, vers le Mont Mergo, dont il contourne par le sud, à 50 mètres environ, le sommet (686), laissé en territoire français, et rejoint la présente frontière en un point situé à 100 mètres environ au sud-ouest dudit sommet.

Garanties relatives au Mont Cenis et à la région de Tende-la Brigue

(voir article 9)

A — GARANTIES QUE LA FRANCE DEVRA DONNER À L'ITALIE À L'OCCASION DE LA CESSION DU PLATEAU DU MONT CENIS

I. *Garanties relatives à la fourniture d'eau prélevée dans le lac du Mont Cenis pour la production d'énergie hydro-électrique*

a) La France réglera le volume de l'eau du lac du Mont Cenis déversée dans les conduites souterraines qui alimentent les centrales hydro-électriques de Gran Scala, de Venaus et de Mompantero de manière à fournir à ces centrales la quantité d'eau dont l'Italie pourra avoir besoin, selon le débit qui sera nécessaire à ce pays.

b) La France réparera, maintiendra en bon état de marche et, suivant les nécessités, renouvellera toutes les installations nécessaires pour fournir l'eau et en régler le débit conformément au paragraphe a), pour autant que ces installations seront situées en territoire français.

c) La France informera l'Italie, à la demande de celle-ci, du volume d'eau existant dans le lac du Mont Cenis et lui fournira à ce sujet tous autres renseignements de manière à permettre à l'Italie de déterminer en quelle quantité et suivant quel débit l'eau doit être déversée dans lesdites conduites souterraines.

d) La France appliquera les dispositions ci-dessus en observant une juste économie et facturera à l'Italie les frais effectivement engagés.

II. *Garanties relatives à l'énergie électrique produite par la centrale hydro-électrique de Gran Scala.*

a) La France exploitera la centrale hydro-électrique de Gran Scala de façon à produire (sous réserve du contrôle de l'approvisionnement en eau prévu dans la garantie I) les quantités d'électricité dont l'Italie pourra avoir besoin à la cadence nécessaire à ce pays, une fois que seront couverts les besoins locaux (besoins qui ne devront pas dépasser de façon substan-

tielle les besoins actuels) de la région avoisinant Gran Scala située en territoire français.

b) La France exploitera l'usine élévatrice d'eau adjacente à la centrale de Gran Scala de façon à refouler l'eau dans le lac du Mont Cenis dans la mesure et au moment où l'Italie en aura besoin.

c) La France réparera, maintiendra en bon état de marche et, suivant les nécessités, renouvellera toutes les installations constituant la centrale hydro-électrique de Gran Scala et l'usine élévatrice ainsi que la ligne et l'appareillage de transport de force reliant la centrale de Gran Scala à la frontière franco-italienne.

d) La France assurera, par la ligne reliant Gran Scala à la frontière franco-italienne, le transport du courant correspondant aux besoins susmentionnés de l'Italie et elle livrera ce courant à l'Italie au point où la ligne de transport de force franchit la frontière pour pénétrer en territoire italien.

e) La France maintiendra le voltage et la fréquence du courant fourni conformément aux dispositions ci-dessus à un niveau correspondant aux demandes que l'Italie pourra raisonnablement formuler.

f) La France prendra avec l'Italie des dispositions en vue de l'établissement d'une liaison téléphonique entre Gran Scala et l'Italie et restera en communication avec l'Italie afin d'assurer que l'exploitation de la centrale de Gran Scala, de l'usine élévatrice et de la ligne de transport de force, soit conforme aux garanties énoncées ci-dessus.

g) Le prix que devra facturer la France, et que devra payer l'Italie, pour le courant produit par la centrale hydro-électrique de Gran Scala qui sera mis à la disposition de l'Italie (une fois que seront couverts les besoins locaux indiqués plus haut), sera identique au prix facturé en France pour la fourniture de quantités analogues d'électricité d'origine hydro-électrique en territoire français, aux environs du Mont Cenis ou dans d'autres régions où les conditions sont comparables.

III. *Durée d'application des garanties*

Sauf s'il en est autrement convenu entre la France et l'Italie, ces garanties resteront perpétuellement en vigueur.

IV. *Commission technique de surveillance*

Une Commission technique de surveillance franco-italienne composée en nombre égal de membres français et italiens sera créée pour surveiller et faciliter l'exécution des clauses de garantie ci-dessus dont le but est d'assurer à l'Italie des facilités identiques à celles dont elle disposait en ce qui concerne l'énergie hydro-électrique et l'eau fournies par le lac du Mont Cenis avant la cession de cette région à la France. Il entrera également dans le rôle de la Commission technique de surveillance de coopérer avec les services techniques français compétents pour s'assurer que la sécurité des vallées inférieures n'est pas mise en danger.

B — GARANTIES QUE LA FRANCE DEVRA DONNER À L'ITALIE À L'OCCASION DE LA CESSION À LA FRANCE DE LA RÉGION DE TENDE-LA BRIGUE

1. *Garantie* permettant d'assurer à l'Italie l'énergie électrique produite par les deux alternateurs à 16⅔ périodes de la centrale hydro-électrique de San Dalmazzo et l'énergie électrique à 50 périodes produite par les centrales hydro-électriques de Le Mesce, San Dalmazzo et Confine en plus de la quantité de courant provenant de ces usines qui peut être nécessaire à la France pour alimenter les régions de Sospel, Menton et Nice jusqu'à la reconstruction totale des centrales hydro-électriques détruites de Breil et de Fontan, étant entendu que cette quantité ira en diminuant à mesure des progrès de la reconstruction de ces centrales, que cette quantité ne dépassera pas une puissance de 5.000 kilowatts et 3.000.000 de kilowatts-heure par mois et que, si la reconstruction de ces centrales ne se heurte pas à des difficultés particulières, les travaux devraient être terminés à la fin de 1947 au plus tard.

a) La France exploitera lesdites usines de façon à produire (sous réserve des limitations qui peuvent être imposées par le volume d'eau utilisable et compte tenu, autant qu'il est raisonnablement possible, des besoins des usines situées en aval) des quantités d'électricité à une cadence correspondant aux besoins de l'Italie, premièrement, en courant à 16⅔ périodes, pour les chemins de fer italiens de Ligurie et du Piémont méridional, et deuxièmement en courant à 50 périodes pour les usages généraux, une fois que seront couverts les besoins de la France pour Sospel, Menton et Nice, comme il est dit ci-dessus, ainsi que les besoins locaux de la région avoisinant San Dalmazzo;

b) La France réparera, maintiendra en bon état de marche, et, suivant les nécessités, renouvellera toutes les installations constituant les centrales hydro-électriques de Le Mesce, San Dalmazzo et Confine ainsi que les lignes et installations de transport de force reliant les centrales de Le Mesce et Confine, d'une part, à celle de San Dalmazzo, d'autre part, et les lignes et installations principales de transport de force allant de la centrale de San Dalmazzo à la frontière franco-italienne;

c) La France informera l'Italie, à la demande de celle-ci, du débit de l'eau à Le Mesce et à Confine ainsi que du volume d'eau accumulé à San Dalmazzo et elle fournira tous autres renseignements du même ordre de façon à lui permettre de déterminer ses besoins en courant électrique conformément aux dispositions de l'alinéa a);

d) La France assurera, par les lignes principales reliant San Dalmazzo à la frontière franco-italienne, le transport du courant correspondant aux besoins susmentionnés de l'Italie et elle fournira ce courant à l'Italie aux points où lesdites lignes franchissent la frontière pour pénétrer en territoire italien;

e) La France maintiendra le voltage et la fréquence du courant électrique fourni conformément aux dispositions ci-dessus à un niveau correspondant aux besoins réels de l'Italie;

f) La France prendra avec l'Italie des dispositions en vue d'établir une liaison téléphonique entre San Dalmazzo et l'Italie et restera en communication avec l'Italie afin d'assurer que l'exploitation desdites centrales hydro-électriques et lignes de transport de force soit conforme aux garanties énoncées ci-dessus.

2. *Garantie* relative au prix que la France facturera à l'Italie pour le courant mis à la disposition de l'Italie, conformément au paragraphe 1 ci-dessus, jusqu'à ce que les livraisons cessent, conformément au paragraphe 3 ci-après.

Le prix que la France devra facturer et que l'Italie devra payer pour le courant produit par les centrales hydro-électriques de Le Mesce, San Dalmazzo et Confine qui sera mis à la disposition de l'Italie, une fois que seront couverts les besoins de la France pour Sospel, Menton et Nice, ainsi que les besoins locaux de la région avoisinant San Dalmazzo, conformément aux dispositions de l'alinéa a) de la garantie 1, sera identique au

prix facturé en France pour la fourniture de quantités analogues de courant d'origine hydro-électrique en territoire français aux environs de la vallée supérieure de la Roya ou dans d'autres régions où les conditions sont comparables.

3. *Garantie* selon laquelle la France fournira du courant électrique à l'Italie pendant une période d'une durée raisonnable.

Sauf s'il en est autrement convenu entre la France et l'Italie, les garanties 1 et 2 resteront en vigueur jusqu'au 31 décembre 1961. Elles cesseront d'être applicables à cette date ou le 31 décembre de l'une quelconque des années suivantes, à condition que l'un des deux pays donne par écrit à l'autre, deux ans à l'avance au moins, avis de son intention d'y mettre un terme.

4. *Garantie* concernant l'utilisation totale et équitable par la France et par l'Italie des eaux de la Roya et de ses affluents en vue de l'exploitation des ressources hydro-électriques:

a) La France exploitera les centrales hydro-électriques de la vallée de la Roya situées en territoire français en tenant compte, autant qu'il est raisonnablement possible, des besoins des centrales situées en aval. La France fera connaître d'avance à l'Italie le volume d'eau qui, d'après les prévisions, sera disponible chaque jour et elle fournira tous autres renseignements du même ordre;

b) La France et l'Italie élaboreront, par voie de négociations bilatérales, un plan coordonné d'exploitation des ressources hydrauliques de la Roya qui soit acceptable pour les deux parties.

5. Une commission, ou tel autre organisme analogue qu'il pourra être convenu de créer, sera instituée en vue de surveiller l'exécution du plan mentionné à l'alinéa b) de la garantie 4 et de faciliter l'observation des garanties 1 à 4.

Alimentation en eau de la Commune de Gorizia et de ses environs

(voir article 13)

1. La Yougoslavie assurera en qualité de propriétaire l'entretien et l'exploitation des sources et des installations d'alimentation en eau de Fonte Fredda et de Moncorona, et elle assurera l'alimentation en eau de la partie de la commune de Gorizia qui, aux termes du présent Traité, reste en Italie. L'Italie continuera d'assurer l'entretien et l'exploitation du réservoir et du système d'adduction d'eau qui se trouvent en territoire italien et sont alimentés par les sources mentionnées ci-dessus; elle continuera également de fournir l'eau aux régions situées en territoire yougoslave, qui auront été transférées à la Yougoslavie aux termes du présent Traité, et dont l'alimentation en eau se fait à partir du territoire italien.

2. Les quantités d'eau ainsi procurées correspondront à celles qui ont été habituellement fournies à la région dans le passé. Au cas où les consommateurs de l'un ou l'autre Etat auraient besoin de fournitures supplémentaires d'eau, les deux Gouvernements examineront conjointement la question, en vue de réaliser un accord sur toutes mesures qui pourront être raisonnablement nécessaires pour satisfaire ces besoins. Dans le cas où la quantité d'eau disponible serait réduite pour des causes naturelles, les quantités d'eau provenant des sources d'alimentation précitées, qui seront fournies aux consommateurs se trouvant en Yougoslavie et en Italie, seront réduites pour les uns et les autres au prorata de leur consommation antérieure.

3. Le prix que la commune de Gorizia devra payer à la Yougoslavie pour l'eau mise à sa disposition et le prix que les consommateurs résidant en territoire yougoslave devront payer à la commune de Gorizia seront calculés uniquement sur la base du coût de l'exploitation et de l'entretien dy système d'adduction d'eau, ainsi que d'après le montant des nouvelles dépenses d'installation qui pourront être nécessaires pour l'exécution des présentes dispositions.

4. Dans le délai d'un mois après l'entrée en vigueur du présent Traité,

la Yougoslavie et l'Italie concluront un accord déterminant les responsabilités respectives qui résultent pour elles des dispositions ci-dessus et fixant les sommes à payer en vertu de ces dispositions. Les deux Gouvernements créeront une Commission mixte chargée de surveiller l'exécution dudit accord.

A l'expiration d'une période de dix années après l'entrée en vigueur du présent Traité, la Yougoslavie et l'Italie procéderont à un nouvel examen des dispositions qui précèdent, en tenant compte de la situation à cette époque, afin de déterminer s'il y a lieu de les reviser, et elles y apporteront toutes modifications et adjonctions dont elles pourront convenir. Tous différends qui pourraient s'élever à la suite de ce nouvel examen, seront réglés suivant la procédure prévue à l'article 87 du présent Traité.

5. Si l'Assemblée manifeste son refus de retirer la loi qui lui a été renvoyée par le Gouverneur ou de l'amender conformément aux observations ou recommandations du Gouverneur, celui-ci, à moins qu'il ne soit prêt à retirer ses observations et recommandations—et dans ce cas la loi sera promulguée sans délai—, soumettra aussitôt la question au Conseil de Sécurité. Le Gouverneur transmettra également sans délai au Conseil de Sécurité, toute communication que l'Assemblée pourrait désirer faire tenir au Conseil à ce sujet.

1. Les nominations aux fonctions publiques dans le Territoire Libre

seront faites en tenant compte exclusivement des capacités professionnelles, de la compétence et de l'intégrité des candidats.

2. Les fonctionnaires des organismes administratifs ne seront révoqués que pour incompétence ou faute grave et la révocation ne sera prononcée que sous réserve des garanties appropriées d'enquête et de faculté pour l'intéressé d'être entendu. Ces garanties seront déterminées par la loi.

Article 27. Directeur de la Sûreté

1. Le Conseil de Gouvernement soumet au Gouverneur une liste de candidats pour le poste de Directeur de la Sûreté. La nomination du Directeur est faite par le Gouverneur qui le choisit parmi les candidats qui lui ont été présentés ou parmi d'autres personnes, après consultation du Conseil de Gouvernement. Il peut également révoquer le Directeur de la Sûreté après consultation du Conseil de Gouvernement.

2. Le Directeur de la Sûreté ne devra être ressortissant ni de la Yougoslavie ni de l'Italie.

3. Normalement, le Directeur de la Sûreté relève directement du Conseil de Gouvernement et reçoit, pour les questions qui sont de son ressort, les instructions de celui-ci.

4. a. Le Gouverneur doit recevoir régulièrement des rapports du Directeur de la Sûreté et conférer avec le Directeur sur toute question qui est du ressort de celui-ci.

b. Il doit être mis au courant par le Conseil de Gouvernement des instructions que celui-ci donne au Directeur de la Sûreté et peut exprimer son avis à leur sujet.

Article 28. Force de Police

1. Pour maintenir l'ordre public et la sécurité conformément au Statut, à la Constitution et aux lois du Territoire Libre, le Gouvernement du Territoire Libre aura le droit d'entretenir une force de police et des services de Sûreté.

2. Les membres de la police et des services de Sûreté seront recrutés par le Directeur de la Sûreté et pourront être révoqués par lui.

Article 29. Gouvernement Local

La Constitution du Territoire Libre devra prévoir l'établissement, sur

la base de la représentation proportionnelle, d'organes de gouvernement local, selon des principes démocratiques, notamment celui du suffrage universel, égal pour tous, direct et secret.

Article 30. Système Monétaire

Le Territoire Libre aura son système monétaire propre.

Article 31. Chemins de fer

Sans préjudice de ses droits de propriété sur les chemins de fer à l'intérieur de ses frontières, et de son contrôle sur leur administration, le Territoire Libre pourra négocier avec la Yougoslavie et l'Italie des accords en vue d'assurer une exploitation rationnelle et économique de ses chemins de fer. De tels accords détermineront la responsabilité de l'exploitation des chemins de fer en direction de la Yougoslavie ou de l'Italie respectivement, ainsi que de l'exploitation de la tête de ligne de Trieste et des portions de voies communes à toutes les lignes. Dans ce dernier cas, l'exploitation pourra être assurée par une Commission spéciale composée de représentants du Territoire Libre, de la Yougoslavie et de l'Italie sous la présidence du représentant du Territoire Libre.

Article 32. Aviation Commerciale

1. Les aéronefs commerciaux immatriculés sur le territoire de l'une quelconque des Nations Unies, qui accorde les mêmes droits sur son territoire aux aéronefs commerciaux immatriculés dans le Territoire Libre, jouiront des droits accordés à l'aviation commerciale dans le trafic international, notamment le droit d'atterrir à des fins de ravitaillement et de réparations, le droit de survoler sans escale le Territoire Libre, et d'utiliser pour les transports aériens les aéroports qui pourront être désignés par les autorités compétentes du Territoire Libre.

2. Ces droits ne seront pas soumis à d'autres restrictions que celles qui sont imposées sur une base de non-discrimination par les lois et les règlements en vigueur dans le Territoire Libre et dans les pays intéressés ou qui résultent du caractère spécial du Territoire Libre, en tant que territoire neutre et démilitarisé.

Article 33. Immatriculation des Navires

1. Le Territoire Libre est habilité à ouvrir des registres en vue de l'immatriculation des navires et bâtiments appartenant soit au Gouvernement

du Territoire Libre, soit à des personnes physiques ou à des organisations domiciliées dans le Territoire Libre.

2. A la demande de la Tchécoslovaquie et de la Confédération helvétique, le Territoire Libre ouvrira des registres maritimes spéciaux pour les navires et bâtiments tchécoslovaques et helvétiques. Après la conclusion du Traités de Paix avec la Hongrie et du traité rétablissant l'indépendance de l'Autriche respectivement, le Territoire Libre ouvrira, dans les mêmes conditions, des registres maritimes spéciaux pour les navires et bâtiments hongrois et autrichiens. Les navires et bâtiments inscrits dans ces registres battront pavillon de leurs pays respectifs.

3. En donnant effet aux dispositions ci-dessus, et sous réserve de toute convention internationale qui viendrait à être conclue à cet égard avec la participation du Gouvernement du Territoire Libre, celui-ci pourra établir telles conditions concernant l'immatriculation, le maintien sur les registres ou la radiation, qui empêcheront tous abus auxquels donneraient lieu les facilités ainsi accordées. En ce qui concerne, notamment, les navires et bâtiments immatriculés conformément au paragraphe 1 ci-dessus, l'immatriculation sera limitée aux navires et bâtiments gérés du Territoire Libre et servant régulièrement les besoins ou les intérêts du Territoire. Dans le cas des navires et bâtiments immatriculés conformément au paragraphe 2 ci-dessus, l'immatriculation sera limitée aux navires et bâtiments ayant Trieste pour port d'attache et servant d'une manière régulière et permanente les besoins de leurs pays respectifs par le port de Trieste.

Article 34. Port Franc

Il sera créé, dans le Territoire Libre, un port franc qui sera administré conformément aux dispositions d'un Instrument international établi par le Conseil des Ministres des Affaires Etrangères et approuvé par le Conseil de Sécurité. Le Gouvernement du Territoire Libre mettra en vigueur la législation nécessaire et prendra toutes mesures utiles pour donner effet aux dispositions de cet Instrument.

Article 35. Liberté de Transit

La liberté de transit sera assurée conformément aux conventions internationales usuelles par le Territoire Libre et les Etats par les territoires

desquels s'effectue le transit, aux marchandises transportées par chemin de fer entre le Port Franc et les Etats qu'il dessert, sans aucune discrimination et sans droits de douane, ni taxes autres que celles qui seraient perçues à l'occasion de services rendus.

Article 36. Interprétation du Statut

Exception faite des cas pour lesquels une autre procédure est expressément prévue par un article du présent Statut, tout différend relatif à l'interprétation ou à l'exécution du Statut qui n'a pas été réglé par voie de négociations directes, sera, à moins que les parties ne conviennent entre elles d'un autre mode de règlement, soumis, à la demande de l'une ou l'autre des parties, à une commission composée d'un représentant de chacune des parties et d'un tiers membre, choisi d'un commun accord par les deux parties parmi les ressortissants d'un pays tiers. A défaut d'accord dans le délai d'un mois entre les deux parties au sujet de la désignation du tiers membre, l'une ou l'autre partie pourra demander au Secrétaire Général des Nations Unies de procéder à cette désignation. La décision de la majorité des membres da la commission sera considérée comme décision de la commission et acceptée par les parties comme définitive et obligatoire.

Article 37. Modification du Statut

Le présent Statut constitue le Statut Permanent du Territoire Libre, sous réserve de toute modification que le Conseil de Sécurité pourra y apporter ultérieurement. L'Assemblée populaire pourra, à la suite d'un vote pris à la majorité des deux tiers des suffrages exprimés, adresser des pétitions au Conseil de Sécurité en vue de la modification du Statut.

Article 38. Entrée en vigueur du Statut

Le présent Statut entrera en vigueur à la date qui sera fixée par le Conseil de Sécurité des Nations Unies.

ANNEXE VII

Instrument relatif au régime provisoire du Territoire Libre de Trieste

(voir article 21)

Les dispositions du présent Instrument s'appliqueront à l'administration du Territoire Libre de Trieste en attendant la mise en application du Statut Permanent.

Article 1

Le Gouverneur entrera en fonctions dans le Territoire Libre le plus tôt possible après l'entrée en vigueur du présent Traité de Paix. Jusqu'à l'entrée en fonctions du Gouverneur, le Territoire Libre continuera d'être administré par les Commandements militaires alliés agissant chacun dans leur zone respective.

Article 2

Dès son entrée en fonctions dans le Territoire Libre, le Gouverneur aura le pouvoir de constituer un Conseil Provisoire de Gouvernement dont il choisira les membres, après consultation des Gouvernements yougoslave et italien, parmi des personnes domiciliées dans le Territoire Libre. Le Gouverneur aura le droit de modifier la composition du Conseil Provisoire de Gouvernement chaque fois qu'il le jugera nécessaire. Le Gouverneur et le Conseil Provisoire de Gouvernement exerceront leurs fonctions de la manière prescrite par les dispositions du Statut Permanent, à mesure que ces dispositions s'avéreront applicables et pour autant que celles du présent Instrument ne s'y substituent pas. De la même façon, toutes les autres dispositions du Statut Permanent seront applicables pendant la durée du régime provisoire, à mesure que ces dispositions s'avéreront applicables et pour autant que celles du présent Instrument ne s'y substituent pas.

Dans ses actes, le Gouverneur sera guidé surtout par le souci des besoins et du bien-être de la population.

Article 3

Le siège du Gouvernement sera établi à Trieste. Le Gouverneur adressera ses rapports directement au Président du Conseil de Sécurité et, par son entremise, fournira au Conseil tous renseignements nécessaires sur l'administration du Territoire Libre.

Article 4

Le premier devoir du Gouverneur sera de veiller au maintien de l'ordre public et de la sécurité. Il nommera, à titre provisoire, un Directeur de la Sûreté qui réorganisera et dirigera les forces de police et les services de Sûreté.

Article 5

a) Dès l'entrée en vigueur du présent Traité, l'effectif des troupes

stationnées dans le Territoire Libre ne dépassera pas 5.000 hommes pour le Royaume-Uni, 5.000 hommes pour les Etats-Unis d'Amérique et 5.000 hommes pour la Yougoslavie.

b) Ces troupes seront mises à la disposition du Gouverneur pendant une période de quatre vingt dix jours à partir de son entrée en fonctions dans le Territoire Libre. Dès la fin de cette période, ces troupes cesseront d'être à la disposition du Gouverneur et seront retirées du Territoire dans un délai complémentaire de quarante cinq jours, à moins que le Gouverneur n'avise le Conseil de Sécurité qu'il estime nécessaire, dans l'intérêt du Territoire, de maintenir ces troupes, en totalité ou en partie. Dans cette dernière hypothèse, les troupes requises par le Gouverneur seront maintenues pendant quarante cinq jours au plus, après que le Gouverneur aura avisé le Conseil de Sécurité que l'ordre intérieur dans le Territoire peut être assuré par les Services de Sûreté sans l'aide de troupes étrangères.

c) Les opérations de retrait prévues au paragraphe b) devront s'effectuer de manière à maintenir autant que possible la proportion prévue au paragraphe a) entre les troupes des trois Puissances intéressées.

Article 6

Le Gouverneur aura le droit, à tout moment, de demander de l'aide aux Commandants en chef de ces contingents et cette aide lui sera donnée sans délai. Dans tous les cas où ce sera possible, le Gouverneur consultera les Commandants militaires intéressés avant de donner ses instructions, mais il ne s'immiscera pas dans les dispositions d'ordre militaire prises à l'égard des forces armées dans l'exécution de ses instructions. Chaque Commandant en chef a le droit de communiquer, par rapport, à son Gouvernement les instructions qu'il aura reçues du Gouverneur, et il informera le Gouverneur du contenu de ces rapports. Le Gouvernement intéressé aura le droit de refuser que ses troupes participent à l'opération en question et il informera le Conseil de Sécurité de son refus.

Article 7

Les dispositions nécessaires relatives aux lieux de stationnement, à l'administration et à l'approvisionnement des contingents militaires fournis par le Royaume-Uni, les Etats-Unis d'Amérique et la Yougoslavie, seront fixées par accord entre le Gouverneur et les Commandants en chef de ces contingents.

Article 8

Le Gouverneur sera chargé d'organiser, en consultation avec le Conseil Provisoire de Gouvernement, l'élection des membres de l'Assemblée Constituante dans les conditions prescrites par le Statut pour les élections à l'Assemblée Populaire.

Les élections auront lieu, au plus tard, quatre mois après l'entrée en fonctions du Gouverneur. Dans le cas où il serait techniquement impossible de procéder aux élections dans ce délai, le Gouverneur en référera au Conseil de Sécurité.

Article 9

Le Gouverneur établira le budget provisoire ainsi que les programmes provisoires d'exportations et d'importations, en consultation avec le Conseil Provisoire de Gouvernement et il s'assurera que les dispositions appropriées sont prises par le Conseil Provisoire de Gouvernement pour la gestion des finances du Territoire Libre.

Article 10

Les lois et règlements existants resteront en vigueur, à moins qu'ils ne soient abrogés ou que leur application ne soit suspendue par le Gouverneur, et jusqu'à ce qu'ils le soient. Le Gouverneur aura le droit de modifier les lois et règlements existants ainsi que d'édicter de nouvelles lois et de nouveaux règlements, en accord avec la majorité du Conseil Provisoire de Gouvernement. Ces lois et règlements modifiés, ces nouvelles lois et ces nouveaux règlements ainsi que les actes du Gouverneur abrogeant les lois et règlements ou suspendant leur application seront valables à moins qu'ils ne soient modifiés, rapportés ou remplacés par des décisions de l'Assemblée Populaire ou du Conseil de Gouvernement, agissant dans leurs domaines respectifs après l'entrée en vigueur de la Constitution, et jusqu'à ce qu'ils le soient.

Article 11

Jusqu'à l'établissement d'un régime monétaire séparé pour le Territoire Libre, la lire italienne continuera d'être la monnaie légale dans le Territoire Libre. Le Gouvernement italien fournira au Territoire Libre les moyens de change étranger et les instruments monétaires qui lui sont nécessaires, dans des conditions qui ne seront pas moins favorables que celles qui sont appliquées en Italie.

L'Italie et le Territoire Libre concluront un accord pour donner effet aux dispositions ci-dessus et pour prévoir tout règlement qui pourrait être nécessaire entre les deux Gouvernements.

Article 11

La circulation de toutes personnes à l'entrée et à la sortie de la zone du Port Franc sera soumise à telle règlementation qui sera établie par les

autorités du Territoire Libre. Toutefois cette règlementation sera établie de manière à ne pas gêner indûment la circulation à l'entrée et à la sortie du Port Franc des personnes, quelle que soit leur nationalité, qui exercent dans la zone du Port Franc une activité légitime.

Article 12

Les règlements généraux et spéciaux en vigueur dans le Port Franc, ainsi que les barêmes des redevances à percevoir dans le Port Franc, devront être rendus publics.

et la bonne marche de ce trafic à un prix raisonnable; ils n'adopteront, à l'égard du mouvement des marchandises à destination et en provenance du Port Franc, aucune mesure discriminatoire en matière de tarifs, de services et de règlements douaniers, sanitaires, de police ou autres.

3. Les Etats qui assument les obligations résultant du présent Instrument ne prendront aucune mesure réglementaire ou tarifaire qui détournerait artificiellement le trafic du Port Franc au profit d'autres ports maritimes. Les mesures prises par le Gouvernement yougoslave en vue d'aménager le trafic vers les ports de la Yougoslavie méridionale ne seront pas considérées comme des mesures visant à détourner artificiellement le trafic.

Article 17

Le Territoire Libre et les Etats qui assument les obligations résultant du présent Instrument accorderont dans leurs territoires respectifs et sur une base de non-discrimination, la liberté des communications postales, télégraphiques et téléphoniques, conformément aux conventions internationales usuelles, entre la zone du Port Franc et tout pays, pour toute communication en provenance ou à destination de la zone du Port Franc.

Article 19

Le Directeur du Port Franc, sous réserve des dispositions du présent

Instrument, prendra toutes mesures raisonnables et nécessaires pour administrer, exploiter, entretenir et développer le Port Franc et en faire un port fonctionnant de façon satisfaisante et apte à faire face rapidement à tout le trafic. En particulier, il sera responsable de l'exécution des travaux portuaires de toute nature dans le Port Franc, il dirigera l'exploitation des installations portuaires et du reste de l'équipement du port, il fixera, conformément aux lois du Territoire Libre, les conditions de travail dans le Port Franc et il contrôlera également l'exécution dans le Port Franc des ordres et règlements des autorités du Territoire Libre relatifs à la navigation.

Article 22

La Commission Internationale aura son siège dans les limites du Port Franc. Ses locaux et ses activités ne relèveront de la juridiction d'aucune autorité locale. Les membres et les fonctionnaires de la Commission Inter-

nationale bénéficieront, dans le Territoire Libre, de tels privilèges et immunités qui seront nécessaires au libre exercice de leurs fonctions. La Commission Internationale organisera son secrétariat, décidera de sa procédure et établira son budget. Les dépenses communes de la Commission Internationale seront réparties équitablement entre les Etats qui y sont représentés selon les proportions acceptées par eux en Commission Internationale.

Article 23

La Commission Internationale aura le droit de procéder à des enquêtes et à des études sur toutes questions concernant l'exploitation, l'utilisation et l'administration du Port Franc ou les aspects techniques du transit entre le Port Franc et les Etats qu'il dessert, y compris l'unification des méthodes suivies pour assurer le trafic. La Commission Internationale agira soit de sa propre initiative, soit lorsque de telles questions auront été portées à son attention par tout Etat ou par le Territoire Libre ou par le Directeur du Port Franc. Article 24

Tout différend relatif à l'interprétation ou à l'exécution du présent Instrument, qui ne sera pas réglé par voie de négociations directes, devra, à moins que les parties conviennent entre elles d'un autre mode de règlement, être soumis, à la demande de l'une ou l'autre partie, à une commission composée d'un représentant de chacune des parties et d'un tiers membre choisi par accord entre les deux parties parmi des ressortissants de pays tiers. Si, dans le délai d'un mois, les deux parties ne parviennent pas à se mettre d'accord sur la désignation du tiers membre, l'une ou l'autre des parties pourra demander au Secrétaire Général des Nations Unies de procéder à sa nomination. La décision de la majorité des membres sera considérée comme décision de la Commission et acceptée par les parties comme définitive et obligatoire.

Article 25

Des propositions d'amendements au présent Instrument pourront être présentées au Conseil de Sécurité par le Conseil de Gouvernement du Territoire Libre ou par trois au moins des Etats représentés à la Commission Internationale. Tout amendement approuvé par le Conseil de Sécurité prendra effet à la date fixée par celui-ci.

Article 26

Aux fins du présent Instrument, un Etat sera considéré comme ayant assumé les obligations résultant dudit Instrument s'il est partie au Traité de Paix avec l'Italie ou s'il a notifié au Gouvernement de la République Française qu'il assumait ces obligations.

ANNEXE IX

Dispositions techniques relatives au Territoire Libre de Trieste

(voir article 21)

A. *Alimentation en eau de la région nord-ouest de l'Istrie*

La Yougoslavie continuera à alimenter la région du nord-ouest de l'Istrie qui est située à l'intérieur des frontières du Territoire Libre de Trieste, en eau provenant de la source de San Giovanni de Pinguente au moyen du système d'alimentation en eau du Quieto, et en eau provenant de la source de Santa Maria del Risano au moyen du système d'alimentation en eau du Risano, sans que les quantités d'eau fournies puissent dépasser sensiblement celles qui étaient normalement mises à la disposition de la région; cette eau sera fournie selon le volume et le débit que le Territoire Libre pourra demander, en restant toutefois dans les limites imposées par les conditions naturelles. La Yougoslavie assurera l'entretien des canalisations d'eau, des réservoirs, des pompes, des dispositifs d'épuration et des autres installations se trouvant en territoire yougoslave, qui pourrait être nécessaire pour satisfaire à cette obligation. Une dérogation temporaire aux obligations précitées devra être accordée à la Yougoslavie pour lui permettre d'effectuer les réparations nécessaires aux installations d'alimentation en eau endommagées du fait de la guerre. Le Territoire Libre paiera, pour

l'eau ainsi fournie, un prix raisonnable représentant sa participation, évaluée proportionnellement selon la quantité d'eau consommée dans le Territoire Libre, au montant total des frais d'exploitation et d'entretien des systèmes d'alimentation en eau du Quieto et du Risano. Au cas où le Territoire Libre aurait besoin à l'avenir de fournitures supplémentaires d'eau, la Yougoslavie s'engage à étudier la question avec les autorités du Territoire Libre et à prendre en accord avec elles telles mesures raisonnables qui seront nécessaires pour satisfaire à ces besoins.

B. *Fourniture du courant électrique*

1. La Yougoslavie et l'Italie maintiendront l'alimentation actuelle en courant électrique du Territoire Libre de Trieste en fournissant à ce Territoire l'électricité en des quantités et à une cadence correspondant à ses besoins. Les quantités de courant fournies ne devront pas nécessairement, au début, dépasser sensiblement celles qui étaient normalement mises à la disposition de la région englobée dans le Territoire Libre, mais l'Italie et la Yougoslavie fourniront, à la demande du Territoire Libre, des quantités de courant qui iront en augmentant avec ses besoins, à condition que toute demande dépassant 20% de la quantité fournie normalement au Territoire Libre par les différentes sources d'alimentation en courant fasse l'objet d'un accord entre les Gouvernements intéressés.

2. Le prix que facturera la Yougoslavie ou l'Italie et que paiera le Territoire Libre pour le courant électrique qui lui sera fourni ne sera pas supérieur au prix compté en Yougoslavie ou en Italie pour la fourniture de quantités analogues d'électricité d'origine hydraulique produite par les mêmes sources de courant situées en territoire yougoslave ou italien.

3. La Yougoslavie, l'Italie et le Territoire Libre échangeront, de façon permanente, les renseignements relatifs au débit et à l'importance des réserves d'eau ainsi qu'à la production du courant électrique intéressant les centrales qui alimentent l'ancien district italien de la Vénétie Julienne, afin que chacune des trois parties soit en mesure de fixer ses besoins.

4. La Yougoslavie, l'Italie et le Territoire Libre maintiendront en bon état de marche toutes les centrales électriques, lignes de transport de force, sous-stations et autres installations nécessaires pour assurer l'alimentation continue de l'ancien district italien de la Vénétie Julienne en courant électrique.

5. La Yougoslavie devra garantir que les installations de production d'énergie actuelles et futures de l'Isonzo (Soca) seront exploitées de telle sorte que les quantités d'eau dont l'Italie pourra avoir besoin périodiquement pour irriguer la région comprise entre Gorizia et la côte de l'Adriatique au sud-ouest de cette ville, puissent être prélevées dans l'Isonzo (Soca). L'Italie ne pourra pas revendiquer le droit d'utiliser l'eau de l'Isonzo (Soca) en plus grande quantité ou dans des conditions plus favorables qu'elle ne le faisait habituellement dans le passé.

6. La Yougoslavie, l'Italie et le Territoire Libre devront négocier en commun une convention acceptable pour toutes les parties et conforme aux dispositions ci-dessus, en vue du maintien de l'exploitation du réseau électrique qui dessert l'ancien district italien de la Vénétie Julienne. Une commission mixte dans laquelle les trois Gouvernements seront représentés sur un pied d'égalité sera instituée pour surveiller l'exécution des obligations découlant des dispositions des paragraphes 1 à 5 ci-dessus.

7. A l'expiration d'une période de dix ans à partir de la date d'entrée en vigueur du présent Traité, la Yougoslavie, l'Italie et le Territoire Libre soumettront à un nouvel examen les dispositions qui précèdent, en tenant compte des conditions qui existeront à ce moment, en vue de déterminer celles des obligations ci-dessus qui, le cas échéant, ne seraient plus nécessaires et y apporteront telles modifications, suppressions ou adjonctions dont les parties intéressées pourront convenir. Tous différends qui pourront s'élever à la suite de ce nouvel examen, seront réglés selon la procédure indiquée à l'article 87 du présent Traité.

C. *Dispositions tendant à faciliter les échanges frontaliers*

Dans le mois qui suivra l'entrée en vigueur du présent Traité, des négociations seront engagées entre la Yougoslavie et le Territoire Libre de Trieste, ainsi qu'entre l'Italie et le Territoire Libre de Trieste en vue de conclure des arrangements tendant à faciliter le mouvement, d'un côté à l'autre des frontières, entre le Territoire Libre et les régions limitrophes yougoslaves et italiennes, des denrées alimentaires et des marchandises d'autres catégories qui ont fait normalement l'objet d'échanges locaux entre ces régions, à condition qu'il s'agisse de denrées ou de marchandises récoltées, produites ou manufacturées dans les territoires respectifs. Ces échanges pourront être facilités par des mesures appropriées, notamment en exemptant

de droits et redevances de douanes et de toutes taxes à l'exportation ou à l'importation les produits en question, à concurrence de quantités ou de valeurs fixées d'un commun accord lorsque lesdits échanges ont un caractère local.

ANNEXE X

Dispositions économiques et financières concernant le Territoire Libre de Trieste

1. Le Territoire Libre de Trieste recevra, sans paiement, les biens italiens d'Etat ou parastataux situés dans le Territoire Libre.

Au sens de la présente annexe, sont considérés comme biens d'Etat ou parastataux: les biens et propriétés de l'Etat italien, des collectivités publiques locales, des établissements publics et des sociétés et associations qui sont propriété publique ainsi que les biens et propriétés ayant appartenu au parti fasciste ou à des organisations auxiliaires de ce parti.

2. Tous les transferts de biens italiens d'Etat ou de biens italiens parastataux au sens du paragraphe 1 ci-dessus qui ont été effectués après le 3 septembre 1943, seront considérés comme nuls et non avenus. Toutefois, cette disposition ne s'appliquera pas aux opérations légales correspondant à l'activité courante des organismes d'Etat ou parastataux, dans la mesure où il s'agit de la vente, dans des conditions normales, de marchandises que ces organismes produisent ou vendent habituellement en exécution d'arrangements commerciaux normaux ou dans le cours normal d'activités administratives de caractère public.

3. Les câbles sous-marins appartenant à l'Etat italien ou à des organisations parastatales italiennes tomberont sous le coup des dispositions du paragraphe 1, pour ce qui concerne les installations terminales et les parties des câbles se trouvant dans les eaux territoriales du Territoire Libre.

4. L'Italie remettra au Territoire Libre toutes les archives et tous les documents appropriés présentant un caractère administratif ou un intérêt historique, qui se rapportent au Territoire Libre ou à des biens transférés en exécution du paragraphe 1 de la présente annexe. Le Territoire Libre remettra à la Yougoslavie tous les documents présentant le même caractère ou le même intérêt qui se rapportent au territoire cédé à la Yougoslavie en

exécution du présent Traité, et il remettra à l'Italie tous les documents de même caractère ou intérêt, qui se rapportent au territoire italien et qui peuvent se trouver dans le Territoire Libre.

La Yougoslavie se déclare prête à remettre au Territoire Libre toutes les archives et tous les documents de caractère administratif se rapportant à l'administration du Territoire Libre et nécessaires à cette seule fin, de la nature de ceux qui étaient habituellement détenus avant le 3 septembre 1943 par les autorités locales de la juridiction desquelles relevait la région qui fait maintenant partie du Territoire Libre.

5. Le Territoire Libre ne sera tenu de fournir aucune contribution pour le service de la Dette publique italienne, mais il devra assumer les obligations de l'Etat italien à l'égard des porteurs de titres de cette Dette qui seront soit des personnes physiques qui maintiendront leur résidence dans le Territoire Libre soit des personnes morales qui y conserveront leur siège social ou leur principal établissement, pour autant que ces obligations correspondront à la partie de cette Dette dont les titres ont été émis avant le 10 juin 1940 et qui est imputable à des travaux publics et des services administratifs civils dont ledit Territoire a bénéficié mais qui n'est imputable ni directement ni indirectement à des buts militaires.

Toutes justifications pourront être demandées aux porteurs sur l'origine de ces titres.

L'Italie et le Territoire Libre détermineront, par des arrangements, la partie de la Dette publique italienne qui est visée dans le présent paragraphe et les méthodes à appliquer pour l'exécution de ces dispositions.

6. Le régime futur des dettes extérieures gagées par des privilèges grevant les biens ou revenus du Territoire Libre sera déterminé par de nouveaux accords qui seront conclus par les parties intéressées.

7. L'Italie et le Territoire Libre régleront par des arrangements spéciaux les conditions dans lesquelles seront transférées à des organisations analogues du Territoire Libre les obligations des organisations d'assurances sociales italiennes publiques ou privées à l'égard des habitants du Territoire Libre, ainsi qu'une part proportionnelle des réserves accumulées par lesdites organisations.

Des arrangements analogues conclus entre le Territoire libre et l'Italie ainsi qu'entre le Territoire libre et la Yougoslavie, régleront également les

obligations des organisations d'assurances sociales publiques ou privées dont le siège social est situé dans le Territoire Libre, à l'égard des titulaires de polices ou des cotisants résidant respectivement en Italie ou sur un territoire cédé à la Yougoslavie en exécution du présent Traité.

Le Territoire Libre et la Yougoslavie régleront également par des arrangements analogues les obligations des organisations d'assurances sociales publiques ou privées dont le siège social est situé dans le territoire cédé à la Yougoslavie en exécution du présent Traité, à l'égard des titulaires de polices ou des cotisants qui résident dans le Territoire Libre.

8. L'Italie restera tenue d'assurer le paiement des pensions civiles ou militaires acquises à la date d'entrée en vigueur du présent Traité au service de l'Etat italien ou de collectivités publiques italiennes, municipales ou locales, par des personnes qui reçoivent la citoyenneté du Territoire Libre en vertu du présent Traité; cette obligation s'étend aux droits à pension non encore échus. L'Italie et le Territoire Libre régleront par des arrangements les conditions dans lesquelles cette obligation sera remplie.

9. Les biens, droits et intérêts des ressortissants italiens qui ont établi leur domicile dans le Territoire Libre après le 10 juin 1940 et ceux des personnes qui optent pour la nationalité italienne en vertu des dispositions du Statut du Territoire Libre de Trieste seront, pendant une période de trois ans à partir de la date d'entrée en vigueur du présent Traité, respectés dans la même mesure que les biens, droits et intérêts des ressortissants du Territoire Libre en général, à condition qu'ils aient été légalement acquis.

Les biens, droits et intérêts des autres ressortissants italiens et ceux des personnes morales, de nationalité italienne, qui sont situés dans le Territoire Libre, pourvu qu'ils aient été légalement acquis, ne seront soumis qu'à telles dispositions législatives qui pourront être éventuellement appliquées d'une manière générale aux biens des personnes physiques et morales de nationalité étrangère.

10. Les personnes qui opteront pour la nationalité italienne et qui établiront leur résidence en Italie seront autorisées, après acquittement des dettes ou impositions dont elles pourraient être redevables dans le Territoire Libre, à emporter avec elles leurs biens meubles et à transférer les fonds qu'elles possèdent, à condition que ces biens et ces fonds aient été légalement acquis. Le transfert des biens ne sera frappé d'aucun droit d'exportation

ou d'importation. Ces personnes seront autorisées en outre à vendre leurs biens meubles et immeubles dans les mêmes conditions que les ressortissants du Territoire Libre.

Le transfert des biens en Italie s'effectuera à des conditions qui ne seront pas en contradiction avec la Constitution du Territoire Libre et d'une manière qui sera fixée par accord entre l'Italie et le Territoire Libre. Les conditions et délais dans lesquels s'effectuera le transfert des fonds, y compris le produit des ventes, seront également fixés par accord.

11. Les biens, droits et intérêts existant en Italie à la date d'entrée en vigueur du présent Traité qui appartenaient à d'anciens ressortissants italiens résidant dans le Territoire Libre et devenus ressortissants du Territoire Libre en vertu du présent Traité, seront respectés par l'Italie, dans la même mesure que les biens, droits et intérêts des ressortissants italiens d'une façon générale, pendant une période de trois ans à partir de la date d'entrée en vigueur du présent Traité.

Ces personnes seront autorisées à effectuer le tranfert et la liquidation de leurs biens, droits et intérêts dans les conditions prévues au paragraphe 10 ci-dessus.

12. Les sociétés constituées conformément à la législation italienne et dont le siège social est situé dans le Territoire Libre, qui désirent transférer leur siège social en Italie ou en Yougoslavie, devront également être traitées conformément aux dispositions du paragraphe 10 de la présente annexe, à condition que plus de cinquante pour cent du capital de la société appartienne à des personnes résidant normalement en dehors du Territoire Libre ou à des personnes qui transfèrent leur domicile en Italie ou en Yougoslavie.

13. Les dettes des personnes résidant en Italie ou sur un territoire cédé à la Yougoslavie envers des personnes résidant dans le Territoire Libre ou celles des personnes résidant dans le Territoire Libre envers des personnes résidant en Italie ou sur un territoire cédé à la Yougoslavie, ne seront pas affectées par la cession. L'Italie, la Yougoslavie, et le Territoire Libre s'engagent à faciliter le règlement de ces obligations. Aux fins du présent paragraphe, le terme "personnes" s'applique aux personnes morales.

14. Les biens situés dans le Territoire Libre appartenant à l'une quelconque des Nations Unies ou à ses ressortissants qui n'auraient pas encore été libérés du séquestre ou des mesures de contrôle auxquels ils ont été

soumis par l'Italie, ni restitués à leur propriétaires, seront restitués dans l'état ou ils se trouvent actuellement.

15. L'Italie restituera les biens qui ont été illégalement enlevés du Territoire Libre après le 3 septembre 1943 et emportés en Italie. L'exécution de cette obligation sera régie par les paragraphes 2, 3, 4, 5 et 6 de l'article 75, sauf en ce qui concerne les biens faisant l'objet d'autres dispositions de la présente annexe.

Les dispositions des paragraphes 1, 2, 5 et 6 de l'article 75, s'appliqueront à la restitution par le Territoire Libre des biens enlevés, pendant la guerre, du territoire de l'une quelconque des Nations Unies.

16. L'Italie restituera au Territoire Libre, dans le plus bref délai possible, tous navires détenus par l'Etat ou par des ressortissants italiens, qui, au 3 septembre 1943, appartenaient soit à des personnes physiques résidant dans le Territoire Libre et qui acquièrent la citoyenneté du Territoire Libre en vertu du présent Traité, soit à des personnes morales de nationalité italienne qui ont et conserveront leur siège social dans le Territoire Libre, exception faite des navires qui ont fait l'objet d'une vente effectuée de bonne foi.

17. Des accords seront conclus entre l'Italie et le Territoire Libre, ainsi qu'entre la Yougoslavie et le Territoire Libre, en vue de répartir d'une manière juste et équitable les biens de toute collectivité publique locale existante dont le territoire se trouve divisé par une frontière établie en vertu du présent Traité, et en vue d'assurer le maintien au profit des habitants de ceux des services communaux qui ne sont pas expressément visés par d'autres dispositions du Traité.

Des accords analogues seront conclus pour répartir d'une manière juste et équitable le matériel roulant et autre matériel de chemin de fer, ainsi que l'outillage des bassins et des ports et les bateaux affectés à leur service; des accords régleront également toutes autres questions d'ordre économique en suspens qui ne sont pas visées par la présente annexe.

18. Les citoyens du Territoire Libre continueront, en dépit du transfert de souveraineté et de tout changement de nationalité qui en résultera, de jouir de tous les droits de propriété industrielle, littéraire et artistique en Italie auxquels ils pouvaient prétendre sous le régime de la législation en vigueur en Italie lors du transfert.

Le Territoire Libre reconnaîtra les droits de propriété industrielle, littéraire et artistique qui existaient dans le Territoire Libre sous le régime des lois italiennes en vigueur au moment du transfert, ou qui devront être rétablis ou restitués conformément à la partie A de l'annexe XV du présent Traité, et il donnera effet à ces droits. Lesdits droits resteront en vigueur dans le Territoire Libre pendant la période durant laquelle ils seraient restés en vigueur sous le régime des lois italiennes.

19. Tout différend qui pourra s'élever à propos de l'exécution des dispositions de la présente annexe, sera réglé de la manière prévue à l'article 83 du présent Traité.

20. Les paragraphes 1, 3 et 5 de l'article 76, l'article 77, le paragraphe 3 de l'article 78, l'article 81, la partie A de l'annexe XV, l'annexe XVI et la partie B de l'annexe XVII s'appliqueront au Territoire Libre de Trieste de la même manière qu'à l'Italie.

ANNEXE XI

Déclaration commune des Gouvernements des Etats-Unis d'Amérique, de la France, du Royaume-Uni et de l'Union Soviétique au sujet des possessions territoriales italiennes en Afrique

(voir article 23)

1. Les Gouvernements des Etats-Unis d'Amérique, de la France, du Royaume-Uni de Grande-Bretagne et d'Irlande du Nord et de l'Union des Républiques Soviétiques Socialistes conviennent de déterminer, par une décision prise en commun, dans un délai d'un an à partir de l'entrée en vigueur du Traité de Paix avec l'Italie portant la date du 10 février 1947, le sort définitif des possessions territoriales de l'Italie en Afrique, sur lesquelles l'Italie renonce à tous ses droits et titres en vertu de l'article 23 du présent Traité.

2. Les Quatre Puissances régleront le sort définitif des territoires en question et procéderont aux ajustements appropriés de leurs frontières, en tenant compte des aspirations et du bien-être des habitants, ainsi que des exigences de la paix et de la sécurité, et en prenant en considération les vues des autres Gouvernements intéressés.

3. Si les Quatre Puissances ne peuvent se mettre d'accord sur le sort de l'un quelconque de ces territoires dans un délai d'un an à partir de la date d'entrée en vigueur du Traité de Paix avec l'Italie, la question sera soumise à l'Assemblée générale des Nations Unies pour que celle-ci fasse une recommandation à son sujet, et les Quatre Puissances conviennent d'accepter cette recommandation et de prendre les mesures appropriées pour la mettre à exécution.

4. Les Suppléants des Ministres des Affaires Etrangères poursuivront l'examen de la question du sort des anciennes colonies italiennes en vue de soumettre au Conseil des Ministres des Affaires Etrangères leurs recommandations sur la question. En outre, ils enverront des commissions d'enquête dans telle ou telle des anciennes colonies italiennes afin de leur fournir les éléments nécessaires sur cette question et d'établir quelles sont les vues des habitants.

ANNEXE XIV

Dispositions économiques et financières relatives aux territoires cédés

1. L'Etat successeur recevra sans paiement les biens italiens d'Etat ou parastataux situés sur le territoire cédé en vertu du présent Traité, ainsi que toutes les archives et tous les documents appropriés d'ordre administratif ou d'intérêt historique concernant le territoire en question ou se rapportant à des biens qui ont été transférés en exécution du présent paragraphe.

Au sens de la présente annexe, sont considérés comme biens d'Etat ou parastataux: les biens et propriétés de l'Etat italien, des collectivités publiques locales, des établissements publics et des sociétés et associations qui sont propriété publique ainsi que les biens et propriétés ayant appartenu au Parti Fasciste ou à des organisations auxiliaires de ce Parti.

2. Tous les transferts de biens italiens d'Etat ou de biens italiens parastataux au sens du paragraphe 1 ci-dessus, qui ont été effectués après le 3 septembre 1943, seront considérés comme nuls et non avenus. Toutefois cette disposition ne s'appliquera pas aux opérations légales relatives à l'activité courante des organismes d'Etat ou parastataux dans la mesure où il s'agit de la vente, dans des conditions normales, de marchandises que ces organismes produisent ou vendent habituellement en exécution d'arrangements commerciaux normaux ou dans le cours normal d'activités administratives de caractère public.

3. Les câbles sous-marins italiens qui relient des points du territoire cédé, ou qui relient un point du territoire cédé à un point d'un autre territoire de l'Etat successeur, seront considérés comme des biens italiens situés dans le territoire cédé, en dépit du fait que certaines parties de ces câbles peuvent se trouver hors des eaux territoriales. Les câbles sous-marins italiens reliant un point du territoire cédé à un point se trouvant en dehors de la juridiction de l'Etat successeur, seront considérés comme des biens italiens situés dans le territoire cédé, pour ce qui concerne les installations terminales et les parties des câbles se trouvant dans les eaux territoriales du territoire cédé.

4. Le Gouvernement italien remettra à l'Etat successeur tous les objets présentant un intérêt artistique, historique ou archéologique qui font partie du patrimoine culturel du territoire cédé et qui, lorsque le territoire dont il s'agit se trouvait sous la domination italienne, en ont été enlevés sans paiement et sont détenus par le Gouvernement italien ou par des institutions publiques italiennes.

5. L'Etat successeur procèdera à l'échange contre sa propre monnaie des signes monétaires italiens détenus sur le territoire cédé par des personnes physiques qui y maintiendront leur résidence ou par des personnes morales qui continueront d'y exercer leur activité. Toutes justifications pourront être demandées aux détenteurs sur l'origine des fonds présentés à la conversion.

6. Le Gouvernement de l'Etat successeur ne sera tenu de fournir aucune contribution pour le service de la Dette publique italienne, mais il devra assumer les obligations de l'Etat italien à l'égard des porteurs de titres de cette Dette qui seront, soit des personnes physiques qui maintiendront leur résidence dans le territoire cédé, soit des personnes morales qui y conserveront leur siège social ou leur principal établissement, pour autant que ces obligations correspondront à la partie de cette Dette dont les titres ont été émis avant le 10 juin 1940 et qui est imputable à des travaux publics et des services administratifs civils dont ledit territoire a bénéficié, mais qui n'est imputable ni directement ni indirectement à des buts militaires.

Toutes justifications pourront être demandées aux porteurs sur l'origine des titres.

L'Etat successeur et l'Italie détermineront par des arrangements la partie de la Dette publique italienne qui est visée dans le présent paragraphe et les méthodes à appliquer pour l'exécution de ces dispositions.

7. L'Etat successeur et l'Italie régleront par des arrangements spéciaux les conditions dans lesquelles seront transférées à des organisations analogues de l'Etat successeur les obligations des organisations d'assurances sociales italiennes publiques ou privées à l'égard des habitants du territoire cédé, ainsi qu'une part proportionnelle des réserves accumulées par lesdites organisations.

L'Etat successeur et l'Italie régleront également par des arrangements analogues les obligations des organisations d'assurances sociales, publiques ou privées, dont le siège social est situé dans le territoire cédé, à l'égard des titulaires de polices ou des cotisants qui résident en Italie.

8. L'Italie restera tenue d'assurer le paiement des pensions civiles ou militaires acquises, à la date d'entrée en vigueur du présent Traité, au service de l'Etat italien ou de collectivités publiques italiennes, municipales ou locales, par des personnes qui reçoivent la nationalité de l'Etat successeur en vertu du présent Traité; cette obligation s'étend aux droits à pension non encore échus. L'Etat successeur et l'Italie régleront par des arrangements les conditions dans lesquelles l'Italie s'aquittera de cette obligation.

9. Les biens, droits et intérêts des ressortissants italiens résidant d'une façon permanente dans les territoires cédés à la date d'entrée en vigueur du présent Traité, seront respectés dans la même mesure que ceux des ressortissants de l'Etat successeur, à condition qu'ils aient été légalement acquis.

Les biens, droits et intérêts des autres ressortissants italiens et ceux des personnes morales de nationalité italienne qui sont situés dans le territoire cédé, pourvu qu'ils aient été légalement acquis, ne seront soumis qu'à telles dispositions législatives qui pourront être éventuellement appliquées d'une manière générale aux biens des personnes physiques et morales de nationalité étrangère.

Ces biens, droits et intérêts ne seront sujets ni à être retenus, ni à être liquidés en vertu de l'article 79 du présent Traité; ils seront restitués à leurs propriétaires libérés des effets de toutes mesures de cette nature

et de toute autre mesure de transfert, d'administration forcée ou de séquestre prise au cours de la période s'étendant entre le 3 septembre 1943 et la date d'entrée en vigueur du présent Traité.

10. Les personnes qui opteront pour la nationalité italienne et qui établiront leur résidence en Italie seront autorisées, après acquittement des dettes ou impositions dont elles pourraient être redevables sur le territoire cédé, à emporter avec elles leurs biens meubles et à transférer les fonds qu'elles possèdent à condition que ces biens et ces fonds aient été légalement acquis. Le transfert des biens ne sera frappé d'aucun droit d'exportation ou d'importation. En outre, ces personnes seront autorisées à vendre leurs biens meubles et immeubles dans les mêmes conditions que les ressortissants de l'Etat successeur.

Le transfert des biens en Italie s'effectuera aux conditions et dans les limites convenues entre l'Etat successeur et l'Italie. Les conditions et délais dans lesquels s'effectuera le transfert des fonds, y compris le produit des ventes, seront également fixés par accord.

11. Les biens, droits et intérêts existant en Italie à la date d'entrée en vigueur du présent Traité qui appartenaient à d'anciens ressortissants italiens, résidant dans les territoires cédés et qui sont devenus ressortissants d'un autre pays en vertu du présent Traité, seront respectés par l'Italie dans la même mesure que les biens, droits et intérêts des ressortissants des Nations Unies d'une façon générale.

Ces personnes seront autorisées à effectuer le transfert et la liquidation de leurs biens, droits et intérêts dans les conditions prévues au paragraphe 10 ci-dessus.

12. Les sociétés constituées conformément à la législation italienne et dont le siège social est situé dans le territoire cédé, qui désirent transférer leur siège social en Italie, devront également être traitées conformément aux dispositions du paragraphe 10 de la présente annexe, à condition que plus de cinquante pour cent du capital de la société appartienne à des personnes résidant normalement en dehors du territoire cédé ou à des personnes qui, en vertu du présent Traité, optent pour la nationalité italienne et transfèrent leur domicile en Italie, à condition que la société exerce son activité en majeure partie hors du territoire cédé.

13. Les dettes des personnes résidant en Italie envers des personnes

résidant dans le territoire cédé ou celles des personnes résidant dans le territoire cédé envers des personnes résidant en Italie ne seront pas affectées par la cession. L'Etat successeur et l'Italie s'engagent à faciliter le règlement de ces obligations. Aux fins du présent paragraphe, le terme "personnes" s'applique aux personnes morales.

14. Les biens situés dans le territoire cédé appartenant à l'une quelconque des Nations Unies ou à ses ressortissants qui n'auraient pas encore été libérés du séquestre ou des mesures de contrôle auxquels ils ont été soumis par l'Italie, ni restitués à leurs propriétaires, seront restitués dans l'état où ils se trouvent actuellement.

15. Le Gouvernement italien reconnaît que l'accord de Brioni, en date du 10 août 1942, est nul et non avenu. Il s'engage à participer avec les autres signataires de l'accord de Rome, en date du 29 mai 1923, à toutes négociations ayant pour objet d'introduire dans ses dispositions des modifications nécessaires en vue d'assurer un règlement équitable des annuités qu'il prévoit.

16. L'Italie restituera les biens qui ont été illégalement enlevés des territoires cédés après le 3 septembre 1943 et transférés en Italie. Sauf disposition contraire de la présente annexe, l'exécution de cette obligation sera régie par les paragraphes 2, 3, 4, 5 et 6 de l'article 75.

17. L'Italie restituera à l'Etat successeur, dans les plus brefs délais possibles, tous navires détenus par l'Etat ou par des ressortissants italiens, qui, au 3 septembre 1943, appartenaient soit à des personnes physiques résidant sur le territoire cédé et qui acquièrent la nationalité de l'Etat successeur en vertu du présent Traité, soit à des personnes morales de nationalité italienne qui ont et conserveront leur siège social sur le territoire cédé, exception faite des navires qui ont fait l'objet d'une vente effectuée de bonne foi.

18. Les Etats successeurs et l'Italie concluront des accords répartissant d'une manière juste et équitable les biens de toute collectivité publique locale existante dont le territoire se trouve divisé par une frontière établie en vertu du présent Traité et assurant le maintien de ceux des services communaux nécessaires aux habitants qui ne sont pas expressément visés par d'autres dispositions du Traité.

Des accords analogues seront conclus pour répartir, d'une manière

juste et équitable, le matériel roulant et autre matériel de chemin de fer, ainsi que l'outillage des bassins et des ports et les bateaux affectés à leur service; des accords règleront également toutes autres questions d'ordre économique en suspens qui ne sont pas visées par la présente annexe.

19. Les dispositions de la présente annexe ne seront pas applicables aux anciennes colonies italiennes. Les dispositions économiques et financières qui leur seront appliquées seront incluses dans les arrangements qui, aux termes de l'article 23 du présent traité, règleront le sort de ces territoires.

ANNEXE XV

Dispositions spéciales concernant certaines catégories de biens

A. Propriété industrielle, littéraire et artistique.

1. a. Un délai d'un an à compter de la date d'entrée en vigueur du présent Traité sera accordé aux Puissances Alliées et Associées et à leurs ressortissants sans paiement de droits de prorogation ou autres sanctions quelconques, en vue de leur permettre d'accomplir tous les actes nécessaires pour l'obtention ou la conservation en Italie des droits de propriété industrielle, littéraire ou artistique, qui n'ont pu être accomplis par suite de l'existence de l'état de guerre.

b. Les Puissances Alliées et Associées ou leurs ressortissants, qui auront fait, sur le territoire de l'une quelconque des Puissances Alliées ou Associées, une demande, soit pour l'obtention d'un brevet ou l'enregistrement d'un modèle d'utilité au plus tôt douze mois avant l'ouverture des hostilités avec l'Italie ou au cours de celles-ci, soit pour l'enregistrement d'un dessin industriel, d'un modèle ou d'une marque de fabrique au plus tôt six mois avant l'ouverture des hostilités avec l'Italie ou au cours de celles-ci, auront le droit, pendant une période de douze mois à compter de la date d'entrée en vigueur du présent Traité, de demander des droits correspondants en Italie, avec un droit de priorité fondé sur le dépôt antérieur de leur demande sur le territoire de cette Puissance Alliée ou Associée.

c. Il sera accordé à chacune des Puissances Alliées ou Associées et à ses ressortissants, à partir de la date d'entrée en vigueur du présent Traité,

un délai d'un an pendant lequel ils pourront engager des poursuites en Italie contre les personnes physiques ou morales auxquelles serait imputé un empiétement illégal sur leurs droits de propriété industrielle, littéraire ou artistique entre la date de l'ouverture des hostilités et celle de l'entrée en vigueur du présent Traité.

2. Il ne sera pas tenu compte de la période comprise entre l'ouverture des hostilités et l'expiration du dix-huitième mois qui suivra la date d'entrée en vigueur du présent Traité dans la détermination de la période pendant laquelle un brevet d'invention doit être exploité, ou pendant laquelle un modèle ou une marque de fabrique doit être utilisé.

3. Il ne sera pas tenu compte de la période comprise entre l'ouverture des hostilités et la date d'entrée en vigueur du présent Traité dans le calcul de la durée normale de validité des droits de propriété industrielle, littéraire et artistique qui étaient en vigueur en Italie à l'ouverture des hostilités ou qui seront reconnus ou établis dans les conditions prévues à la partie A de la présente annexe, et qui appartiennent à l'une des Puissances Alliées ou Associées ou à ses ressortissants. La durée normale de validité de ces droits sera, par conséquent, considérée comme automatiquement prolongée en Italie, d'une nouvelle période correspondant à celle qui aura été ainsi exclue du décompte.

4. Les dispositions précédentes concernant les droits en Italie des Puissances Alliées et Associées et de leurs ressortissants, devront également s'appliquer aux droits de l'Italie et de ses ressortissants dans les territoires des Puissances Alliées et Associées. Toutefois, aucune de ces dispositions ne donnera à l'Italie ou à ses ressortissants droit à un traitement plus favorable sur le territoire de l'une des Puissances Alliées ou Associées que celui qui est accordé, dans les mêmes cas, par cette Puissance à l'une quelconque des autres Nations Unies ou à ses ressortissants; l'Italie ne sera pas non plus tenue, en vertu de ces dispositions, d'accorder à l'une des Puissances Alliées ou Associées ou à ses ressortissants, un traitement plus favorable que celui dont l'Italie ou ses ressortissants bénéficient sur le territoire de cette Puissance relativement aux matières auxquelles s'appliquent les précédentes dispositions.

5. Les tiers résidant sur le territoire de l'une quelconque des Puissances Alliées ou Associées ou sur le territoire italien, qui, avant la date d'entrée

en vigueur du présent Traité, ont acquis de bonne foi des droits de propriété industrielle, littéraire ou artistique se trouvant en opposition avec des droits rétablis en vertu de la partie A de la présente annexe ou avec des droits obtenus grâce à la priorité qui leur est accordée en vertu des présentes dispositions, ou qui, de bonne foi, ont fabriqué, publié, reproduit, utilisé ou vendu l'objet de ces droits, seront autorisés à continuer d'exercer les droits qu'ils avaient acquis de bonne foi et à poursuivre ou reprendre la fabrication, la publication, la reproduction, l'utilisation ou la vente qu'ils avaient entreprises de bonne foi, sans s'exposer à des poursuites pour empiétement.

L'autorisation sera donnée en Italie, sous la forme d'une licence sans exclusivité qui sera accordée à des conditions à fixer par entente entre les parties intéressées, ou, à défaut d'entente, par la commission de conciliation constituée en vertu de l'article 83 du présent Traité. Toutefois, dans les territoires de chacune des Puissances Alliées ou Associées, les tiers de bonne foi bénéficieront de la protection qui est accordée, dans les cas analogues, aux tiers de bonne foi dont les droits sont en opposition avec ceux de ressortissants des autres Puissances Alliées et Associées.

6. Aucune disposition de la partie A de la présente annexe ne devra être interprétée comme donnant à l'Italie ou à ses ressortissants sur le territoire de l'une quelconque des Puissances Alliées ou Associées, des droits à des brevets ou à des modèles d'utilité pour des inventions relatives à un article quelconque expressément désigné dans la définition du matériel de guerre figurant à l'annexe XIII du présent Traité, inventions qui ont été faites ou au sujet desquelles des demandes d'enregistrement ont été déposées par l'Italie ou par l'un de ses ressortissants, en Italie ou sur le territoire d'une autre Puissance de l'Axe ou sur un territoire occupé par les forces de l'Axe, pendant le temps où le territoire en question se trouvait sous le contrôle des forces ou des autorités des Puissances de l'Axe.

7. L'Italie accordera également le bénéfice des dispositions précédentes de la présente annexe aux Nations Unies, autres que les Puissances Alliées et Associées, dont les relations diplomatiques avec l'Italie ont été rompues pendant la guerre et qui s'engageront à accorder à l'Italie les avantages conférés à ce pays en vertu desdites dispositions.

8. Aucune disposition de la partie A de la présente annexe ne doit s'entendre comme étant en contradiction avec les articles 78, 79 et 81 du présent Traité.

B. Assurances.

1. Exception faite des restrictions s'appliquant aux assureurs en général, il ne sera fait aucun obstacle à la reprise par les assureurs qui sont ressortissants des Nations Unies de leurs anciens portefeuilles.

2. Si un assureur, ressortissant d'une des Nations Unies, désire reprendre son activité professionnelle en Italie et si la valeur des dépôts de garantie ou des réserves exigées en Italie des entreprises d'assurances pour l'exercice de leur activité a diminué du fait de la perte ou de la dépréciation des titres qui les constituaient, le Gouvernement italien s'engage à accepter, pendant une période de dix-huit mois, ce qu'il reste de ces titres comme satisfaisant entièrement aux prescriptions légales concernant les dépôts et les réserves.

ANNEXE XVI

Contrats, prescription, effets de commerce

A. Contrats.

1. Sauf exceptions énoncées dans les paragraphes 2 et 3 ci-dessous, tout contrat ayant nécessité pour son exécution des rapports entre des parties qui sont devenues ennemies au sens de la partie D de la présente annexe, sera tenu pour résilié depuis le moment où l'une quelconque des parties est devenue un ennemi. Toutefois, cette résiliation s'entendra sans préjudice des dispositions de l'article 81 du présent Traité; elle ne relèvera pas non plus l'une quelconque des parties au contrat de l'obligation de reverser les sommes perçues à titre d'avances ou d'acomptes et pour lesquelles la partie intéressée n'a pas fourni de contre-partie.

2. Nonobstant les dispositions du paragraphe 1 ci-dessus, les stipulations de tout contrat qui pourront être dissociées et dont l'exécution ne nécessitait pas de rapports entre les parties qui sont devenues ennemies au sens de la partie D de la présente annexe, ne seront pas résiliées et demeureront en vigueur sans préjudice des droits énoncés à l'article 79 du présent Traité. Si les stipulations d'un contrat ne peuvent pas être ainsi dissociées, le contrat sera tenu comme étant intégralement résilié. Les dispositions qui précèdent s'entendent sous réserve de l'application des lois, ordonnances et règlements nationaux édictés par telle ou telle des Puissances

Alliées ou Associées de la juridiction de laquelle relève le contrat ou l'une quelconque des parties au contrat, et sous réserve des stipulations du contrat.

3. Aucune disposition de la partie A de la présente annexe ne sera considérée comme annulant les transactions légalement effectuées conformément à un contrat passé entre ennemis, si ces transactions ont été exécutées avec l'autorisation du Gouvernement d'une des Puissances Alliées ou Associées.

4. Nonobstant les dispositions qui précèdent, les contrats d'assurance et de réassurance feront l'objet de conventions distinctes entre le Gouvernement de la Puissance Alliée ou Associée intéressée et le Gouvernement italien.

B. Prescription.

1. Tous les délais de prescription ou de limitation du droit d'engager ou de poursuivre une action judiciaire ou du droit de prendre des mesures conservatoires dans les rapports juridiques intéressant des personnes ou des biens, mettant en cause des ressortissants des Nations Unies et des ressortissants italiens qui, en raison de l'état de guerre, n'ont pas pu engager ou poursuivre une action judiciaire, ou accomplir les formalités nécessaires pour sauvegarder leurs droits, que ces délais aient commencé à courir avant ou après l'ouverture des hostilités, seront considérés comme ayant été suspendus pendant la durée de la guerre sur le territoire italien d'une part, et sur le territoire de celles des Nations Unies qui, conformément au principe de la réciprocité, accordent à l'Italie le bénéfice des dispositions du présent paragraphe, d'autre part. Ces délais commenceront à courir dès la date d'entrée en vigueur du présent Traité. Les dispositions du présent paragraphe s'appliqueront aux délais fixés pour le dépôt des coupons d'intérêts ou de dividendes ou pour le dépôt, en vue du remboursement, des valeurs sorties au tirage ou remboursables pour tout autre motif.

2. Lorsqu'en raison de l'inexécution d'un acte ou de l'omission d'une formalité quelconque pendant la guerre, des mesures d'exécution ont été prises sur le territoire italien au préjudice d'un ressortissant d'une Nation Unie, le Gouvernement italien rétablira les droits lésés. Si le rétablissement de ces droits est impossible ou devait être inéquitable, le Gouvernement italien fera le nécessaire pour que l'intéressé reçoive telle compensation qui en l'occurence paraîtra juste et équitable.

C. Effets de commerce.

1. Dans les relations entre ennemis, aucun effet de commerce souscrit avant la guerre ne sera considéré comme n'étant plus valable pour la seule raison qu'il n'a pas été présenté à l'acceptation ou à l'encaissement dans les délais prescrits, ou que le tireur ou l'endosseur n'a pas été avisé dans ces délais que l'effet en question n'a pas été accepté ou payé, ou qu'il n'a pas été protesté dans lesdits délais, ou qu'une formalité quelconque a été omise pendant la guerre.

2. Si le délai au cours duquel un effet de commerce aurait dû être présenté à l'acceptation ou à l'encaissement, ou dans lequel un avis de non-acceptation ou de non-paiement aurait dû être donné au tireur ou à l'endosseur, ou durant lequel l'effet aurait dû être protesté, est arrivé à expiration pendant la guerre, et si la partie qui aurait dû présenter ou protester l'effet ou aviser du défaut d'acceptation ou du défaut de paiement a omis de le faire pendant la guerre, il sera accordé un délai de trois mois au moins, à partir de la date d'entrée en vigueur du présent Traité, pendant lequel il sera possible de présenter ou de protester ledit effet ou de donner avis de son défaut d'acceptation ou de son défaut de paiement.

3. Si une personne s'est obligée, soit avant, soit pendant la guerre, au paiement d'un effet de commerce, à la suite d'un engagement pris envers elle, par une autre personne devenue ultérieurement ennemie, celle-ci reste tenue, malgré l'ouverture des hostilités, de garantir la première des conséquences de son obligation.

D. Dispositions spéciales.

1. Aux fins de la présente annexe, les personnes physiques ou morales seront considérées comme étant devenues ennemies à partir de la date où tout commerce entre elles est devenu illégal, aux termes des lois, ordonnances ou règlements auxquels ces personnes ou le contrat étaient soumis.

2. Etant donné le système juridique des Etats-Unis d'Amérique, les dispositions de cette annexe ne s'appliqueront pas aux relations entre les Etats-Unis d'Amérique et l'Italie.

ANNEXE XVII

Tribunaux de prises et Jugements

A. Tribunaux de prises.

1. Chacune des Puissances Alliées ou Associées se réserve le droit d'examiner, conformément à une procédure qu'elle fixera, toutes décisions et ordonnances des Tribunaux de prises italiens rendues à la suite de procès mettant en cause les droits de propriété de ses ressortissants et de recommander au Gouvernement italien de faire procéder à la révision de celles de ces décisions ou ordonnances qui pourraient n'être pas conformes au droit international.

2. Le Gouvernement italien s'engage à communiquer copie de tous les documents et pièces de ces procès, y compris les décisions prises et les ordonnances rendues, à accepter toutes recommandations formulées à la suite de l'examen de ces procès et à donner effet à ces recommandations.

B. Jugements.

Le Gouvernement italien prendra les mesures nécessaires pour permettre aux ressortissants de l'une quelconque des Nations Unies, à tout moment dans un délai d'un an à compter de la date d'entrée en vigueur du présent Traité, d'intenter devant les autorités italiennes compétentes une action en révision de tout jugement rendu par un tribunal italien entre le 10 juin 1940 et la date d'entrée en vigueur du présent Traité dans tout procès dans lequel le ressortissant d'une des Nations Unies n'a pas été à même d'exposer sa cause d'une manière satisfaisante, soit en qualité de demandeur, soit en qualité de défendeur. Le Gouvernement italien prendra les mesures nécessaires pour que, lorsqu'un ressortissant d'une des Nations Unies a subi un préjudice du fait de tout jugement de cette nature, ce ressortissant soit rétabli dans la situation où il se trouvait avant le prononcé du jugement ou reçoive telle compensation qui pourra, en la circonstance, être juste et équitable. L'expression "ressortissants des Nations Unies" comprend les sociétés ou associations organisées ou constituées conformément à la législation de l'une quelconque des Nations Unies.

TREATY OF PEACE

WITH

ITALY

1947

The Union of Soviet Socialist Republics, the United Kingdom of Great Britain and Northern Ireland, the United States of America, China, France, Australia, Belgium, the Byelorussian Soviet Socialist Republic, Brazil, Canada, Czechoslovakia, Ethiopia, Greece, India, the Netherlands, New Zealand, Poland, the Ukrainian Soviet Socialist Republic, the Union of South Africa, and the People's Federal Republic of Yugoslavia, hereinafter referred to as "the Allied and Associated Powers", of the one part, and Italy, of the other part:

Whereas Italy under the Fascist regime became a party to the Tripartite Pact with Germany and Japan, undertook a war of aggression and thereby provoked a state of war with all the Allied and Associated Powers and with other United Nations, and bears her share of responsibility for the war; and

Whereas in consequence of the victories of the Allied forces, and with the assistance of the democratic elements of the Italian people, the Fascist regime in Italy was overthrown on July 25, 1943, and Italy, having surrendered unconditionally, signed terms of Armistice on September 3 and 29 of the same year; and

Whereas after the said Armistice Italian armed forces, both of the Government and of the Resistance Movement, took an active part in the war against Germany, and Italy declared war on Germany as from October 13, 1943, and thereby became a co-belligerent against Germany; and

Whereas the Allied and Associated Powers and Italy are desirous of concluding a treaty of peace which, in conformity with the principles of justice, will settle questions still outstanding as a result of the events hereinbefore recited and will form the basis of friendly relations between them, thereby enabling the Allied and Associated Powers to support Italy's application to become a member of the United Nations and also to adhere to any convention concluded under the auspices of the United Nations;

Have therefore agreed to declare the cessation of the state of war and for this purpose to conclude the present Treaty of Peace, and have accordingly appointed the undersigned Plenipotentiaries who, after presentation of their full powers, found in good and due form, have agreed on the following provisions:

5. The detailed description of those sections of the frontier to which the modifications set out in paragraphs 1, 2, 3 and 4 above apply, is contained in Annex II to the present Treaty and the maps to which this description refers form part of Annex I.

Article 3

The frontier between Italy and Yugoslavia shall be fixed as follows:

(i) The new frontier follows a line starting from the junction of the frontiers of Austria, Italy and Yugoslavia as they existed on January 1, 1938, and proceeding southward along the 1938 frontier between Yugoslavia and Italy to the junction of that frontier with the administrative boundary between the Italian provinces of Friuli (Udine) and Gorizia;

(ii) From this point the line coincides with the said administrative boundary up to a point approximately 0.5 kilometer north of the village of Mernico in the valley of the Iudrio;

(b) Italian assets in Roumania, Bulgaria and Hungary, subject to the exceptions specified in paragraph 6 of Article 79;

(c) Italian current industrial production, including production by extractive industries.

3. The quantities and types of goods to be delivered shall be the subject of agreements between the Governments of the Soviet Union and of Italy, and shall be selected and deliveries shall be scheduled in such a way as to avoid interference with the economic reconstruction of Italy and the imposition of additional liabilities on other Allied or Associated Powers. Agreements concluded under this paragraph shall be communicated to the Ambassadors in Rome of the Soviet Union, of the United Kingdom, of the United States of America, and of France.

4. The Soviet Union shall furnish to Italy on commercial terms the materials which are normally imported into Italy and which are needed for the production of these goods. Payments for these materials shall be made by deducting the value of the materials furnished from the value of the goods delivered to the Soviet Union.

5. The Four Ambassadors shall determine the value of the Italian assets to be transferred to the Soviet Union.

6. The basis of calculation for the settlement provided in this Article will be the United States dollar at its gold parity on July 1, 1946, i.e. $35 for one ounce of gold.

(c) All other categories of capital goods or services, excluding Italian assets which, under Article 79 of the present Treaty, are subject to the jurisdiction of the States mentioned in paragraph 1 above. Deliveries under this paragraph shall include either or both of the passenger vessels *Saturnia* and *Vulcania,* if, after their value has been determined by the Four Ambassadors, they are claimed within 90 days by one of the States mentioned in paragraph 1 above. Such deliveries may also include seeds.

3. The quantities and types of goods and services to be delivered shall be the subject of agreements between the Governments entitled to receive reparation and the Italian Government, and shall be selected and deliveries shall be scheduled in such a way as to avoid interference with the economic reconstruction of Italy and the imposition of additional liabilities on other Allied or Associated Powers.

4. The States entitled to receive reparation from current industrial production shall furnish to Italy on commercial terms the materials which are normally imported into Italy and which are needed for the production of these goods. Payment for these materials shall be made by deducting the value of the materials furnished from the value of the goods delivered.

For the purpose of this Article, the Four Ambassadors will continue to act until the expiration of the period for reparation deliveries provided in paragraph 1 of part B.

(b) With a view to avoiding conflict or overlapping in the allocation of Italian production and resources among the several States entitled to reparation under part B of this Article, the Four Ambassadors shall be informed by any one of the Governments entitled to reparation under part B of this Article and by the Italian Government of the opening of negotiations for an agreement under paragraph 3 above and of the progress of such negotiations. In the event of any differences arising in the course of the negotiations the Four Ambassadors shall be competent to decide any point submitted to them by either Government or by any other Government entitled to reparation under part B of this Article.

(c) Agreements when concluded shall be communicated to the Four Ambassadors. The Four Ambassadors may recommend that an agreement which is not, or has ceased to be, in consonance with the objectives set out in paragraph 3 or sub-paragraph *(b)* above be appropriately modified.

C. *SPECIAL PROVISION FOR EARLIER DELIVERIES*

With respect to deliveries from current industrial production, as provided in part A, paragraph 2 *(c)* and part B, paragraph 2 *(b)*, nothing in

either part A or part B of this Article shall be deemed to prevent deliveries during the first two years, if such deliveries are made in accordance with agreements between the Government entitled to reparation and the Italian Government.

3. Responsibility for the financial obligations secured by mortgages, liens and other charges on such property shall be assumed by the Italian Government.

E. *COMPENSATION FOR PROPERTY TAKEN FOR REPARATION PURPOSES*

The Italian Government undertakes to compensate all natural or juridical persons whose property is taken for reparation purposes under this Article.

SECTION II—RESTITUTION BY ITALY

Article 75

1. Italy accepts the principles of the United Nations Declaration of January 5, 1943, and shall return, in the shortest possible time, property removed from the territory of any of the United Nations.

2. The obligation to make restitution applies to all identifiable property at present in Italy which was removed by force or duress by any of the Axis Powers from the territory of any of the United Nations, irrespective of any subsequent transactions by which the present holder of any such property has secured possession.

3. The Italian Government shall return the property referred to in this Article in good order and, in this connection, shall bear all costs in Italy relating to labour, materials and transport.

4. The Italian Government shall co-operate with the United Nations in, and shall provide at its own expense all necessary facilities for, the search for and restitution of property liable to restitution under this Article.

5. The Italian Government shall take the necessary measures to effect the return of property covered by this Article held in any third country by persons subject to Italian jurisdiction.

6. Claims for the restitution of property shall be presented to the Italian Government by the Government of the country from whose territory the property was removed, it being understood that rolling stock shall be regarded as having been removed from the territory to which it originally belonged. The period during which such claims may be presented shall be six months from the coming into force of the present Treaty.

7. The burden of identifying the property and of proving ownership shall rest on the claimant Government, and the burden of proving that the property was not removed by force or duress shall rest on the Italian Government.

8. The Italian Government shall restore to the Government of the United Nation concerned all monetary gold looted by or wrongfully removed to Italy or shall transfer to the Government of the United Nation concerned an amount of gold equal in weight and fineness to that looted or wrongfully removed. This obligation is recognised by the Italian Government to exist irrespective of any transfers or removals of gold from Italy to any other Axis Power or a neutral country.

9. If, in particular cases, it is impossible for Italy to make restitution of objects of artistic, historical or archaeological value, belonging to the cultural heritage of the United Nation from whose territory such objects were removed by force or duress by Italian forces, authorities or nationals, Italy shall transfer to the United Nation concerned objects of the same kind as, and of approximately equivalent value to, the objects removed, in so far as such objects are obtainable in Italy.

SECTION III—RENUNCIATION OF CLAIMS BY ITALY

Article 76

1. Italy waives all claims of any description against the Allied and Associated Powers on behalf of the Italian Government or Italian nationals arising directly out of the war or out of actions taken because of the existence

of a state of war in Europe after September 1, 1939, whether or not the Allied or Associated Power was at war with Italy at the time, including the following:

(a) Claims for losses or damages sustained as a consequence of acts of forces or authorities of Allied or Associated Powers;

(b) Claims arising from the presence, operations, or actions of forces or authorities of Allied or Associated Powers in Italian territory;

(c) Claims with respect to the decrees or orders of Prize Courts of Allied or Associated Powers, Italy agreeing to accept as valid and binding all decrees and orders of such Prize Courts on or after September 1, 1939, concerning Italian ships or Italian goods or the payment of costs;

(d) Claims arising out of the exercise or purported exercise of belligerent rights.

2. The provisions of this Article shall bar, completely and finally, all claims of the nature referred to herein, which will be henceforward extinguished, whoever may be the parties in interest. The Italian Government agrees to make equitable compensation in lire to persons who furnished supplies or services on requisition to the forces of Allied or Associated Powers in Italian territory and in satisfaction of non-combat damage claims against the forces of Allied or Associated Powers arising in Italian territory.

3. Italy likewise waives all claims of the nature covered by paragraph 1 of this Article on behalf of the Italian Government or Italian nationals against any of the United Nations which broke off diplomatic relations with Italy and which took action in co-operation with the Allied and Associated Powers.

4. The Italian Government shall assume full responsibility for all Allied military currency issued in Italy by the Allied military authorities, including all such currency in circulation at the coming into force of the present Treaty.

5. The waiver of claims by Italy under paragraph 1 of this Article includes any claims arising out of actions taken by any of the Allied and Associated Powers with respect to Italian ships between September 1, 1939, and the coming into force of the present Treaty, as well as any claims and debts arising out of the Conventions on prisoners of war now in force.

6. The provisions of this Article shall not be deemed to affect the ownership of submarine cables which, at the outbreak of the war, were owned by the Italian Government or Italian nationals. This paragraph shall not preclude the application of Article 79 and Annex XIV to submarine cables.

Article 77

1. From the coming into force of the present Treaty property in Germany of Italy and of Italian nationals shall no longer be treated as enemy property and all restrictions based on such treatment shall be removed.

2. Identifiable property of Italy and of Italian nationals removed by force or duress from Italian territory to Germany by German forces or authorities after September 3, 1943, shall be eligible for restitution.

3. The restoration and restitution of Italian property in Germany shall be effected in accordance with measures which will be determined by the Powers in occupation of Germany.

4. Without prejudice to these and to any other dispositions in favour of Italy and Italian nationals by the Powers occupying Germany, Italy waives on its own behalf and on behalf of Italian nationals all claims against Germany and German nationals outstanding on May 8, 1945, except those arising out of contracts and other obligations entered into, and rights acquired, before September 1, 1939. This waiver shall be deemed to include debts, all inter-governmental claims in respect of arrangements entered into in the course of the war, and all claims for loss or damage arising during the war.

5. Italy agrees to take all necessary measures to facilitate such transfers of German assets in Italy as may be determined by those of the Powers occupying Germany which are empowered to dispose of the said assets.

PART VII

PROPERTY, RIGHTS AND INTERESTS

SECTION I—UNITED NATIONS PROPERTY IN ITALY

Article 78

1. In so far as Italy has not already done so, Italy shall restore all legal rights and interests in Italy of the United Nations and their nationals as

they existed on June 10, 1940, and shall return all property in Italy of the United Nations and their nationals as it now exists.

2. The Italian Government undertakes that all property, rights and interests passing under this Article shall be restored free of all encumbrances and charges of any kind to which they may have become subject as a result of the war and without the imposition of any charges by the Italian Government in connection with their return. The Italian Government shall nullify all measures, including seizures, sequestration or control, taken by it against United Nations property between June 10, 1940, and the coming into force of the present Treaty. In cases where the property has not been returned within six months from the coming into force of the present Treaty, application shall be made to the Italian authorities not later than twelve months from the coming into force of the present Treaty, except in cases in which the claimant is able to show that he could not file his application within this period.

3. The Italian Government shall invalidate transfers involving property, rights and interests of any description belonging to United Nations nationals, where such transfers resulted from force or duress exerted by Axis Governments or their agencies during the war.

4. *(a)* The Italian Government shall be responsible for the restoration to complete good order of the property returned to United Nations nationals under paragraph 1 of this Article. In cases where property cannot be returned or where, as a result of the war, a United Nations national has suffered a loss by reason of injury or damage to property in Italy, he shall receive from the Italian Government compensation in lire to the extent of two-thirds of the sum necessary, at the date of payment, to purchase similar property or to make good the loss suffered. In no event shall United Nations nationals receive less favourable treatment with respect to compensation than that accorded to Italian nationals.

(b) United Nations nationals who hold, directly or indirectly, ownership interests in corporations or associations which are not United Nations nationals within the meaning of paragraph 9 *(a)* of this Article, but which have suffered a loss by reason of injury or damage to property in Italy, shall receive compensation in accordance with sub-paragraph *(a)* above. This

compensation shall be calculated on the basis of the total loss or damage suffered by the corporation or association and shall bear the same proportion to such loss or damage as the beneficial interests of such nationals in the corporation or association bear to the total capital thereof.

(c) Compensation shall be paid free of any levies, taxes or other charges. It shall be freely usable in Italy but shall be subject to the foreign exchange control regulations which may be in force in Italy from time to time.

(d) The Italian Government shall grant United Nations nationals an indemnity in lire at the same rate as provided in sub-paragraph *(a)* above to compensate them for the loss or damage due to special measures applied to their property during the war, and which were not applicable to Italian property. This sub-paragraph does not apply to a loss of profit.

5. All reasonable expenses incurred in Italy in establishing claims, including the assessment of loss or damage, shall be borne by the Italian Government.

6. United Nations nationals and their property shall be exempted from any exceptional taxes, levies or imposts imposed on their capital assets in Italy by the Italian Government or any Italian authority between September 3, 1943, and the coming into force of the present Treaty for the specific purpose of meeting charges arising out of the war or of meeting the costs of occupying forces or of reparation payable to any of the United Nations. Any sums which have been so paid shall be refunded.

7. Notwithstanding the territorial transfers provided in the present Treaty, Italy shall continue to be responsible for loss or damage sustained during the war by property in ceded territory or in the Free Territory of Trieste belonging to United Nations nationals. The obligations contained in paragraphs 3, 4, 5 and 6 of this Article shall also rest on the Italian Government in regard to property in ceded territory and in the Free Territory of Trieste of United Nations nationals except in so far as this would conflict with the provisions of paragraph 14 of Annex X and paragraph 14 of Annex XIV of the present Treaty.

8. The owner of the property concerned and the Italian Government may agree upon arrangements in lieu of the provisions of this Article.

9. As used in this Article:

(a) "United Nations nationals" means individuals who are nationals of any of the United Nations, or corporations or associations organised under the laws of any of the United Nations, at the coming into force of the present Treaty, provided that the said individuals, corporations or associations also had this status on September 3, 1943, the date of the Armistice with Italy.

The term "United Nations nationals" also includes all individuals, corporations or associations which, under the laws in force in Italy during the war, have been treated as enemy;

(b) "Owner" means the United Nations national, as defined in sub-paragraph *(a)* above, who is entitled to the property in question, and includes a successor of the owner, provided that the successor is also a United Nations national as defined in sub-paragraph *(a)*. If the successor has purchased the property in its damaged state, the transferor shall retain his rights to compensation under this Article, without prejudice to obligations between the transferor and the purchaser under domestic law;

(c) "Property" means all movable or immovable property, whether tangible or intangible, including industrial, literary and artistic property, as well as all rights or interests of any kind in property. Without prejudice to the generality of the foregoing provisions, the property of the United Nations and their nationals includes all seagoing and river vessels, together with their gear and equipment, which were either owned by United Nations or their nationals, or registered in the territory of one of the United Nations, or sailed under the flag of one of the United Nations and which, after June 10, 1940, while in Italian waters, or after they had been forcibly brought into Italian waters, either were placed under the control of the Italian authorities as enemy property or ceased to be at the free disposal in Italy of the United Nations or their nationals, as a result of measures of control taken by the Italian authorities in relation to the existence of a state of war between members of the United Nations and Germany.

SECTION II—ITALIAN PROPERTY IN THE TERRITORY OF ALLIED AND ASSOCIATED POWERS

Article 79

1. Each of the Allied and Associated Powers shall have the right to seize, retain, liquidate or take any other action with respect to all property,

rights and interests which on the coming into force of the present Treaty are within its territory and belong to Italy or to Italian nationals, and to apply such property or the proceeds thereof to such purposes as it may desire, within the limits of its claims and those of its nationals against Italy or Italian nationals, including debts, other than claims fully satisfied under other Articles of the present Treaty. All Italian property, or the proceeds thereof, in excess of the amount of such claims, shall be returned.

2. The liquidation and disposition of Italian property shall be carried out in accordance with the law of the Allied or Associated Power concerned. The Italian owner shall have no rights with respect to such property except those which may be given him by that law.

3. The Italian Government undertakes to compensate Italian nationals whose property is taken under this Article and not returned to them.

4. No obligation is created by this Article on any Allied or Associated Power to return industrial property to the Italian Government or Italian nationals, or to include such property in determining the amounts which may be retained under paragraph 1 of this Article. The Government of each of the Allied and Associated Powers shall have the right to impose such limitations, conditions and restrictions on rights or interests with respect to industrial property in the territory of that Allied or Associated Power, acquired prior to the coming into force of the present Treaty by the Government or nationals of Italy, as may be deemed by the Government of the Allied or Associated Power to be necessary in the national interest.

5. *(a)* Italian submarine cables connecting points in Yugoslavia shall be deemed to be Italian property in Yugoslavia, despite the fact that lengths of these cables may lie outside the territorial waters of Yugoslavia.

(b) Italian submarine cables connecting a point in the territory of an Allied or Associated Power with a point in Italian territory shall be deemed to be Italian property within the meaning of this Article so far as concerns the terminal facilities and the lengths of cables lying within territorial waters of that Allied or Associated Power.

6. The property covered by paragraph 1 of this Article shall be deemed to include Italian property which has been subject to control by reason of a state of war existing between Italy and the Allied or Associated Power having jurisdiction over the property, but shall not include:

(a) Property of the Italian Government used for consular or diplomatic purposes;

(b) Property belonging to religious bodies or private charitable institutions and used exclusively for religious or charitable purposes;

(c) Property of natural persons who are Italian nationals permitted to reside within the territory of the country in which the property is located or to reside elsewhere in United Nations territory, other than Italian property which at any time during the war was subjected to measures not generally applicable to the property of Italian nationals resident in the same territory;

(d) Property rights arising since the resumption of trade and financial relations between the Allied and Associated Powers and Italy, or arising out of transactions between the Government of any Allied or Associated Power and Italy since September 3, 1943;

(e) Literary and artistic property rights;

(f) Property in ceded territories of Italian nationals, to which the provisions of Annex XIV shall apply;

SECTION IV—DEBTS

Article 81

1. The existence of the state of war shall not, in itself, be regarded as affecting the obligation to pay pecuniary debts arising out of obligations and contracts which existed, and rights which were acquired, before the existence of the state of war, which became payable prior to the coming into force of the present Treaty, and which are due by the Government or nationals of Italy to the Government or nationals of one of the Allied and Associated Powers or are due by the Government or nationals of one of the Allied and Associated Powers to the Government or nationals of Italy.

2. Except as otherwise expressly provided in the present Treaty, nothing therein shall be construed as impairing debtor-creditor relationships arising out of pre-war contracts concluded either by the Government or nationals of Italy.

PART VIII

GENERAL ECONOMIC RELATIONS

Article 82

1. Pending the conclusion of commercial treaties or agreements between individual United Nations and Italy, the Italian Government shall, during a period of eighteen months from the coming into force of the present Treaty, grant the following treatment to each of the United Nations which, in fact, reciprocally grants similar treatment in like matters to Italy:

(a) In all that concerns duties and charges on importation or exportation, the internal taxation of imported goods and all regulations pertaining thereto, the United Nations shall be granted unconditional most-favoured-nation treatment;

(b) In all other respects, Italy shall make no arbitrary discrimination against goods originating in or destined for any territory of any of the United Nations as compared with like goods originating in or destined for territory of any other of the United Nations or of any other foreign country;

(c) United Nations nationals, including juridical persons, shall be granted national and most-favoured-nation treatment in all matters pertaining to commerce, industry, shipping and other forms of business activity within Italy. These provisions shall not apply to commercial aviation;

(d) Italy shall grant no exclusive or discriminatory right to any country with regard to the operation of commercial aircraft in international traffic, shall afford all the United Nations equality of opportunity in obtaining international commercial aviation rights in Italian territory, including the right to land for refueling and repair, and, with regard to the operation of commercial aircraft in international traffic, shall grant on a reciprocal and non-discriminatory basis to all United Nations the right to fly over Italian territory without landing. These provisions shall not affect the interests of the national defense of Italy.

2. The foregoing undertakings by Italy shall be understood to be subject to the exceptions customarily included in commercial treaties concluded by Italy before the war; and the provisions with respect to reciprocity granted by each of the United Nations shall be understood to be subject to the exceptions customarily included in the commercial treaties concluded by that State.

PART IX
SETTLEMENT OF DISPUTES

Article 83

1. Any disputes which may arise in giving effect to Articles 75 and 78 and Annexes XIV, XV, XVI and XVII, part B, of the present Treaty shall be referred to a Conciliation Commission consisting of one representative of the Government of the United Nation concerned and one representative of the Government of Italy, having equal status. If within three months after the dispute has been referred to the Conciliation Commission no agreement has been reached, either Government may ask for the addition to the Commission of a third member selected by mutual agreement of the two Governments from nationals of a third country. Should the two Governments fail to agree within two months on the selection of a third member of the Commission, the Governments shall apply to the Ambassadors in Rome of the Soviet Union, of the United Kingdom, of the United States of America, and of France, who will appoint the third member of the Commission. If the Ambassadors are unable to agree within a period of one month upon the appointment of the third member, the Secretary-General of the United Nations may be requested by either party to make the appointment.

2. When any Conciliation Commission is established under paragraph 1 above, it shall have jurisdiction over all disputes which may thereafter arise between the United Nation concerned and Italy in the application or interpretation of Articles 75 and 78 and Annexes XIV, XV, XVI, and XVII, part B, of the present Treaty, and shall perform the functions attributed to it by those provisions.

3. Each Conciliation Commission shall determine its own procedure, adopting rules conforming to justice and equity.

4. Each Government shall pay the salary of the member of the Conciliation Commission whom it appoints and of any agent whom it may designate to represent it before the Commission. The salary of the third member shall be fixed by special agreement between the Governments concerned and this salary, together with the common expenses of each Commission, shall be paid in equal shares by the two Governments.

5. The parties undertake that their authorities shall furnish directly to the Conciliation Commission all assistance which may be within their power.

6. The decision of the majority of the members of the Commission shall be the decision of the Commission, and shall be accepted by the parties as definitive and binding.

Any such dispute not resolved by them within a period of two months shall, unless the parties to the dispute mutually agree upon another means of settlement, be referred at the request of either party to the dispute to a Commission composed of one representative of each party and a third member selected by mutual agreement of the two parties from nationals of a third country. Should the two parties fail to agree within a period of one month upon the appointment of the third member, the Secretary-General of the United Nations may be requested by either party to make the appointment.

2. Instruments of accession shall be deposited with the Government of the French Republic and shall take effect upon deposit.

Article 89

The provisions of the present Treaty shall not confer any rights or benefits on any State named in the Preamble as one of the Allied and Associated Powers or on its nationals until such State becomes a party to the Treaty by deposit of its instrument of ratification.

ANNEX II

Franco-Italian Frontier

Detailed description of the sections of the frontier to which the modifications set out in Article 2 apply

Little Saint Bernard Pass

Reference: 1:20,000 map: Ste. Foy Tarentaise Nos. 1-2

The new frontier follows a line which starts from the rocky ridge of Lancebranlette, then, descending towards the east, follows the line of the watershed to the 2,180 meter level, whence it passes to the Colonna Joux (2188). From there, still following the line of the watershed, it reascends on to Costa del Belvedere, the rocky outcrops of which it follows, climbs Mt. Belvedere, skirting its summit and leaving the latter in French territory 120 meters away from the frontier and, passing through points 2570, 2703, Bella Valletta and point 2746, it rejoins the old frontier at Mt. Valaisan.

Mont Cenis Plateau

Reference: 1:20,000 map: Lanslebourg, Nos. 5-6 and 7-8 and of Mont D'Ambin, Nos. 1-2

The new frontier follows a line which leaves the old frontier at Mt. Tour, follows westwards the administrative boundary shown on the map, follows the Vitoun as soon as it meets it on its northern branch and descends along it as far as Rocca della Torretta.

Then following the line of rocky outcrops, it reaches the stream coming from the Alpe Lamet and descends with it as far as the base of the rocky escarpment along which it runs for about 800 meters as far as the thalweg at a point situated about 200 meters north of point 1805.

Then it mounts to the top of the landslips which overlook Ferrera Cenisio about 300 meters away and, continuing westwards, meets the road which skirts the east of Rne. Paradiso 400 meters west of the loop (1854), leaving it immediately and bending southwards.

It cuts the Bar Cenisia road at a point about 100 meters southeast of Refuge 5, crosses the thalweg in the direction of Lago S. Giorgio, roughly follows contour 1900 as far as point 1907, then skirts the southern side of Lago d'Arpon and rejoins the rocky ridge on which it remains in a southwesterly direction as far as the confluence of the streams coming from the Bard glacier (Ghiacciaio di Bard) at a point approximately 1,400 meters southwest of Lago d'Arpon.

From there, bending southwards, it roughly follows contour 2500, goes as far as point 2579, then, running along contour 2600, it reaches the Lago della Vecchia and rejoins, at the administrative boundary marked on the map about 700 meters southeast of the lake, the Pso. d'Avanza path, which it follows along the rocky escarpments to the old frontier, halfway between the Col della Vecchia and the Col de Clapier.

Mont Thabor

Reference: 1:20,000 map: Nevache, 1-2, 5-6 and 7-8

From Cima de la Planette to Rocher de Guion (Cima del Sueur)

The new frontier follows a line which leaves the present frontier at Cima de la Planette and, proceeding southwards, follows the ridge through points 2980, 3178, Rca. Bernaude (3228), points 2842, 2780, 2877, Pso. della Gallina (2671), points 2720, 2806 and Pta. Quattro Sorelle (2700).

Descending the eastern slope of this summit, the line leaves in French territory point 2420, whence it rejoins and follows on the east the path leading to the buildings situated about 200 meters from point 2253, this path and these buildings being left in French territory. It then enters a thalweg, passing about 300 meters northeast of point 1915, whence it reaches the northwestern edge of the reservoir which, in the Vallee Etroite (Valle Stretta) feeds the hydro-electric installations of Sette Fontane, leaving this reservoir and these installations in Italian territory. Skirting the reservoir on the south, it reaches the crossroads at point 1499.

Thence it follows the path which hugs the edge of the woods along contour 1500 and which leads it to Comba della Gorgia near the 1580

contour; then it ascends the thalweg towards point 1974 and joins the edge of the rocky escarpments of La Sueur as marked by points 2272, 2268, 2239, 2266, 2267, remaining on this edge until it meets the old frontier, the crest of the rocks and the path bordering it remaining in French territory.

Chaberton

Reference: 1:20,000 map: Briançon, Nos. 3-4

The new frontier follows a line which leaves the old frontier at point 3042 (north of point 3070 and north of Pointe des Trois Scies) and follows the rocky ridge as far as Croce del Vallonetto.

From the Croce del Vallonetto it bends towards the south along the rocky ridge and meets the Chaberton road at the point where the latter enters the *cirque* of the Clot des Morts.

Crossing this road and the thalweg which borders it, the line roughly follows, for 1250 meters, contour 2300 which, on the ground, follows to the southeast a series of rocky outcrops and debris, then it cuts straight across the eastern slope of Mt. Chaberton, reaches a point about 400 meters west of point 2160 leaving in French territory the intermediate pylon of the cable railway which stands there.

Then it proceeds in a straight line, across a series of rocky barriers and steep ravines, towards the position (not marked on the map) of La Fontaine des Chamois, near point 2228 (about 1400 meters northeast of Clavières) which it skirts to the east, following the second bend of the road joining this position with the fortified barracks of Chaberton, on the road from Cézanne (Cesana) to Clavières, leaving the fortifications at La Fontaine des Chamois in French territory.

Thence following first in a southerly direction the commune boundary marked on the map, and then the rocky barrier about 400 meters north of the Clavières-Cézanne (Cesana) road, it bends towards the southwest, passing along the foot of the rocky cliffs, sufficiently far from the latter to allow the construction of a double-track road.

Skirting in this way to the north the village of Clavières, which is left in Italian territory, it meets the Rio Secco about 200 meters upstream from the Clavières bridge and follows down its course, then that of Doire Ripaire (Doria Riparia) as far as the road from Clavières to Val Gimont, which is left to Italy, and follows this road as far as the bridge over the Gimont.

Proceeding up the course of the latter for about 300 meters, the line then leaves it and follows the mule-track which takes it to the upper pylon of the Clavières cable railway (Col du Mont Fort du Boeuf), which is left in French territory. Then, across the ridge, it rejoins the present frontier at Mont la Plane, frontier post 251. The road in the valley of the Gimont is left in Italian territory.

Upper Valleys of La Tinée, La Vesubie and La Roya

1. *From Cime de Colla Longa to Cima di Mercantour*

The new frontier follows a line which leaves the old frontier at Cime de Colla Longa and proceeding eastwards and following the line of the watershed, skirts the rocky ridge, passing through points 2719, 2562, Cle. di Seccia, reaches at point 2760 the Testa dell'Autaret, passes to point 2672, to the Cle. della Guercia (2456) and through points 2640, 2693, 2689, reaches Rocche di Saboulé and follows the northern ridge thereof.

Following the ridge, it passes through points 2537, 2513, Pso. del Lausfer (2461) and point 2573 to Testa Auta del Lausfer (2587) whence it bends southwards as far as Testa Colla Auta, passing Cima del Lausfer (2544), leaving the latter point in Italy.

Thence through point 2484, and along the ridge path which is left in French territory, through points 2240 and 2356, it crosses the Passo di S. Anna, and passing through points 2420 and 2407 it reaches a point about 80 meters south of point 2378 (Cima Moravacciera).

Following the ridge path left in French territory, it passes through Testa Ga del Caval and point 2331, both left in French territory, then leaving the path it continues on the ridge of Testa del'Adreck (2475) and through Cle. della Lombarda and point 2556 and arrives at Cima della Lombarda (2801).

Bending southeastwards, it then follows the rocky ridge and passing through Pso. di Peania, Cima di Vermeil, point 2720 left in French territory, Testa Cba. Grossa (2792), Pso. del Lupo (2730) and point 2936, reaches Mt. Malinvern.

Clapier (2827), winds round the north and east of Mt. Clapier (3045) along the administrative boundary shown on the map.

3. *From Mt. Clapier to Colle di Tenda*

References: Italian 1:20,000 map: Madonna delle Finestre and Colle di Tenda

From Mt. Clapier, the line follows the administrative boundary represented on the map by points 2915, 2887 and 2562, Passo dell'Agnel and point 2679, up to Cima dell'Agnel (2775).

The line then bears eastwards, still adhering to the administrative boundary represented on the map by points 2845 and 2843 of Rce. dell'Agnel; it then reaches Cima della Scandeiera (2706), crosses Cle. del Sabbione (2332), proceeds over points 2373, 2226, 2303, and 2313 to Cma. del Sabbione (2610), point 2636, Pta. Peirafica, points 2609, 2585, 2572, 2550 and reaches Rca. dell'Abisso (2755).

The line still continues along the administrative boundary marked on the map up to the east of point 2360, then skirts the rocky outcrops north of Rne. Pian Misson, from whence it reaches the Mt. Becco Rosso path and follows it to the north of points 2181, 2116 and 1915 and then skirts the road for approximately 1 kilometer northwards before rejoining the above-mentioned path up to Colle di Tenda. The path and the section of highway mentioned above remain in French territory.

4. *From Colle di Tenda to Cima Missun*

Reference: Italian 1:20,000 map: Tenda and Certosa di Pesio

From Colle di Tenda the line, leaving the path in French territory, proceeds to points 1887 and 2206, then branches off the path to follow along the ridge the administrative boundary shown on the map, then passing through point 2262 reaches Cma. del Becco (2300).

Bearing northward and along the administrative boundary shown on the map it reaches the Col della Perla (2086), follows the path which skirts the rocky outcrop in Cma. del Cuni to Col della Boaira, where it leaves it to follow the ridge to the north. The above-mentioned path remains in French territory.

Skirting the rocky outcrop, it proceeds to point 2275, reaches Testa Ciaudon (2386), skirts the rocky escarpments, crosses Colla Piana (2219) and reaches point 2355 of Mt. Delle Carsene which is left on French soil, then it follows the northern ridge of this mountain over Pta. Straldi (2375), points 2321 and 2305 up to Pso. Scarason, then swerves northwards up to point 2352, where it meets the administrative boundary shown on the map and follows this boundary through points 2510 and 2532 up to Pta. Marguareis (2651).

Deviating southward it then follows the ridge, passes point 2585 and, passing down the rocky crest, reaches Colle del Lago dei Signori.

Following the path on the summit, which is left in French territory, then running along the crest proper, it comes to Cima di Pertega (2402), passes along the rocky ridge down to Cle. delle Vecchie (2106), whence it follows the summit path, which it leaves in French territory, through points 2190, 2162, Cima del Vescovo (2257) and Cima di Velega (2366) up to Mt. Bertrand.

From Mt. Bertrand (2481) it follows the administrative boundary shown on the map up to Cla. Rossa, where it rejoins the summit path which it then skirts passing through points 2179 and 2252 up to Cima Missun (2356), then, winding round the east of this mountain summit, the line follows the above-mentioned path which remains in French territory.

5. *From Cima Missun to Col de Pegairole*

References: 1:20,000 map: Pointe de Lugo, Nos. 1-2 and 5-6

Following the same summit path, the line crosses Cla. Cravirora and passes east of point 2265 to Pta. Farenga. It then leaves the path and winds round Cma. Ventosa to the east, after which it joins the Passo di Tanarello path and leaves in France the constructions beside this path. The line then passes along Mt. Tanarello, crosses Passo Basera (2038), skirts Mt. Saccarello which is left approximately 300 meters to the westwards, then following first the rocky ridge and then the path up to Pso. di Collardente it reaches the ridge which leads up to Mt. Collardente, leaving point 1762 on French territory. At this point it skirts a path which is left in Italian territory and comes to Mt. Collardente, leaving on French soil the path which crosses it. The line then follows this path through the Bassa di Sanson east and south of point 1769 up to the constructions, situated approximately 500 meters east of Testa della Nava (1934), which are left in French territory.

When it reaches these works, it leaves the road, rejoins at the ridge the road along the Testa della Nava ridge which remains in French territory, and follows it as far as the works to the southeast of the Cima di Marta or Mt. Vacche, skirting it from the east.

From there, passing along the ridge road left in French territory, it skirts Mt. Ceriana, leaves the road to reach Mt. Grai (2014) and joins it again at the col (1875), follows it to skirt Cima della Valetta and Mt. Pietravecchia as far as the rocky crest.

It then crosses Gola dell'Incisa, runs by way of the ridge and point 1759 to Mt. Toraggio (1972), then to Cima di Logambon and the Gola del Corvo, skirts Mt. Bauso and Mt. Lega (1552, 1563 and 1556) and follows the ridge downwards to Passo di Muratone.

Along the ridge road, left in French territory, it runs to Mt. Scarassan, to the south of Mt. Battolino and of point 1358 and reaches Cla. Pegairole.

6. *From Cla. Pegairole to Mt. Mergo*

References: 1:20,000 maps: Pointe de Lugo, Nos. 5-6, San Remo, Nos. 1-2 and Menton, Nos. 3-4

From Cla. Pegairole the line follows the administrative boundary marked on the map, leaving Cisterne to France, climbs Mt. Simonasso, drops as far as the col and follows the road to Margheria Suan which it leaves in French territory, the chalets remaining in Italian territory.

Continuing to follow the road, left in French territory, it passes to the east of Testa d'Alpe to Fontana dei Draghi, to the springs at point 1406, to point 1297, skirts Colla Sgora on the east, passes the points 1088, 1016, and 1026, crosses the rocky ridge of Mt. Colombin, follows the cantonal boundary shown on the map along Cima di Reglie (846 and 858), departs from this cantonal boundary in a southwesterly direction to follow the ridge of Serra dell'Arpetta (543, 474 and 416) down to the thalweg of the Roya, which it crosses about 200 meters northwest of the bridge of Fanghetto.

The line then ascends the thalweg of Roya to a point situated about 350 meters from the above-mentioned bridge. It leaves the Roya at this point and bears southwest to point 566. From this point it bears west until it meets the ravine descending to Olivetta which it follows as far as the road, leaving the dwellings on this road in Italian territory, mounts the Vle. di Trono for about 200 meters and then turns towards point 410 as far as the road from Olivetta to San Girolamo. Thence it runs southeast along this road for about 100 meters and then bears generally southwest to point 403, running for about 20 meters along and to the south of the road marked on the map. From point 403, it follows the ridge of Pta. Becche as far as point 379, then again bearing southwest, crosses the Bevera, following the thalweg towards Mt. Mergo which it skirts on the south at about 50 meters from the summit (686), left in French territory, and rejoins the present frontier at a point about 100 meters to the southwest of that summit.

(c) France shall inform Italy, as and when required by Italy, of the rate of flow of water at Le Mesce and Confine and of the amount of water stored at San Dalmazzo and of any other information pertaining thereto so as to enable Italy to determine her electricity requirements as indicated in sub-paragraph (a);

(d) France shall transmit over the main transmission lines from San Dalmazzo to the Franco-Italian frontier the electricity required by Italy as aforesaid, and shall deliver that electricity to Italy at the points at which those main transmission lines cross the Franco-Italian frontier into Italian territory;

3. *Guarantee* of a reasonable period of time for the supply of electricity by France to Italy:

Unless otherwise mutually agreed between France and Italy, Guarantees 1 and 2 shall remain in force until December 31, 1961, and shall terminate then or any subsequent December 31 if either country shall have given to the other at least two years notice in writing of its intention to terminate.

Should there be a temporary reduction in the amount of water available due to natural causes, distribution of water from the above-named sources to the consumers in Yugoslavia and Italy shall be reduced in proportion to their respective previous consumption.

3. The charges to be paid by the Commune of Gorizia to Yugoslavia for the water supplied to it, and the charges to be paid by consumers in Yugoslav territory to the Commune of Gorizia, shall be based solely on the cost of operation and maintenance of the water supply system as well as new capital expenditures which may be required to give effect to these provisions.

Existing laws and regulations shall remain valid unless and until revoked or suspended by the Governor. The Governor shall have the right

to amend existing laws and regulations and to introduce new laws and regulations in agreement with the majority of the Provisional Council of Government. Such amended and new laws and regulations, as well as the acts of the Governor in regard to the revocation or suspension of laws and regulations, shall be valid unless and until they are amended, revoked or superseded by acts of the popular Assembly or the Council of Government within their respective spheres after the entry into force of the Constitution.

Article 11

Pending the establishment of a separate currency regime for the Free Territory the Italian lira shall continue to be the legal tender within the Free Territory. The Italian Government shall supply the foreign exchange and currency needs of the Free Territory under conditions no less favorable than those applying in Italy.

Italy and the Free Territory shall enter into an agreement to give effect to the above provisions as well as to provide for any settlement between the two Governments which may be required.

ANNEX VIII

Instrument for the Free Port of Trieste

Article 1

1. In order to ensure that the port and transit facilities of Trieste will be available for use on equal terms by all international trade and by Yugoslavia, Italy and the States of Central Europe, in such manner as is customary in other free ports of the world:

(a) There shall be a customs free port in the Free Territory of Trieste within the limits provided for by or established in accordance with Article 3 of the present Instrument.

(b) Goods passing through the Free Port of Trieste shall enjoy freedom of transit as stipulated in Article 16 of the present Instrument.

2. The international regime of the Free Port shall be governed by the provisions of the present Instrument.

Article 2

1. The Free Port shall be established and administered as a State corporation of the Free Territory, having all the attributes of a juridical person and functioning in accordance with the provisions of this Instrument.

2. All Italian state and para-statal property within the limits of the Free Port which, according to the provisions of the present Treaty, shall pass to the Free Territory shall be transferred, without payment, to the Free Port.

Article 3

1. The area of the Free Port shall include the territory and installations of the free zones of the port of Trieste within the limits of the 1939 boundaries.

2. The establishment of special zones in the Free Port under the exclusive jurisdiction of any State is incompatible with the status of the Free Territory and of the Free Port.

3. In order, however, to meet the special needs of Yugoslav and Italian shipping in the Adriatic, the Director of the Free Port, on the request of the Yugoslav or Italian Government and with the concurring advice of the International Commission provided for in Article 21 below, may reserve to merchant vessels flying the flags of either of these two States the exclusive use of berthing spaces within certain parts of the area of the Free Port.

4. In case it shall be necessary to increase the area of the Free Port such increase may be made upon the proposal of the Director of the Free Port by decision of the Council of Government with the approval of the popular Assembly.

Article 4

Unless otherwise provided for by the present Instrument the laws and regulations in force in the Free Territory shall be applicable to persons and property within the boundaries of the Free Port and the authorities responsible for their application in the Free Territory shall exercise their functions within the limits of the Free Port.

Article 5

1. Merchant vessels and goods of all countries shall be allowed unrestricted access to the Free Port for loading and discharge both for goods in transit and goods destined for or proceeding from the Free Territory.

2. In connection with importation into or exportation from or transit through the Free Port, the authorities of the Free Territory shall not levy on such goods customs duties or charges other than those levied for services rendered.

3. However, in respect of goods, imported through the Free Port for consumption within the Free Territory or exported from this Territory through the Free Port, appropriate legislation and regulations in force in the Free Territory shall be applied.

Article 6

Warehousing, storing, examining, sorting, packing and repacking and similar activities which have customarily been carried on in the free zones of the port of Trieste shall be permitted in the Free Port under the general regulations established by the Director of the Free Port.

Article 7

1. The Director of the Free Port may also permit the processing of goods in the Free Port.

2. Manufacturing activities in the Free Port shall be permitted to those enterprises which existed in the free zones of the port of Trieste before the coming into force of the present Instrument. Upon the proposal of the Director of the Free Port, the Council of Government may permit the establishment of new manufacturing enterprises within the limits of the Free Port.

Article 8

Inspection by the authorities of the Free Territory shall be permitted within the Free Port to the extent necessary to enforce the customs or other regulations of the Free Territory for the prevention of smuggling.

Article 9

1. The authorities of the Free Territory will be entitled to fix and levy harbour dues in the Free Port.

2. The Director of the Free Port shall fix all charges for the use of the facilities and services of the Free Port. Such charges shall be reasonable and be related to the cost of operation, administration, maintenance and development of the Free Port.

Article 10

In the fixing and levying in the Free Port of harbour dues and other charges under Article 9 above, as well as in the provision of the services and

facilities of the Free Port, there shall be no discrimination in respect of the nationality of the vessels, the ownership of the goods or on any other grounds.

Article 11

The passage of all persons into and out of the Free Port area shall be subject to such regulations as the authorities of the Free Territory shall establish. These regulations, however, shall be established in such a manner as not unduly to impede the passage into and out of the Free Port of nationals of any State who are engaged in any legitimate pursuit in the Free Port area.

Article 12

The rules and bye-laws operative in the Free Port and likewise the schedules of charges levied in the Free Port must be made public.

Article 13

Coastwise shipping and coastwise trade within the Free Territory shall be carried on in accordance with regulations issued by the authorities of the Free Territory, the provisions of the present Instrument not being deemed to impose upon such authorities any restrictions in this respect.

Article 14

Within the boundaries of the Free Port, measures for the protection of health and measures for combating animal and plant diseases in respect of vessels and cargoes shall be applied by the authorities of the Free Territory.

Article 15

It shall be the duty of the authorities of the Free Territory to provide the Free Port with water supplies, gas, electric light and power, communications, drainage facilities and other public services and also to ensure police and fire protection.

Article 16

1. Freedom of transit shall, in accordance with customary international agreements, be assured by the Free Territory and the States whose territories are traversed to goods transported by railroad between the Free Port and the States which it serves, without any discrimination and without customs duties or charges other than those levied for services rendered.

2. The Free Territory and the States assuming the obligations of the present Instrument through whose territory such traffic passes in transit in

either direction shall do all in their power to provide the best possible facilities in all respects for the speedy and efficient movement of such traffic at a reasonable cost, and shall not apply with respect to the movement of goods to and from the Free Port any discriminatory measures with respect to rates, services, customs, sanitary, police or any other regulations.

3. The States assuming the obligations of the present Instrument shall take no measures regarding regulations or rates which would artificially divert traffic from the Free Port for the benefit of other seaports. Measures taken by the Government of Yugoslavia to provide for traffic to ports in southern Yugoslavia shall not be considered as measures designed to divert traffic artificially.

Article 17

The Free Territory and the States assuming the obligations of the present Instrument shall, within their respective territories and on non-discriminatory terms, grant in accordance with customary international agreements freedom of postal, telegraphic, and telephonic communications between the Free Port area and any country for such communications as originate in or are destined for the Free Port area.

Article 18

1. The administration of the Free Port shall be carried on by the Director of the Free Port who will represent it as a juridical person. The Council of Government shall submit to the Governor a list of qualified candidates for the post of Director of the Free Port. The Governor shall appoint the Director from among the candidates presented to him after consultation with the Council of Government. In case of disagreement the matter shall be referred to the Security Council. The Governor may also dismiss the Director upon the recommendation of the International Commission or the Council of Government.

2. The Director shall not be a citizen of Yugoslavia or Italy.

3. All other employees of the Free Port will be appointed by the Director. In all appointments of employees preference shall be given to citizens of the Free Territory.

Article 19

Subject to the provisions of the present Instrument, the Director of the Free Port shall take all reasonable and necessary measures for the admin-

istration, operation, maintenance and development of the Free Port as an efficient port adequate for the prompt handling of all the traffic of that port. In particular, the Director shall be responsible for the execution of all kinds of port works in the Free Port, shall direct the operation of port installations and other port equipment, shall establish, in accordance with legislation of the Free Territory, conditions of labour in the Free Port, and shall also supervise the execution in the Free Port of orders and regulations of the authorities of the Free Territory in respect to navigation.

Article 20

1. The Director of the Free Port shall issue such rules and bye-laws as he considers necessary in the exercise of his functions as prescribed in the preceding Article.

2. The autonomous budget of the Free Port will be prepared by the Director, and will be approved and applied in accordance with legislation to be established by the popular Assembly of the Free Territory.

3. The Director of the Free Port shall submit an annual report on the operations of the Free Port to the Governor and the Council of Government of the Free Territory. A copy of the report shall be transmitted to the International Commission.

Article 21

1. There shall be established an International Commission of the Free Port, hereinafter called "the International Commission", consisting of one representative from the Free Territory and from each of the following States: France, the United Kingdom of Great Britain and Northern Ireland, the Union of Soviet Socialist Republics, the United States of America, the People's Federal Republic of Yugoslavia, Italy, Czechoslovakia, Poland, Switzerland, Austria and Hungary, provided that such State has assumed the obligations of the present Instrument.

2. The representative of the Free Territory shall be the permanent Chairman of the International Commission. In the event of a tie in voting, the vote cast by the Chairman shall be decisive.

Article 22

The International Commission shall have its seat in the Free Port. Its offices and activities shall be exempt from local jurisdiction. The members and officials of the International Commission shall enjoy in the Free Territory

such privileges and immunities as are necessary for the independent exercise of their functions. The International Commission shall decide upon its own secretariat, procedure and budget. The common expenses of the International Commission shall be shared by member States in an equitable manner as agreed by them through the International Commission.

Article 23

The International Commission shall have the right to investigate and consider all matters relating to the operation, use, and administration of the Free Port or to the technical aspects of transit between the Free Port and the States which it serves, including unification of handling procedures. The International Commission shall act either on its own initiative or when such matters have been brought to its attention by any State or by the Free Territory or by the Director of the Free Port. The International Commission shall communicate its views or recommendations on such matters to the State or States concerned, or to the Free Territory, or to the Director of the Free Port. Such recommendations shall be considered and the necessary measures shall be taken. Should the Free Territory or the State or States concerned deem, however, that such measures would be inconsistent with the provisions of the present Instrument, the matter may at the request of the Free Territory or any interested State be dealt with as provided in Article 24 below.

Article 24

Any dispute relating to the interpretation or execution of the present Instrument, not resolved by direct negotiations, shall, unless the parties mutually agree upon another means of settlement, be referred at the request of either party to the dispute to a Commission composed of one representative of each party and a third member selected by mutual agreement of the two parties from nationals of a third country. Should the two parties fail to agree within a period of one month upon the appointment of the third member, the Secretary-General of the United Nations may be requested by either party to make the appointment. The decision of the majority of the members of the Commission shall be the decision of the Commission, and shall be accepted by the parties as definitive and binding.

Article 25

Proposals for amendments to the present Instrument may be submitted to the Security Council by the Council of Government of the Free Territory

or by three or more States represented on the International Commission. An amendment approved by the Security Council shall enter into force on the date determined by the Security Council.

Article 26

For the purposes of the present Instrument a State shall be considered as having assumed the obligations of this Instrument if it is a party to the Treaty of Peace with Italy or has notified the Government of the French Republic of its assumption of such obligations.

ANNEX IX

Technical Dispositions Regarding the Free Territory of Trieste

(See Article 21)

A. *Water Supply to Northwestern Istria*

Yugoslavia shall continue to supply water to the region of northwestern Istria within the Free Territory of Trieste from the spring of San Giovanni de Pinguente through the Quieto water supply system and from the spring of Santa Maria del Risano through the Risano system. The water so supplied shall be in such amounts, not substantially exceeding those amounts which have been customarily supplied to the region, and at such rates of flow, as the Free Territory may request, but within limits imposed by natural conditions. Yugoslavia shall maintain the water conduits, reservoirs, pumps, purifying systems and such other works within Yugoslav territory as may be required to fulfill this obligation. Temporary allowance must be made in respect of the foregoing obligations on Yugoslavia for necessary repair of war damage to water supply installations. The Free Territory shall pay a reasonable price for the water thus supplied, which price should represent a proportionate share, based on the quantity of water consumed within the Free Territory, of the total cost of operation and maintenance of the Quieto and the Risano water supply systems. Should, in the future, additional supplies of water be required by the Free Territory, Yugoslavia undertakes to examine the matter jointly with the authorities of the Free Territory and by agreement to take such measures as are reasonable to meet these requirements.

B. *Electricity Supplies*

1. Yugoslavia and Italy shall maintain the existing supply of electricity to the Free Territory of Trieste, furnishing to the Free Territory such quantities of electricity at such rates of output as the latter may require. The quantities furnished need not at first substantially exceed those which have been customarily supplied to the area comprised in the Free Territory, but Italy and Yugoslavia shall, on request of the Free Territory, furnish increasing amounts as the requirements of the Free Territory grow, provided that any increase of more than 20% over the amount normally furnished to the Free Territory from the respective sources shall be the subject of an agreement between the interested Governments.

2. The price to be charged by Yugoslavia or by Italy and to be paid by the Free Territory for the electricity furnished to it shall be no higher than the price charged in Yugoslavia or in Italy for the supply of similar quantities of hydro-electricity from the same sources in Yugoslav or Italian territory.

3. Yugoslavia, Italy and the Free Territory shall exchange information continuously concerning the flow and storage of water and the output of electricity in respect of stations supplying the former Italian *compartimento* of Venezia Giulia, so that each of the three parties will be in a position to determine its requirements.

4. Yugoslavia, Italy and the Free Territory shall maintain in good and substantial condition all of the electrical plants, transmission lines, substations and other installations which are required for the continued supply of electricity to the former Italian *compartimento* of Venezia Giulia.

5. Yugoslavia shall ensure that the existing and any future power installations on the Isonzo (Soca) are operated so as to provide that such supplies of water as Italy may from time to time request may be diverted from the Isonzo (Soca) for irrigation in the region from Gorizia southwestward to the Adriatic. Italy may not claim the right to the use of water from the Isonzo (Soca) in greater volume or under more favorable conditions than has been customary in the past.

6. Yugoslavia, Italy and the Free Territory shall, through joint negotiations, adopt a mutually agreeable convention in conformity with the foregoing provisions for the continuing operation of the electricity system which

serves the former Italian *compartimento* of Venezia Giulia. A mixed commission with equal representation of the three Governments shall be established for supervising the execution of the obligations arising under paragraphs 1 to 5 above.

7. Upon the expiration of a ten-year period from the coming into force of the present Treaty, Yugoslavia, Italy and the Free Territory shall re-examine the foregoing provisions in the light of conditions at that time in order to determine which, if any, of the foregoing obligations are no longer required, and shall make such alterations, deletions and additions as may be agreed upon by the parties concerned. Any disputes which may arise as a result of this re-examination shall be submitted for settlement under the procedure outlined in Article 87 of the present Treaty.

C. *Facilities for Local Frontier Trade*

Yugoslavia and the Free Territory of Trieste, and Italy and the Free Territory of Trieste, shall, within one month of the coming into force of the present Treaty, undertake negotiations to provide arrangements which shall facilitate the movement across the frontiers between the Free Territory and the adjacent areas of Yugoslavia and Italy of foodstuffs and other categories of commodities which have customarily moved between those areas in local trade, provided these commodities are grown, produced or manufactured in the respective territories. This movement may be facilitated by appropriate measures, including the exemption of such commodities, up to agreed quantities or values, from tariffs, customs charges, and export or import taxes of any kind when such commodities are moving in local trade.

ANNEX X

Economic and Financial Provisions Relating to the Free Territory of Trieste

1. The Free Territory of Trieste shall receive, without payment, Italian State and para-statal property within the Free Territory.

The following are considered as State or para-statal property for the purposes of this Annex: movable and immovable property of the Italian State, of local authorities and of public institutions and publicly owned com-

panies and associations, as well as movable and immovable property formerly belonging to the Fascist Party or its auxiliary organizations.

2. All transfers effected after September 3, 1943, of Italian State and para-statal property as defined in paragraph 1 above shall be deemed null and void. This provision shall not, however, extend to lawful acts relating to current operations of State and para-statal agencies in so far as they concern the sale, within normal limits, of goods ordinarily produced by them or sold in the execution of normal commercial arrangements or in the normal course of governmental administrative activities.

3. Submarine cables owned by the Italian State or by Italian parastatal organizations shall fall within the provisions of paragraph 1 so far as concerns terminal facilities and the lengths of cables lying within territorial waters of the Free Territory.

4. Italy shall hand over to the Free Territory all relevant archives and documents of an administrative character or historical value concerning the Free Territory or relating to property transferred under paragraph 1 of this Annex. The Free Territory shall hand over to Yugoslavia all documents of the same character relating to territory ceded to Yugoslavia under the present Treaty, and to Italy all documents of the same character which may be in the Free Territory and which relate to Italian territory.

Yugoslavia declares herself ready to hand over to the Free Territory all archives and documents of an administrative character concerning and required exclusively for the administration of the Free Territory, which are of a kind which were usually held before September 3, 1943, by the local authorities having jurisdiction over what now forms part of the Free Territory.

5. The Free Territory shall be exempt from the payment of the Italian public debt, but shall assume the obligations of the Italian State towards holders who continue to reside in the Free Territory, or who, being juridical persons, retain their *siège social* or principal place of business there, in so far as these obligations correspond to that portion of this debt which has been issued prior to June 10, 1940, and is attributable to public works and civil administrative services of benefit to the said Territory but not attributable directly or indirectly to military purposes.

Full proof of the source of such holdings may be required from the holders.

Italy and the Free Territory shall conclude arrangements to determine the portion of the Italian public debt referred to in this paragraph and the methods for giving effect to these provisions.

6. The future status of external obligations secured by charges upon the property or revenues of the Free Territory shall be governed by further agreements between the parties concerned.

7. Special arrangements shall be concluded between Italy and the Free Territory to govern the conditions under which the obligations of Italian public or private social insurance organizations towards the inhabitants of the Free Territory, and a proportionate part of the reserves accumulated by the said organizations, shall be transferred to similar organizations in the Free Territory.

Similar arrangements shall also be concluded between the Free Territory and Italy, and between the Free Territory and Yugoslavia, to govern the obligations of public and private social insurance organizations whose *siège social* is in the Free Territory, with regard to policy holders or subscribers residing respectively in Italy or in territory ceded to Yugoslavia under the present Treaty.

Similar arrangements shall also be concluded between the Free Territory and Yugoslavia to govern the obligations of public and private social insurance organizations whose *siège social* is in territory ceded to Yugoslavia under the present Treaty, with regard to policy holders or subscribers residing in the Free Territory.

8. Italy shall continue to be liable for the payment of civil or military pensions earned, as of the coming into force of the present Treaty, for service under the Italian State, municipal or other local government authorities, by persons who under the Treaty acquire the nationality of the Free Territory, including pension rights not yet matured. Arrangements shall be concluded between Italy and the Free Territory providing for the method by which this liability shall be discharged.

9. The property, rights and interests of Italian nationals who became domiciled in the Free Territory after June 10, 1940, and of persons who opt for Italian citizenship pursuant to the Statute of the Free Territory of Trieste shall, provided they have been lawfully acquired, be respected in the same measure as the property, rights and interests of nationals of the

Free Territory generally, for a period of three years from the coming into force of the Treaty.

The property, rights and interests within the Free Territory of other Italian nationals and also of Italian juridical persons, provided they have been lawfully acquired, shall be subject only to such legislation as may be enacted from time to time regarding the property of foreign nationals and juridical persons generally.

10. Persons who opt for Italian nationality and move to Italy shall be permitted, after the settlement of any debts or taxes due from them in the Free Territory, to take with them their movable property and transfer their funds, provided such property and funds were lawfully acquired. No export or import duties shall be imposed in connection with the moving of such property. Further, they shall be permitted to sell their movable and immovable property under the same conditions as nationals of the Free Territory.

The removal of property to Italy will be effected under conditions which will not be in contradiction to the Constitution of the Free Territory and in a manner which will be agreed upon between Italy and the Free Territory. The conditions and the time periods of the transfer of the funds, including the proceeds of sales, shall be determined in the same manner.

11. The property, rights and interests of former Italian nationals, resident in the Free Territory, who become nationals of the Free Territory under the present Treaty, existing in Italy at the coming into force of the Treaty, shall be respected by Italy in the same measure as the property, rights and interests of Italian nationals generally, for a period of three years from the coming into force of the Treaty.

Such persons are authorized to effect the transfer and the liquidation of their property, rights and interests under the same conditions as are provided for under paragraph 10 above.

12. Companies incorporated under Italian law and having *siège social* in the Free Territory, which wish to remove *siège social* to Italy or Yugoslavia, shall likewise be dealt with under the provisions of paragraph 10 above, provided that more than fifty per cent. of the capital of the company is owned by persons usually resident outside the Free Territory, or by persons who move to Italy or Yugoslavia.

13. Debts owed by persons in Italy, or in territory ceded to Yugoslavia, to persons in the Free Territory, or by persons in the Free Territory to persons in Italy or in territory ceded to Yugoslavia, shall not be affected by the cession. Italy, Yugoslavia and the Free Territory undertake to facilitate the settlement of such obligations. As used in this paragraph, the term "persons" includes juridical persons.

14. The property in the Free Territory of any of the United Nations and its nationals, if not already freed from Italian measures of sequestration or control and returned to its owner, shall be returned in the condition in which it now exists.

15. Italy shall return property unlawfully removed after September 3, 1943, from the Free Territory to Italy. Paragraphs 2, 3, 4, 5 and 6 of Article 75 shall govern the application of this obligation except as regards property provided for elsewhere in this Annex.

The provisions of paragraphs 1, 2, 5 and 6 of Article 75 shall apply to the restitution by the Free Territory of property removed from the territory of any of the United Nations during the war.

16. Italy shall return to the Free Territory in the shortest possible time any ships in Italian possession which were owned on September 3, 1943, by natural persons resident in the Free Territory who acquire the nationality of the Free Territory under the present Treaty, or by Italian juridical persons having and retaining *siège social* in the Free Territory, except any ships which have been the subject of a bona fide sale.

17. Italy and the Free Territory, and Yugoslavia and the Free Territory, shall conclude agreements providing for a just and equitable apportionment of the property of any existing local authority whose area is divided by any frontier settlement under the present Treaty, and for a continuance to the inhabitants of necessary communal services not specifically covered in other parts of the Treaty.

Similar agreements shall be concluded for a just and equitable allocation of rolling stock and railway equipment and of dock and harbour craft and equipment, as well as for any other outstanding economic matters not covered by this Annex.

18. Citizens of the Free Territory shall, notwithstanding the transfer of sovereignty and any change of nationality consequent thereon, continue to

enjoy in Italy all the rights in industrial, literary and artistic property to which they were entitled under the legislation in force in Italy at the time of the transfer.

The Free Territory shall recognize and give effect to rights of industrial, literary and artistic property existing in the Free Territory under Italian laws in force at the time of transfer, or to be re-established or restored in accordance with Annex XV, part A of the present Treaty. These rights shall remain in force in the Free Territory for the same period as that for which they would have remained in force under the laws of Italy.

19. Any dispute which may arise in giving effect to this Annex shall be dealt with in the same manner as provided in Article 83 of the present Treaty.

20. Paragraphs 1, 3 and 5 of Article 76; Article 77; paragraph 3 of Article 78; Article 81; Annex XV, part A; Annex XVI and Annex XVII, part B, shall apply to the Free Territory in like manner as to Italy.

ANNEX XI

Joint Declaration by the Governments of the Soviet Union, of the United Kingdom, of the United States of America and of France concerning Italian Territorial Possessions in Africa

(See Article 23)

1. The Governments of the Union of Soviet Socialist Republics, of the United Kingdom of Great Britain and Northern Ireland, of the United States of America, and of France agree that they will, within one year from the coming into force of the Treaty of Peace with Italy bearing the date of February 10, 1947, jointly determine the final disposal of Italy's territorial possessions in Africa, to which, in accordance with Article 23 of the Treaty, Italy renounces all right and title.

2. The final disposal of the territories concerned and the appropriate adjustment of their boundaries shall be made by the Four Powers in the light of the wishes and welfare of the inhabitants and the interests of peace and security, taking into consideration the views of other interested Governments.

95347°—49—PT. II——32

3. If with respect to any of these territories the Four Powers are unable to agree upon their disposal within one year from the coming into force of the Treaty of Peace with Italy, the matter shall be referred to the General Assembly of the United Nations for a recommendation, and the Four Powers agree to accept the recommendation and to take appropriate measures for giving effect to it.

4. The Deputies of the Foreign Ministers shall continue the consideration of the question of the disposal of the former Italian Colonies with a view to submitting to the Council of Foreign Ministers their recommendations on this matter. They shall also send out commissions of investigation to any of the former Italian Colonies in order to supply the Deputies with the necessary data on this question and to ascertain the views of the local population.

(g) mounts more than two aircraft launching apparatus;

(h) is designed for a speed greater than twenty knots if fitted with a gun of calibre exceeding 3 inches (76 mm.).

A war vessel belonging to sub-category 1 is no longer to be considered as such after the twentieth year since completion if all weapons are removed.

This does not prohibit internal security personnel restricted in number to meeting tasks of an internal character and equipped with weapons which can be carried and operated by one person, and the necessary military training of such personnel.

ANNEX XIV

Economic and Financial Provisions Relating to Ceded Territories

1. The Successor State shall receive, without payment, Italian State and para-statal property within territory ceded to it under the present Treaty, as well as all relevant archives and documents of an administrative character or historical value concerning the territory in question, or relating to property transferred under this paragraph.

The following are considered as State or para-statal property for the purposes of this Annex: movable and immovable property of the Italian State, of local authorities and of public institutions and publicly owned companies and associations, as well as movable and immovable property formerly belonging to the Fascist Party or its auxiliary organizations.

2. All transfers effected after September 3, 1943, of Italian State and para-statal property as defined in paragraph 1 above shall be deemed null and void. This provision shall not, however, extend to lawful acts relating

to current operations of State and para-statal agencies in so far as they concern the sale, within normal limits, of goods ordinarily produced or sold by them in the execution of normal commercial arrangements or in the normal course of governmental administrative activities.

3. Italian submarine cables connecting points in ceded territory, or connecting a point in ceded territory with a point in other territory of the Successor State, shall be deemed to be Italian property in the ceded territory, despite the fact that lengths of these cables may lie outside territorial waters. Italian submarine cables connecting a point in ceded territory with a point outside the jurisdiction of the Successor State shall be deemed to be Italian property in ceded territory so far as concerns the terminal facilities and the lengths of cables lying within territorial waters of the ceded territory.

4. The Italian Government shall transfer to the Successor State all objects of artistic, historical or archaeological value belonging to the cultural heritage of the ceded territory, which, while that territory was under Italian control, were removed therefrom without payment and are held by the Italian Government or by Italian public institutions.

5. The Successor State shall make arrangements for the conversion into its own currency of Italian currency held within the ceded territory by persons continuing to reside in the said territory or by juridical persons continuing to carry on business there. Full proof of the source of the funds to be converted may be required from their holders.

6. The Government of the Successor State shall be exempt from the payment of the Italian public debt, but will assume the obligations of the Italian State towards holders who continue to reside in the ceded territory, or who, being juridical persons, retain their *siège social* or principal place of business there, in so far as these obligations correspond to that portion of this debt which has been issued prior to June 10, 1940, and is attributable to public works and civil administrative services of benefit to the said territory but not attributable directly or indirectly to military purposes.

Full proof of the source of such holdings may be required from the holders.

The Successor State and Italy shall conclude arrangements to determine the portion of the Italian public debt referred to in this paragraph and the methods for giving effect to these provisions.

7. Special arrangements shall be concluded between the Successor State and Italy to govern the conditions under which the obligations of Italian public or private social insurance organizations towards the inhabitants of the ceded territory, and a proportionate part of the reserves accumulated by the said organizations, shall be transferred to similar organizations in the Successor State.

Similar arrangements shall also be concluded between the Successor State and Italy to govern the obligations of public and private social insurance organizations whose *siège social* is in the ceded territory, with regard to policy holders or subscribers residing in Italy.

8. Italy shall continue to be liable for the payment of civil or military pensions earned, as of the coming into force of the present Treaty, for service under the Italian State, municipal or other local government authorities, by persons who under the Treaty acquire the nationality of the Successor State, including pension rights not yet matured. Arrangements shall be concluded between the Successor State and Italy providing for the method by which this liability shall be discharged.

9. The property, rights and interests of Italian nationals permanently resident in the ceded territories at the coming into force of the present Treaty shall, provided they have been lawfully acquired, be respected on a basis of equality with the rights of nationals of the Successor State.

The property, rights and interests within the ceded territories of other Italian nationals and also of Italian juridical persons, provided they have been lawfully acquired, shall be subject only to such legislation as may be enacted from time to time regarding the property of foreign nationals and juridical persons generally.

Such property, rights and interests shall not be subject to retention or liquidation under the provisions of Article 79 of the present Treaty, but shall be restored to their owners freed from any measures of this kind and from any other measure of transfer, compulsory administration or sequestration taken between September 3, 1943, and the coming into force of the present Treaty.

10. Persons who opt for Italian nationality and move to Italy shall be permitted, after the settlement of any debts or taxes due from them in ceded territory, to take with them their movable property and transfer their

funds, provided such property and funds were lawfully acquired. No export or import duties will be imposed in connection with the moving of such property. Further, they shall be permitted to sell their movable and immovable property under the same conditions as nationals of the Successor State.

The removal of property to Italy will be effected under conditions and within the limits agreed upon between the Successor State and Italy. The conditions and the time periods of the transfer of the funds, including the proceeds of sales, shall likewise be agreed.

11. The property, rights and interests of former Italian nationals, resident in the ceded territories, who become nationals of another State under the present Treaty, existing in Italy at the coming into force of the Treaty, shall be respected by Italy in the same measure as the property, rights and interests of United Nations nationals generally.

Such persons are authorized to effect the transfer and the liquidation of their property, rights and interests under the same conditions as may be established under paragraph 10 above.

12. Companies incorporated under Italian law and having *siège social* in the ceded territory, which wish to remove *siège social* to Italy, shall likewise be dealt with under the provisions of paragraph 10 above, provided that more than fifty per cent. of the capital of the company is owned by persons usually resident outside the ceded territory, or by persons who opt for Italian nationality under the present Treaty and who move to Italy, and provided also that the greater part of the activity of the company is carried on outside the ceded territory.

13. Debts owed by persons in Italy to persons in the ceded territory or by persons in the ceded territory to persons in Italy shall not be affected by the cession. Italy and the Successor State undertake to facilitate the settlement of such obligations. As used in this paragraph, the term "persons" includes juridical persons.

14. The property in ceded territory of any of the United Nations and its nationals, if not already freed from Italian measures of sequestration or control and returned to its owner, shall be returned in the condition in which it now exists.

15. The Italian Government recognizes that the Brioni Agreement of August 10, 1942, is null and void. It undertakes to participate with the other signatories of the Rome Agreement of May 29, 1923,[1] in any negotiations having the purpose of introducing into its provisions the modifications necessary to ensure the equitable settlement of the annuities which it provides.

16. Italy shall return property unlawfully removed after September 3, 1943, from ceded territory to Italy. Paragraphs 2, 3, 4, 5 and 6 of Article 75 shall govern the application of this obligation except as regards property provided for elsewhere in this Annex.

17. Italy shall return to the Successor State in the shortest possible time any ships in Italian possession which were owned on September 3, 1943, by natural persons resident in ceded territory who acquire the nationality of the Successor State under the present Treaty, or by Italian juridical persons having and retaining *siège social* in ceded territory, except any ships which have been the subject of a bona fide sale.

18. Italy and the Successor States shall conclude agreements providing for a just and equitable apportionment of the property of any existing local authority whose area is divided by any frontier settlement under the present Treaty, and for a continuance to the inhabitants of necessary communal services not specifically covered in other parts of the Treaty.

Similar agreements shall be concluded for a just and equitable allocation of rolling stock and railway equipment and of dock and harbour craft and equipment, as well as for any other outstanding economic matters not covered by this Annex.

19. The provisions of this Annex shall not apply to the former Italian Colonies. The economic and financial provisions to be applied therein will form part of the arrangements for the final disposal of these territories pursuant to Article 23 of the present Treaty.

ANNEX XV

Special Provisions Relating to Certain Kinds of Property

A. INDUSTRIAL, LITERARY AND ARTISTIC PROPERTY

1. *(a)* A period of one year from the coming into force of the present Treaty shall be accorded to the Allied and Associated Powers and their

[1] [The correct date of the Rome Agreement is Mar. 29, 1923.]

nationals without extension fees or other penalty of any sort in order to enable them to accomplish all necessary acts for the obtaining or preserving in Italy of rights in industrial, literary and artistic property which were not capable of accomplishment owing to the existence of a state of war.

(b) Allied and Associated Powers or their nationals who had duly applied in the territory of any Allied or Associated Power for a patent or registration of a utility model not earlier than twelve months before the outbreak of the war with Italy or during the war, or for the registration of an industrial design or model or trade mark not earlier than six months before the outbreak of the war with Italy or during the war, shall be entitled within twelve months after the coming into force of the present Treaty to apply for corresponding rights in Italy, with a right of priority based upon the previous filing of the application in the territory of that Allied or Associated Power.

(c) Each of the Allied and Associated Powers and its nationals shall be accorded a period of one year from the coming into force of the present Treaty during which they may institute proceedings in Italy against those natural or juridical persons who are alleged illegally to have infringed their rights in industrial, literary or artistic property between the date of the outbreak of the war and the coming into force of the present Treaty.

2. A period from the outbreak of the war until a date eighteen months after the coming into force of the present Treaty shall be excluded in determining the time within which a patent must be worked or a design or trade mark used.

3. The period from the outbreak of the war until the coming into force of the present Treaty shall be excluded from the normal term of rights in industrial, literary and artistic property which were in force in Italy at the outbreak of the war or which are recognised or established under part A of this Annex, and belong to any of the Allied and Associated Powers or their nationals. Consequently, the normal duration of such rights shall be deemed to be automatically extended in Italy for a further term corresponding to the period so excluded.

4. The foregoing provisions concerning the rights in Italy of the Allied and Associated Powers and their nationals shall apply equally to the rights in the territories of the Allied and Associated Powers of Italy and its na-

tionals. Nothing, however, in these provisions shall entitle Italy or its nationals to more favourable treatment in the territory of any of the Allied and Associated Powers than is accorded by such Power in like cases to other United Nations or their nationals, nor shall Italy be required thereby to accord to any of the Allied and Associated Powers or its nationals more favourable treatment than Italy or its nationals receive in the territory of such Power in regard to the matters dealt with in the foregoing provisions.

5. Third parties in the territories of any of the Allied and Associated Powers or Italy who, before the coming into force of the present Treaty, had bona fide acquired industrial, literary or artistic property rights conflicting with rights restored under part A of this Annex or with rights obtained with the priority provided thereunder, or had bona fide manufactured, published, reproduced, used or sold the subject matter of such rights, shall be permitted, without any liability for infringement, to continue to exercise such rights and to continue or to resume such manufacture, publication, reproduction, use or sale which had been bona fide acquired or commenced. In Italy, such permission shall take the form of a non-exclusive license granted on terms and conditions to be mutually agreed by the parties thereto or, in default of agreement, to be fixed by the Conciliation Commission established under Article 83 of the present Treaty. In the territories of each of the Allied and Associated Powers, however, bona fide third parties shall receive such protection as is accorded under similar circumstances to bona fide third parties whose rights are in conflict with those of the nationals of other Allied and Associated Powers.

6. Nothing in part A of this Annex shall be construed to entitle Italy or its nationals to any patent or utility model rights in the territory of any of the Allied and Associated Powers with respect to inventions, relating to any article listed by name in the definition of war material contained in Annex XIII of the present Treaty, made, or upon which applications were filed, by Italy, or any of its nationals, in Italy or in the territory of any other of the Axis Powers, or in any territory occupied by the Axis forces, during the time when such territory was under the control of the forces or authorities of the Axis Powers.

7. Italy shall likewise extend the benefits of the foregoing provisions of this Annex to United Nations, other than Allied or Associated Powers,

whose diplomatic relations with Italy have been broken off during the war and which undertake to extend to Italy the benefits accorded to Italy under the said provisions.

8. Nothing in part A of this Annex shall be understood to conflict with Articles 78, 79 and 81 of the present Treaty.

B. INSURANCE

1. No obstacles, other than any applicable to insurers generally, shall be placed in the way of the resumption by insurers who are United Nations nationals of their former portfolios of business.

2. Should an insurer, who is a national of any of the United Nations, wish to resume his professional activities in Italy, and should the value of the guarantee deposits or reserves required to be held as a condition of carrying on business in Italy be found to have decreased as a result of the loss or depreciation of the securities which constituted such deposits or reserves, the Italian Government undertakes to accept, for a period of eighteen months, such securities as still remain as fulfilling any legal requirements in respect of deposits and reserves.

ANNEX XVI

Contracts, Prescription and Negotiable Instruments

A. CONTRACTS

1. Any contract which required for its execution intercourse between any of the parties thereto having become enemies as defined in part D of this Annex, shall, subject to the exceptions set out in paragraphs 2 and 3 below, be deemed to have been dissolved as from the time when any of the parties thereto became enemies. Such dissolution, however, is without prejudice to the provisions of Article 81 of the present Treaty, nor shall it relieve any party to the contract from the obligation to repay amounts received as advances or as payments on account and in respect of which such party has not rendered performance in return.

2. Notwithstanding the provisions of paragraph 1 above, there shall be excepted from dissolution and, without prejudice to the rights contained in Article 79 of the present Treaty, there shall remain in force such parts of any contract as are severable and did not require for their execution intercourse between any of the parties thereto, having become enemies as defined in part D of this Annex. Where the provisions of any contract are not so severable, the contract shall be deemed to have been dissolved in its entirety. The foregoing shall be subject to the application of domestic laws, orders or regulations made by any of the Allied and Associated Powers having jurisdiction over the contract or over any of the parties thereto and shall be subject to the terms of the contract.

3. Nothing in part A of this Annex shall be deemed to invalidate transactions lawfully carried out in accordance with a contract between enemies if they have been carried out with the authorization of the Government of one of the Allied and Associated Powers.

4. Notwithstanding the foregoing provisions, contracts of insurance and re-insurance shall be subject to separate agreements between the Government of the Allied or Associated Power concerned and the Government of Italy.

B. Periods of Prescription

1. All periods of prescription or limitation of right of action or of the right to take conservatory measures in respect of relations affecting persons or property, involving United Nations nationals and Italian nationals who, by reason of the state of war, were unable to take judicial action or to comply with the formalities necessary to safeguard their rights, irrespective of whether these periods commenced before or after the outbreak of war, shall be regarded as having been suspended, for the duration of the war, in Italian territory on the one hand, and on the other hand in the territory of those United Nations which grant to Italy, on a reciprocal basis, the benefit of the provisions of this paragraph. These periods shall begin to run again on the coming into force of the present Treaty. The provisions of this paragraph shall be applicable in regard to the periods fixed for the presentation of interest or dividend coupons or for the presentation for payment of securities drawn for repayment or repayable on any other ground.

2. Where, on account of failure to perform any act or to comply with any formality during the war, measures of execution have been taken in Italian territory to the prejudice of a national of one of the United Nations, the Italian Government shall restore the rights which have been detrimentally affected. If such restoration is impossible or would be inequitable, the Italian Government shall provide that the United Nations national shall be afforded such relief as may be just and equitable in the circumstances.

C. NEGOTIABLE INSTRUMENTS

1. As between enemies, no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or payment, or to give notice of non-acceptance or non-payment to drawers or endorsers, or to protest the instrument, nor by reason of failure to complete any formality during the war.

2. Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice of non-acceptance or non-payment should have been given to the drawer or endorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period of not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment, or protest may be made.

3. If a person has, either before or during the war, incurred obligations under a negotiable instrument in consequence of an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of these obligations, notwithstanding the outbreak of war.

D. SPECIAL PROVISIONS

1. For the purposes of this Annex, natural or juridical persons shall be regarded as enemies from the date when trading between them shall have

become unlawful under laws, orders or regulations to which such persons or the contracts were subject.

2. Having regard to the legal system of the United States of America, the provisions of this Annex shall not apply as between the United States of America and Italy.

ANNEX XVII

Prize Courts and Judgments

A. PRIZE COURTS

Each of the Allied and Associated Powers reserves the right to examine, according to a procedure to be established by it, all decisions and orders of the Italian Prize Courts in cases involving ownership rights of its nationals, and to recommend to the Italian Government that revision shall be undertaken of such of those decisions or orders as may not be in conformity with international law.

The Italian Government undertakes to supply copies of all documents comprising the records of these cases, including the decisions taken and orders issued, and to accept all recommendations made as a result of the examination of the said cases, and to give effect to such recommendations.

B. JUDGMENTS

The Italian Government shall take the necessary measures to enable nationals of any of the United Nations at any time within one year from the coming into force of the present Treaty to submit to the appropriate Italian authorities for review any judgment given by an Italian court between June 10, 1940, and the coming into force of the present Treaty in any proceeding in which the United Nations national was unable to make adequate presentation of his case either as plaintiff or defendant. The Italian Government shall provide that, where the United Nations national has suffered injury by reason of any such judgment, he shall be restored in the position in which he was before the judgment was given or shall be afforded such relief as may be just and equitable in the circumstances. The term "United Nations nationals" includes corporations or associations organised or constituted under the laws of any of the United Nations.

МИРНЫЙ ДОГОВОР С ИТАЛИЕЙ

1947 г.

Союз Советских Социалистических Республик, Соединенное Королевство Великобритании и Северной Ирландии, Соединенные Штаты Америки, Китай, Франция, Австралия, Бельгия, Белорусская Советская Социалистическая Республика, Бразилия, Канада, Чехословакия, Эфиопия, Греция, Индия, Нидерланды, Новая Зеландия, Польша, Украинская Советская Социалистическая Республика, Южно-Африканский Союз и Федеративная Народная Республика Югославии, именуемые в дальнейшем «Союзные и Соединенные Державы», с одной стороны,

и Италия, с другой стороны,

Принимая во внимание, что Италия под фашистским режимом стала участником тройственного пакта с Германией и Японией, предприняла агрессивную войну и тем самым вызвала состояние войны со всеми Союзными и Соединенными Державами и с другими Объединенными Нациями, и несет свою долю ответственности за эту войну; и

Принимая во внимание, что в результате побед вооруженных сил Союзников и с помощью демократических элементов итальянского народа фашистский режим в Италии был 25 июля 1943 года свергнут, и Италия, безоговорочно капитулировав, 3 и 29 сентября того же года подписала условия Перемирия; и

Принимая во внимание, что после указанного Перемирия итальянские вооруженные силы, как правительственные, так и движения сопротивления, приняли активное участие в войне против Германии, и 13 октября 1943 года Италия объявила войну Германии и тем самым стала совоюющей против Германии; и

Принимая во внимание, что Союзные и Соединенные Державы и Италия желают заключить мирный договор, который, соответствуя принципам справедливости, урегулирует вопросы, остающиеся еще нерешенными в результате перечисленных выше событий, и явится основой дружественных отношений между ними, тем самым давая Союзным и Соединенным Державам возможность поддержать обращение Италии о принятии ее в члены Организации Объединенных Наций, а также о присоединении Италии к любой конвенции, заключенной по почину Организации Объединенных Наций;

В соответствии с этим решили объявить о прекращении состо-

яния войны и для этой цели заключить настоящий Мирный Договор и назначили для этого нижеподписавшихся в качестве своих Полномочных Представителей, которые по представлении своих полномочий, найденных в порядке и надлежащей форме, согласились о следующих постановлениях:

ЧАСТЬ I.

ТЕРРИТОРИАЛЬНЫЕ ПОСТАНОВЛЕНИЯ.

Раздел I. Границы.

Статья 1.

Границами Италии должны быть границы, существовавшие на 1 января 1938 года, с изменениями, установленными в статьях 2, 3, 4, 11 и 22. Эти границы показаны на картах, прилагаемых к настоящему Договору (Приложение I). В случае расхождения между описанием границ в тексте и картами, правильным будет считаться описание.

Статья 2.

Граница между Италией и Францией, существовавшая на 1 января 1938 года, должна быть изменена следующим образом:

1. Перевал Малый Сен Бернар.

Статья 3.

Граница между Италией и Югославией будет определена следующим образом:

(i) новая граница идет по линии, исходящей из точки соединения границ Австрии, Италии и Югославии, как они существовали на 1 января 1938 года, и следует на юг по границе 1938 года между Югославией и Италией до точки соединения этой границы с административной границей, разделяющей итальянские провинции Фриули (Удине) и Горица;

(ii) от этой точки линия границы совпадает с указанной административной границей до точки, расположенной приблизительно в 0,5 км. к северу от деревни Мернико в долине Иудрио;

(iii) оставляя в этой точке административную границу, разделяющую итальянские провинции Фриули и Горица, линия границы идет на восток до точки, расположенной приблизительно в 0,5 км. к западу от деревни Верколья ди Косбана, и оттуда направляется на юг, между долинами Куарницца и Косбана, до точки, расположенной приблизительно в 1 километре к юго-западу от деревни Флеана, делая при этом изгиб и пересекая реку Рекка в точке, расположенной приблизительно в 1,5 км. к востоку от Иудрио, и оставляя на востоке дорогу, ведущую из Косбана через Небола в Кастель Добра;

(iv) отсюда линия границы продолжает следовать на юго-восток, проходя непосредственно на юг от дороги между высотами 111 и 172, затем через высоты 57 и 122 южнее дороги из Випульцано в Укланци, которую она пересекает приблизительно в 100 м. восточнее высоты 122, и отклоняется на север в направлении точки, расположенной в 350 м. к юго-востоку от высоты 266;

(v) проходя примерно в 0,5 км. севернее деревни Сан Флориано, линия границы идет на восток до горы Саботино (610), оставляя севернее деревню Поджо Сан Валентино;

(vii) отходя затем от железной дороги, линия границы отклоняется в югозападном направлении, оставляя на территории Югославии город Сан Пьетро и на территории Италии — Оспис и проходящую около него дорогу, пересекает приблизительно в 700 м. от станции Горица Сан Марко ветку, которая связывает упомянутую выше железную дорогу с железной дорогой Заградо — Кормонс, огибает кладбище Горицы, остающееся на территории Италии, проходит между шоссе № 55 из Горицы в Триест, остающимся на территории Италии, и перекрестком дорог у высоты 54, оставляя на территории Югославии города Вертойба и Мерна, и достигает точки, расположенной примерно у высоты 49;

(viii) отсюда линия границы идет в южном направлении, пересекая плато Карсо приблизительно в 1 км. восточнее шоссе № 55 и оставляя восточнее деревню Опаккиаселла и западнее деревню Иамиано;

(ix) от точки, расположенной примерно в 1 км. к востоку от Иамиано, линия границы следует по административной границе, разделявшей провинции Горица и Триест, до точки, расположенной примерно в 2 км. к северо-востоку от деревни Сан Джованни и приблизительно в 0,5 км. к северо-западу от высоты 208 и являющейся точкой соединения границ Югославии, Италии и Свободной Территории Триест.

Статья 5.

1. Точная линия новых границ, установленных в статьях 2, 3, 4 и 22 настоящего Договора, должна быть определена на местности пограничными комиссиями, состоящими из представителей двух заинтересованных Правительств.

2. Комиссии приступят к работе немедленно по вступлении в силу настоящего Договора и закончат ее как можно скорее и, во всяком случае, в течение шестимесячного срока.

4. Расходы пограничных комиссий будут покрываться в равных долях двумя заинтересованными Правительствами.

5. В целях определения на местности точных границ, установленных в статьях 3, 4 и 22, уполномоченным будет разрешено отклоняться на 0,5 километра от установленной в настоящем Договоре линии с тем, чтобы приспособить границу к местным географическим и экономическим условиям, имея в виду, чтобы ни одна деревня или город с населением более 500 жителей, ни одна важная железная или шоссейная дорога, ни одна важная установка энергоснабжения или водоснабжения не были поставлены под суверенитет, иной чем тот, который следует из разграничений, установленных в настоящем Договоре.

2. Район Тенда-Брига.

Для того, чтобы никоим образом не уменьшилось снабжение Италии электроэнергией, которой она пользовалась из источников,

правами человека и основными свободами, включая свободу слова, печати и изданий, религиозного культа, политических убеждений и публичных собраний.

Статья 16.

Италия не будет преследовать или притеснять итальянских граждан, в частности, военнослужащих, исключительно на том основании, что в период с 10 июня 1940 года до даты вступления в силу настоящего Договора они выражали сочувствие делу Союзных и Соединенных Держав или предпринимали действия для поддержки этого дела.

Статья 17.

Италия, которая в соответствии со статьей 30 Соглашения о Перемирии предприняла меры по роспуску фашистских организаций в Италии, не должна разрешать возрождения на итальянской территории таких организаций, будь то политических, военных или военизированных, целью которых является лишение народа его демократических прав.

Статья 18.

Италия обязуется признать полную силу Мирных Договоров с Румынией, Болгарией, Венгрией и Финляндией и других соглашений или урегулирований, которые были или будут достигнуты Союзными и Соединенными Державами относительно Австрии, Германии и Японии для восстановления мира.

Раздел II. Гражданство. Гражданские и политические права.

Статья 19.

1. Итальянские граждане, которые постоянно проживали к 10 июня 1940 года на территории, переходящей от Италии к другому государству на основании настоящего Договора, и их дети, родившиеся после этой даты, станут, за исключением случаев, предусмотренных в нижеследующем пункте, гражданами, обладающими полными гражданскими и политическими правами, государства, к которому переходит территория, в соответствии с законами, которые должны быть введены с этой целью этим государством

в течение трех месяцев со дня вступления в силу настоящего Договора. По приобретении гражданства государства, о котором идет речь, они потеряют итальянское гражданство.

2. Правительство государства, к которому переходит территория, путем соответствующих законов обеспечит в течение трех месяцев со дня вступления в силу настоящего Договора, чтобы все лица, упомянутые в пункте 1, старше 18 лет (или состоящие в браке лица, достигшие или не достигшие этого возраста) и обиходным языком которых является итальянский, имели право оптировать итальянское гражданство в течение одного года со дня вступления в силу настоящего Договора. Любое лицо, оптирующее таким образом, сохранит итальянское гражданство и не будет считаться приобретшим гражданство государства, к которому перешла территория. Оптация мужа не влечет за собой оптации со стороны жены. Оптация со стороны отца или, если отца нет в живых, со стороны матери будет, однако, автоматически включать всех несостоящих в браке детей моложе 18 лет.

3. Государство, к которому переходит территория, может потребовать, чтобы лица, которые воспользовались правом оптации, переселились в Италию в течение года со дня совершения оптации.

4. Государство, к которому переходит территория, обеспечит в соответствии с его основными законами всем лицам на этой территории, без различия расы, пола, языка или религии, пользование правами человека и основными свободами, включая свободу слова, печати и изданий, религиозного культа, политических убеждений и публичных собраний.

Статья 20.

1. В течение одного года со дня вступления в силу настоящего Договора итальянские граждане старше 18 лет (или состоящие в браке лица, достигшие или не достигшие этого возраста), обиходным языком которых является один из югославских языков (сербский, хорватский или словенский) и которые постоянно проживают на итальянской территории, могут, обратившись к дипломатиче-

скому или консульскому представителю Югославии в Италии с соответствующей просьбой, получить югославское гражданство, если югославские власти удовлетворят эту просьбу.

2. В таких случаях Правительство Югославии будет передавать Правительству Италии дипломатическим путем списки лиц, которые получают таким образом югославское гражданство. Лица, занесенные в эти списки, теряют итальянское гражданство с момента такого официального сообщения.

3. Правительство Италии может потребовать от этих лиц, чтобы они переселились в Югославию в годичный срок, считая со дня упомянутого официального сообщения.

4. Правила, касающиеся последствий оптации для жен и детей, установленные в пункте 2 статьи 19, применяются для целей настоящей статьи.

5. Положения пункта 10 Приложения XIV к настоящему Договору, относящиеся к передаче имущества, принадлежащего лицам, оптирующим итальянское гражданство, будут равным образом применяться к передаче имущества, принадлежащего лицам, оптирующим югославское гражданство согласно настоящей статье.

a) часть итальянского заводского и инструментального оборудования, предназначенного для производства военных материалов и техники, которое не требуется для разрешенных военных формирований, не может быть легко приспособлено для гражданских целей и которое будет изъято из Италии в соответствии со статьей 67 настоящего Договора;

b) текущая продукция итальянской промышленности, включая продукцию добывающей промышленности;

c) все другие виды капитальных ценностей или услуг, за исключением итальянских активов, на которые в силу статьи 79 настоящего Договора распространяется юрисдикция государств, перечисленных в предыдущем пункте 1. Поставки, производимые согласно настоящему пункту, будут включать пассажирские суда «Сатурния» и «Вулкания», или любое из них, если, после оценки их стоимости Четырьмя Послами, в течение 90 дней на них будут заявлены претензии со стороны одного из государств, указанных в предыдущем пункте 1. Такие поставки могут включать также семена.

3. Количество и виды товаров, подлежащих поставке, а также услуги, которые должны быть оказаны, явятся предметом соглашений между Правительствами, которые имеют право на репарации,

и Правительством Италии, и эти товары и услуги должны выбираться, а поставки распределяться во времени таким путем, чтобы не помешать экономической реконструкции Италии и не создавать дополнительных обязательств для других Союзных или Соединенных Держав.

4. Государства, имеющие право на репарации за счет текущей промышленной продукции, будут поставлять Италии на коммерческих условиях материалы, которые обычно импортируются в Италию и которые необходимы для производства этих товаров. Оплата этих материалов будет производиться путем вычета стоимости поставленных материалов из стоимости доставленных товаров.

5. В основу расчетов по платежам, предусмотренным в настоящей статье, положен доллар США по его золотому паритету на 1 июля 1946 года, т. е. 35 долларов за 1 унцию золота.

6. Требования государств, перечисленных в пункте 1 части В настоящей статьи, в размере, превышающем суммы репараций, определенные в указанном пункте 1, будут удовлетворены за счет итальянских активов, поставленных под юрисдикцию соответственных государств на основании статьи 79 настоящего Договора.

7. *a*) Четыре Посла будут координировать и наблюдать за выполнением положений части В настоящей статьи. Они будут консультироваться с Главами дипломатических миссий в Риме, представляющими государства, поименованные в пункте 1 части В, и, когда потребуют обстоятельства, — с Правительством Италии, а также будут давать им советы. Для целей настоящей статьи Четыре Посла будут продолжать действовать до истечения периода репарационных поставок, предусмотренного в пункте 1 части В.

b) Для того, чтобы избежать конфликтов или взаимно исключающих совпадений при распределении итальянской продукции и ресурсов между различными государствами, имеющими право на репарации согласно части В настоящей статьи, Четыре Посла будут информироваться любым из Правительств, имеющих право на репарации согласно части В настоящей статьи, и Правительством

Италии о начале переговоров по заключению соглашения, согласно пункту 3 выше, и о ходе таких переговоров. В случае каких-либо разногласий, возникающих в ходе переговоров, Четыре Посла будут правомочны разрешать любой вопрос, переданный им тем или другим из Правительств, ведущих переговоры, или любым другим Правительством, имеющим право на репарации согласно части В настоящей статьи.

c) Заключенные соглашения должны сообщаться Четырем Послам. Четыре Посла могут рекомендовать внести соответствующие изменения в соглашение, которое не соответствует или перестало соответствовать целям, изложенным в пункте 3 или в подпункте «*b*» настоящего пункта.

C. СПЕЦИАЛЬНОЕ ПОСТАНОВЛЕНИЕ О ДОСРОЧНЫХ ПОСТАВКАХ.

Что касается поставок за счет текущей промышленной продукции, как они предусмотрены в пункте 2 «*c*» части А и пункте 2 «*b*» части В, то ничто в частях А и В настоящей статьи не должно рассматриваться как предотвращающее поставки в течение первых двух лет, если такие поставки производятся в соответствии с соглашениями между Правительством, имеющим право на репарации, и Правительством Италии.

D. РЕПАРАЦИИ В ПОЛЬЗУ ДРУГИХ ГОСУДАРСТВ.

1. Претензии других Союзных и Соединенных Держав будут удовлетворены за счет итальянских активов, находящихся соответственно в пределах их юрисдикции согласно статье 79 настоящего Договора.

2. Претензии любого государства, к которому переходят территории согласно настоящему Договору и которое не упомянуто в части В настоящей статьи, будут также удовлетворены путем безвозмездной передачи указанному государству промышленных предприятий и оборудования, находящихся на переходящих территориях и используемых для водоснабжения и для производства и распределения газа и электроэнергии и принадлежащих какой-либо итал-

янской компании, главная контора которой находится в Италии или переведена в Италию, а также путем передачи всех других активов таких компаний на переходящих территориях.

3. Правительство Италии принимает на себя ответственность по финансовым обязательствам, обеспеченным закладными, залоговыми и другими обременениями такой собственности.

Е. КОМПЕНСАЦИЯ ЗА СОБСТВЕННОСТЬ, ИЗЪЯТУЮ ДЛЯ ЦЕЛЕЙ РЕПАРАЦИЙ.

Правительство Италии обязуется компенсировать всех физических или юридических лиц, собственность которых изъята для репарационных целей в соответствии с настоящей статьей.

Раздел II. Реституции, осуществляемые Италией.

Статья 75.

1. Италия принимает принципы Декларации Объединенных Наций от 5 января 1943 года и вернет в возможно кратчайший срок имущество, вывезенное с территории любой из Объединенных Наций.

2. Обязательство производить реституции относится ко всей опознаваемой собственности, находящейся в настоящее время в Италии, которая была вывезена насильственно или по принуждению какой-либо из держав оси с территории любой из Объединенных Наций, независимо от каких-либо последующих сделок, путем которых нынешний владелец такой собственности вступил во владение ею.

3. Правительство Италии должно вернуть указанное в настоящей статье имущество в сохранности и принять на себя в этом отношении все расходы в Италии, относящиеся к рабочей силе, материалам и транспорту.

4. Правительство Италии будет оказывать содействие Объединенным Нациям и предоставит за свой счет все необходимые возможности для розыска и реституции имущества, подлежащего реституции согласно настоящей статье.

5. Правительство Италии примет необходимые меры, чтобы добиться возвращения имущества, указанного в настоящей статье, которым владеют в любой третьей стране лица, находящиеся под итальянской юрисдикцией.

6. Требования реституции имущества должны быть предъявлены Правительству Италии Правительством той страны, с территории которой было вывезено это имущество; при этом понимается, что железнодорожный подвижной состав будет рассматриваться как вывезенный из страны, которой он первоначально принадлежал. Такие требования могут предъявляться в течение шести месяцев со дня вступления в силу настоящего Договора.

7. Бремя доказательства в отношении опознавания имущества и доказательства права собственности возлагается на Правительство, предъявляющее претензию, а бремя доказательства того, что имущество не было вывезено насильственно или по принуждению, возлагается на Правительство Италии.

8. Правительство Италии должно вернуть Правительству соответствующей Объединенной Нации все монетное золото, награбленное или незаконно вывезенное в Италию, или передать Правительству соответствующей Объединенной Нации количество золота, равное по весу и пробе тому количеству, которое было награблено или незаконно вывезено. Это обязательство признается Правительством Италии существующим независимо от каких бы то ни было передач или вывоза золота из Италии в любую другую державу оси или в нейтральную страну.

9. Если в отдельных случаях для Италии является невозможным произвести реституцию предметов, представляющих художественную, историческую или археологическую ценность, которые составляют часть культурного достояния Объединенной Нации, с терррритории которой эти предметы были вывезены итальянскими армиями, властями или гражданами насильственно или по принуждению, Италия обязуется передать заинтересованной Объединенной Нации предметы того же рода и приблизительно равноценные вывезенным предметам, поскольку такие предметы могут быть получены в Италии.

Раздел III. Отказ Италии от претензий.

Статья 76.

1. Италия отказывается от всех претензий любого характера, от имени Правительства Италии или итальянских граждан, к Союзным и Соединенным Державам, связанных непосредственно с войной или вытекающих из мероприятий, предпринятых в силу существования состояния войны в Европе после 1 сентября 1939 года, независимо от того, находилась ли в это время соответствующая Союзная или Соединенная Держава в состоянии войны с Италией или нет. Этот отказ от претензий включает нижеследующее:

a) претензии в связи с потерями или ущербом, понесенными вследствие действий вооруженных сил или властей Союзных или Соединенных Держав;

b) претензии, вытекающие из присутствия, операций или действий вооруженных сил или властей Союзных или Соединенных Держав на итальянской территории;

c) претензии в отношении решений или распоряжений призовых судов Союзных или Соединенных Держав, причем Италия признает действительными и обязательными все решения и распоряжения таких призовых судов, вынесенные 1 сентября 1939 года или позднее, относительно итальянских судов или итальянских грузов или оплаты издержек;

d) претензии, вытекающие из осуществления прав воюющей стороны или из мер, принятых с целью осуществления этих прав.

2. Положения настоящей статьи должны исключать полностью и окончательно все претензии указанного выше характера, которые отныне будут прекращены, кто бы ни являлся заинтересованной стороной. Правительство Италии соглашается выплатить справедливую компенсацию в лирах лицам, которые предоставили вооруженным силам Союзных или Соединенных Держав на итальянской территории снабжение или услуги по реквизиции, а также для удовлетворения возникших на итальянской территории претензий за невоенный ущерб, предъявленных вооруженным силам Союзных или Соединенных Держав.

3. Италия равным образом отказывается от всех претензий такого характера, который указан в пункте 1 настоящей статьи, от имени Правительства Италии или итальянских граждан, к любой из Объединенных Наций, порвавшей дипломатические отношения с Италией и предпринявшей действия в сотрудничестве с Союзными и Соединенными Державами.

4. Правительство Италии должно принять на себя полную ответственность за всю военную валюту союзников, выпущенную в Италии союзными военными властями, включая всю такую валюту, которая будет находиться в обращении на день вступления в силу настоящего Договора.

5. Отказ Италии от претензий согласно пункту 1 настоящей статьи включает любые претензии, вытекающие из мер, принятых любой из Союзных и Соединенных Держав в отношении итальянских судов между 1 сентября 1939 года и днем вступления в силу настоящего Договора, а также любые претензии и долги, вытекающие из ныне действующих конвенций о военнопленных.

6. Положения настоящей статьи не должны рассматриваться как затрагивающие право собственности на подводные кабели, которые к началу войны принадлежали Правительству Италии или итальянским гражданам. Этот пункт не исключает применения к подводным кабелям статьи 79 и Приложения XIV.

Статья 77.

1. Со дня вступления в силу настоящего Договора собственность Италии и итальянских граждан, находящаяся в Германии, не будет больше рассматриваться как вражеская собственность, и все ограничения, связанные с таким режимом, должны быть отменены.

2. Опознаваемая собственность Италии и итальянских граждан, вывезенная насильственно или по принуждению с территории Италии в Германию германскими вооруженными силами или властями после 3 сентября 1943 года, подлежит возврату.

3. Реституция и восстановление итальянской собственности

в Германии будут осуществляться в соответствии с мероприятиями, которые будут определены Державами, оккупирующими Германию.

4. Без ущерба для вышеизложенных и для любых других постановлений, принятых в пользу Италии и ее граждан Державами, оккупирующими Германию, Италия, от своего имени и от имени итальянских граждан отказывается от всех оставшихся неурегулированными на 8 мая 1945 года претензий в отношении Германии и германских граждан, за исключением претензий, вытекающих из контрактов и других обязательств, заключенных до 1 сентября 1939 года, и прав, приобретенных до этой даты. Этот отказ будет рассматриваться как включающий долги, все межправительственные претензии, связанные с соглашениями, заключенными во время войны, и все претензии на возмещение за потери или ущерб, возникшие во время войны.

5. Италия соглашается принять все необходимые меры для облегчения такой передачи германских активов, находящихся в Италии, какая может быть определена теми из оккупирующих Германию Держав, которые имеют право распоряжаться указанными активами.

ЧАСТЬ VII.

СОБСТВЕННОСТЬ, ПРАВА И ИНТЕРЕСЫ.

Раздел I. Собственность Объединенных Наций в Италии.

Статья 78.

1. Италия, поскольку ею это еще не сделано, восстановит все законные права и интересы Объединенных Наций и их граждан в Италии, как они существовали на 10 июня 1940 года, и вернет всю собственность Объединенных Наций и их граждан в Италии в том состоянии, в котором она находится в настоящее время.

2. Правительство Италии обязуется восстановить всю собственность, права и интересы, подпадающие под действие настоящей статьи, без всяких обременений и обложений любого вида, ко-

торым они могли подвергнуться вследствие войны, и без взимания Правительством Италии каких-либо сборов в связи с их возвращением. Правительство Италии аннулирует все мероприятия, включая отобрание, секвестр или контроль, проведенные им в отношении собственности Объединенных Наций между 10 июня 1940 года и днем вступления в силу настоящего Договора. В случаях невозвращения собственности в течение 6 месяцев со дня вступления в силу настоящего Договора, заявление о возвращении собственности должно быть подано итальянским властям не позднее чем в течение 12 месяцев со дня вступления в силу настоящего Договора, за исключением случаев, когда заявитель может доказать, что он не мог подать своего заявления в течение этого срока.

3. Правительство Италии должно аннулировать передачи, относящиеся к собственности, правам и интересам всякого рода, принадлежащим гражданам Объединенных Наций, в тех случаях, когда такие передачи были результатом насилия или принуждения со стороны правительств держав оси или их органов во время войны.

4. *a*) Правительство Италии несет ответственность за приведение во вполне исправное состояние собственности, возвращаемой гражданам Объединенных Наций согласно пункту 1 настоящей статьи. В тех случаях, когда собственность не может быть возвращена, или когда в результате войны гражданин Объединенных Наций потерпел убыток вследствие повреждения или порчи собственности в Италии, он должен получить от Правительства Италии компенсацию в лирах в пределах двух третей суммы, необходимой в день выплаты для того, чтобы купить аналогичную собственность или возместить понесенный убыток. Граждане Объединенных Наций ни в коем случае не должны ставиться в менее благоприятное положение в отношении компенсации, чем итальянские граждане.

b) Граждане Объединенных Наций, имеющие прямой или косвенный собственнический интерес в корпорациях или ассоциациях, национальность которых не является национальностью Объединенных Наций в значении пункта 9 «*a*» настоящей статьи, но которые потерпели убыток вследствие повреждения или порчи собственности в Италии, должны получить компенсацию в соответствии

с подпунктом «*a*» выше. Эта компенсация должна исчисляться на основе общих убытков или ущерба, понесенных корпорацией или ассоциацией, и должна составлять по отношению к таким убыткам или ущербу ту же пропорцию, какую составляют приносящие доход интересы таких граждан по отношению к общему капиталу корпорации или ассоциации.

c) Компенсация должна выплачиваться без каких-либо обложений, налогов или других сборов. Она может свободно использоваться в Италии, но должна подлежать правилам контроля над иностранными девизами, которые могут время от времени вводиться в Италии.

d) Правительство Италии предоставит гражданам Объединенных Наций возмещение в лирах в том же самом размере, который предусмотрен в подпункте «*a*» выше, чтобы компенсировать потери или ущерб, возникшие в результате особых мер, которые применялись к их собственности во время войны, но которые не применялись к итальянской собственности. Этот подпункт не распространяется на упущенные выгоды.

5. Все произведенные в Италии разумные расходы по предъявлению претензий, включая расходы на подсчет потерь или ущерба, должно нести Правительство Италии.

6. Граждане Объединенных Наций и их собственность должны быть освобождены от всяких исключительных налогов, сборов или податей, налагавшихся на их основные фонды в Италии Правительством Италии или любой итальянской властью в период между 3 сентября 1943 года и днем вступления в силу настоящего Договора со специальной целью покрытия расходов, связанных с войной, или покрытия издержек на оккупационные силы или на репарации в пользу любой из Объединенных Наций. Любые суммы, выплаченные таким образом, должны быть возвращены.

7. Несмотря на переход территории, предусмотренный в настоящем Договоре, Италия продолжает нести ответственность за убытки или ущерб, понесенные во время войны на переходящей территории или на Свободной Территории Триест собственностью,

принадлежащей гражданам Объединенных Наций. Обязательства, содержащиеся в пунктах 3, 4, 5 и 6 настоящей статьи, также лежат на Правительстве Италии в отношении находящейся на переходящей территории и на Свободной Территории Триест собственности граждан Объединенных Наций, за исключением случаев, когда это противоречит положениям пункта 14 Приложения X и пункта 14 Приложения XIV к настоящему Договору.

8. Заинтересованный собственник и Правительство Италии могут заключать соглашения взамен положений настоящей статьи.

9. Применяемые в настоящей статье:

a) Выражение «граждане Объединенных Наций» означает физических лиц, являющихся к моменту вступления в силу настоящего Договора гражданами любой из Объединенных Наций, или корпорации или ассоциации, организованные к этому моменту по законам любой из Объединенных Наций, при условии, что указанные лица, корпорации или ассоциации имели такой статус также и в момент заключения Перемирия с Италией 3 сентября 1943 года.

Выражение «граждане Объединенных Наций» также включает всех физических лиц, корпорации или ассоциации, которые на основании законов, действовавших в Италии во время войны, рассматривались как вражеские.

b) Выражение «собственник» означает гражданина Объединенных Наций, как определено в подпункте «*a*» выше, имеющего право на данную собственность, и включает преемника такого собственника, при условии, что преемник также является гражданином одной из Объединенных Наций, как определено в подпункте «*a*» Если преемник приобрел собственность в поврежденном виде, то лицо передающее сохраняет свои права на возмещение на основании настоящей статьи без ущерба для обязательств, существующих между лицом передающим и лицом приобретающим в соответствии с внутренними законами.

c) Выражение «собственность» означает всю движимую или недвижимую собственность, материальную или нематериальную, включая промышленную, литературную и художественную собственность, а также все права или интересы всякого рода в соб-

ственности. Без ущерба для общего характера предыдущих постановлений выражение «собственность Объединенных Наций и их граждан» включает все морские и речные суда вместе с их инвентарем и оборудованием, которые либо принадлежали Объединенным Нациям или их гражданам, либо были зарегистрированы на территории одной из Объединенных Наций, либо плавали под флагом одной из Объединенных Наций, и которые после 10 июня 1940 года, во время нахождения их в итальянских водах или после их насильственного привода в итальянские воды, либо были поставлены под контроль итальянских властей, как вражеская собственность, либо перестали находиться в Италии в свободном распоряжении Объединенных Наций или их граждан вследствие проведения итальянскими властями мероприятий по контролю в связи с существованием состояния войны между Объединенными Нациями и Германией.

Раздел II. Итальянская собственность на территории Союзных и Соединенных Держав.

Статья 79.

1 Каждая из Союзных и Соединенных Держав будет иметь право взять, удержать, ликвидировать или предпринять любое другое действие в отношении всей собственности, прав и интересов, которые на день вступления в силу настоящего Договора будут находиться на ее территории и принадлежать Италии или итальянским гражданам, а также использовать такую собственность или выручку от нее для таких целей, какие эта держава сочтет желательными в пределах претензий этой державы и ее граждан к Италии или к итальянским гражданам, — включая долги, — которые не были полностью удовлетворены в силу других статей настоящего Договора. Вся итальянская собственность или выручка от ее ликвидации, превышающие сумму таких претензий, должны быть возвращены.

2. Ликвидация итальянской собственности и распоряжение ею будут проводиться в соответствии с законом заинтересованной

Союзной или Соединенной Державы. Итальянский собственник не будет иметь прав в отношении такой собственности, за исключением тех, которые могут быть предоставлены ему в силу этого закона.

3. Правительство Италии обязуется компенсировать итальянских граждан, собственность которых изъята в силу настоящей статьи и не возвращена им.

4. Данная статья не возлагает на ту или иную из Союзных или Соединенных Держав никакого обязательства возвратить Правительству Италии или итальянским гражданам промышленную собственность или включить такую собственность при определении суммы, которая может быть удержана согласно пункту 1 настоящей статьи. Правительство каждой из Союзных и Соединенных Держав будет иметь право установить такие ограничения и условия в отношении прав или интересов, касающихся промышленной собственности, приобретенной до дня вступления в силу настоящего Договора на территории этой Союзной или Соединенной Державы Правительством или гражданами Италии, какие Правительство данной Союзной или Соединенной Державы сочтет необходимыми в своих национальных интересах.

5. *a*) Итальянские подводные кабели, соединяющие пункты, расположенные на югославской территории, будут рассматриваться как итальянская собственность в Югославии, даже и в том случае, если некоторая часть этих кабелей находится за пределами югославских территориальных вод.

b) Итальянские подводные кабели, соединяющие пункт, расположенный на территории одной из Союзных или Соединенных Держав, с пунктом на итальянской территории, будут для целей настоящей статьи рассматриваться как итальянская собственность, поскольку это касается конечных сооружений и тех частей кабелей, которые находятся в территориальных водах этой Союзной или Соединенной Державы.

6. Собственность, предусмотренная пунктом 1 настоящей статьи, должна рассматриваться как включающая итальянскую собственность, которая подлежала контролю в силу состояния войны,

существовавшего между Италией и Союзной или Соединенной Державой, имеющей юрисдикцию над этой собственностью, но не должна включать:

a) собственность Правительства Италии, используемую для консульских или дипломатических целей;

b) собственность, принадлежащую религиозным организациям или частным благотворительным учреждениям и используемую исключительно для религиозных или благотворительных целей;

c) собственность физических лиц, которые являются итальянскими гражданами, получившими разрешение проживать в пределах территории той страны, в которой находится эта собственность, или проживать в любом другом месте на территории стран Объединенных Наций, за исключением итальянской собственности, которая когда-либо во время войны являлась объектом мер, не применявшихся как правило к собственности итальянских граждан, проживающих на той же территории;

d) имущественные права, возникшие после возобновления торговых и финансовых отношений между Союзными и Соединенными Державами и Италией или возникшие из сделок между Правительством любой Союзной или Соединенной Державы и Италией после 3 сентября 1943 года;

e) права на литературную и художественную собственность;

f) собственность итальянских граждан, находящуюся на переходящих территориях, к которой должны применяться постановления Приложения XIV;

g) за исключением активов, указанных в пункте 2 «*b*» части A и пункте 1 части D статьи 74, собственность физических лиц, проживающих на переходящих территориях или на Свободной Территории Триест, которые не оптируют итальянского гражданства в силу настоящего Договора, и собственность корпораций или ассоциаций, имеющих главную контору на переходящих территориях или на Свободной Территории Триест, при условии, что такие корпорации или ассоциации не принадлежат лицам, проживающим в Ита-

лии, или не контролируются ими. Что касается случаев, предусмотренных в пункте 2 «*b*» части А статьи 74 и в пункте 1 части D той же статьи, то вопрос о компенсации будет разрешен в соответствии с частью Е статьи 74.

Раздел III. Заявление Союзных и Соединенных Держав относительно их претензий.

Статья 80.

Союзные и Соединенные Державы заявляют, что права, которые им предоставлены статьями 74 и 79 настоящего Договора, охватывают все их претензии и претензии их граждан за потери и ущерб в результате войны, включая сюда и мероприятия, принятые в условиях оккупации их территории, ответственность за которые будет падать на Италию и которые имели место за пределами территории Италии, за исключением, однако, претензий, основанных на статьях 75 и 78.

Раздел IV. Долги.

Статья 81.

1. Существование состояния войны само по себе не будет считаться фактором, влияющим на обязательство выплачивать денежные долги, вытекающие из обязательств и контрактов, существовавших до возникновения состояния войны, — а также из прав, приобретенных до этого времени, — срок уплаты которых наступил до дня вступления в силу настоящего Договора и которые причитаются с Правительства или граждан Италии Правительству или гражданам одной из Союзных и Соединенных Держав, или которые причитаются с Правительства или граждан одной из Союзных и Соединенных Держав Правительству или гражданам Италии.

2. За исключением случаев, специально предусмотренных в настоящем Договоре, ничто в нем не должно толковаться как наносящее ущерб отношениям между дебиторами и кредиторами, вытекающим из довоенных контрактов, заключенных Правительством или гражданами Италии.

ЧАСТЬ VIII.

ОБЩИЕ ЭКОНОМИЧЕСКИЕ ОТНОШЕНИЯ.

Статья 82.

1. До заключения торговых договоров или соглашений между отдельными Объединенными Нациями и Италией, Правительство Италии будет предоставлять в течение 18 месяцев со дня вступления в силу настоящего Договора нижеуказанный режим каждой из Объединенных Наций, которая на началах взаимности фактически предоставит Италии аналогичный режим в подобных вопросах:

a) Во всем, что касается пошлин и сборов по импорту или экспорту, внутреннего обложения импортируемых товаров, а также всех правил, относящихся к этому, Объединенным Нациям будет предоставлен безусловный режим наибольшего благоприятствования.

b) Во всех других отношениях Италия не должна проводить произвольной дискриминации, направленной против товаров, производимых на любой территории любой из Объединенных Наций или предназначенных для этой территории, по сравнению с подобными товарами, производимыми на территории любой другой из Объединенных Наций или на территории любой другой иностранной державы или предназначенными для этих территорий.

c) Гражданам Объединенных Наций, в том числе юридическим лицам, должен быть предоставлен национальный режим и режим наибольшего благоприятствования во всех вопросах, касающихся торговли, промышленности, мореплавания и других видов торговой деятельности в Италии. Эти постановления не должны применяться к коммерческой авиации.

d) Италия не будет предоставлять никакого исключительного или дискриминационного права какой бы то ни было стране в отношении использования коммерческих самолетов в международном сообщении; она предоставит всем Объединенным Нациям равные возможности в приобретении на итальянской территории прав в области международной коммерческой авиации, включая право посадки для заправки горючим и ремонта; что касается использования коммерче-

ских самолетов в международном сообщении, она предоставит всем Объединенным Нациям на основе взаимности и без дискриминации право беспосадочного полета над итальянской территорией. Эти постановления не должны затрагивать интересов национальной обороны Италии.

2. Вышеупомянутые обязательства Италии должны пониматься в том смысле, что на них распространяются изъятия, обычно включавшиеся в торговые договоры, заключенные Италией до войны, а постановления, относящиеся к взаимности со стороны каждой из Объединенных Наций, должны пониматься в том смысле, что на них распространяются изъятия, обычно включаемые в торговые договоры данного государства.

ЧАСТЬ IX.

РАЗРЕШЕНИЕ СПОРОВ.

Статья 83.

1. Споры, могущие возникнуть при осуществлении статей 75 и 78 и Приложений XIV, XV, XVI и части B Приложения XVII настоящего Договора, должны передаваться Согласительной Комиссии, составленной на паритетных началах из одного представителя Правительства заинтересованной Объединенной Нации и одного представителя Правительства Италии. Если в течение трех месяцев после передачи спора Согласительной Комиссии не будет достигнуто соглашения, каждое из Правительств может потребовать включения в Комиссию третьего члена, избираемого по взаимному соглашению между обоими Правительствами из числа граждан третьих стран. Если два Правительства в течение двух месяцев не смогут достигнуть соглашения относительно избрания третьего члена Комиссии, они обращаются к Послам Советского Союза, Соединенного Королевства, Соединенных Штатов Америки и Франции в Риме, которые назначат третьего члена Комиссии. Если Послы не смогут в течение одного месяца согласиться о назначении этого члена, то любая из сторон может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение.

2. Когда та или иная Согласительная Комиссия будет учреждена согласно пункту 1, в ее компетенцию будет входить разрешение всех споров, которые могут впоследствии возникнуть между заинтересованной страной Объединенных Наций и Италией при применении или толковании статей 75 и 78 и Приложений XIV, XV, XVI и части В Приложения XVII настоящего Договора, и она будет выполнять функции, возложенные на нее этими постановлениями.

3. Каждая Согласительная Комиссия определит свою собственную процедуру, устанавливая правила, соответствующие принципам справедливости и правосудия.

4. Каждое Правительство будет платить жалование тому члену Согласительной Комиссии, которого оно назначит, а также любому представителю, которому оно может поручить представлять его в Комиссии. Жалование третьего члена будет установлено по специальному соглашению между заинтересованными Правительствами, и это жалование, вместе с общими расходами каждой Комиссии, будет выплачиваться обоими Правительствами в равных долях.

5. Стороны принимают на себя обязательство, что их власти будут оказывать Согласительной Комиссии непосредственно всякое содействие в пределах своих полномочий.

6. Решение большинства членов Комиссии будет являться решением Комиссии и должно приниматься сторонами как окончательное и обязательное.

ЧАСТЬ X.

РАЗНЫЕ ЭКОНОМИЧЕСКИЕ ПОСТАНОВЛЕНИЯ.

Статья 84.

Статьи 75, 78 и 82 и Приложение XVII настоящего Договора будут применяться к Союзным и Соединенным Державам и к тем из Объединенных Наций, которые порвали дипломатические отношения с Италией или с которыми Италия порвала дипломатические отношения. Эти статьи и Приложение будут также применяться в отношении Албании и Норвегии.

Статья 85.

Постановления Приложений VIII, X, XIV, XV, XVI и XVII, как и постановления других Приложений, будут иметь силу как неотъемлемые части настоящего Договора.

ЧАСТЬ XI.

ЗАКЛЮЧИТЕЛЬНЫЕ ПОСТАНОВЛЕНИЯ.

Статья 86.

1. Франко-итальянская граница.

Подробное описание участков границы, к которым относятся изменения, указанные в статье 2.

Перевал Малый Сен Бернар.

См. карту 1:20.000, Сент Фуа Тарантез № 1-2.

Новая граница будет следовать по линии, которая начинается на скалистом гребне Лансебранлет, затем, спускаясь к востоку, следует по линии водораздела до высоты 2.180, откуда она идет к Колонна Жу (2.188). Отсюда, продолжая следовать по линии водораздела, она поднимается на гору Коста дель Бельведер, проходит по ее скалистым отрогам, поднимается на гору Бельведер, вершину которой она огибает, оставляя ее на французской территории в 120 м. от границы, и, проходя через высоты 2.570, 2.703, гору Белла Валетта и высоту 2.746, соединяется с прежней границей у горы Валезан.

Плато Мон Сени.

См. карту 1:20.000, Лансlебург 5-6 и 7-8 и Мон д'Амбэн 1-2.

Новая граница будет следовать по линии, которая отходит от прежней границы у горы Тур, идет к западу по административной

границе, которая обозначена на карте, и вниз по течению горного потока Витун, начиная с того места, где она встречается с его северным рукавом, до Рокка делля Торретта (скала Торретта).

Далее, следуя вдоль скалистых отрогов, линия границы доходит до горного потока, текущего с Альп Ламет, и идет вниз по его течению до подножья скалистого склона, вдоль которого она проходит по тальвегу на протяжении примерно 800 метров до пункта, расположенного приблизительно в 200 метрах к северу от высоты 1.805.

Затем линия идет к вершине гряды оползней, которая возвышается над Феррера Ченизио, приблизительно в 300 метрах от него, и, продолжая следовать в западном направлении, достигает дороги, которая огибает с востока Реджоне Парадизо, в точке в 400 метрах на запад от ее поворота (1.854), затем сразу отходит от этой дороги и спускается в южном направлении.

Линия границы пересекает затем дорогу, ведущую в Бар Ченизиа, приблизительно в 100 метрах на юго-восток от убежища 5, пересекает также тальвег, идя в направлении озера Сан Джорджо, следует примерно по горизонтали 1.900 до высоты 1.907, обходя озеро Арпон с южной стороны, и достигает скалистого гребня, по которому она идет в югозападном направлении до слияния горных потоков, берущих начало у ледника Бард (Гьяччайо ди Бард), в пункте приблизительно в 1.400 метрах к юго-западу от озера Арпон.

Отсюда, отклоняясь к югу, линия границы следует примерно по горизонтали 2.500, достигает высоты 2.579, идет затем вдоль горизонтали 2.600, достигает озера Веккия и соединяется у административной границы, обозначенной на карте, примерно в 700 м. к юго-востоку от озера, с тропой, ведущей к перевалу д'Аванца, по которой она идет вдоль скалистого обрыва до прежней границы, соединяясь с ней в точке, расположенной на полпути между перевалом Веккия и перевалом Клапье.

Мон Табор.

См. карту 1:20.000, Неваш 1-2, 5-6 и 7-8.

От вершины Планетт до Роше де Гион (вершина Сюер).

Новая граница будет следовать по линии, которая отходит от прежней границы у вершины Планетт, и, направляясь к югу, проходит по хребту через высоты 2.980, 3.178, Рокка Бернауде (скала Бернауде) (3.228), высоты 2.842, 2.780, 2.877, перевал Галлина (2.671), высоты 2.720, 2.806 и пик Кваттро Сорелле (2.700).

Спускаясь по восточному склону этого пика, линия границы оставляет на французской территории высоту 2.420, откуда далее она выходит к тропе и следует вдоль нее с восточной стороны по направлению к постройкам, расположенным приблизительно в 200 метрах от высоты 2.253, оставляя эту тропу и эти постройки на французской территории. Затем она выходит к тальвегу, проходя по нему приблизительно в 300 метрах к северо-востоку от высоты 1.915, откуда она достигает северозападного края водохранилища в Валле Стретта (Узкая Долина), которое питает гидроэлектрические сооружения Сетте Фонтане, оставляя это водохранилище и эти сооружения на итальянской территории. Огибая водохранилище с юга, она достигает перекрестка дорог у высоты 1.499.

Затем она выходит к тропе, идущей по опушке леса вдоль горизонтали 1.500, и следует по ней до Комба делля Горджа (приблизительно у горизонтали 1.580) далее она идет вверх по тальвегу к высоте 1.974, выходит к гребню скалистых отрогов Сюер через высоты 2.272, 2.268, 2.239, 2.266, 2.267 и идет вдоль этих отрогов вплоть до прежней границы; причем гребень отрогов и тропа, которая идет вдоль него, остаются на французской территории.

Шабертон.

См. карту 1:20.000, Брианcон 3-4.

Новая граница будет следовать по линии, которая, отходя от прежней границы у высоты 3.042 (к северу от высоты 3.070 и к северу от пика Труа Си), идет по скалистому гребню до Кроче дель Валлонетто.

От Кроче дель Валлонетто линия границы направляется к югу вдоль скалистого гребня и достигает дороги, ведущей к Шабертон в том пункте, где эта дорога входит в котловину Кло де Мор.

Пересекая эту дорогу и тальвег, вдоль которого эта дорога идет, линия границы следует на протяжении 1.250 м. приблизительно по горизонтали 2.300, которая на местности проходит к юго-востоку по ряду скалистых отрогов и осыпей, затем она пересекает по прямой восточный склон горы Шабертон и доходит до точки, расположенной примерно в 400 метрах к западу от высоты 2.160, оставляя на французской территории промежуточную опору канатной дороги, находящуюся в этом месте.

Отсюда линия границы идет также по прямой, пересекает ряд скалистых гряд и крутых скатов, и, направляясь к позиции Фонтен де Шамуа, не обозначенной на карте, у высоты 2.228 (приблизительно в 1.400 метрах к северо-востоку от Клавьера), которую она огибает с востока, идет по второй петле дороги, связывающей эту позицию с укрепленной казармой Шабертона (на дороге от Сезанн (Чезана) в Клавьер), оставляя укрепления в Фонтен де Шамуа на французской территории.

Затем линия границы, следуя сначала в южном направлении по показанной на карте административной границе коммуны и по скалистой гряде приблизительно в 400 метрах на север от дороги Клавьер-Сезанн (Чезана), отклоняется затем на юго-запад, проходя у подножья скал на таком расстоянии, чтобы имелось достаточно места для постройки дороги с двусторонним движением.

Огибая таким образом с севера деревню Клавьер, остающуюся на итальянской территории, она выходит к реке Секко, примерно в 200 метрах выше моста Клавьер, и затем спускается по течению этой реки и далее по течению реки Дуар Рипер (Дориа Рипариа) до дороги из Клавьера в долину Жимон, которая остается за Италией, и идет по этой дороге до моста через реку Жимон.

Следуя вверх по течению этой реки, примерно на протяжении 300 м., линия затем отходит от нее, следуя вдоль горной дороги, доходит до верхней опоры канатной дороги Клавьер (у перевала Мон-Фор дю Беф), которую она оставляет на французской территории, и затем, проходя по кряжу, достигает нынешней границы у горы ля План, у пограничного знака 251. Дорога в долине реки Жимон остается на итальянской территории.

Верховья долин Тине, Везубия и Ройя.

на карте административной границей, по которой она следует до пика Маргарейс (2.651) через высоты 2.510 и 2.532.

Отклоняясь затем к югу, линия границы идет по кряжу, проходит через высоту 2.585 и, спускаясь вдоль скалистого гребня, доходит до перевала Лаго деи Синьори.

Затем она отходит от тропы, обходя с востока вершину Вентоза, выходит на тропу, идущую через перевал Танарелло, оставляя за Францией расположенные у тропы строения, и идет далее мимо горы Танарелло. Она пересекает затем перевал Базера (2.038), огибает гору Сакарелло, оставляя ее примерно в 300 метрах к западу, и, следуя сначала по скалистому гребню, а затем вверх по тропе до перевала Коллардente, достигает гребня, по которому она идет к горе Коллардente, оставляя Франции высоту 1.762. С этого места она следует вдоль тропы, которую оставляет на итальянской территории, достигает горы Коллардente, оставляя за Францией тропу, которая пересекает эту гору, и затем следует по этой тропе через Басса ди Сансон, огибая с востока и с юга высоту 1.769, до строений, находящихся примерно в 500 м. на восток от Теста делля

Нава (высота 1.934) и остающихся на французской территории.

Отходя от тропы у этих строений, линия границы проходит по гребню горы Теста делля Нава, сходится с тропой, идущей по этому гребню и остающейся на французской территории, и следует вдоль нее до строений юговосточнее вершины горы Марта (Вакке), мимо которой она проходит с востока.

Оттуда вдоль тропы, идущей по гребню и остающейся на французской территории, линия границы проходит мимо горы Чериана, отходит от тропы и достигает горы Граи (2.014), и вновь выходит к тропе у перевала (1.875). По этой тропе она идет, огибая вершину Валетта и гору Пьетравеккиа, до скалистого гребня последней горы.

Линия границы пересекает затем дефиле Инейза, идет вдоль гребня, через высоту 1.759, до горы Тораджо (1.972), затем до вершины Логамбон и дефиле Корво, идет мимо горы Баузо и горы Лега (1.552, 1.563 и 1.556) и спускается по гребню последней горы до перевала Муратоне.

Идя вдоль гребня по тропе, остающейся на французской территории, линия границы выходит к горе Скарассан, идя далее к югу от горы Баттолино и южнее высоты 1.358 до перевала Пегайроле.

6. От перевала Пегайроле до горы Мерго.

См. карту 1:20.000, Пуэнт де Люго 5-6, Сан-Ремо 1-2, Ментона 3-4.

От перевала Пегайроле линия границы следует по административной границе, отмеченной на карте, оставляя Чистерне за Францией, поднимается на гору Симонассо, спускается до перевала и идет вдоль тропы на Маргериа Суан, оставляя эту тропу на французской территории, а шале — на итальянской территории.

Продолжая следовать вдоль этой тропы, остающейся на французской территории, линия границы идет восточнее горы Теста д'Альпе через Фонтана деи Драги к источникам у высоты 1.406. Оттуда через высоту 1.297 она проходит к востоку от Колла Сгора, минует высоты 1.088, 1.016, и 1.026, пересекает скалистый кряж горы Коломбин и идет по административной границе кантона, показанной на карте. Далее она идет по вершине горы Релье (846

и 858), на юго-западе от которой она отходит от административной границы, следует в югозападном направлении, спускаясь по кряжу Серра дель Арпетта (543, 474 и 416) до тальвега реки Ройя, и пересекает эту реку приблизительно в 200 метрах к северо-западу от моста Фангетто.

Линия границы поднимается затем по другому берегу Ройя до пункта, расположенного приблизительно в 350 метрах от упомянутого моста, и оттуда отходит от реки в югозападном направлении до высоты 566. От этого пункта она идет в западном направлении до оврага, который спускается к Оливетта, затем идет по нему до шоссейной дороги, оставляя на итальянской территории жилые дома вдоль этой дороги, и поднимается по долине Троно приблизительно на 200 метров. Далее она направляется к высоте 410 до пересечения с горной дорогой Оливетта — Сан Джироламо. Отсюда, пройдя по этой дороге приблизительно на 100 метров в юговосточном направлении, она снова идет в общем направлении на юго-запад до высоты 403, идя приблизительно в 20 метрах к югу вдоль дороги, отмеченной на карте. От высоты 403 она идет по гребню пика Бекке до отметки 379, затем, снова направляясь на юго-запад, пересекает поток Бевера, идя по тальвегу в направлении горы Мерго, вершину которой (высота 686) она огибает приблизительно в 50 метрах к югу, оставляя ее на французской территории, и соединяется с прежней границей в точке, расположенной приблизительно в 100 метрах к югозападу от упомянутой вершины.

A. ГАРАНТИИ, КОТОРЫЕ ДОЛЖНЫ БЫТЬ ПРЕДОСТАВЛЕНЫ ФРАНЦИЕЙ ИТАЛИИ В СВЯЗИ С ПЕРЕХОДОМ ПЛАТО МОН СЕНИ:

1. **В отношении водной энергии, поступающей из озера Мон Сени для гидроэлектрических целей:**

a) Франция будет контролировать поступление воды из озера Мон Сени в подземный трубопровод, снабжающий гидростанции

в Гран Скала, Венаус и Момпантеро с таким расчетом, чтобы подавать этим электростанциям такое количество воды и при таком режиме, как это может потребоваться для Италии;

b) Франция должна ремонтировать и содержать в хорошем и вполне исправном состоянии и, по мере надобности, обновлять все необходимые для регулирования и подачи воды сооружения, как это предусмотрено в п. «*a*», поскольку эти сооружения находятся на французской территории;

c) Франция должна информировать Италию, поскольку и когда Италия потребует этого, о количестве запасов воды в озере Мон Сени, а также давать ей всякую другую информацию, относящуюся к этому вопросу, с тем, чтобы дать Италии возможность определять количество подлежащей подаче через указанный подземный трубопровод воды и ее режим;

d) Франция будет выполнять вышеуказанные постановления с соблюдением должной экономии и относить за счет Италии фактические расходы, понесенные при этом.

2. **В отношении электроэнергии, вырабатываемой на гидроэлектростанции Гран Скала:**

a) Франция должна эксплоатировать гидроэлектростанцию Гран Скала таким образом, чтобы вырабатывать (при условии контроля водоснабжения, как это предусмотрено в разделе 1 настоящего Приложения) такое количество электроэнергии и при таком режиме, которые могут потребоваться Италии, после того как будут удовлетворены местные нужды (которые не будут существенно превышать теперешние потребности) в районе Гран Скала на французской территории;

b) Франция будет эксплоатировать водонасосную станцию у электростанции Гран Скала с тем, чтобы подавать воду в озеро Мон Сени, поскольку и когда это будет нужно Италии;

c) Франция должна ремонтировать и содержать в хорошем и вполне исправном состоянии и, по мере необходимости, обновлять все сооружения, составляющие гидроэлектростанцию Гран Скала и водонасосную станцию, вместе с оборудованием и линиями передач от станции Гран Скала до франко-итальянской границы.

d) Франция должна передавать через линию передачи, идущую от Гран Скала до франко-итальянской границы, электроэнергию, необходимую Италии, как указано выше, и должна подавать эту электроэнергию Италии в том пункте, где указанная линия передачи пересекает франко-итальянскую границу и переходит на итальянскую территорию;

e) Франция должна поддерживать напряжение и частоту поставляемого в соответствии с вышеуказанными постановлениями электротока на таком уровне, как этого Италия может обоснованно потребовать;

f) Франция должна условиться с Италией об установлении телефонной связи между Гран Скала и Италией и должна поддерживать связь с Италией в целях обеспечения того, чтобы эксплоатация гидроэлектростанции Гран Скала, водонасосной станции и линии передачи осуществлялась в соответствии с вышеуказанными гарантиями;

g) Цена, устанавливаемая Францией и уплачиваемая Италией за электроэнергию, поставляемую Италии с гидроэлектростанции Гран Скала (после удовлетворения местных нужд, как указано выше), будет равна цене, установленной во Франции за такое же количество гидроэлектроэнергии на французской территории в соседних с Мон Сени районах или других таких районах, где условия являются примерно такими же.

3. **Сроки гарантий:**

Если не будет достигнуто иного соглашения между Францией и Италией, эти гарантии останутся в силе на вечные времена.

4. **Наблюдательная Техническая Комиссия:**

Создается франко-итальянская Наблюдательная Техническая Комиссия, составляемая из равного числа французских и итальянских представителей, с целью наблюдения за выполнением вышеуказанных гарантий, которые направлены на обеспечение таких же возможностей, которыми Италия пользовалась в отношении гидроэлектрических и водных ресурсов из озера Мон Сени до перехода этого района к Франции, а также для содействия выполнению этих гарантий. Равным образом в компетенцию Наблюдательной Технической Комиссии будет входить сотрудничество с соответствую-

щими техническими службами Франции для обеспечения того, чтобы безопасность нижележащих долин не была поставлена под угрозу.

B. ГАРАНТИИ, КОТОРЫЕ ДОЛЖНЫ БЫТЬ ДАНЫ ФРАНЦИЕЙ ИТАЛИИ В СВЯЗИ С ПЕРЕХОДОМ РАЙОНА ТЕНДА-БРИГА К ФРАНЦИИ:

1. **Гарантии,** обеспечивающие снабжение Италии электроэнергией, вырабатываемой на двух 16⅔-периодных генераторах гидроэлектростанции в Сан Далмаццо, и энергией в 50 периодов, вырабатываемой на гидроэлектростанциях в Ле Мепе, Сан Далмаццо и Конфине сверх той, которая может потребоваться Франции для снабжения районов Соспель, Ментоны и Ниццы до окончательного завершения реконструкции поврежденных электростанций в Брейле и Фонтане; при чем предполагается, что это количество энергии будет сокращаться по мере реконструкции этих электростанций, и оно не будет превышать 5.000 квт. и 3.000.000 квч. в месяц, и что если не встретится никаких особых трудностей в реконструкции этих электростанций, то работы по их восстановлению должны быть закончены не позднее конца 1947 года:

a) Франция должна эксплоатировать упомянутые станции таким образом, чтобы (в соответствии с ограничениями, которые могут налагаться в зависимости от количества имеющейся в наличии воды, и принимая во внимание, насколько это практически возможно, нужды электростанций нижнего течения реки) производить такое количество энергии и при таком режиме, какие могут потребоваться для Италии: во-первых, энергии в 16⅔ периода для итальянских железных дорог в Лигурии и Южном Пьемонте, и, во-вторых, энергии в 50 периодов для общих потребностей после удовлетворения нужд Франции для снабжения районов Соспель, Ментоны и Ниццы, как указано выше, а также после удовлетворения местных нужд района Сан Далмаццо;

b) Франция должна ремонтировать и содержать в хорошем состоянии и, по мере необходимости, обновлять все сооружения, относящиеся к системе электростанций Ле Мепе, Сан Далмаццо и Конфине, а также оборудование и линии передачи, связывающие

станции Ле Меше и Конфине со станцией Сан Далмаццо и, кроме того, оборудование и главные линии передачи, идущие от станции Сан Далмаццо к франко-итальянской границе;

c) Франция должна информировать Италию, поскольку и когда Италия будет этого требовать, о скорости течения воды у электростанций Ле Меше и Конфине и о количестве воды в Сан-Далмаццо, а также давать ей всякую другую информацию по этому вопросу с тем, чтобы дать возможность Италии определить свои потребности в электроэнергии, как указано выше в подпункте «*a*»;

d) Франция должна передавать через главные линии передачи, идущие от Сан Далмаццо к франко-итальянской границе, электроэнергию, необходимую Италии, как указано выше, и должна передавать эту электроэнергию Италии в пунктах, где указанные главные линии передачи пересекают франко-итальянскую границу и переходят на итальянскую территорию;

e) Франция должна поддерживать напряжение и частоту поставляемого в соответствии с вышеуказанными постановлениями электротока на таком уровне, как это может действительно потребоваться Италии;

f) Франция должна условиться с Италией об установлении телефонной связи между Сан Далмаццо и Италией и должна поддерживать связь с Италией для того, чтобы обеспечить работу упомянутых гидроэлектростанций и линий передачи в соответствии с вышеуказанными гарантиями.

2. **Гарантия,** касающаяся цены, установленной Францией для Италии за электроэнергию, предоставляемую в распоряжение Италии согласно пункту 1 выше, до истечения срока действия этой гарантии в соответствии с пунктом 3 ниже:

Цена, которая должна быть установлена Францией и должна уплачиваться Италией за электроэнергию, предоставляемую Италии с гидроэлектростанций Ле Меше, Сан Далмаццо и Конфине после удовлетворения потребностей Франции для снабжения районов Соспель, Ментоны и Ниццы и после удовлетворения местных нужд в районе Сан Далмаццо, как предусмотрено в пункте 1 «*a*», будет равна цене, установленной во Франции для такого же коли-

чества гидроэлектроэнергии на французской территории в соседних с долиной верхней Ройя районах или других районах, где условия являются примерно такими же.

3. **Гарантия** относительно поставки Францией электроэнергии Италии в течение разумного периода времени:

Гарантии 1 и 2 останутся в силе до 31 декабря 1961 года, если по соглашению между Францией и Италией не будет решено иначе, и срок их действия прекратится с того времени или с 31 декабря какого-либо последующего года, если одна из сторон не меньше чем за два года известит в письменной форме другую сторону о своем намерении прекратить действие этих гарантий.

4. **Гарантия** полного и справедливого использования Францией и Италией вод реки Ройя и ее притоков для производства гидроэлектроэнергии:

a) Франция будет использовать электростанции на реке Ройя, находящиеся на французской территории, учитывая, насколько это практически возможно, потребности станций, находящихся в низовьях этой реки. Франция будет информировать Италию заранее о количестве воды, которое возможно иметь каждый день, а также будет давать любую другую информацию, имеющую к этому отношение;

b) Франция и Италия выработают посредством двусторонних переговоров обоюдно приемлемый координированный план для использования гидроресурсов реки Ройя.

5. Для наблюдения за выполнением плана, упомянутого в пункте 4 «*b*», и для обеспечения осуществления гарантий, изложенных в пунктах 1-4, будет создана комиссия или другой подобный орган, в зависимости от того, как об этом договорятся.

ПРИЛОЖЕНИЕ IV.

Положения, о которых Правительства Австрии и Италии достигли соглашения 5 сентября 1946 года.

(см. статью 10)

1. Говорящим на немецком языке жителям провинции Больцано и соседних двуязычных коммун провинции Тренто будет обес-

печено полное равенство прав с жителями, говорящими на итальянском языке, в рамках специальных постановлений, предназначенных для охраны этнического характера и культурного и экономического развития говорящей на немецком языке части населения.

В соответствии с уже введенным или подлежащим введению законодательством вышеупомянутым гражданам, говорящим на немецком языке, будет предоставлено, в частности, следующее:

a) обучение в начальной и средней школе на родном языке;

b) пользование на равных основаниях немецким и итальянским языками в государственных учреждениях и официальных документах, а также в том, что касается двуязычной топографической номенклатуры;

c) право восстановления немецких фамилий, итальянизированных за последние годы;

d) равенство прав в отношении доступа к государственным должностям для того, чтобы обеспечить более правильное соотношение находящихся на государственной службе лиц, принадлежащих к этим двум этническим группам.

2. Население вышеупомянутых зон будет пользоваться местной законодательной и административной автономией. Пределы, в которых эта автономия будет осуществляться, устанавливаются также в порядке консультации с местными элементами, представляющими говорящую на немецком языке часть населения.

3. Правительство Италии в целях установления добрососедских отношений между Австрией и Италией обязуется, консультируясь с Правительством Австрии, в течение одного года со дня подписания настоящего соглашения:

a) пересмотреть в духе справедливости и терпимости вопрос об оптации гражданства, связанный с соглашениями от 21 октября 1939 года;

b) притти к соглашению о взаимном признании действительности некоторых ученых степеней и университетских дипломов;

c) подготовить конвенцию для свободного транзита пассажиров и грузов между Северным и Восточным Тиролем как по железной дороге, так и, в пределах возможного, по шоссейным дорогам;

d) заключить специальные соглашения с целью облегчить более широкое пограничное сообщение между Австрией и Италией, а также местный обмен некоторым количеством характерных для данной области продуктов и товаров.

ПРИЛОЖЕНИЕ V.

Водоснабжение коммуны Горица и ее окрестностей.

(см. статью 13)

1. Югославия в качестве собственника будет содержать и эксплоатировать источники и установки водоснабжения, находящиеся в Фонте Фредда и Монкорона, и будет осуществлять водоснабжение той части коммуны Горица, которая согласно условиям настоящего Договора остается в Италии. Италия будет продолжать содержать и эксплоатировать резервуар и водораспределительную систему на итальянской территории, которые пополняются из вышеупомянутых источников, и будет осуществлять водоснабжение тех районов в Югославии, которые согласно условиям настоящего Договора перейдут к этому государству и которые снабжаются с итальянской территории.

2. Поставляемая таким образом вода должна быть в таких количествах, в которых она обычно поставлялась этому району в прошлом. Если потребители в любом из этих государств будут нуждаться в дополнительном количестве воды, оба Правительства рассмотрят вопрос совместно с целью достижения соглашения о таких мероприятиях, которые могут разумно потребоваться для удовлетворения этих нужд. Если произойдет временное сокращение количества имеющейся воды в силу естественных причин, то подача воды из вышеупомянутых источников потребителям в Югославии и Италии будет соответственно сокращена пропорционально их предыдущему потреблению.

3. Плата, которая должна производиться коммуной Горица Югославии за поставляемую ей воду, а также плата, которая должна производиться потребителями на югославской территории коммуне

Горица, должны устанавливаться исключительно на основании стоимости эксплоатации и содержания системы водоснабжения, а также на основании новых капитальных расходов, которые могут потребоваться для осуществления изложенных выше постановлений.

4. Югославия и Италия в течение одного месяца со дня вступления в силу настоящего Договора заключат соглашение, определяющее их соответствующие обязательства согласно вышеуказанным положениям и устанавливающее плату, которая должна производиться согласно этим положениям. Оба Правительства создадут совместную комиссию для наблюдения за выполнением упомянутого соглашения.

5. По истечении десятилетнего периода со дня вступления в силу настоящего Договора Югославия и Италия пересмотрят вышеприведенные положения в свете условий, которые будут существовать в то время, для того, чтобы определить, должны ли быть произведены какие-либо изменения в этих положениях, и произведут такие изменения и внесут такие дополнения, которые могут быть ими согласованы. Всякие споры, которые могут возникнуть в результате этого пересмотра, должны передаваться на решение согласно процедуре, изложенной в статье 87 настоящего Договора.

ПРИЛОЖЕНИЕ VI.

Постоянный Статут Свободной Территории Триест.

(см. статью 21)

Статья 1. Район Свободной Территории Триест.

Районом Свободной Территории Триест будет территория в границах, описанных в статьях 4 и 22 настоящего Договора, в том виде, как они будут определены на местности в соответствии со статьей 5 Договора.

Статья 2. Целостность и независимость.

Целостность и независимость Свободной Территории обеспе-

чиваются Советом Безопасности Организации Объединенных Наций. Эта ответственность подразумевает, что Совет должен:

a) обеспечить соблюдение настоящего Статута и, в частности, защиту основных прав человека;

b) обеспечить поддержание общественного порядка и безопасности на Свободной Территории.

Статья 3. Демилитаризация и нейтральность.

1. Свободная Территория будет демилитаризована и объявлена нейтральной.

2. Никакие вооруженные силы, кроме как по распоряжению Совета Безопасности, не должны находиться на Свободной Территории.

3. Никакие военизированные формирования, маневры или деятельность в пределах Свободной Территории не будут разрешены.

4. Правительство Свободной Территории не будет заключать или обсуждать какие-либо военные соглашения или обязательства с каким-либо государством.

Статья 4. Права человека и основные свободы.

Конституция Свободной Территории должна обеспечить всем лицам, находящимся под юрисдикцией Свободной Территории, без различия этнического происхождения, пола, языка или религии, пользование основными правами человека и основными свободами, включая свободу религиозного культа, языка, слова и изданий, образования, собраний и союзов. Гражданам Свободной Территории будут обеспечены равные условия занятия государственных должностей.

Статья 5. Гражданские и политические права.

Ни одно лицо, которое приобрело гражданство Свободной Территории, не будет лишено гражданских или политических прав, кроме как по суду в наказание за нарушение уголовных законов Свободной Территории.

Статья 6, Гражданство.

1. Итальянские граждане, домицилированные к 10 июня 1940 года в пределах границ Свободной Территории, и их дети, родившиеся после этой даты, станут коренными гражданами Свободной Территории с полными гражданскими и политическими правами. По приобретении гражданства Свободной Территории они потеряют итальянское гражданство.

2. Правительство Свободной Территории обеспечит, однако, чтобы лица, упомянутые в пункте 1, старше 18 лет (или состоящие в браке лица, достигшие или не достигшие этого возраста), и обиходным языком которых является итальянский, имели право оптировать итальянское гражданство в течение шести месяцев после вступления в силу Конституции на условиях, которые будут предусмотрены этой Конституцией. Любое лицо, оптирующее таким образом, будет считаться приобретшим вновь итальянское гражданство. Оптация мужа не влечет за собой оптации со стороны жены. Оптация со стороны отца или, если отца нет в живых, со стороны матери будет, однако, автоматически включать всех не состоящих в браке детей моложе 18 лет.

3. Свободная Территория может потребовать, чтобы те, кто воспользовались правом оптации, переселились в Италию в течение года со дня совершения оптации.

4. Условия приобретения гражданства лицами, которые не имеют оснований для приобретения коренного гражданства, будут определены Учредительным Собранием Свободной Территории и включены в Конституцию. Такие условия, однако, будут исключать приобретение гражданства членами бывшей итальянской фашистской полиции (О.В.Р.А.), которые не были реабилитированы компетентными властями, в том числе союзными военными властями, которые несли ответственность за управление этим районом.

Статья 7. Официальные языки.

Официальными языками Свободной Территории будут итальянский и словенский. Конституция предусмотрит условия использования хорватского языка как третьего официального языка.

Статья 8. Флаг и герб.

Статья 9. Органы правления.

Для управления Свободной Территорией будут Губернатор, Правительственный Совет, Народное Собрание, избранное народом Свободной Территории, и судебное ведомство. Их соответствующие полномочия будут осуществляться в соответствии с положениями настоящего Статута и Конституции Свободной Территории.

Статья 10. Конституция.

1. Конституция Свободной Территории будет составлена в соответствии с демократическими принципами и будет принята Учредительным Собранием большинством двух третей поданных голосов. Конституция должна быть согласована с положениями настоящего Статута. Она не должна войти в силу до вступления в силу Статута.

2. Если, по мнению Губернатора, какие-либо положения Конституции, предложенной Учредительным Собранием, или какие-либо последующие изменения в ней, находятся в противоречии со Статутом, он может предотвратить введение их в силу, при условии обращения к Совету Безопасности в том случае, если Собрание не примет его взглядов и рекомендаций.

Статья 11. Назначение Губернатора.

1. Губернатор будет назначен Советом Безопасности после консультации с Правительствами Югославии и Италии. Он не должен быть гражданином Югославии или Италии или Свободной Территории. Он будет назначен на срок в пять лет и может быть назначен на новый срок. Его жалование и средства на содержание будут выплачиваться Организацией Объединенных Наций.

2. Губернатор может уполномочить избранное им лицо замещать его в случае временного отсутствия или временной неспособности выполнять свои обязанности.

3. Если Совет Безопасности считает, что Губернатор не выполнил своих обязанностей, он может временно отстранить его и, с соблюдением надлежащих гарантий в отношении расследования и заслушивания дела, уволить его с должности. В случае его временного отстранения или увольнения или в случае его смерти или неспособности, Совет Безопасности может выделить или назначить другое лицо в качестве временного Губернатора, которое будет действовать до тех пор, пока Губернатор не станет способным выполнять свои обязанности или пока не будет назначен новый Губернатор.

Статья 12. Законодательная власть.

Законодательная власть будет осуществляться Народным Собранием, состоящим из одной палаты, избранным на основе пропорционального представительства гражданами обоего пола Свободной Территории. Выборы в Народное Собрание будут проводиться на основе всеобщего, равного, прямого и тайного голосования.

Статья 13. Правительственный Совет.

полную свободу и независимость судебной власти и предусматривать апелляционную юрисдикцию.

Статья 16. Назначение чинов судебного ведомства.

1. Губернатор назначает чинов судебного ведомства из числа кандидатов, представляемых Правительственным Советом, или из числа других лиц, после консультации с Правительственным Советом, если Конституция не предусматривает иного порядка заполнения судебных должностей, и, при условии соблюдения гарантий, которые должны быть установлены Конституцией, может увольнять чинов судебного ведомства за поведение, несовместимое с их судебными функциями.

2. Народное Собрание решением в две трети поданных голосов может просить Губернатора расследовать любое обвинение, выдвинутое против чинов судебного ведомства, которое, в случае, если оно будет доказано, даст основание для их временного отстранения от должности или увольнения.

Статья 17. Ответственность Губернатора перед Советом Безопасности.

1. Губернатор в качестве представителя Совета Безопасности несет ответственность в отношении наблюдения за соблюдением настоящего Статута, включая защиту основных прав человека, а также в отношении обеспечения того, чтобы общественный порядок и безопасность поддерживались Правительством Свободной Территории в соответствии с настоящим Статутом, Конституцией и законами Свободной Территории.

2. Губернатор должен представлять Совету Безопасности ежегодно отчеты относительно применения Статута и выполнения своих обязанностей.

Статья 19. Издание законов.

1. Законодательная инициатива может осуществляться членами Народного Собрания и Правительственным Советом, а также

Губернатором в тех вопросах, которые, по его мнению, затрагивают ответственность Совета Безопасности, как она определена в статье 2 настоящего Статута.

2. Ни один закон не должен вступать в силу до тех пор, пока он не будет опубликован. Опубликование законов будет производиться в соответствии с постановлениями Конституции Свободной Территории.

3. До опубликования закон, принятый Собранием, должен быть представлен Губернатору.

4. Если Губернатор считает, что такой закон противоречит настоящему Статуту, он может, в течение 10 дней после представления ему этого закона, вернуть его Собранию со своими замечаниями и рекомендациями. Если Губернатор не вернет этого закона в течение 10 дней или если он уведомит Собрание в течение того же периода о том, что закон не вызывает замечаний или рекомендаций с его стороны, то закон будет опубликован немедленно.

5. Если Собрание заявит о своем отказе взять назад закон, возвращенный Собранию Губернатором, или изменить его соответственно замечаниям или рекомендациям Губернатора, то последний должен,—за исключением случая, когда он согласится снять свои замечания или рекомендации, и в этом случае закон должен быть опубликован немедленно, — без промедления доложить по этому вопросу Совету Безопасности. Губернатор равным образом передаст Совету Безопасности без промедления любое сообщение, которое Собрание может пожелать передать Совету по этому вопросу.

6. Закон, который согласно положениям предыдущего пункта составляет предмет доклада Совету Безопасности, будет опубликован лишь по указанию Совета Безопасности.

Статья 20. Права Губернатора в отношении административных мер.

1. Губернатор может потребовать от Правительственного Совета приостановления административных мер, которые, по его мнению, находятся в противоречии с его ответственностью, как она

определена в настоящем Статуте (соблюдение Статута, поддержание общественного порядка и безопасности, уважение прав человека). Если Правительственный Совет будет возражать, то Губернатор может приостановить эти административные меры, и Губернатор или Правительственный Совет могут передать весь вопрос на решение Совета Безопасности.

2. В вопросах, затрагивающих его ответственность, как она определена в Статуте, Губернатор может предложить Правительственному Совету принять любые административные меры. Если Правительственный Совет не примет таких предложений, Губернатор может, без ущерба для положений статьи 22 настоящего Статута, передать вопрос на решение Совета Безопасности.

Статья 21. Бюджет.

1. Правительственный Совет несет ответственность за составление бюджета Свободной Территории, включая доходы и расходы, и за его представление Народному Собранию.

2. Если Собрание не примет бюджета в течение надлежащего срока, то статьи бюджета предыдущего периода будут применяться в новом бюджетном периоде до тех пор, пока не будет принят новый бюджет.

Статья 22. Особые полномочия Губернатора.

1. Для того, чтобы иметь возможность нести ответственность перед Советом Безопасности согласно настоящему Статуту, Губернатор может,—в случаях, не терпящих, по его мнению, отлагательства, угрожающих независимости или целостности Свободной Территории, общественному порядку или уважению прав человека, — непосредственно приказать и потребовать осуществления надлежащих мероприятий при условии, что он немедленно сообщит об этом Совету Безопасности. При этих обстоятельствах Губернатор может взять на себя, если он это считает необходимым, руководство службами безопасности.

2. Народное Собрание может ходатайствовать перед Советом Безопасности в связи с любым осуществлением Губернатором своих полномочий согласно пункту 1 настоящей статьи.

Право помилования и смягчения приговора принадлежит Губернатору и осуществляется им в соответствии с положениями, которые будут предусмотрены в Конституции.

Статья 24. Внешние отношения.

1. Губернатор должен обеспечить, чтобы внешние отношения Свободной Территории велись в соответствии со Статутом, Конституцией и законами Свободной Территории. С этой целью Губернатор будет иметь право предотвращать вступление в силу договоров или соглашений, касающихся внешних отношений и, по его мнению, противоречащих Статуту, Конституции и законам Свободной Территории.

2. Договоры и соглашения, так же как и экзекватуры и консульские патенты, должны подписываться совместно Губернатором и представителем Правительственного Совета.

3. Свободная Территория может являться или стать стороной в международных конвенциях или может стать членом международных организаций, при условии, что целью таких конвенций или организаций является урегулирование экономических, технических, культурных и социальных вопросов и вопросов здравоохранения.

4. Экономическая уния или объединения исключительного характера с каким-либо государством несовместимы со статусом Свободной Территории.

5. Свободная Территория признает полную силу Мирного Договора с Италией и должна проводить в жизнь те постановления этого Договора, которые к ней применимы. Свободная Территория также признает полную силу других соглашений или урегулирований, которые были или будут достигнуты Союзными и Соединенными Державами для восстановления мира.

Статья 25. Независимость Губернатора и его штата.

При исполнении своих обязанностей Губернатор и его штат не должны запрашивать или получать указаний от какого бы то ни было правительства или власти, кроме Совета Безопасности. Они

должны воздерживаться от всяких действий, которые могли бы отразиться на их положении как международных чиновников, ответственных лишь перед Советом Безопасности.

Статья 26. Назначение и увольнение административных чиновников.

1. Назначение на государственные должности на Свободной Территории будет производиться исключительно на основе способностей, компетентности и моральных качеств.

2. Административные чиновники не будут увольняться с должности, кроме как в случае некомпетентности или неподобающего поведения, причем такое увольнение должно производиться при условии соблюдения надлежащих гарантий в отношении расследования и заслушивания дела, которые должны быть установлены законом.

Статья 27. Директор общественной безопасности.

1. Правительственный Совет представляет Губернатору список кандидатов на пост Директора общественной безопасности. Губернатор назначает Директора из числа кандидатов, представленных ему, или из числа других лиц, после консультации с Правительственным Советом. Он может также уволить Директора общественной безопасности после консультации с Правительственным Советом.

2. Директор общественной безопасности не должен быть гражданином Югославии или Италии.

3. Директор общественной безопасности обычно находится под непосредственным начальством Правительственного Совета, от которого он получает инструкции по вопросам, находящимся в его компетенции.

4. Губернатор должен:

а) регулярно получать доклады от Директора общественной безопасности и консультироваться с ним по любым вопросам, входящим в компетенцию Директора;

b) получать информацию от Правительственного Совета относительно его инструкций, даваемых Директору общественной безопасности, и может высказывать свое мнение по поводу этих инструкций.

Статья 28. Полицейские силы.

1. В целях сохранения общественного порядка и безопасности в соответствии со Статутом, Конституцией и законами Свободной Территории Правительство Свободной Территории будет иметь право содержать полицию и службу безопасности.

2. Служащие полиции и службы безопасности набираются Директором общественной безопасности и могут им увольняться.

Статья 29. Местное управление.

Конституция Свободной Территории должна предусматривать учреждение на основе пропорционального представительства органов местного управления, построенного на демократических принципах, включая всеобщее, равное, прямое и тайное голосование.

Статья 30. Денежная система.

Свободная Территория будет иметь свою собственную денежную систему.

Статья 31. Железные дороги.

Свободная Территория, без ущерба для своих прав собственности в отношении железных дорог в пределах своих границ и контроля над администрацией железных дорог, может заключить с Югославией и Италией соглашения с целью обеспечения эффективной и экономичной эксплоатации своих железных дорог. Такие соглашения будут предусматривать, на ком лежит ответственность за эксплоатацию железных дорог, идущих в направлении Югославии или Италии соответственно, а также эксплоатацию железнодорожного узла Триест и той части линии, которая является общей для всех. В последнем случае такая эксплоатация будет осуществляться особой комиссией, состоящей из представителей Свободной Территории, Югославии и Италии под председательством представителя Свободной Территории.

Статья 32. Коммерческая авиация.

1. Коммерческим самолетам, зарегистрированным на территории любой из Объединенных Наций, которая предоставляет на своей территории те же самые права коммерческим самолетам, зарегистрированным на Свободной Территории, будут предоставлены права международной коммерческой авиации, включая право посадки для заправки горючим и ремонта, беспосадочного полета над Свободной Территорией и пользования для коммерческих целей теми аэропортами, которые могут быть указаны компетентными властями Свободной Территории.

2. Эти права не будут подвергаться никаким другим ограничениям, кроме как тем, которые установлены, на основе неприменения дискриминации, законами и правилами, действующими на Свободной Территории и в заинтересованных странах, или вытекающими из особого характера Свободной Территории как территории нейтральной и демилитаризованной.

Статья 33. Регистрация судов.

1. Свободная Территория имеет право завести реестры для регистрации судов, принадлежащих Правительству Свободной Территории или лицам или организациям, домицилированным в пределах Свободной Территории.

2. Свободная Территория будет открывать специальные судовые реестры для чехословацких и швейцарских судов, по просьбе соответствующих Правительств, а также для венгерских и австрийских судов, по просьбе соответствующих Правительств, после заключения Мирного Договора с Венгрией и договора о восстановлении независимости Австрии, соответственно. Суда, внесенные в эти реестры, будут плавать под флагом соответствующего государства.

3. Осуществляя вышеприведенные положения и при условии соблюдения любой международной конвенции, которая может быть заключена по этим вопросам с участием Правительства Свободной Территории, последнее будет иметь право устанавливать такие условия регистрации, сохранения записей в реестре или исключения их из него, которые предотвратят всякое злоупотребление предоставлен-

ными таким образом льготами. В частности, в том, что касается судов, зарегистрированных в соответствии с пунктом 1 выше, право регистрации будет распространяться только на те суда, которые контролируются со Свободной Территории и регулярно обслуживают нужды или интересы Свободной Территории. В том, что касается судов, зарегистрированных в соответствии с пунктом 2 выше, право регистрации будет распространяться только на те суда, которые базируются на порт Триест и регулярно и постоянно обслуживают нужды своих соответствующих стран через порт Триест.

Статья 34. Свободный Порт.

На Свободной Территории будет создан Свободный Порт, управляемый на основе постановлений международного Положения, составленного Советом Министров Иностранных Дел, утвержденного Советом Безопасности и приложенного к настоящему Договору (Приложение VIII). Правительство Свободной Территории издаст все необходимые законы и примет все необходимые меры для осуществления постановлений такого Положения.

Статья 35. Свобода транзита.

В соответствии с обычными международными соглашениями Свободная Территория и государства, через территорию которых производится транзит, обеспечат свободу транзита товарам, перевозимым по железной дороге между Свободным Портом и государствами, которые он обслуживает, без всякой дискриминации и взимания таможенных или фискальных пошлин, кроме оплаты оказанных услуг.

Статья 36. Толкование Статута.

За исключением тех случаев, когда иной порядок специально предусмотрен какой-либо из статей настоящего Статута, всякий спор относительно толкования или выполнения Статута, оставшийся неразрешенным путем прямых переговоров, должен, если спорящие стороны не придут к взаимному соглашению относительно иного способа урегулирования спора, быть передан, по требованию любой из спорящих сторон, в Комиссию в составе одного представителя от каждой стороны и третьего члена, избранного по взаимному

соглашению двух сторон из граждан третьих стран. Если две стороны в месячный срок не смогут притти к соглашению относительно назначения третьего члена, то любая из них может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение. Решение большинства членов Комиссии будет являться решением этой Комиссии и должно быть принято сторонами как окончательное и обязательное.

Статья 37. Изменение Статута.

Настоящий Статут является Постоянным Статутом Свободной Территории при условии, что те или иные изменения могут быть впоследствии внесены Советом Безопасности. Ходатайства об изменении Статута могут быть представлены Совету Безопасности Народным Собранием в результате решения, принятого большинством в две трети поданных голосов.

Статья 38. Вступление Статута в силу.

Настоящий Статут вступит в силу в день, который будет установлен Советом Безопасности Объединенных Наций.

ПРИЛОЖЕНИЕ VII.

Положение о временном режиме Свободной Территории Триест.

(см. статью 21)

Впредь до вступления в силу Постоянного Статута для управления Свободной Территорией Триест будут применяться следующие положения:

Статья 1.

Губернатор приступит к исполнению своих обязанностей на Свободной Территории сразу, как это будет возможно, после вступления в силу настоящего Мирного Договора. До вступления Губернатора в исполнение его обязанностей Свободная Территория будет продолжать управляться Союзными командованиями, действующими каждое в своей соответствующей зоне.

Статья 2.

Вступив в исполнение своих обязанностей на Свободной Территории Триест, Губернатор будет уполномочен избрать среди

лиц, постоянно проживающих на Свободной Территории, после консультации с Югославским и Итальянским Правительствами, Временный Правительственный Совет. Губернатор будет иметь право производить изменения в составе Временного Правительственного Совета, когда он сочтет это необходимым. Губернатор и Временный Правительственный Совет будут осуществлять свой функции согласно порядку, предусмотренному положениями Постоянного Статута, поскольку и когда эти положения окажутся применимыми и поскольку они не заменены настоящим Положением.

Равным образом, все другие постановления Постоянного Статута будут применяться в течение периода временного режима, поскольку и когда эти постановления окажутся применимыми и поскольку они не заменены настоящим Положением.

В своих действиях Губернатор будет руководствоваться, главным образом, нуждами населения и его благосостоянием.

Статья 3.

Местопребыванием Правительства является Триест. Губернатор направляет свои доклады непосредственно председателю Совета Безопасности и будет этим путем снабжать Совет Безопасности всей необходимой информацией относительно управления Свободной Территорией.

Статья 4.

Первой обязанностью Губернатора является обеспечение поддержания общественного порядка и безопасности. Он назначает на временной основе Директора общественной безопасности, который реорганизует полицию и службу безопасности и управляет ими.

Статья 5.

a) С даты вступления в силу настоящего Договора количество войск, находящихся на Свободной Территории, не должно превышать 5.000 человек Соединенного Королевства, 5.000 человек Соединенных Штатов Америки и 5.000 человек Югославии;

b) Эти войска будут переданы в распоряжение Губернатора на период в 90 дней, начиная со вступления его в исполнение своих обязанностей на Свободной Территории. По окончании этого

периода эти войска не будут более находиться в распоряжении Губернатора и будут выведены с Территории в дополнительный срок 45 дней, если Губернатор не известит Совет Безопасности, что он считает необходимым в интересах Территории сохранить эти войска полностью или частично. В случае этой последней возможности войска, требуемые Губернатором, будут оставаться в течение периода не более 45 дней, после того как Губернатор известит Совет Безопасности, что внутренний порядок на Территории может быть обеспечен силами службы общественной безопасности без помощи иностранных войск.

c) Операции по выводу войск, предусмотренные в пункте «*b*», должны проводиться таким образом, чтобы по возможности сохранялась пропорция, предусмотренная в пункте «*a*», между войсками трех заинтересованных Держав.

Статья 6.

Губернатор имеет право в любое время обращаться за поддержкой к командующим упомянутыми войсками, и такая поддержка должна быстро оказываться. Губернатор при всякой возможности консультируется с соответствующим командующим перед отдачей своих указаний, однако, он не вмешивается в военную сторону использования войск, исполняющих его указания. Каждый командующий имеет право докладывать своему Правительству указания, полученные от Губернатора, информируя Губернатора о содержании таких докладов. Соответствующее Правительство имеет право отказаться от участия своими войсками в данной операции и в соответствии с этим информирует Совет Безопасности.

Статья 7.

Необходимые соглашения о размещении, управлении и снабжении военных контингентов Соединенного Королевства, Соединенных Штатов Америки и Югославии будут заключены между Губернатором и командующими этими контингентами.

Статья 8.

Губернатор, консультируясь с Временным Правительственным Советом, будет уполномочен организовать выборы членов Учреди-

тельного Собрания в соответствии с положениями Статута, установленными для выборов Народного Собрания.

Выборы должны иметь место не позже чем через четыре месяца после вступления Губернатора в его обязанности. В случае технической невозможности проведения выборов в установленный срок Губернатор доложит Совету Безопасности.

Статья 9.

Губернатор при консультации с Временным Правительственным Советом подготовит временный бюджет и временную программу экспорта и импорта. Он должен убедиться в том, что Временным Правительственным Советом приняты надлежащие меры для управления финансами на Свободной Территории.

Статья 10.

Существующие законы и постановления останутся в силе, если и пока действие их не будет отменено или приостановлено Губернатором.

Губернатор будет иметь право, по согласованию с большинством Временного Правительственного Совета, вносить изменения в действующие законы и постановления и издавать новые. Такие измененные и новые законы и постановления, равно как и декреты Губернатора об отмене или приостановлении законов или постановлений, будут иметь силу, если и пока они не будут изменены, отменены или заменены актами Народного Собрания или Правительственного Совета в их соответствующих областях после вступления в силу Конституции.

Статья 11.

Впредь до установления отдельного валютного режима для Свободной Территории итальянская лира будет продолжать оставаться законным платежным средством на Свободной Территории. Правительство Италии будет удовлетворять нужды Свободной Территории в иностранных девизах и в валюте на условиях, не менее благоприятных, чем те, которые применяются в Италии.

Италия и Свободная Территория заключат соглашение с целью осуществления вышеприведенных положений, а также с той целью,

чтобы предусмотреть всякие расчеты между обоими Правительствами, которые окажутся необходимыми.

ПРИЛОЖЕНИЕ VIII.

Положение о Свободном Порте Триест.

Статья 1.

1. Для обеспечения того, чтобы порт и транзитные льготы Триеста могли быть доступны для пользования на равных условиях для всей международной торговли и для Югославии, Италии и государств Центральной Европы, как это принято в других свободных портах мира:

a) в пределах Свободной Территории Триест будет порт в границах, указанных или установленных в соответствии со статьей 3 настоящего Положения, где не будет таможенного обложения;

b) грузы, проходящие через Свободный Порт Триест, будут пользоваться свободой транзита, как это указано в статье 16 настоящего Положения.

2. Международный режим Свободного Порта будет регулироваться постановлениями настоящего Положения.

Статья 2.

1. Свободный Порт будет учрежден и будет управляться в качестве государственной организации Свободной Территории Триест, наделенной правами юридического лица и функционирующей в соответствии с постановлениями настоящего Положения.

2. Вся итальянская государственная и приравненная к ней собственность в пределах Свободного Порта, которая согласно положениям настоящего Мирного Договора должна перейти к Свободной Территории, будет передана бесплатно Свободному Порту.

Статья 3.

1. Район Свободного Порта будет включать территорию и сооружения свободных зон Порта Триест в пределах границ 1939 года.

2. Образование особых зон в пределах Свободного Порта под исключительной юрисдикцией какого бы то ни было государства несовместимо со статусом Свободной Территории и Свободного Порта.

3. Однако, с целью удовлетворения особых нужд судоходства Югославии и Италии в Адриатическом море Директор Свободного Порта, по просьбе Правительства Югославии или Италии и при наличии положительного совета со стороны Международной Комиссии, предусмотренной в статье 21, может предоставить торговым судам, плавающим под флагом любого из этих двух государств, исключительное право пользования причалами в некоторых частях района Свободного Порта.

4. В случае возникновения необходимости в расширении территории Свободного Порта такое расширение по представлению Директора Свободного Порта может быть произведено решением Правительственного Совета с согласия Народного Собрания.

Статья 4.

Поскольку иное не предусмотрено настоящим Положением, законы и правила, действующие на Свободной Территории, подлежат применению к лицам и имуществу в пределах границ Свободного Порта, а власти, ответственные за их применение на Свободной Территории, будут осуществлять свои функции в пределах границ Свободного Порта.

Статья 5.

1. Торговые суда и грузы всех стран будут беспрепятственно допускаться в Свободный Порт для производства погрузки и выгрузки товаров, как транзитных, так и предназначаемых для Свободной Территории Триест или вывозимых с этой Территории.

2. Власти Свободной Территории не будут взимать с этих товаров таможенных пошлин или других налогов, кроме оплаты оказанных услуг, в связи с их ввозом, вывозом или провозом транзитом через Свободный Порт.

3. Однако, в отношении товаров, ввозимых через Свободный Порт для потребления в пределах Свободной Территории или вы-

возимых из пределов этой Территории через Свободный Порт, будут применяться соответствующие законоположения и правила, действующие на Свободной Территории.

Статья 6.

В Свободном Порту Триест в соответствии с общими правилами, установленными Директором Свободного Порта, будет разрешаться хранение товаров на складах, осмотр, сортировка, упаковка и переупаковка и другие операции подобного рода, которые обычно допускались в свободных зонах порта Триест.

Статья 7.

1. Директором Свободного Порта может быть также разрешена переработка товаров в Свободном Порту.

2. Производственная деятельность в Свободном Порту будет разрешена тем предприятиям, которые находились в свободных зонах порта Триест до вступления в силу настоящего Положения. По представлению Директора Свободного Порта Правительственный Совет может разрешить создание новых производственных предприятий в пределах границ Свободного Порта.

Статья 8.

Инспектирование властями Свободной Территории будет допускаться в Свободном Порту в пределах, необходимых для осуществления таможенных и других правил Свободной Территории по борьбе с контрабандой.

Статья 9.

1. Властям Свободной Территории предоставляется право устанавливать и взимать корабельные сборы в Свободном Порту.

2. Директор Свободного Порта установит размер всех обложений за пользование средствами и услугами Свободного Порта. Такие обложения будут разумными и соответствующими стоимости эксплоатации, управления, содержания в порядке и развития Свободного Порта.

Статья 10.

При установлении и взимании в Свободном Порту корабельных сборов и других обложений, указанных в статье 9, а также при

оказании услуг и при предоставлении средств Свободного Порта не будет допускаться дискриминация в зависимости от флага судна, принадлежности товаров или по каким-либо другим основаниям.

Статья 11.

Допуск всех лиц в Свободный Порт, а равно и выход из Порта, будут регулироваться теми правилами, которые могут быть установлены властями Свободной Территории. Однако, эти правила будут установлены таким образом, чтобы не создавать ненужных затруднений в допуске в Свободный Порт и выходе из Порта для граждан любого государства, которые имеют какое-либо законное занятие в Свободном Порту.

Статья 12.

Действующие в Свободном Порту правила и обязательные постановления, а равно тарифы взимаемых в Порту сборов, должны быть опубликованы.

Статья 13.

Каботажное судоходство и прибрежная торговля в пределах Свободной Территории будут осуществляться в соответствии с правилами, издаваемыми властями Свободной Территории, причем постановления настоящего Положения не будут рассматриваться как устанавливающие для этих властей какие-либо ограничения в этом отношении.

Статья 14.

В пределах Свободного Порта в отношении судов и грузов мероприятия по здравоохранению, а также мероприятия по борьбе с болезнями растений и животных, будут осуществляться властями Свободной Территории.

Статья 15.

Обеспечение Свободного Порта водоснабжением, газом, электроэнергией, средствами связи, канализацией и другими коммунальными услугами, а равно принятие мер полицейской и противопожарной охраны, будут лежать на обязанности властей Свободной Территории.

Статья 16.

1. В соответствии с обычными международными соглашениями Свободная Территория и государства, через территорию которых производится транзит, обеспечат свободу транзита товарам, перевозимым по железной дороге между Свободным Портом и государствами, которые он обслуживает, без всякой дискриминации и взимания таможенных или фискальных пошлин, кроме оплаты оказанных услуг.

2. Свободная Территория и государства, принявшие на себя обязательства, содержащиеся в настоящем Положении, через территорию которых осуществляются такие транзитные перевозки в любом направлении, сделают все, что в их силах, для того, чтобы оказать по возможности лучшее содействие во всех отношениях в целях быстрого и эффективного осуществления таких перевозок по разумной стоимости, и не будут принимать по отношению к перевозкам товаров в Свободный Порт и из него каких-либо дискриминационных мер в отношении тарифов, услуг, таможенных, санитарных, полицейских и любых других правил.

3. Государства, принявшие на себя обязательства, содержащиеся в настоящем Положении, не будут принимать никаких мер в отношении правил или тарифов, которые искусственным образом отвлекали бы перевозки от Свободного Порта Триест в пользу других морских портов. Меры, предпринимаемые Правительством Югославии для того, чтобы обеспечить перевозки через порты в южной Югославии, не должны рассматриваться как меры, предназначенные для искусственного отвлечения перевозок.

Статья 17.

Свободная Территория и государства, принимающие на себя обязательства, содержащиеся в настоящем Положении, предоставят, в соответствии с обычными международными соглашениями, в пределах своих соответствующих территорий, без какой-либо дискриминации, свободу почтовой, телеграфной и телефонной связи между территорией Свободного Порта и любой страной для передачи

сообщений, отправным пунктом которых или местом их назначения является территория Свободного Порта.

Статья 18.

1. Управление Свободным Портом будет осуществляться Директором Свободного Порта, который будет представлять Порт как юридическое лицо. Правительственный Совет представляет Губернатору список квалифицированных кандидатов на пост Директора Свободного Порта. Губернатор назначает Директора из числа кандидатов, представленных ему, после консультации с Правительственным Советом. В случае разногласия вопрос будет передан Совету Безопасности. Губернатор может также уволить Директора по рекомендации Международной Комиссии, предусмотренной в статье 21, или Правительственного Совета.

2. Директор не должен быть гражданином Югославии или Италии.

3. Назначение всех остальных служащих Свободного Порта будет производиться Директором. При всех назначениях служащих Свободного Порта предпочтение должно быть оказано гражданам Свободной Территории.

Статья 19.

Директор Свободного Порта, с соблюдением постановлений настоящего Положения, будет осуществлять все разумные и необходимые мероприятия по управлению, эксплоатации, содержанию в порядке и развитию Свободного Порта в качестве эффективно действующего порта, достаточного для быстрого обслуживания всего грузооборота этого порта. В частности, Директор будет нести ответственность за производство всякого рода портовых работ в Свободном Порту, распоряжаться эксплоатацией портовых сооружений и другого портового оборудования, устанавливать в соответствии с законодательством Свободной Территории условия труда в Свободном Порту, а также будет наблюдать за выполнением в Свободном Порту постановлений и распоряжений властей Свободной Территории в отношении навигации.

Статья 20.

1. Директор Свободного Порта будет издавать такие правила и обязательные постановления, какие он сочтет необходимыми при осуществлении своих функций, указанных в предыдущей статье.

2. Автономный бюджет Свободного Порта будет подготовляться Директором Свободного Порта и будет утверждаться и осуществляться согласно законодательству, которое в этом отношении будет установлено Народным Собранием Свободной Территории.

3. Директор Свободного Порта будет представлять ежегодный доклад о деятельности Свободного Порта Губернатору и Правительственному Совету Свободной Территории. Копия доклада будет представляться Международной Комиссии, предусмотренной в статье 21.

Статья 21.

1. Будет учреждена Международная Комиссия по Свободному Порту, в дальнейшем именуемая «Международная Комиссия», в состав которой войдут представитель Свободной Территории и по одному представителю от каждого из следующих государств: Союза Советских Социалистических Республик, Соединенных Штатов Америки, Соединенного Королевства Великобритании и Северной Ирландии, Франции, Федеративной Народной Республики Югославии, Италии, Польши, Чехословакии, Швейцарии, Австрии и Венгрии, при условии, что данное государство примет на себя обязательства, содержащиеся в настоящем Положении.

2. Представитель Свободной Территории будет постоянным председателем Международной Комиссии. В случае равного деления голосов при голосовании, голос председателя будет решающим.

Статья 22.

Международная Комиссия будет находиться в Свободном Порту. Ее учреждение и деятельность будут свободны от местной юрисдикции. Члены и должностные лица Международной Комиссии будут пользоваться на Свободной Территории такими привилегиями и иммунитетом, которые необходимы для независимого осуществления их функций. Международная Комиссия сама будет решать вопрос о своем секретариате, процедуре и бюджете. Общие

расходы Международной Комиссии будут справедливым образом оплачиваться государствами-членами, как это будет согласовано между ними через посредство этой Комиссии.

Статья 23.

Международная Комиссия будет иметь право расследовать и рассматривать все вопросы, касающиеся эксплоатации, использования и управления Свободного Порта или технических вопросов транзита между Свободным Портом и государствами, которые он обслуживает, включая вопросы унификации операций по обработке грузов. Международная Комиссия будет действовать как по своей собственной инициативе, так и тогда, когда такие вопросы будут доведены до ее сведения каким-либо государством или Свободной Территорией или Директором Свободного Порта. Международная Комиссия будет сообщать свое мнение или рекомендации по таким вопросам заинтересованному государству или государствам или Свободной Территории или Директору Свободного Порта. Такие рекомендации будут рассмотрены, и будут приняты необходимые меры. Если Свободная Территория или заинтересованное государство или государства сочтут, однако, такие меры несовместимыми с постановлениями настоящего Положения, то этот вопрос может, по просьбе Свободной Территории или любого заинтересованного государства, решаться, как это предусмотрено в статье 24.

Статья 24.

Всякий спор относительно толкования или выполнения настоящего Положения, оставшийся неразрешенным путем прямых переговоров, должен, если спорящие стороны не придут к взаимному соглашению относительно иного способа урегулирования спора, быть передан, по требованию любой из спорящих сторон, в Комиссию в составе одного представителя от каждой стороны и третьего члена, избранного по взаимному соглашению двух сторон из граждан третьих стран. Если две стороны в месячный срок не смогут придти к соглашению относительно назначения третьего члена, то любая из них может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение. Решение большинства членов Комиссии будет являться решением этой Комиссии и должно быть принято сторонами как окончательное и обязательное.

Статья 25.

Предложения, вносящие поправки в настоящее Положение, могут быть представлены Совету Безопасности Правительственным Советом Свободной Территории или тремя или более государствами, представленными в Международной Комиссии. Поправка, одобренная Советом Безопасности, вступит в силу в срок, определенный Советом Безопасности.

Статья 26.

Для целей настоящего Положения государство будет считаться принявшим на себя обязательства настоящего Положения, если оно является стороной в Мирном Договоре с Италией или если оно нотифицировало Правительству Французской Республики о принятии на себя таких обязательств.

ПРИЛОЖЕНИЕ IX.

Технические постановления, относящиеся к Свободной Территории Триест.

(см. статью 21)

A. Водоснабжение северозападной Истрии.

Югославия будет продолжать снабжение водой района северозападной Истрии, расположенного в пределах Свободной Территории Триест, из источника Сан Джованни де Пингуенте через систему водоснабжения Квието и из источника Санта Мария дель Ризано через систему Ризано. Подаваемое таким образом количество воды не должно значительно превышать того количества, которое обычно подавалось этому району; водный режим при этом будет соответствовать тем требованиям, какие могут быть предъявлены со стороны Свободной Территории, но лишь в пределах, допускаемых естественными условиями. Югославия обеспечит функционирование водопроводов, резервуаров, водокачек, системы фильтров и других подобных сооружений в пределах югославской территории, поскольку это может потребоваться для выполнения настоящего постановления. В отношении вышеупомянутых обязательств Югославии будут допущены временные отступления для производства необходимого ремонта, связанного с теми повреж-

дениями, которые были нанесены сооружениям водоснабжения войной. Свободная Территория должна уплачивать за подаваемую в этих условиях воду разумную цену, представляющую пропорциональную долю, исчисляемую на основе количества воды, потребляемой в пределах Свободной Территории, от общей стоимости эксплоатации и содержания систем водоснабжения Квието и Ризано. Если в будущем для Свободной Территории потребуется дополнительное снабжение водой, Югославия рассмотрит этот вопрос совместно с властями Свободной Территории и предпримет по соглашению те меры, какие окажутся разумными для удовлетворения этих требований.

B. Снабжение электроэнергией.

1. Югославия и Италия сохранят существующее снабжение электроэнергией Свободной Территории Триест, поставляя Свободной Территории такое количество электроэнергии и по такому графику, как это может ей потребоваться. Поставляемое количество электроэнергии не должно вначале значительно превышать количества, в которых она обычно поставлялась району, входящему в Свободную Территорию, но Югославия и Италия будут, по просьбе Свободной Территории, поставлять увеличивающиеся количества по мере роста потребностей Свободной Территории, при условии, что любое такое увеличение более, чем на 20% количества, обычно поставлявшегося Свободной Территории из соответствующих источников, должно явиться предметом соглашения между заинтересованными Правительствами.

2. Цена, которая будет взиматься Югославией или Италией и уплачиваться Свободной Территорией за поставляемую ей электроэнергию, не должна превышать цену, взимаемую в Югославии или Италии за поставку таких же количеств электроэнергии из тех же гидроэлектрических установок на югославской или итальянской территории.

3. Югославия, Италия и Свободная Территория будут постоянно обмениваться той информацией о водном режиме, запасах воды и выработке электроэнергии, которая относится к электростан-

циям, снабжающим бывший итальянский район Венеция Джулия, для того, чтобы каждая из трех сторон имела возможность определить свои потребности.

4. Югославия, Италия и Свободная Территория будут содержать в хорошем и исправном состоянии все электростанции, линии передачи, подстанции и другие установки, необходимые для непрерывного снабжения электроэнергией бывшего итальянского района Венеция Джулия.

5. Югославия обеспечит, чтобы ныне существующие и любые будущие силовые установки на Соча (Изонцо) эксплоатировались таким образом, чтобы запасы воды, какие Италия может время от времени просить, могли быть отведены с Соча (Изонцо) для орошения в районе от Горицы на юго-запад к Адриатике. Италия не может претендовать на право получения воды из Соча (Изонцо) в большем количестве и на более благоприятных условиях, чем это обычно имело место в прошлом.

6. Югославия, Италия и Свободная Территория путем совместных переговоров, в соответствии с вышеизложенными постановлениями, придут к взаимно приемлемому соглашению о продолжении эксплоатации электроэнергетической системы, которая обслуживает бывший итальянский район Венеция Джулия. Будет создана совместная комиссия с равным представительством трех Правительств для наблюдения за выполнением обязательств, вытекающих из пунктов 1-5 выше.

7. По истечении десятилетнего периода со дня вступления в силу настоящего Договора Югославия, Италия и Свободная Территория пересмотрят вышеприведенные положения в свете условий, которые будут существовать в то время, для того, чтобы в подлежащем случае определить, какие из вышеприведенных обязательств больше не требуются, и произведут такие изменения, исключения и внесут такие дополнения, которые могут быть ими согласованы. Всякие споры, которые могут возникнуть в результате этого пересмотра, должны передаваться на решение согласно процедуре, изложенной в статье 87 настоящего Договора.

C. Содействие местной пограничной торговле.

В течение одного месяца со дня вступления в силу настоящего Договора Югославия и Свободная Территория Триест, а также Италия и Свободная Территория Триест, начнут переговоры с целью заключения соглашений, которые будут способствовать движению через границы между Свободной Территорией и прилегающими районами Югославии и Италии продовольствия и других видов товаров, которые обычно обращались между этими районами в порядке местной торговли, при условии, что эти товары выращиваются, производятся или вырабатываются на этих территориях соответственно. Это обращение товаров в порядке местной торговли будет поощряться соответствующими мерами, включая освобождение таких товаров, в пределах согласованных количеств или стоимости, от пошлин, таможенных сборов и всякого рода налогов на экспорт или импорт.

ПРИЛОЖЕНИЕ X.

Экономические и финансовые постановления, относящиеся к Свободной Территории Триест.

1. Свободная Территория Триест должна безвозмездно получить итальянскую государственную и парастатальную (приравненную к государственной) собственность в пределах Свободной Территории.

Для целей настоящего Приложения государственной и парастатальной собственностью считается следующее: движимая и недвижимая собственность Итальянского государства, местных властей и публичных учреждений, а также компаний и ассоциаций, принадлежащих публично-правовым организациям, равно как движимая и недвижимая собственность, ранее принадлежавшая фашистской партии или ее вспомогательным организациям.

2. Все передачи итальянской государственной и парастатальной собственности, как это определено в пункте 1 выше, совершенные после 3 сентября 1943 года, будут считаться недействительными и несуществующими. Это постановление не распространяется, однако, на законные действия, относящиеся к текущей деятельности

государственных и парастатальных предприятий, поскольку они касаются продажи в нормальных пределах товаров, обычно производимых или продаваемых ими при осуществлении нормальных торговых сделок или в ходе нормальной правительственной административной деятельности.

3. Подводные кабели, принадлежащие итальянским государственным или парастатальным организациям, подпадают под действие положений пункта 1, поскольку это касается конечных устройств и участков кабелей, находящихся в пределах территориальных вод Свободной Территории.

4. Италия передаст Свободной Территории все соответствующие архивы и документы административного характера или представляющие исторический интерес, касающиеся Свободной Территории или относящиеся к собственности, переходящей согласно пункту 1 настоящего Приложения. Свободная Территория передаст Югославии все документы того же характера, относящиеся к территории, переходящей к Югославии согласно настоящему Договору, а Италии — все документы того же характера, касающиеся итальянской территории, которые могут оказаться на Свободной Территории.

Югославия заявляет о своей готовности передать Свободной Территории все архивы и документы административного характера, касающиеся и требуемые исключительно для администрации Свободной Территории, являющиеся документами такого рода, которые до 3 сентября 1943 года обычно хранились местными властями, имевшими юрисдикцию над районами, которые сейчас составляют часть Свободной Территории.

5. Свободная Территория будет освобождена от уплаты итальянского государственного долга; однако, она примет на себя обязательства Итальянского государства перед теми держателями облигаций, которые продолжают проживать на Свободной Территории или которые, являясь юридическими лицами, сохраняют там свои главные конторы или основное место своей деятельности, поскольку такие обязательства соответствуют той части этого долга, которая

была сделана до 10 июня 1940 года и которая относится к общеполезным сооружениям и гражданским административным службам, приносящим пользу упомянутой территории, но не имеет прямого или косвенного отношения к военным целям.

От держателей может быть потребовано полное доказательство в отношении источника приобретения таких облигаций.

Италия и Свободная Территория заключат соглашения, которые определят часть итальянского государственного долга, упомянутую в этом пункте, и способы осуществления этих постановлений.

6. Будущий статус внешних обязательств, обеспеченных обременениями собственности или доходов Свободной Территории, будет регулироваться дальнейшими соглашениями между заинтересованными сторонами.

7. Между Италией и Свободной Территорией будут заключены специальные соглашения для определения условий, на которых обязательства итальянских государственных или частных организаций социального страхования в отношении жителей Свободной Территории и сответствующая часть резервов, накопленных указанными организациями, будут переданы подобным организациям на Свободной Территории.

Между Свободной Территорией и Италией, а также между Свободной Территорией и Югославией, будут заключены подобные соглашения, имеющие целью регулировать обязательства государственных и частных организаций социального страхования, главные конторы которых находятся на Свободной Территории, в отношении полисодержателей или застрахованных лиц, проживающих соответственно в Италии или на территории, переходящей к Югославии в соответствии с настоящим Договором.

Между Свободной Территорией и Югославией будут также заключены подобные соглашения, имеющие целью регулировать обязательства государственных и частных организаций социального страхования, главные конторы которых находятся на территории, переходящей к Югославии в соответствии с настоящим Договором, в отношении полисодержателей или застрахованных лиц, проживающих на Свободной Территории.

8. Италия должна продолжать нести ответственность за выплату гражданских или военных пенсий, причитающихся на день вступления в силу настоящего Договора за службу в итальянских государственных, муниципальных или в других местных государственных учреждениях лицам, приобретшим гражданство Свободной Территории согласно этому Договору, включая права на пенсии, срок реализации которых еще не наступил. Между Италией и Свободной Территорией должны быть заключены соглашения, предусматривающие метод, посредством которого это обязательство будет выполнено.

9. Собственность, права и интересы итальянских граждан, постоянно проживающих на Свободной Территории после 10 июня 1940 года, и лиц, которые оптируют итальянское гражданство согласно Статуту Свободной Территории Триест, должны, если они приобретены законно, уважаться в той же мере, что и вообще собственность, права и интересы граждан Свободной Территории, в течение трехлетнего периода со дня вступления в силу настоящего Договора.

Собственность, права и интересы на Свободной Территории, принадлежащие другим итальянским гражданам, а также итальянским юридическим лицам, должны, если они приобретены законно, подлежать лишь такому законодательству, которое может время от времени вводиться в отношении вообще собственности иностранных граждан и юридических лиц.

10. Лицам, оптирующим итальянское гражданство и переезжающим в Италию, должно быть разрешено, после уплаты всяких долгов или налогов, причитающихся с них на Свободной Территории, брать с собой свою движимую собственность и переводить свои денежные средства, при условии, что такая собственность и денежные средства были приобретены законно. Никакие экспортные или импортные пошлины не должны налагаться в связи с перемещением такой собственности. Кроме того, указанным лицам должно быть разрешено продавать свою движимую и недвижимую собственность на тех же условиях, что и гражданам Свободной Территории.

Вывоз собственности в Италию будет осуществляться на условиях, не противоречащих Конституции Свободной Территории, и в порядке, согласованном между Италией и Свободной Территорией. Условия и сроки перевода денежных средств, включая выручку от продаж, должны быть установлены таким же образом.

11. Собственность, права и интересы бывших итальянских граждан, являющихся жителями Свободной Территории и согласно настоящему Договору ставших гражданами Свободной Территории, которые будут существовать в Италии ко дню вступления в силу настоящего Договора, должны уважаться Италией в той же мере, что и вообще собственность, права и интересы итальянских граждан, в течение трехлетнего периода со дня вступления в силу настоящего Договора.

Таким лицам разрешается осуществлять перевод и ликвидацию их собственности, прав и интересов на условиях, которые могут быть установлены на основании пункта 10 выше.

12. С компаниями, которые учреждены по итальянскому закону и имеют главную контору на Свободной Территории и которые пожелают перевести главную контору в Италию или Югославию, должно быть равным образом поступлено согласно положениям пункта 10 выше, при условии, что более 50% капитала компании принадлежит лицам, обычно проживающим вне пределов Свободной Территории, или лицам, которые переедут в Италию или Югославию.

13. Долги, причитающиеся с лиц в Италии или на территории, переходящей к Югославии, лицам на Свободной Территории или с лиц на Свободной Территории лицам в Италии или на территории, переходящей к Югославии, не должны затрагиваться переходом территории. Италия, Югославия и Свободная Территория обязуются способствовать выполнению таких обязательств. Применяемое в настоящем пункте выражение «лица» включает юридические лица.

14. Находящаяся на Свободной Территории собственность любой из Объединенных Наций и ее граждан, если она еще не освобождена от итальянских мероприятий по секвестру или контролю и

не возвращена ее собственнику, должна быть возвращена в состоянии, в котором она существует в настоящее время.

15. Италия вернет собственность, незаконно вывезенную после 3 сентября 1943 года со Свободной Территории в Италию. Пункты 2, 3, 4, 5 и 6 статьи 75 будут регулировать применение этого обязательства, за исключением случаев, когда в отношении собственности предусмотрено иное в настоящем Приложении.

Положения пунктов 1, 2, 5 и 6 статьи 75 будут применяться в отношении реституции Свободной Территорией собственности, вывезенной с территорий Объединенных Наций во время войны.

16. Италия должна в возможно кратчайший срок возвратить Свободной Территории любые находящиеся в итальянском владении суда, принадлежавшие на 3 сентября 1943 года проживающим на Свободной Территории физическим лицам, приобретшим гражданство Свободной Территории согласно настоящему Договору, или принадлежавшие итальянским юридическим лицам, имеющим и сохраняющим главные конторы на Свободной Территории, за исключением судов, которые были добросовестно проданы.

17. Италия и Свободная Территория, а также Югославия и Свободная Территория, заключат соглашения, предусматривающие законное и справедливое распределение собственности, принадлежащей любому существующему местному органу, район которого разделяется любым урегулированием границ в соответствии с настоящим Договором, а также предусматривающие сохранение для жителей необходимых коммунальных услуг, которые специально не охвачены другими частями настоящего Договора.

Будут заключены аналогичные соглашения о законном и справедливом распределении подвижного состава и железнодорожного оборудования, а также доковых и портовых пловучих средств и оборудования, равно как и о всяких других неразрешенных экономических вопросах, не охваченных настоящим Приложением.

18. Граждане Свободной Территории, несмотря на переход суверенитета и на то или иное изменение гражданства, последовав-

шее за этим переходом, должны продолжать пользоваться в Италии всеми правами в отношении промышленной, литературной и художественной собственности, на которую они имели право согласно законам, действовавшим в Италии к моменту перехода суверенитета.

Свободная Территория должна признать и предоставить возможность осуществить права на промышленную, литературную и художественную собственность, которые существовали согласно итальянским законам, имевшим силу на Свободной Территории к моменту указанного перехода, или которые должны быть восстановлены в соответствии с частью A Приложения XV к настоящему Договору. Эти права будут оставаться в силе на Свободной Территории в течение того же периода, в течение которого они оставались бы в силе согласно итальянским законам.

19. Всякий спор, который может возникнуть при осуществлении настоящего Приложения, должен разрешаться в том же порядке, как это предусмотрено в статье 83 настоящего Договора.

20. Пункты 1, 3 и 5 статьи 76, статья 77, пункт 3 статьи 78, статья 81, часть A Приложения XV, Приложение XVI и часть B Приложения XVII применяются к Свободной Территории Триест в том же порядке, что и к Италии.

ПРИЛОЖЕНИЕ XI.

СОВМЕСТНАЯ ДЕКЛАРАЦИЯ

Правительств Советского Союза, Соединенного Королевства, Соединенных Штатов Америки и Франции относительно итальянских территориальных владений в Африке.

(см. статью 23).

1. Правительства Союза Советских Социалистических Республик, Соединенного Королевства Великобритании и Северной Ирландии, Соединенных Штатов Америки и Франции соглашаются путем совместно принятого решения определить в течение одного года с момента вступления в силу Мирного Договора с Италией от

10 февраля 1947 года окончательную судьбу территориальных владений Италии в Африке, в отношении которых Италия отказывается от всех своих прав и правооснований в силу статьи 23 Договора.

2. Четыре Державы определят окончательную судьбу территорий, о которых идет речь, и произведут надлежащее уточнение их границ, принимая во внимание желания и благосостояние жителей, равно как и интересы мира и безопасности, и учитывая точки зрения других заинтересованных правительств.

3. Если Четыре Державы не смогут договориться о судьбе какой-либо из этих территорий в течение одного года со дня вступления в силу Мирного Договора с Италией, вопрос будет передан Генеральной Ассамблее Объединенных Наций для того, чтобы последняя сделала рекомендацию по этому вопросу, и Четыре Державы соглашаются принять рекомендацию и предпринять надлежащие меры для ее выполнения.

4. Заместители Министров Иностранных Дел будут продолжать рассмотрение вопроса о судьбе бывших итальянских колоний с целью представить Совету Министров Иностранных Дел свои рекомендации по этому вопросу. Кроме того, они направят комиссии по обследованию в любую из бывших итальянских колоний с тем, чтобы представить Заместителям необходимые данные по этому вопросу и определить взгляды местного населения.

(см. ст. ст. 11, 14, 49 и ст. 3 Приложения VI)

Этим не запрещается персонал внутренней охраны ограниченной численности, отвечающей задачам внутреннего характера,

вооруженный таким оружием, которое может быть носимо и используемо одним человеком, и необходимое для этого персонала военное обучение.

ПРИЛОЖЕНИЕ XIV.

Экономические и финансовые постановления, относящиеся к переходящим территориям.

1. Государство-преемник должно безвозмездно получить итальянскую государственную и парастатальную (приравненную к государственной) собственность в пределах территории, переходящей к нему в силу настоящего Договора, а также все соответствующие архивы и документы административного характера или представляющие исторический интерес, касающиеся данной территории или относящиеся к собственности, переходящей в соответствии с настоящим пунктом.

Для целей настоящего Приложения государственной и парастатальной собственностью считается следующее: движимая и недвижимая собственность итальянского государства, местных властей и публичных учреждений, а также компаний и ассоциаций, принадлежащих публично-правовым организациям, равно как движимая и недвижимая собственность, ранее принадлежавшая фашистской партии или ее вспомогательным организациям.

2. Все передачи итальянской государственной и парастатальной собственности, как это определено в пункте 1 выше, совершенные после 3 сентября 1943 года, будут считаться недействительными и несуществующими. Это постановление не распространяется, однако, на законные действия, относящиеся к текущей деятельности государственных и парастатальных предприятий, поскольку они касаются продажи в нормальных пределах товаров, обычно производимых или продаваемых ими при осуществлении нормальных торговых сделок или в ходе нормальной правительственной административной деятельности.

3. Итальянские подводные кабели, соединяющие пункты на переходящей территории или соединяющие какой-либо пункт на

переходящей территории с пунктом на другой территории государства-преемника, будут считаться итальянской собственностью на переходящей территории, несмотря на то, что части этих кабелей могут проходить вне территориальных вод. Итальянские подводные кабели, соединяющие какой-либо пункт на переходящей территории с пунктом, находящимся вне юрисдикции государства-преемника, будут считаться итальянской собственностью на переходящей территории, поскольку это касается конечных устройств и тех частей кабелей, которые находятся в территориальных водах переходящей территории.

4. Правительство Италии передаст государству-преемнику все предметы, имеющие художественную, историческую или археологическую ценность, принадлежащие к культурному достоянию переходящей территории и которые во время итальянского контроля над этой территорией были вывезены оттуда без оплаты и находятся в распоряжении Правительства Италии или итальянских публичных учреждений.

5. Государство-преемник должно урегулировать конвертирование в свою валюту итальянской валюты, находящейся на переходящей территории у физических лиц, продолжающих проживать на упомянутой территории, или у юридических лиц, продолжающих там вести дела. От держателей может быть потребовано полное доказательство в отношении источника приобретения фондов, подлежащих конвертированию.

6. Правительство государства-преемника будет освобождено от уплаты итальянского государственного долга; однако, оно примет на себя обязательства итальянского государства перед теми держателями облигаций, которые продолжают проживать на переходящей территории или которые, являясь юридическими лицами, сохраняют там свои главные конторы или основное место своей деятельности, поскольку такие обязательства соответствуют той части этого долга, которая была сделана до 10 июня 1940 года и которая относится к общеполезным сооружениям и гражданским admini-

стративным службам, приносящим пользу упомянутой территории, но не имеет прямого или косвенного отношения к военным целям.

От держателей может быть потребовано полное доказательство в отношении источника приобретения таких облигаций.

Государство-преемник и Италия заключат соглашения, которые определят часть итальянского государственного долга, упомянутую в этом пункте, и способы осуществления этих постановлений.

7. Между государством-преемником и Италией будут заключены специальные соглашения для определения условий, на которых обязательства итальянских государственных или частных организаций социального страхования в отношении жителей переходящей территории и соответственная часть резервов, накопленных указанными организациями, будут переданы подобным организациям государства-преемника.

Между государством-преемником и Италией будут также заключены подобные соглашения, имеющие целью регулировать обязательства государственных и частных организаций социального страхования, главные конторы которых находятся на переходящей территории, в отношении полисодержателей или застрахованных лиц, проживающих в Италии.

8. Италия должна продолжать нести ответственность за выплату гражданских или военных пенсий, причитающихся на день вступления в силу настоящего Договора за службу в итальянских государственных, муниципальных или в других местных государственных учреждениях лицам, приобретшим гражданство государства-преемника согласно этому Договору, включая права на пенсии, срок реализации которых еще не наступил. Между государством-преемником и Италией будут заключены соглашения, предусматривающие метод, посредством которого это обязательство будет выполнено.

9. Собственность, права и интересы итальянских граждан,

являющихся в день вступления в силу настоящего Договора постоянными жителями переходящих территорий, должны, если они приобретены законно, уважаться наравне с правами граждан государства-преемника.

Собственность, права и интересы на переходящих территориях, принадлежащие другим итальянским гражданам, а также итальянским юридическим лицам, должны, если они приобретены законно, подлежать лишь такому законодательству, которое может время от времени вводиться в отношении вообще собственности иностранных граждан и юридических лиц.

Такие собственность, права и интересы не должны подвергаться удержанию или ликвидации согласно положениям статьи 79 настоящего Договора, а должны быть возвращены их собственникам освобожденными от всяких мер такого рода и от любой другой меры по передаче, принудительному управлению или секвестру, принятых в период между 3 сентября 1943 г. и днем вступления в силу настоящего Договора.

10. Лицам, оптирующим итальянское гражданство и переезжающим в Италию, должно быть разрешено, после уплаты всяких долгов или налогов, причитающихся с них на переходящей территории, брать с собой свою движимую собственность и переводить свои денежные средства, при условии, что такие собственность и денежные средства были приобретены законно. Никакие экспортные или импортные пошлины не должны налагаться в связи с перемещением такой собственности. Кроме того, им должно быть разрешено продавать свою движимую и недвижимую собственность на тех же условиях, что и гражданам государства-преемника.

Вывоз собственности в Италию должен осуществляться на условиях и в пределах, согласованных между государством-преемником и Италией. Условия и сроки перевода денежных средств, включая выручку от продаж, должны быть равным образом согласованы.

11. Собственность, права и интересы бывших итальянских граждан, являющихся жителями переходящих территорий и, согласно настоящему Договору, ставших гражданами другого государства, которые будут существовать в Италии ко дню вступления в силу настоящего Договора, должны уважаться Италией в той же мере, что и вообще собственность, права и интересы граждан Объединенных Наций.

Таким лицам разрешается осуществлять перевод и ликвидацию их собственности, прав и интересов на тех же условиях, которые могут быть установлены на основании пункта 10 выше.

12. С учрежденными по итальянским законам компаниями, которые имеют главную контору на переходящей территории и которые пожелают перевести главную контору в Италию, должно быть равным образом поступлено согласно пункту 10 выше, при условии, что более 50% капитала компании принадлежит лицам, обычно проживающим вне пределов переходящей территории, или лицам, которые, согласно настоящему Договору, оптируют итальянское гражданство и переедут в Италию, а также при условии, что компания проводит большую часть своей деятельности вне пределов переходящей территории.

13. Долги, причитающиеся с лиц в Италии лицам на переходящей территории или с лиц на переходящей территории лицам в Италии, не должны затрагиваться переходом территории. Италия и государство-преемник обязуются способствовать выполнению таких обязательств. Применяемое в настоящем пункте выражение «лица» включает юридические лица.

14. Находящаяся на переходящей территории собственность любой из Объединенных Наций и ее граждан, если она еще не освобождена от итальянских мероприятий по секвестру или контролю и не возвращена ее собственнику, должна быть возвращена в том состоянии, в котором она существует в настоящее время.

15. Правительство Италии признает, что соглашение в Бриони от 10 августа 1942 года является несуществующим. Оно обязуется участвовать с другими сторонами, подписавшими Римское соглашение от 29 мая 1923 года, в любых переговорах, имеющих

целью включение в его постановления необходимых изменений для обеспечения справедливого урегулирования предусмотренных в нем платежей.

16. Италия вернет собственность, незаконно вывезенную после 3 сентября 1943 года с переходящей территории в Италию. Пункты 2, 3, 4, 5 и 6 статьи 75 будут регулировать применение этого обязательства, за исключением случаев, когда в отношении собственности предусмотрено иное в настоящем Приложении.

17. Италия должна в возможно кратчайший срок возвратить государству-преемнику любые находящиеся в итальянском владении суда, принадлежавшие на 3 сентября 1943 года проживающим на переходящей территории физическим лицам, приобретшим гражданство государства-преемника согласно настоящему Договору, или принадлежавшие итальянским юридическим лицам, имеющим и сохраняющим главные конторы на переходящей территории, за исключением судов, которые были добросовестно проданы.

18. Италия и государства-преемники должны заключить соглашения, предусматривающие законное и справедливое распределение собственности, принадлежащей любому существующему местному органу, район которого разделяется любым урегулированием границ в соответствии с настоящим Договором, а также предусматривающие сохранение для жителей необходимых коммунальных услуг, которые специально не охвачены другими частями настоящего Договора.

Будут заключены аналогичные соглашения о законном и справедливом распределении подвижного состава и железнодорожного оборудования, а также доковых и портовых пловучих средств и оборудования, равно как и о всяких других неразрешенных экономических вопросах, не охваченных настоящим Приложением.

19. Постановления настоящего Приложения не должны распространяться на бывшие итальянские колонии. Экономические и финансовые постановления, которые будут применяться к бывшим итальянским колониям, составят часть соглашений относительно окончательного решения судьбы этих владений в соответствии со статьей 23 настоящего Договора.

ПРИЛОЖЕНИЕ XV.

Специальные постановления, относящиеся к некоторым видам собственности.

A. Промышленная, литературная и художественная собственность.

1. *a)* Союзным и Соединенным Державам и их гражданам должен быть предоставлен срок в один год со дня вступления в силу настоящего Договора для того, чтобы дать им возможность, без взимания с них дополнительных сборов или других штрафов любого рода, совершить все необходимые акты для приобретения или сохранения в Италии прав промышленной, литературной и художественной собственности, которые не могли быть совершены вследствие существования состояния войны.

b) Союзные и Соединенные Державы или их граждане, которые надлежащим образом сделали заявку на территории любой Союзной или Соединенной Державы о патенте или о регистрации образца не ранее, чем за 12 месяцев до возникновения войны с Италией или в течение войны, или о регистрации промышленного рисунка, или модели, или товарного знака не ранее, чем за 6 месяцев до возникновения войны с Италией или во время войны, будут иметь право в течение 12 месяцев со дня вступления в силу настоящего Договора сделать заявку о соответствующих правах в Италии вместе с правом приоритета, основанным на более ранней регистрации заявки на территории этой Союзной или Соединенной Державы.

c) Каждой из Союзных и Соединенных Держав и ее гражданам должен быть предоставлен срок в один год со дня вступления в силу настоящего Договора, в течение которого они могут возбуждать дело в Италии против тех физических или юридических лиц, в отношении которых утверждается, что они незаконно нарушили их права промышленной, литературной или художественной собственности между датой возникновения войны и датой вступления в силу настоящего Договора.

2. Период с момента возникновения войны до истечения 18 месяцев после вступления в силу настоящего Договора должен быть

исключен при исчислении срока, в течение которого патент должен был быть осуществлен или рисунок или товарный знак—использован.

3. Период с момента возникновения войны до дня вступления в силу настоящего Договора должен быть исключен из нормального срока прав промышленной, литературной и художественной собственности, которые имели силу в Италии к моменту возникновения войны, или которые признаны или установлены на основании части А настоящего Приложения и которые принадлежат любой из Союзных и Соединенных Держав или ее гражданам. Поэтому нормальная продолжительность таких прав должна считаться автоматически продленной в Италии на дальнейший срок, соответствующий исключенному таким образом периоду.

4. Предшествующие положения, касающиеся прав в Италии Союзных и Соединенных Держав и их граждан, должны равным образом применяться в отношении прав Италии и ее граждан на территориях Союзных и Соединенных Держав. Однако, ничто в этих положениях не дает Италии или ее гражданам права на более благоприятный режим на территории какой-либо из Союзных и Соединенных Держав, чем тот, который предоставляется в подобных случаях этой Державой какой-либо другой из Объединенных Наций или ее гражданам. Италия не будет также обязана на основании этих положений предоставлять любой из Союзных и Соединенных Держав или ее гражданам более благоприятный режим, чем тот, которым пользуются на территории этой Державы Италия или ее граждане в вопросах, предусмотренных в предшествующих положениях.

5. Третьим лицам на территориях любой из Союзных и Соединенных Держав или Италии, которые до дня вступления в силу настоящего Договора добросовестно приобрели права на промышленную, литературную или художественную собственность, находящиеся в противоречии с правами, восстановленными на основании части А настоящего Приложения, или в противоречии с правами, приобретенными на основании приоритета в силу этого же Приложения, или которые добросовестно изготовили, опубликовали, воспроизвели, использовали или продали предмет, к которому

относятся эти права, будет разрешено, без всякой ответственности за нарушение, продолжать осуществлять такие права и продолжать или возобновить такое изготовление, публикацию, репродукцию, использование или продажу, которые были добросовестно приобретены или начаты. В Италии такое разрешение будет носить форму неисключительной лицензии, предоставляемой на условиях по взаимному соглашению сторон, а при отсутствии соглашения — на условиях, устанавливаемых Согласительной Комиссией, учрежденной на основании статьи 83 настоящего Договора. Однако, на территории каждой из Союзных и Соединенных Держав добросовестные третьи лица будут пользоваться такой защитой, какая предоставляется при аналогичных обстоятельствах добросовестным третьим лицам, права которых находятся в противоречии с правами граждан других Союзных и Соединенных Держав.

6. Ничто в части А настоящего Приложения не должно толковаться как дающее Италии или ее гражданам право на какой-либо патент или образец на территории какой-либо из Союзных и Соединенных Держав в отношении изобретений, относящихся к любому предмету, поименнованному в определении и перечне военных материалов и техники, данных в Приложении XIII к настоящему Договору, которые сделаны или в отношении которых заявки были зарегистрированы Италией или любым из ее граждан в Италии или на территории любой из держав оси или на территории, которая была оккупирована вооруженными силами держав оси, в течение периода времени, когда данная территория находилась под контролем вооруженных сил или властей держав оси.

7. Италия равным образом распространит действие предыдущих положений настоящего Приложения на неявляющиеся Союзными или Соединенными Державами Объединенные Нации, дипломатические отношения которых с Италией были порваны во время войны и которые обязуются предоставить Италии преимущества, предоставляемые Италии этими же положениями.

8. Ничто в части А настоящего Приложения не будет пониматься как противоречащее статьям 78. 79 и 81 настоящего Договора.

B. Страховое дело.

1. Никакие препятствия, кроме тех, которые вообще устанавливаются в отношении страховщиков, не должны ставиться к возобновлению страховщиками, являющимися гражданами Объединенных Наций, их бывших деловых портфелей.

2. Если страховщик из числа граждан любой из Объединенных Наций желает возобновить свою профессиональную деятельность в Италии и если будет установлено, что стоимость гарантийных депозитов или резервных фондов, требующихся в качестве условия для ведения дела в Италии, уменьшилась вследствие потери или обесценения ценных бумаг, из которых состояли эти депозиты или резервные фонды, Правительство Италии обязуется считать в течение 18 месяцев такие ценные бумаги, которые сохранились, удовлетворяющими предписаниям закона в отношении депозитов и резервных фондов.

ПРИЛОЖЕНИЕ XVI.

Контракты, сроки давности и ценные бумаги.

A. Контракты.

1. Всякий контракт, который для своего выполнения требовал установления сношений между любыми из его сторон, ставшими врагами, как это определено в части D настоящего Приложения, должен, при условии соблюдения исключений, изложенных в пунктах 2 и 3 ниже, считаться расторгнутым с того времени, когда любые из его сторон стали врагами. Такое расторжение, однако, не затрагивает положений статьи 81 настоящего Договора, и оно не должно освобождать ту или иную сторону контракта от обязательства вернуть суммы, полученные в качестве авансов или частичных платежей, в отношении которых такая сторона ничего не сделала взамен.

2. Несмотря на положения пункта 1 выше, не подлежат расторжению и, без ущерба для прав, изложенных в статье 79 настоящего Договора, остаются в силе такие части любого контракта, которые отделимы и не требовали для своего исполнения установ-

ления сношений между любыми из его сторон, ставшими врагами, как это определено в части D настоящего Приложения. Если положения того или иного контракта не могут быть таким образом отделены, контракт должен считаться полностью расторгнутым. Вышеизложенное имеет силу при условии применения внутренних законов, распоряжений или правил, изданных любой из Союзных и Соединенных Держав, имеющих юрисдикцию в отношении контракта или в отношении любой из его сторон, а также будет подчиняться условиям контракта.

3. Ничто в части A настоящего Приложения не должно рассматриваться как аннулирующее сделки, законно осуществленные в соответствии с контрактом между врагами, если они осуществлены с разрешения Правительства любой из Союзных и Соединенных Держав.

4. Несмотря на вышеприведенные положения, контракты по страхованию и перестрахованию будут подчиняться отдельным соглашениям между Правительством заинтересованной Союзной или Соединенной Державы и Правительством Италии.

B. Сроки давности.

1. Все сроки давности или сроки ограничения права на иск или права принимать охранительные меры в отношениях, касающихся лиц или собственности и затрагивающих граждан Объединенных Наций и итальянских граждан, которые в силу состояния войны не могли предъявить иска или выполнить формальностей, необходимых для обеспечения своих прав, независимо от того, началось ли течение этих сроков до или после возникновения войны, будут считаться приостановленными на время войны на территории Италии, с одной стороны, и на территории тех из Объединенных Наций, которые предоставят Италии на началах взаимности преимущества, предусматриваемые положениями настоящего пункта, — с другой. Течение приостановленных сроков давности возобновится со дня вступления в силу настоящего Договора. Положения настоящего пункта будут применимы в отношении сроков, установленных для предъявления процентных купонов или купонов на дивиденд или

для предъявления к оплате ценных бумаг, вышедших в тираж или подлежащих оплате на каком-либо другом основании.

2. В тех случаях, когда, вследствие невыполнения какого-либо акта или какой-либо формальности во время войны, были приняты исполнительные меры на итальянской территории в ущерб тому или иному гражданину любой из Объединенных Наций, Правительство Италии восстановит права, которым был нанесен ущерб. Если такое восстановление является несправедливым или невозможным, Правительство Италии примет меры к тому, чтобы гражданину Объединенных Наций было предоставлено такое пособие, которое может оказаться справедливым при этих обстоятельствах.

C. Ценные бумаги.

1. В отношениях между врагами ни одна ценная бумага, составленная до войны, не будет рассматриваться как утратившая силу только потому, что эта бумага не была в установленные сроки предъявлена для акцепта или оплаты, или не было сделано уведомление составителю или лицу, учинившему передаточную надпись, об отказе в акцепте или платеже, или она не была опротестована, или же потому, что не была выполнена какая-либо формальность во время войны.

2. В тех случаях, когда срок, установленный для того, чтобы ценная бумага была предъявлена для акцепта или оплаты, или срок, в который уведомление об отказе от акцепта или платежа должно было быть сделано составителю или лицу, учинившему передаточную надпись, или в течение которого документ должен был быть опротестован, истек во время войны, а сторона, которая должна была предъявить или опротестовать документ или уведомить об отказе от акцепта или платежа, не сделала этого во время войны, ей будет предоставлен срок не менее трех месяцев, считая со дня вступления в силу настоящего Договора, в течение которого может быть сделано предъявление, уведомление об отказе от акцепта или платежа или опротестование.

3. Если какое-либо лицо до или во время войны вступило в обязательство по какой-либо ценной бумаге в связи с обязатель-

ством, выданным ему лицом, ставшим в дальнейшем врагом, то последнее остается обязанным предоставить первому возмещение в отношении этого обязательства, независимо от возникновения войны.

D. Особые постановления.

1. Для целей настоящего Приложения физические или юридические лица будут рассматриваться как враги с того дня, когда торговля между ними стала незаконной на основании законов, распоряжений или правил, действию которых такие лица или контракты подлежали.

2. Принимая во внимание особенности правовой системы Соединенных Штатов Америки, постановления настоящего Приложения не будут применяться в отношениях между Соединенными Штатами Америки и Италией.

ПРИЛОЖЕНИЕ XVII.

Призовые суды и судебные решения.

A. Призовые суды.

Каждая из Союзных и Соединенных Держав оставляет за собой право рассмотреть в соответствии с процедурой, которая должна быть ею установлена, все решения и распоряжения итальянских призовых судов по делам относительно прав собственности ее граждан и рекомендовать Правительству Италии, чтобы был предпринят пересмотр тех решений или распоряжений, которые могут оказаться несоответствующими международному праву.

Правительство Италии обязуется предоставить копии всех документов, составляющих досье этих дел, включая вынесенные решения и распоряжения, и принять все рекомендации, сделанные в результате рассмотрения упомянутых дел, и осуществить такие рекомендации.

B. Судебные решения.

Правительство Италии предпримет необходимые меры для того, чтобы дать гражданам любой из Объединенных Наций возможность в любое время в течение одного года со дня вступления в силу настоящего Договора передать соответствующим итальян-

ским властям для пересмотра любое судебное решение, вынесенное итальянским судом между 10 июня 1940 года и днем вступления в силу настоящего Договора при любом судебном разбирательстве, в котором гражданин Объединенных Наций не смог в достаточной мере изложить свое дело в качестве истца или ответчика. Правительство Италии должно предусмотреть, чтобы в тех случаях, когда гражданин Объединенных Наций потерпел ущерб в силу любого такого судебного решения, он был бы восстановлен в том положении, в котором он находился до вынесения этого судебного решения, или чтобы ему было предоставлено такое пособие, которое может оказаться справедливым при этих обстоятельствах. Выражение «граждане Объединенных Наций» включает корпорации или ассоциации, организованные или учрежденные на основании законов любой из Объединенных Наций.

Premesso che a seguito delle vittorie delle Forze alleate e con l'aiuto degli elementi democratici del popolo italiano, il regime fascista venne rovesciato il 25 luglio 1943 e l'Italia, essendosi arresa senza condizioni, firmò i patti d'armistizio del 3 e del 29 settembre del medesimo anno; e

Premesso che dopo l'armistizio suddetto Forze Armate italiane, sia quelle governative che quelle appartenenti al Movimento della Resistenza, presero parte attiva alla guerra contro la Germania, l'Italia dichiarò guerra alla Germania alla data del 13 ottobre 1943 e così divenne cobelligerante nella guerra contro la Germania stessa; e

Articolo 3

Le frontiere fra l'Italia e la Jugoslavia saranno determinate nel modo seguente:

(i) Il nuovo confine seguirà una linea che parte dal punto di congiunzione delle frontiere dell'Austria, Italia e Jugoslavia, quali esistevano al 1° gennaio 1938 e procederà verso sud, seguendo il confine del 1938 fra la Jugoslavia e l'Italia fino alla congiunzione di detto confine con la linea di demarcazione amministrativa fra le province italiane del Friuli (Udine) e di Gorizia;

(ii) da questo punto la linea di confine coincide con la predetta linea di demarcazione fino ad un punto che trovasi approssimativamente a mezzo chilometro a nord del villaggio di Mernico nella Valle dell'Iudrio;

(iii) abbandonando a questo punto la linea di demarcazione fra le province italiane del Friuli e di Gorizia, la frontiera si prolunga verso oriente fino ad un punto situato approssimativamente a mezzo chilometro ad ovest del villaggio di Vercoglia di Cosbana e quindi verso sud fra le

valli del Quarnizzo e della Cosbana fino ad un punto a circa 1 chilometro a sud-ovest del villaggio di Fleana, piegandosi in modo da intersecare il fiume Recca ad un punto a circa un chilometro e mezzo ad est del Iudrio, lasciando ad est la strada che allaccia Cosbana a Castel Dobra, per via di Nebola;

(iv) la linea quindi continua verso sud-est, passando immediatamente a sud della strada fra le quote 111 e 172, poi a sud della strada da Vipulzano ad Uclanzi, passando per le quote 57 e 122, quindi intersecando quest'ultima strada a circa 100 metri ad est della quota 122, e piegando verso nord in direzione di un punto situato a 350 metri a sud-est della quota 266;

(v) passando a circa mezzo chilometro a nord del villaggio di San Floriano, la linea si estende verso oriente al Monte Sabotino (quota 610) lasciando a nord il villaggio di Poggio San Valentino;

(vi) dal Monte Sabotino la linea si prolunga verso sud, taglia il fiume Isonzo (Soca) all'altezza della città di Salcano, che rimane in Jugoslavia e corre immediatamente ad ovest della linea ferroviaria da Canale d'Isonzo a Montespino fino ad un punto a circa 750 metri a sud della strada Gorizia-Aisovizza;

(vii) allontanandosi dalla ferrovia, la linea quindi piega a sud-ovest, lasciando alla Jugoslavia la città di San Pietro ed all'Italia l'Ospizio e la strada che lo costeggia ed a circa 700 metri dalla stazione di Gorizia-S. Marco, taglia il raccordo ferroviario fra la ferrovia predetta e la ferrovia Sagrado-Cormons, costeggia il Cimitero di Gorzia, che rimane all'Italia, passa fra la Strada Nazionale N.° 55 fra Gorizia e Trieste, che resta in Italia, ed il crocevia alla quota 54, lasciando alla Jugoslavia le città di Vertoiba e Merna, e raggiunge un punto situato approssimativamente alla quota 49;

(viii) di là, la linea continua in direzione di mezzogiorno attraverso l'altipiano del Carso, a circa 1 chilometro ad est della Strada Nazionale N.° 55, lasciando ad est il villaggio di Opacchiasella ed a ovest il villaggio di Iamiano;

(ix) partendo da un punto a circa 1 chilometro ad est di Iamiano, il confine segue la linea di demarcazione amministrativa fra le province di

Gorizia e di Trieste fino ad un punto a circa 2 chilometri a nord-est del villaggio di San Giovanni ed a circa mezzo chilometro a nord-ovest di quota 208, che segna il punto di incontro fra le frontiere della Jugoslavia, dell'Italia e del Territorio Libero di Trieste.

La carta, alla quale la presente descrizione si riferisce, fa parte dell'Allegato I.

Articolo 4

I confini fra l'Italia ed il Territorio Libero di Trieste saranno fissati come segue:

(i) La linea di confine parte da un punto situato sulla linea di demarcazione amministrativa fra le provincie di Gorizia e di Trieste, a circa 2 chilometri a nord-est del villaggio di San Giovanni ed a circa mezzo chilometro a nord-ovest della quota 208, che segna il punto d'incontro delle frontiere della Jugoslavia, dell'Italia e del Territorio Libero di Trieste e corre in direzione di sud-ovest fino ad un punto adiacente alla Strada Nazionale N.° 14 ed a circa 1 chilometro a nord-ovest della congiunzione fra le strade Nazionali N.° 55 e 14, che conducono rispettivamente da Gorizia e da Monfalcone a Trieste;

(ii) la linea si prolunga quindi in direzione di mezzogiorno fino ad un punto nel golfo di Panzano, che è equidistante dalla Punta Sdobba, alla foce del fiume Isonzo (Soca) e da Castel Vecchio a Duino, a circa chilometri 3,3 a sud dal punto dove si allontana dalla linea costiera, che è ad approssimativamente 2 chilometri a nord-ovest dalla città di Duino;

(iii) il tracciato quindi raggiunge il mare aperto, seguendo una linea situata ad eguale distanza dalla costa d'Italia e da quella del Territorio Libero di Trieste.

La carta alla quale la descrizione presente si riferisce, fa parte dell'Allegato I.

4. Le spese della Commissione confinaria saranno sopportate in parti eguali dai due Governi interessati.

5. Al fine di determinare sul posto le esatte frontiere fissate dagli Articoli 3, 4 e 22, i Commissari avranno facoltà di allontanarsi di mezzo chilometro dalla linea di confine fissata nel presente Trattato per adeguare la frontiera alle condizioni geografiche ed economiche locali, ma ciò alla condizione che nessun villaggio o città di più di 500 abitanti, nessuna ferrovia o strada importante, e nessuna importante sorgente di energia elettrica o d'acqua venga ad essere sottoposta in tal modo ad una sovranità che non sia quella risultante dalle delimitazioni stabilite dal presente Trattato.

Essi si consulteranno con i Capi delle Missioni diplomatiche in Roma degli Stati enumerati al paragrafo 1 del capo B e, quando le circostanze lo richiederanno, con il Governo italiano, e daranno il loro consiglio. Ai fini del presente Articolo, i Quattro Ambasciatori continueranno ad esplicare le loro predette funzioni fino allo spirare del termine previsto al paragrafo 1 del capo B per le consegne a titolo di riparazioni.

(b) Allo scopo di evitare controversie o conflitti d'attribuzione nella ripartizione della produzione italiana e delle risorse italiane tra i diversi Stati, aventi diritto alle riparazioni ai sensi del capo B del presente Articolo, i Quattro Ambasciatori saranno informati da ognuno dei Governi aventi diritto alle riparazioni ai sensi del capo B del presente Articolo e dal Governo italiano, dell'inizio di negoziati per un accordo, in conformità delle disposizioni del paragrafo 3 di cui sopra, e dello sviluppo di tali negoziati. In caso di controversia sorgente nel corso dei negoziati, i Quattro Ambasciatori saranno competenti a decidere di ogni questione che sia ad essi sottoposta da uno qualsiasi di detti Governi o da qualsiasi altro Governo avente diritto a riparazioni ai sensi del capo B del presente Articolo.

(c) Appena conclusi, gli accordi saranno resi noti ai Quattro Ambasciatori. Questi potranno raccomandare che un accordo che non fosse o che avesse cessato di essere conforme agli obiettivi enunciati al paragrafo 3 o all'alinea *(b)* di cui sopra, sia opportunamente modificato.

C. *Disposizioni Speciali per Prestazioni Anticipate*

Per quanto concerne le prestazioni provenienti dalla produzione corrente, ai sensi del capo A, paragrafo 2 *(c)* e del capo B, paragrafo 2 *(b)*, nessuna disposizione del capo A e del capo B del presente Articolo dovrà essere interpretata nel senso di escludere siffatte prestazioni, durante i primi due anni, a condizione che siano fatte in conformità di accordi tra il Governo avente diritto alle riparazioni e il Governo italiano.

D. *Riparazioni a Favore di Altri Stati*

1. Le ragioni delle altre Potenze Alleate e Associate saranno soddisfatte a valere sui beni italiani sottoposti alla loro rispettiva giurisdizione, in base all'Articolo 79 del presente Trattato.

2. Le ragioni di ogni Stato al quale siano fatte cessioni territoriali in applicazione del presente Trattato e che non sia menzionato nella parte B del presente Articolo, saranno ugualmente soddisfatte, attraverso il trasferimento a suo favore, senza pagamento, delle installazioni e dell'attrezzatura industriale esistenti nei territori ceduti, destinati sia alla distribuzione dell'acqua che alla produzione e alla distribuzione del gas e dell'elettricità e che appartengano a qualsiasi società italiana, la cui sede sociale sia in Italia o sia trasferita in Italia. Le ragioni di detti Stati potranno essere soddisfatte anche mediante il trasferimento di tutti gli altri beni di società di tale natura, che si trovino nei territori ceduti.

Il Governo italiano assumerà l'onere risultante dalle obbligazioni finanziarie garantite da ipoteche, da privilegi e da altri vincoli gravanti su tali beni.

E. *Indennità per Beni Presi a Titolo di Riparazioni*

Il Governo italiano s'impegna ad indennizzare le persone fisiche o giuridiche, dei cui beni ci si sia appropriati, in base alle disposizioni del presente Articolo, a titolo di riparazioni.

SEZIONE II—RESTITUZIONI DA PARTE DELL'ITALIA

Articolo 75

1. L'Italia accetta i principi della Dichiarazione delle Nazioni Unite del 5 gennaio 1943 e restituirà, nel più breve tempo possibile, i beni sottratti dal territorio di una qualsiasi delle Nazioni Unite.

2. L'obbligo di restituire si applica a tutti i beni identificabili, che si trovino attualmente in Italia e che siano stati sottratti, con la violenza o la costrizione, dal territorio di una delle Nazioni Unite, da qualunque delle Potenze dell'Asse, qualunque siano stati i successivi negozi, mediante i quali l'attuale detentore di tali beni se ne sia assicurato il possesso.

3. Il Governo italiano restituirà i beni di cui al presente Articolo in buone condizioni e prenderà a suo carico tutte le spese di mano d'opera, di materiali e di trasporto che siano state, a tale effetto, sostenute in Italia.

4. Il Governo italiano collaborerà con le Nazioni Unite e provvederà

a sue spese tutti i mezzi necessari per la ricerca e la restituzione dei beni da restituirsi ai sensi del presente Articolo.

5. Il Governo italiano prenderà le misure necessarie per far luogo alla restituzione dei beni previsti dal presente Articolo, che siano detenuti in qualunque terzo Paese da persone soggette alla giurisdizione italiana.

6. Le richieste di restituzione di beni saranno presentate al Governo italiano dal Governo del paese, dal territorio del quale i beni furono sottratti, essendo inteso che il materiale rotabile dovrà considerarsi come sottratto dal territorio al quale esso apparteneva in origine. Le domande dovranno essere presentate entro sei mesi dall'entrata in vigore del presente Trattato.

7. Spetterà al Governo richiedente d'identificare i beni e di fornire la prova della proprietà, mentre al Governo italiano incomberà l'onere della prova che il bene non fu sottratto con la violenza o la costrizione.

8. Il Governo italiano restituirà al Governo della Nazione Unita interessata tutto l'oro coniato, sottratto o indebitamente trasferito in Italia, oppure consegnerà al Governo della Nazione Unita interessata una quantità d'oro uguale in peso e titolo a quella sottratta o indebitamente trasferita. Il Governo italiano riconosce che tale obbligo sussiste, indipendentemente da qualsiasi trasferimento o rimozione di oro che abbia potuto essere effettuata dal territorio italiano ad altre Potenze dell'Asse o ad un paese neutro.

9. Se, in casi specifici, fosse impossibile per l'Italia di effettuare la restituzione di oggetti aventi un valore artistico, storico od archeologico e appartenenti al patrimonio culturale della Nazione Unita, dal territorio della quale tali oggetti vennero sottratti, con la violenza o la costrizione, da parte delle Forze Armate, delle autorità o di cittadini italiani, l'Italia s'impegna a consegnare alla Nazione Unita interessata oggetti della stessa natura e di valore approssimativamente equivalente a quello degli oggetti sottratti, in quanto siffatti oggetti possano procurarsi in Italia.

SEZIONE III—RINUNCIA A RAGIONI DA PARTE DELL'ITALIA

Articolo 76

1. L'Italia rinuncia a far valere contro le Potenze Alleate ed Associate, ogni ragione di qualsiasi natura, da parte del Governo o di cittadini italiani,

che possa sorgere direttamente dal fatto della guerra o dai provvedimenti adottati a seguito dell'esistenza di uno stato di guerra in Europa, dopo il 1° settembre 1939, indipendentemente dal fatto che la Potenza Alleata o Associata interessata fosse o non fosse in guerra con l'Italia a quella data. Sono comprese in tale rinuncia:

(a) le domande pel risarcimento di perdite o danni subiti in conseguenza di atti delle Forze Armate o delle autorità di Potenze Alleate o Associate;

(b) le ragioni risultanti dalla presenza, dalle operazioni o dalle azioni delle Forze Armate od autorità di Potenze Alleate o Associate in territorio italiano;

(c) le doglianze rispetto a decreti ed ordinanze dei tribunali delle Prede di Potenze Alleate o Associate, impegnandosi l'Italia a riconoscere come validi e aventi forza esecutiva tutti i decreti e le ordinanze di detti tribunali emessi alla data del 1° settembre 1939 o successivamente e concernenti navi italiane, merci italiane o il pagamento delle spese;

(d) le ragioni risultanti dall'esercizio o dall'asserto esercizio di diritti di belligeranza.

2. Le disposizioni del presente Articolo precluderanno, completamente e definitivamente, ogni domanda della specie di quelle a cui questo Articolo si riferisce, che rimarrà da questo momento estinta, quali che siano le parti interessate. Il Governo italiano accetta di corrispondere equa indennità in lire alle persone che abbiano fornito, a seguito di requisizione, merci o servizi a favore delle Forze Armate di Potenze Alleate o Associate in territorio italiano e per soddisfare le domande avanzate contro le Forze Armate di Potenze Alleate o Associate relative a danni causati in territorio italiano e non provenienti da fatti di guerra.

3. L'Italia rinuncia ugualmente a fare valere domande della specie di quelle previste dal paragrafo 1 del presente Articolo, da parte del Governo od cittadini italiani contro una qualsiasi delle Nazioni Unite, che abbia rotto le relazioni diplomatiche con l'Italia e che abbia adottato provvedimenti in collaborazione con le Potenze Alleate ed Associate.

4. Il Governo italiano assumerà piena responsabilità della valuta mili-

tare alleata emessa in Italia dalle autorità militari alleate, compresa tutta la valuta in circolazione alla data dell'entrata in vigore del presente Trattato.

5. La rinuncia da parte dell'Italia, ai sensi del paragrafo 1 del presente Articolo, si estende ad ogni domanda nascente dai provvedimenti adottati da qualunque delle Potenze Alleate ed Associate nei confronti delle navi italiane, tra il 1° settembre 1939 e la data di entrata in vigore del presente Trattato e ad ogni domanda o debito risultante dalle Convenzioni sui prigionieri di guerra, attualmente in vigore.

6. Le disposizioni del presente Articolo non dovranno essere interpretate nel senso di recare pregiudizio ai diritti di proprietà sui cavi sottomarini, che, allo scoppio delle ostilità, appartenevano al Governo italiano od a cittadini italiani. Il presente paragrafo non precluderà l'applicazione, nei riguardi dei cavi sottomarini, dell'Articolo 79 e dell'Allegato XIV.

Articolo 77

1. A decorrere dall'entrata in vigore del presente Trattato, i beni esistenti in Germania ed appartenenti allo Stato italiano ed a cittadini italiani, non saranno più considerati come beni nemici e tutte le restrizioni fondate su tale qualifica saranno abrogate.

2. I beni identificabili appartenenti allo Stato italiano ed a cittadini italiani, che le Forze Armate germaniche o le autorità germaniche abbiano trasferito con la violenza o la costrizione, dal territorio italiano in Germania, dopo il 3 settembre 1943, daranno luogo a restituzione.

3. La restituzione e la rimessa in pristino dei beni italiani saranno effettuate in conformità delle misure che saranno adottate dalle Potenze che occupano la Germania.

4. Senza pregiudizio di tali disposizioni e di quelle altre disposizioni che fossero adottate in favore dell'Italia e dei cittadini italiani dalle Potenze che occupano la Germania, l'Italia rinuncia, a suo nome e a nome dei cittadini italiani, a qualsiasi domanda contro la Germania e i cittadini germanici pendente alla data dell' 8 maggio 1945, salvo quelle risultanti da contratti o da altre obbligazioni che fossero in forza, ed ai diritti che fossero stati acquisiti, prima del 1° settembre 1939. Questa rinuncia sarà considerata applicarsi ai debiti, a tutte le ragioni di carattere interstatale relative

ad accordi conclusi nel corso della guerra e a tutte le domande di risarcimento di perdite o di danni occorsi durante la guerra.

5. L'Italia si impegna a prendere tutti i provvedimenti necessari per facilitare quei trasferimenti dei beni germanici in Italia, che verranno stabiliti da quelle fra le Potenze occupanti la Germania che abbiano facoltà di disporre di detti beni.

PARTE VII

BENI, DIRITTI ED INTERESSI

SEZIONE I—BENI DELLE NAZIONI UNITE IN ITALIA

Articolo 78

1. In quanto non l'abbia già fatto, l'Italia ristabilirà tutti i legittimi diritti ed interessi delle Nazioni Unite e dei loro cittadini in Italia, quali esistevano alla data del 10 giugno 1940 e restituirà ad esse e ai loro cittadini, tutti i beni ad essi appartenenti, nello stato in cui attualmente si trovano.

2. Il Governo italiano restituirà tutti i beni, diritti ed interessi di cui al presente Articolo, liberi da ogni vincolo o gravame di qualsiasi natura, a cui possano essere stati assoggettati per effetto della guerra e senza che la restituzione dia luogo alla percezione di qualsiasi somma da parte del Governo italiano. Il Governo italiano annullerà tutti i provvedimenti, compresi quelli di requisizione, di sequestro o di controllo, che siano stati adottati nei riguardi dei beni delle Nazioni Unite tra il 10 giugno 1940 e la data di entrata in vigore del presente Trattato. Nel caso in cui i beni non siano restituiti entro 6 mesi dall'entrata in vigore del presente Trattato, dovrà essere presentata istanza alle autorità italiane nel termine di 12 mesi dall'entrata in vigore del presente Trattato, salvo il caso in cui il richiedente sia in grado di dimostrare che gli era impossibile di presentare la propria istanza entro il termine suddetto.

3. Il Governo italiano annullerà i trasferimenti riguardanti beni, diritti e interessi di qualsiasi natura appartenenti a cittadini delle Nazioni

Unite, quando tali trasferimenti siano stati effettuati con violenza o costrizione da parte di Governi dell'Asse o di loro organi, durante la guerra.

4. *(a)* Il Governo italiano sarà responsabile della rimessa in ottimo stato dei beni restituiti a cittadini delle Nazioni Unite, ai sensi del paragrafo 1 del presente Articolo. Nei casi in cui i beni non possano essere restituiti o in cui, per effetto della guerra, un cittadino delle Nazioni Unite abbia subito una perdita, a seguito di lesione o danno arrecato ad un bene in Italia, egli riceverà dal Governo italiano, a titolo d'indennità, una somma in lire, fino alla concorrenza di due terzi della somma necessaria, alla data del pagamento, per l'acquisto di un bene equivalente o per compensare la perdita subita. In nessun caso i cittadini delle Nazioni Unite potranno avere, in materia d'indennità, un trattamento meno favorevole di quello accordato ai cittadini italiani.

(b) I cittadini delle Nazioni Unite, che posseggono direttamente o indirettamente partecipazioni in società o associazioni che non abbiano la nazionalità di una delle Nazioni Unite, secondo la definizione datane dal paragrafo 9 *(a)* del presente Articolo, ma che abbiano subito una perdita, a seguito di lesione o danno arrecato a beni in Italia, saranno indennizzati ai sensi dell'alinea *(a)* di cui sopra. Tale indennità sarà calcolata in funzione della perdita totale o del danno subito dalla società o associazione e il suo ammontare, rispetto alla perdita o al danno subito, sarà nella medesima proporzione intercorrente tra la quota di partecipazione posseduta da detti cittadini nella società o associazione in parola, ed il capitale complessivo della società od associazione stessa.

(c) L'indennità sarà versata, al netto da ogni imposta, tassa o altra forma d'imposizione fiscale. Tale indennità potrà essere liberamente spesa in Italia, ma sarà sottoposta alle disposizioni, che siano via via in vigore in Italia in materia di controllo dei cambi.

(d) Il Governo italiano accorderà ai cittadini delle Nazioni Unite un'indennità in lire, nella stessa misura prevista all'alinea *(a)*, per compensare le perdite o i danni risultanti dall'applicazione di speciali provvedimenti, adottati durante la guerra nei confronti dei loro beni, che non si applicavano invece ai beni italiani. Il presente alinea non si applica ai casi di lucro cessante.

5. Tutte le spese ragionevoli a cui darà luogo in Italia la procedura di esame delle domande, compresa la determinazione dell'ammontare delle perdite e dei danni, saranno a carico del Governo italiano.

6. I cittadini delle Nazioni Unite ed i loro beni saranno esentati da ogni imposta, tassa o contributo di carattere straordinario a cui il Governo italiano o altra autorità italiana abbia sottoposto i loro capitali in Italia nel periodo compreso tra il 3 settembre 1943 e la data di entrata in vigore del presente Trattato, allo scopo specifico di coprire spese risultanti dalla guerra o per far fronte al costo delle forze di occupazione o delle riparazioni da pagarsi ad una qualsiasi delle Nazioni Unite. Tutte le somme, che siano state a detto titolo percepite, dovranno essere restituite.

7. Nonostante i trasferimenti territoriali, a cui si provvede con il presente Trattato, l'Italia continuerà ad essere responsabile per le perdite o i danni subiti durante la guerra dai beni appartenenti a cittadini delle Nazioni Unite nei territori ceduti o nel Territorio Libero di Trieste. Gli obblighi contenuti nei paragrafi 3, 4, 5 e 6 del presente Articolo saranno egualmente a carico del Governo italiano, rispetto ai beni appartenenti a cittadini delle Nazioni Unite nei territori ceduti o nel Territorio Libero di Trieste, ma soltanto nella misura in cui ciò non sia in contrasto con le disposizioni del paragrafo 14 dell'Allegato X e del paragrafo 14 dell'Allegato XIV del presente Trattato.

8. Il proprietario dei beni di cui trattasi e il Governo italiano potranno concludere tra loro accordi in sostituzione delle disposizioni del presente Articolo.

9. Ai fini del presente Articolo:

(a) L'espressione "cittadini delle Nazioni Unite" si applica alle persone fisiche, che siano cittadini di una qualsiasi delle Nazioni Unite ed alle società o associazioni costituite secondo le leggi di una delle Nazioni Unite alla data dell'entrata in vigore del presente Trattato, a condizione ch'esse già possedessero tale qualità il 3 settembre 1943, alla data cioè dell'Armistizio con l'Italia.

L'espressione "cittadini delle Nazioni Unite" s'applica anche a tutte le

persone fisiche e alle società o associazioni, che, ai sensi della legislazione in vigore in Italia durante la guerra, siano state considerate come nemiche.

(b) Il termine "proprietario" serve a designare il cittadino di una delle Nazioni Unite, secondo la definizione datane all'alinea *(a)* di cui sopra, che abbia un titolo legittimo di proprietà sul bene di cui trattasi e si applica anche al successore del proprietario, a condizione che tale successore sia anch'egli cittadino delle Nazioni Unite, ai sensi dell'alinea *(a)*. Se il successore ha acquistato il bene, quando questo era già danneggiato, il venditore conserverà i suoi diritti all'indennità prevista dal presente Articolo, senza pregiudizio delle obbligazioni esistenti tra il venditore e l'acquirente, ai sensi della legislazione locale.

(c) Il termine "beni" serve a designare tutti i beni mobili e immobili, materiali ed incorporei, compresi i diritti di proprietà industriale, letteraria e artistica e tutti i diritti od interessi in beni di qualsiasi natura. Senza pregiudizio delle disposizioni generali precedenti, l'espressione "beni delle Nazioni Unite e dei loro cittadini" comprende tutti i bastimenti destinati alla navigazione marittima e fluviale, compresi gli strumenti e l'armamento di bordo, che hanno appartenuto alle Nazioni Unite o ai loro cittadini o che sono stati iscritti nel territorio di una delle Nazioni Unite o hanno navigato battendo la bandiera di una delle Nazioni Unite e che, posteriormente al 10 giugno 1940, sia che si trovassero in acque italiane o che vi fossero state portate a forza, sono state poste sotto il controllo delle autorità italiane come beni nemici o hanno cessato di essere a libera disposizione in Italia delle Nazioni Unite o dei loro cittadini, a seguito delle misure di controllo adottate dalle autorità italiane in relazione all'esistenza di uno stato di guerra tra membri delle Nazioni Unite e la Germania.

SEZIONE II—BENI ITALIANI SITUATI NEL TERRITORIO DELLE POTENZE ALLEATE E ASSOCIATE

Articolo 79

1. Ciascuna delle Potenze Alleate e Associate avrà il diritto di requisire, detenere, liquidare o prendere ogni altra azione nei confronti di tutti i beni, diritti e interessi, che, alla data dell'entrata in vigore del presente

Trattato si trovino entro il suo territorio e che appartengano all'Italia o a cittadini italiani e avrà inoltre il diritto di utilizzare tali beni o i proventi della loro liquidazione per quei fini che riterrà opportuni, entro il limite dell'ammontare delle sue domande o di quelle dei suoi cittadini contro l'Italia o i cittadini italiani, ivi compresi i crediti che non siano stati interamente regolati in base ad altri Articoli del presente Trattato. Tutti i beni italiani od i proventi della loro liquidazione, che eccedano l'ammontare di dette domande, saranno restituiti.

2. La liquidazione dei beni italiani e le misure in base alle quali ne verrà disposto, dovranno essere attuate in conformità della legislazione delle Potenze Alleate o Associate interessate. Per quanto riguarda detti beni, il proprietario italiano non avrà altri diritti che quelli che a lui possa concedere la legislazione suddetta.

3. Il Governo italiano s'impegna a indennizzare i cittadini italiani, i cui beni saranno confiscati ai sensi del presente Articolo e non saranno loro restituiti.

4. Il presente Articolo non pone l'obbligo per alcuna delle Potenze Alleate o Associate, di restituire al Governo italiano od ai cittadini italiani, diritti di proprietà industriale, nè di contare tali diritti nel calcolo delle somme, che potranno essere trattenute, ai sensi del paragrafo 1 del presente Articolo. Il Governo di ognuna delle Potenze Alleate ed Associate avrà il diritto di imporre sui diritti e interessi afferenti alla proprietà industriale sul territorio di detta Potenza Alleata o Associata, acquisiti dal Governo italiano o da cittadini italiani prima dell'entrata in vigore del presente Trattato, quelle limitazioni, condizioni e restrizioni che il Governo della Potenza Alleata o Associata interessata potrà considerare necessarie nell'interesse nazionale.

5. *(a)* I cavi sottomarini italiani colleganti punti situati in territorio jugoslavo saranno considerati come beni italiani in Jugoslavia, anche se una parte di tali cavi si trovi a giacere al di fuori delle acque territoriali jugoslave.

(b) I cavi sottomarini italiani, colleganti un punto situato sul territorio di una Potenza Alleata o Associata e un punto situato in territorio

italiano, saranno considerati beni italiani, ai sensi del presente Articolo, per quanto concerne gli impianti terminali e quella parte dei cavi che giace entro le acque territoriali di detta Potenza Alleata o Associata.

6. I beni di cui al paragrafo 1 del presente Articolo saranno considerati come comprendenti anche i beni italiani che abbiano formato oggetto di misure di controllo, a causa dello stato di guerra esistente tra l'Italia e la Potenza Alleata o Associata, avente giurisdizione sui beni stessi, ma non comprenderanno:

(a) i beni del Governo italiano utilizzati per le esigenze delle Rappresentanze diplomatiche o consolari;

(b) i beni appartenenti ad istituzioni religiose o ad enti privati di assistenza e beneficienza ed usati esclusivamente a fini religiosi o filantropici;

(c) i beni delle persone fisiche, che siano cittadini italiani, autorizzati a risiedere sia sul territorio del paese, dove sono situati i beni, che sul territorio di una qualsiasi delle Nazioni Unite, esclusi i beni, che in qualsiasi momento, nel corso della guerra, siano stati sottoposti a provvedimenti non applicabili in linea generale ai beni dei cittadini italiani residenti nello stesso territorio;

(d) i diritti di proprietà sorti dopo la ripresa dei rapporti commerciali e finanziari tra le Potenze Alleate e Associate e l'Italia o sorti da operazioni e negozi tra il Governo di una delle Potenze Alleate o Associate e l'Italia, dopo il 3 settembre 1943;

(e) i diritti di proprietà letteraria e artistica;

(f) i beni dei cittadini italiani, situati nei territori ceduti, a cui si applicheranno le disposizioni dell'Allegato XIV;

(g) fatta eccezione per i beni indicati all'Articolo 74, capo A, paragrafo 2 *(b)* e capo D paragrafo 1, i beni delle persone fisiche, residenti nei territori ceduti o nel Territorio Libero di Trieste, che non eserciteranno il diritto d'opzione per la nazionalità italiana previsto dal presente Trattato, e i beni delle società o associazioni, la cui sede sociale sia situata nei territori ceduti o nel Territorio Libero di Trieste, a condizione che tali società o asso-

ciazioni non appartengano o siano controllate da persone residenti in Italia. Nei casi previsti dall'Articolo 74, capo A, paragrafo 2 *(b)* e capo D, paragrafo 1, la questione dell'indennità sarà regolata in conformità delle disposizioni di cui all'Articolo 74, capo E.

SEZIONE III—DICHIARAZIONE DELLE POTENZE ALLEATE E ASSOCIATE IN ORDINE ALLE LORO DOMANDE

Articolo 80

Le Potenze Alleate e Associate dichiarano che i diritti ad esse attribuiti in base agli Articoli 74 e 79 del presente Trattato esauriscono tutte le loro domande e le domande dei loro cittadini per perdite o danni risultanti da fatti di guerra, ivi compresi i provvedimenti adottati durante l'occupazione dei loro territori, che siano imputabili all'Italia e che si svolsero fuori del territorio italiano, eccezione fatta delle domande fondate sugli Articoli 75 e 78.

SEZIONE IV—DEBITI

Articolo 81

1. L'esistenza dello stato di guerra non deve, di per sè, essere considerata come precludente l'obbligo di pagare i debiti pecuniari risultanti da obbligazioni e da contratti che erano in vigore, e da diritti, che erano stati acquisiti prima dell'esistenza dello stato di guerra e che erano divenuti esigibili prima dell'entrata in vigore del presente Trattato e che sono dovuti dal Governo italiano o da cittadini italiani al Governo o ai cittadini di una delle Potenze Alleate ed Associate o sono dovute dal Governo o da cittadini di una delle Potenze Alleate ed Associate al Governo italiano od a cittadini italiani.

2. Salvo disposizioni espressamente contrarie contenute nel presente Trattato, nessuna sua clausola dovrà essere interpretata nel senso di precludere o colpire i rapporti di debito e credito, risultanti da contratti conclusi prima della guerra, sia dal Governo, che da cittadini italiani.

PARTE VIII

RELAZIONI ECONOMICHE GENERALI

Articolo 82

1. In attesa della conclusione di trattati o accordi commerciali tra le singole Nazioni Unite e l'Italia, il Governo italiano dovrà, durante i 18 mesi che seguiranno l'entrata in vigore del presente Trattato, accordare a ciascuna delle Nazioni Unite, che già accordano a titolo di reciprocità un trattamento analogo all'Italia in tale materia, il trattamento seguente:

(a) Per tutto quanto si riferisce a dazi ed a tasse sull'importazione e l'esportazione, alla tassazione interna delle merci importate e a tutti i regolamenti in materia, le Nazioni Unite godranno incondizionatamente della clausola della nazione più favorita;

(b) sotto ogni altro riguardo, l'Italia non adotterà alcuna discriminazione arbitraria contro merci provenienti dal territorio o destinate al territorio di alcuna delle Nazioni Unite, rispetto a merci analoghe proveniente dal territorio o destinate al territorio di alcun'altra Nazione Unita, o di qualunque altro paese straniero;

(c) i cittadini delle Nazioni Unite, comprese le persone giuridiche, godranno dello stesso trattamento dei cittadini e di quello della nazione più favorita, in ogni questione che si riferisca al commercio, all'industria, alla navigazione ed alle altre forme di attività commerciale in Italia. Tali disposizioni non si applicheranno all'aviazione civile.

(d) L'Italia non accorderà ad alcun paese diritti esclusivi o preferenziali, per quanto riguarda le operazioni dell'aviazione civile nel campo dei traffici internazionali e offrirà a tutte le Nazioni Unite condizioni di parità nell'acquisizione dei diritti in materia di trasporti aerei commerciali internazionali in territorio italiano, compreso il diritto di atterraggio per rifornimento e riparazioni ed accorderà, per gli apparecchi civili operanti nel campo dei traffici internazionali, a tutte le Nazioni Unite, su una base di reciprocità e di non-discriminazione, il diritto di sorvolo sul territorio italiano senza atterraggio. Queste disposizioni non dovranno recare pregiudizio agli interessi della difesa nazionale dell'Italia.

2. Gli impegni come sopra assunti dall'Italia, debbono intendersi soggetti alle eccezioni normalmente incluse nei trattati di commercio conclusi dall'Italia prima della guerra; e le disposizioni in materia di reciprocità accordate da ciascuna delle Nazioni Unite debbono intendersi soggette alle eccezioni normalmente incluse nei trattati di commercio da ciascuna di dette Nazioni.

PARTE IX

REGOLAMENTO DELLE CONTROVERSIE

Articolo 83

1. Ogni controversia che possa sorgere a proposito dell'applicazione degli Articoli 75 e 78 e degli Allegati XIV, XV, XVI e XVII, parte B, del presente Trattato, dovrà essere sottoposta ad una Commissione di Conciliazione, composta di un rappresentante del Governo della Nazione Unita interessata e di un rappresentante del Governo italiano, esercitanti le loro funzioni su una base di parità. Se entro tre mesi dal giorno in cui la controversia è stata sottoposta alla Commissione di Conciliazione, nessun accordo è intervenuto, ciascuno dei due Governi potrà chiedere che sia aggiunto alla Commissione un terzo membro, scelto di comune accordo tra i due Governi, tra i cittadini di un terzo paese. Qualora entro due mesi, i due Governi non riescano ad accordarsi sulla scelta di un terzo membro, i Governi si rivolgeranno agli Ambasciatori a Roma dell'Unione Sovietica, del Regno Unito, degli Stati Uniti d'America e della Francia, i quali provvederanno a designare il terzo membro della Commissione. Se gli Ambasciatori non riescono a mettersi d'accordo entro un mese sulla designazione del terzo membro, l'una o l'altra parte interessata potrà chiedere al Segretario Generale delle Nazioni Unite di procedere alla relativa designazione.

2. Quando una Commissione di Conciliazione sia stata costituita ai sensi del paragrafo 1 di cui sopra, essa avrà giurisdizione su tutte le controversie che, in seguito, possano sorgere tra la Nazione Unita interessata e l'Italia, in sede di applicazione o di interpretazione degli Articoli 75 e 78

e degli Allegati XIV, XV, XVI, e XVII, Parte B, del presente Trattato ed eserciterà le funzioni ad essa devolute dalle dette disposizioni.

3. Ciascuna Commissione di Conciliazione determinerà la propria procedura, adottando norme conformi alla giustizia e all'equità.

4. Ciascun Governo pagherà gli onorari del membro della Commissione di Conciliazione ch'esso abbia nominato e di ogni agente ch'esso Governo possa designare per rappresentarlo davanti alla Commissione. Gli onorari del terzo membro saranno fissati mediante accordo speciale tra i Governi interessati e tali onorari, così come le spese comuni di ogni Commissione, saranno pagati per metà da ciascuno dei due Governi.

5. Le parti si impegnano a far in modo che le loro autorità forniscano direttamente alla Commissione di Conciliazione tutta l'assistenza che sarà in loro potere di fornire.

6. La decisione presa dalla maggioranza dei membri della Commissione costituirà la decisione della Commissione e sarà accettata dalle parti come definitiva e obbligatoria.

PARTE X

CLAUSOLE ECONOMICHE VARIE

Articolo 84

Gli Articoli 75, 78, 82 e l'Allegato XVII del presente Trattato si applicheranno alle Potenze Alleate e Associate e a quelle Nazioni Unite, che abbiano rotto le relazioni diplomatiche con l'Italia o con cui l'Italia abbia rotto le relazioni diplomatiche. Questi Articoli e l'Allegato suddetto, si applicheranno anche all'Albania e alla Norvegia.

Articolo 85

Le disposizioni degli Allegati VIII, X, XIV, XV, XVI e XVII, come pure quelle degli altri Allegati, saranno considerate come parte integrante del presente Trattato e ne avranno lo stesso valore ed effetto.

PARTE XI

CLAUSOLE FINALI

Articolo 86

1. Durante un periodo che non supererà i diciotto mesi, a decorrere dall'entrata in vigore del presente Trattato, gli Ambasciatori a Roma dell'Unione Sovietica, del Regno Unito, degli Stati Uniti d'America e della Francia, agendo di comune accordo, rappresenteranno le Potenze Alleate ed Associate, per trattare con il Governo italiano ogni questione relativa all'esecuzione e all'interpretazione del presente Trattato.

2. I Quattro Ambasciatori daranno al Governo italiano i consigli, i pareri tecnici ed i chiarimenti che potranno essere necessari per assicurare l'esecuzione rapida ed efficace del presente Trattato, sia nella lettera che nello spirito.

3. Il Governo italiano fornirà ai Quattro Ambasciatori tutte le informazioni necessarie e tutta l'assistenza di cui essi potranno aver bisogno nell'esercizio delle funzioni ad essi conferite dal presente Trattato.

Articolo 87

1. Salvo i casi per i quali una diversa procedura sia prevista da un Articolo del presente Trattato, ogni controversia relativa all'interpretazione od all'esecuzione del presente Trattato, che non sia stata regolata per via di negoziati diplomatici diretti, sarà sottoposta ai Quattro Ambasciatori, che procederanno ai sensi dell'Articolo 86. In tal caso però gli Ambasciatori non saranno tenuti ad osservare i termini di tempo fissati in detto Articolo. Ogni controversia di tale natura, ch'essi non abbiano regolato entro un periodo di due mesi, salvo che le parti interessate si mettano d'accordo su un altro mezzo per dirimere la controversia stessa, sarà sottoposta, a richiesta di una o dell'altra delle parti, ad una Commissione composta di un rappresentante di ciascuna delle parti e di un terzo membro scelto di comune accordo tra le due parti tra i cittadini di un terzo paese. In mancanza di accordo tra le due parti entro un mese sulla questione della designazione di detto terzo membro, l'una o l'altra delle parti potrà chiedere al Segretario Generale delle Nazioni Unite di procedere alla relativa designazione.

2. La decisione presa dalla maggioranza dei membri della Commissione costituirà la decisione della Commissione e sarà accettata dalle parti come definitiva e obbligatoria.

Articolo 88

1. Ogni altro membro delle Nazioni Unite che sia in guerra con l'Italia e che non sia firmatario del presente Trattato, e l'Albania, potranno aderire al Trattato e, dal momento dell'adesione, saranno considerati come Potenze Associate ai fini del presente Trattato.

Frontiera Franco-Italiana

Descrizione dettagliata dei tratti di frontiera a cui si applicano le modificazioni di cui all'Articolo 2

Passo del Piccolo San Bernardo

Riferimento: carta 1:20.000: Ste Foy Tarentaise N. 1 e 2

Il nuovo confine segue un tracciato che parte dalla cresta rocciosa di Lancebranlette, poi, discendendo verso oriente, segue la linea dello spartiacque al livello di 2180 metri donde passa alla colonna Joux (2188). Di qui, seguendo ancora la linea dello spartiacque, risale alla Costa del Belvedere di cui segue gli affioramenti rocciosi, risale il Monte Belvedere, di cui contorna la cima, lasciando quest'ultimo in territorio francese a 120 metri dalla frontiera e passando per le quote 2570, 2703, la Bella Valletta e la quota 2746, si ricongiunge all'antico confine al Monte Valaisan.

Ripiano del Moncenisio

Riferimento: carte 1:20.000 di Lanslebourg N. 5-6 e 7-8 e di Monte D'Ambin, N. 1-2

Il nuovo confine segue un tracciato che abbandona l'antica frontiera a Monte Tour, segue verso occidente la linea di demarcazione amministra-

tiva, che figura nella carta, segue poi il Vitoun dal punto in cui incontra il suo braccio settentrionale e ne discende il corso fino alla Rocca della Torretta.

Continuando poi a seguire la linea degli affioramenti rocciosi, raggiunge il torrente che viene dall'Alpe Lamet e discende con esso fino alla base della scarpata rocciosa lungo la quale esso corre per circa 800 metri fino alla linea del thalweg, ad un punto situato a circa 200 metri al nord della quota 1805.

Prosegue quindi fino alla sommità del tratto di terreno franoso che domina Ferrera Cenisio a circa 300 metri da questa e continuando verso occidente, raggiunge la strada che circonda ad est il Rne. Paradiso, a 400 metri ad ovest dello spiazzo terminale (1854), per lasciarla subito e piegare a sud.

Taglia la strada di Bar Cenisia in un punto a circa 100 metri a sudest del Rifugio No. 5, traversa il thalweg in direzione del lago S. Giorgio, segue all'incirca la costa 1900 fino alla quota 1907, costeggia poi la riva meridionale del Lago d'Arpon e raggiunge la cima rocciosa che continua a seguire in direzione sudovest fino alla confluenza dei torrenti che scendono dal Ghiacciaio di Bard ad un punto a circa 1400 metri a sudovest del lago d'Arpon.

Di qui, piegando verso sud, segue all'incirca la costa 2500, passa per quota 2579 e poi correndo lungo la costa 2600 raggiunge il Lago della Vecchia e si ricongiunge, alla linea di demarcazione amministrativa segnata sulla carta a 700 metri circa a sud est del lago, al sentiero di Passo d'Avanza che segue lungo le scarpate rocciose fino all'antica frontiera, a metà strada tra il Col della Vecchia e il Colle del Clapier.

Monte Tabor

Riferimento: carte 1:20.000 di Nevache, N. 1-2, 5-6 e 7-8

Dalla Cima de la Planette al Rocher de Guion (Cima del Sueur)

Il nuovo confine segue un tracciato che lascia l'attuale frontiera a Cima de La Planette e, procedendo verso mezzogiorno, segue la cresta attraverso le quote 2980, 3178, la Rca. Bernaude (3228), le quote 2842, 2780,

2877, il Passo della Gallina (2671), le quote 2720, 2806 e la Punta Quattro Sorelle (2700).

Discendendo il pendio ad oriente di questa cima, il tracciato lascia in territorio francese la quota 2420, di dove raggiunge e segue ad est il sentiero che conduce agli edifici situati a circa 200 metri da quota 2253, restando detto sentiero e detti edifici in territorio francese. Entra poi in un thalweg che passa a circa 300 metri a nordest di quota 1915, donde raggiunge l'estremità nord-occidentale del bacino che, nella Vallée Etroite (Valle Stretta) alimenta le centrali idroelettriche di Sette Fontane, lasciando detto bacino e dette centrali in territorio italiano. Contornando il bacino a sud, raggiunge il crocevia a quota 1499.

Segue poi il sentiero che affianca strettamente la costa 1500 lungo l'estremità dei boschi e che conduce a Comba della Gorgia, vicino a costa 1580; risale poi il thalweg verso quota 1974 e raggiunge l'estremità delle scarpate rocciose di La Sueur, segnate dalle quote 2272, 2268, 2239, 2266, 2267, mantenendosi su detta estremità sinchè non incontra l'antica frontiera. La cresta delle roccie ad il sentiero che corre lungo di essa resta in territorio francese.

Chaberton

Riferimento: Carte 1:20.000 di Briançon N. 3-4

Il nuovo confine segue un tracciato che abbandona l'antica frontiera a quota 3042 (a nord della quota 3070 e della Pointe des Trois Scies) e segue la cresta rocciosa fino alla Croce del Vallonetto.

Dalla Croce del Vallonetto piega verso sud lungo la cresta rocciosa e raggiunge la strada del Chaberton nel punto in cui quest'ultima entra nell'avvallamento circolare del Clot des Morts.

Traversata detta strada e il thalweg che la delimita, il tracciato segue all'incirca per 1250 metri la costa 2300, che, sul terreno, segue verso sud-est una serie di affioramenti rocciosi e di detriti, poi taglia direttamente il versante orientale del Monte Chaberton, raggiunge un punto a circa 400 metri ad ovest della quota 2160, lasciando in territorio francese il pilone intermedio della teleferica che vi si trova.

Di là si dirige direttamente, attraverso una serie di sbarramenti roc-

ciosi e di dirupi, verso la posizione (non segnata sulla carta) di La Fontaine des Chamois, vicino alla quota 2228 (circa 1400 metri a nordest di Clavières), che fiancheggia verso est, seguendo la seconda curva della strada che unisce questo punto alla caserma fortificata del Chaberton, sulla strada da Cézanne (Cesana) a Clavières, lasciando le opere fortificate di La Fontaine des Chamois in territorio francese.

Di qui, seguendo in un primo momento in direzione sud la linea di demarcazione comunale segnata sulla carta e poi lo sbarramento roccioso a circa 400 metri a nord della strada Clavières-Cézanne (Cesana), piega verso sud-ovest passando ai piedi della parete rocciosa, a una distanza da quest'ultima, sufficiente per consentire la costruzione di una strada a doppia circolazione.

Contornando così a nord il villaggio di Clavières, che resta in territorio italiano, il tracciato raggiunge il Rio Secco a circa 200 metri a monte del ponte di Clavières, ne discende il corso, segue poi il corso della Doire Ripaire (Dora Riparia) fino alla strada da Clavières a Val Gimont, che è lasciata all'Italia e segue quindi detta strada fino al ponte sul Gimont.

Risalendo il corso di quest'ultimo per circa 300 metri, il tracciato l'abbandona poi per seguire la mulattiera che lo porta fino al pilone superiore della teleferica di Clavières (Col du Mont Fort du Boeuf) che è lasciato in territorio francese. Poi, attraverso la cresta, si ricongiunge all'attuale frontiera a Mont La Plane, posto di frontiera 251. La strada della Valle del Gimont è lasciata in territorio italiano.

ALLEGATO III

Garanzie relative al Moncenisio e alla regione di Tenda-Briga

(vedi Articolo 9)

A—GARANZIE CHE LA FRANCIA DOVRÀ FORNIRE ALL'ITALIA IN RELAZIONE ALLA CESSIONE DEL RIPIANO DEL MONCENISIO

I. *Garanzie relative alla fornitura d'acqua del Lago del Moncenisio per la produzione d'energia idroelettrica*

(a) La Francia controllerà il rifornimento dell'acqua dal Lago del Moncenisio alle condotte sotterranee che alimentano le centrali idroelet-

triche di Gran Scala, di Venaus e di Mompantero, in modo da assicurare a dette centrali quei quantitativi d'acqua a quel ritmo di flusso di cui l'Italia potrà aver bisogno.

(b) La Francia riparerà, conserverà in buono stato di funzionamento e rinnoverà quando sia necessario, tutti gli impianti occorrenti per il controllo e la fornitura dell'acqua, in conformità dell'alinea *(a)*, in quanto detti impianti si trovino in territorio francese.

(c) La Francia informerà l'Italia a richiesta di quest'ultima, del volume d'acqua esistente nel lago del Moncenisio e darà al riguardo ogni altra informazione, per consentire all'Italia di determinare i quantitativi d'acqua e il ritmo di flusso, con cui dovranno essere alimentate le dette condotte sotterranee.

(d) La Francia darà esecuzione alle disposizioni che precedono, con il dovuto riguardo all'economia e farà pagare all'Italia le relative spese effettivamente sostenute.

II. *Garanzie relative all'energia elettrica prodotta dalla centrale idroelettrica di Gran Scala*

(a) La Francia farà funzionare l'impianto idroelettrico di Gran Scala, in modo da produrre (sotto riserva del controllo della fornitura d'acqua, come disposto dalla Garanzia I), i quantitativi di energia elettrica di cui l'Italia potrà aver bisogno, al ritmo da essa richiesto, dopo aver coperto il fabbisogno locale (che non dovrà superare sensibilmente il fabbisogno attuale) della regione vicina a Gran Scala, situata in territorio francese.

(b) La Francia farà funzionare l'impianto di pompe adiacente alla centrale di Gran Scala, in modo da far affluire l'acqua al lago del Moncenisio, nella misura e nel momento in cui l'Italia possa averne bisogno.

(c) La Francia riparerà, conserverà in buono stato di funzionamento e rinnoverà, quando sia necessario, tutti gli impianti costituenti la centrale idroelettrica di Gran Scala, compreso l'impianto di pompe e la linea di trasmissione, con relativa attrezzatura, congiungente la centrale di Gran Scala con la frontiera franco-italiana.

(d) La Francia assicurerà, attraverso la linea congiungente Gran Scala

con la frontiera franco-italiana, il trasporto dell'energia elettrica, come sopra occorrente all'Italia e consegnerà tale energia all'Italia nel punto in cui la linea di trasmissione taglia la frontiera franco-italiana per entrare in territorio italiano.

(e) La Francia manterrà il voltaggio e la frequenza dell'energia fornita in conformità delle disposizioni di cui sopra, a quel livello che l'Italia potrà ragionevolmente richiedere.

(f) La Francia prenderà accordi con l'Italia per quanto riguarda il collegamento telefonico tra Gran Scala e l'Italia e resterà in contatto con l'Italia al fine di assicurare che la centrale di Gran Scala, l'impianto delle pompe e la linea di trasmissione siano fatte funzionare in modo conforme alle garanzie sopraenunciate.

(g) Il prezzo che la Francia dovrà fissare e l'Italia dovrà pagare per l'energia elettrica messa a disposizione dell'Italia e prodotta dalla centrale elettrica di Gran Scala (dopo che siano soddisfatte le necessità locali sopradette) dovrà essere eguale al prezzo fissato in Francia per la fornitura di analoghi quantitativi di elettricità d'origine idroelettrica in territorio francese, nelle vicinanze del Moncenisio o in altre regioni in cui si abbiano condizioni analoghe.

III. *Durata delle garanzie*

Salvo che non sia altrimenti convenuto tra la Francia e l'Italia, le garanzie di cui trattasi resteranno perpetuamente in vigore.

IV. *Commissione tecnica di sorveglianza*

Una Commissione tecnica di sorveglianza, franco-italiana, comprendente un egual numero di membri francesi ed italiani, sarà creata per sorvegliare e facilitare l'esecuzione delle clausole di garanzia di cui sopra, che hanno per oggetto di assicurare all'Italia i mezzi identici a quelli di cui essa disponeva quanto ad energia idroelettrica ed al rifornimento idrico proveniente dal Lago del Moncenisio, prima della cessione di questa regione alla Francia. Rientrerà anche tra le funzioni della Commissione tecnica di sorveglianza quella di cooperare con i competenti servizi tecnici francesi per accertarsi che la sicurezza delle valli sottostanti non sia compromessa.

B—GARANZIE CHE LA FRANCIA DOVRÀ FORNIRE ALL'ITALIA IN RELAZIONE ALLA CESSIONE DELLA REGIONE DI TENDA-BRIGA ALLA FRANCIA

1. *Garanzie* per assicurare all'Italia l'energia elettrica prodotta dai due generatori a frequenza 16⅔ della centrale idroelettrica di S. Dalmazzo e l'energia elettrica prodotta alla frequenza di 50 dalle centrali idroelettriche di Le Mesce, San Dalmazzo e Confine, in eccedenza al quantitativo proveniente da dette centrali, che sia necessario alla Francia per alimentare le zone di Sospel, Mentone e Nizza, finchè non siano ricostruite le centrali idroelettriche distrutte a Breil e Fontan, rimanendo inteso che dette forniture andranno diminuendo, man mano che le centrali di cui trattasi saranno ricostruite e non dovranno comunque superare 5000 Kilowatts di potenza e 3.000.000 di Kilowatt-ore al mese e che, se la ricostruzione delle centrali non incontrerà speciali difficoltà, i lavori saranno completati non oltre la fine del 1947:

(a) La Francia farà funzionare i detti impianti in modo da produrre (salve le limitazioni che possano essere imposte dal volume di acqua disponibile e tenendo conto, per quanto ragionevolmente possibile, delle necessità delle centrali situate a valle) i quantitativi di energia elettrica di cui l'Italia possa aver bisogno, al ritmo richiesto, in primo luogo, in corrente della frequenza 16⅔, per le ferrovie italiane della Liguria e del Piemonte meridionale e in secondo luogo, in corrente della frequenza 50, per usi generali, dopo che siano stati coperti il fabbisogno della Francia per Sospel, Mentone e Nizza, come è detto più sopra, e le necessità locali dei dintorni di San Dalmazzo;

(b) La Francia riparerà, conserverà in buono stato di funzionamento e rinnoverà, quando sia necessario, tutti gli impianti costituenti le centrali idroelettriche di Le Mesce, San Dalmazzo e Confine, comprese le linee di trasmissione con relative attrezzature congiungenti le centrali di Le Mesce e di Confine con la centrale di San Dalmazzo e le linee di trasmissione principali con relative attrezzature, che vanno dalla centrale di San Dalmazzo alla frontiera franco-italiana;

(c) La Francia informerà l'Italia, a richiesta di quest'ultima, del flusso dell'acqua a Le Mesce e a Confine e del volume d'acqua in riserva a San Dalmazzo e darà al riguardo ogni altra informazione, per consentire all'Italia di determinare il suo fabbisogno di energia elettrica in conformità alle disposizioni dell'alinea *(a)*;

(d) La Francia assicurerà, attraverso le linee principali congiungenti San Dalmazzo con la frontiera franco-italiana, il trasporto dell'energia elettrica richiesta dall'Italia in base alle necessità sopradette e consegnerà tale energia all'Italia, nei punti in cui le linee di trasmissione principali tagliano la frontiera franco-italiana per entrare in territorio italiano;

(e) La Francia manterrà il voltaggio e la frequenza dell'energia fornita in conformità alle disposizioni di cui sopra, a quel livello che all'Italia potrà effettivamente abbisognare;

(f) La Francia prenderà delle intese con l'Italia per quanto riguarda il collegamento telefonico tra San Dalmazzo e l'Italia e resterà in contatto con l'Italia per assicurare che le dette centrali idroelettriche e le linee di trasmissione siano fatte funzionare in modo conforme alle garanzie sopraenunciate.

2. *Garanzia* relativa al prezzo che la Francia farà pagare all'Italia per l'energia elettrica messa a disposizione dell'Italia ai sensi del paragrafo 1 di cui sopra, fino alla cessazione della fornitura, in conformità al del paragrafo 3 di cui in appresso:

il prezzo che la Francia fisserà e l'Italia dovrà pagare per l'energia elettrica messa a disposizione dell'Italia e prodotta dalle centrali idroelettriche di Le Mesce, San Dalmazzo e Confine, dopo che siano soddisfatti il fabbisogno della Francia per Sospel, Mentone e Nizza e le necessità locali dei dintorni di San Dalmazzo, in conformità alle disposizioni dell'alinea *(a)* della Garanzia 1, dovrà essere eguale al prezzo fissato in Francia per le forniture di analoghi quantitativi di elettricità d'origine idroelettrica in territorio francese, nelle vicinanze dell'Alta Valle della Roya o in altre regioni in cui si verifichino analoghe condizioni.

3. *Garanzia,* per cui la Francia dovrà fornire energia elettrica all'Italia per un ragionevole periodo di tempo:

salvo che non sia stato altrimenti convenuto tra la Francia e l'Italia, le Granzie 1 e 2 resteranno in vigore fino al 31 dicembre 1961. Esse cesseranno di essere applicabili a tale data ovvero al 31 dicembre di qualunque anno successivo, a condizione che uno dei due paesi abbia notificato per iscritto all'altro, con almeno due anni di anticipo, l'intenzione di porvi termine.

4. *Garanzia* relative alla piena ed equa utilizzazione da parte della Francia e dell'Italia delle acque della Roya e dei suoi affluenti per la produzione di energia idroelettrica:

(a) la Francia farà funzionare le centrali idroelettriche della vallata della Roya, situate in territorio francese, tenendo conto, per quanto ragionevolmente possibile, delle necessità delle centrali situate a valle. La Francia informerà l'Italia del volume di acqua, che, secondo le previsioni, sarà disponibile ogni giorno e fornirà ogni altra informazione al riguardo;

(b) la Francia e l'Italia elaboreranno, mediante negoziati bilaterali, un piano coordinato per l'utilizzazione delle risorse idriche della Roya, che sia accettabile da entrambe le parti.

5. Una Commissione, o quell'altro analogo organo che si convenga di creare, sarà istituito per controllare l'esecuzione del piano di cui all'alinea *(b)* della Garanzia 4 e facilitare l'osservanza delle Garanzie 1-4.

ALLEGATO V

(vedi Articolo 13)

1. La Jugoslavia, nella sua qualità di proprietaria delle sorgenti e degli impianti idrici di Fonte Fredda e di Moncorona, ne curerà la manutenzione e l'utilizzazione ed assicurerà l'approvvigionamento idrico di quella parte del Comune di Gorizia, che, ai sensi del presente Trattato, resterà in territorio italiano. L'Italia continuerà ad assicurare la manutenzione e l'utilizzazione del bacino e del sistema di distribuzione dell'acqua, che si trovano in territorio italiano e sono alimentati dalle sorgenti sopradette e continuerà ugualmente a fornire l'acqua a quelle zone situate in territorio jugoslavo, che siano state trasferite alla Jugoslavia ai sensi del presente Trattato e che siano rifornite d'acqua dal territorio italiano.

2. I quantitativi d'acqua da fornirsi come sopra dovranno corrispondere a quelli che sono stati abitualmente forniti nel passato alla regione. Qualora consumatori di uno o dell'altro Stato abbiano bisogno di forniture ulteriori d'acqua, i due Governi esamineranno d'intesa la questione, allo scopo di raggiungere un accordo sui provvedimenti che potranno ragionevolmente essere adottati per soddisfare detti bisogni. Nel caso in cui il quantitativo d'acqua disponibile sia temporaneamente ridotto per cause naturali, i quantitativi d'acqua, provenienti dalle sorgenti di approvvigionamento sopradette, distribuiti ai consumatori trovantisi in Jugoslavia e in Italia, saranno ridotti in proporzione al rispettivo consumo precedente.

3. Il prezzo che il Comune di Gorizia dovrà pagare alla Jugoslavia per l'acqua provvedutale e il prezzo che i consumatori residenti in territorio jugoslavo dovranno pagare al Comune di Gorizia saranno calcolati unicamente sulla base del costo di funzionamento e di manutenzione del sistema di approvvigionamento idrico ed altresì dell'ammontare delle nuove spese che possano essere necessarie per l'attuazione delle presenti disposizioni.

4. La Jugoslavia e l'Italia, entro un mese dall'entrata in vigore del presente Trattato, concluderanno un accordo per la determinazione dei rispettivi oneri, risultanti dalle disposizioni che precedono e la fissazione

Ogni controversia che possa sorgere in sede di detto riesame, dovrà essere regolata secondo la procedura prevista all'Articolo 87 del presente Trattato.

Articolo 4. Diritti dell'uomo e libertà fondamentali

La Costituzione del Territorio Libero assicurerà a ogni persona sottoposta alla giurisdizione del Territorio Libero, senza distinzione di origine etnica, di sesso, di lingua o di religione, il godimento dei diritti dell'uomo e delle libertà fondamentali, ivi comprese la libertà di culto, di lingua, di espressione e di stampa, di insegnamento, di riunione e di associazione. L'esercizio del diritto di opzione sarà considerato come un riacquisto della cittadinanza italiana. L'opzione del marito non verrà considerata opzione da parte della moglie. L'opzione

Se il Governatore non rinvia detta legge entro i dieci giorni previsti od informa l'Assemblea entro lo stesso periodo di tempo, che la legge non dà luogo da parte sua ad alcuna osservazione o raccomandazione, si procederà immediatamente alla promulgazione.

5. Se l'Assemblea manifesta il suo rifiuto di ritirare la legge che ad essa è stata rinviata dal Governatore, o di emendarla in conformità delle

osservazioni o raccomandazioni del Governatore medesimo, questi, a meno che non sia disposto a ritirare le sue osservazioni o raccomandazioni — nel qual caso la legge sarà immediatamente promulgata — dovrà subito sottoporre la questione al Consiglio di Sicurezza. Il Governatore trasmetterà ugualmente senza ritardo al Consiglio di Sicurezza, ogni comunicazione che l'Assemblea ritenesse di far pervenire al Consiglio sulla questione.

Articolo 36. Interpretazione dello Statuto

Fatta eccezione per i casi, rispetto ai quali una diversa procedura sia espressamente prevista da un Articolo del presente Statuto, ogni controversia riguardante l'interpretazione o l'esecuzione dello Statuto non risolta

mediante negoziati diretti, dovrà, a meno che le parti non convengano di ricorrere ad altro mezzo per il regolamento della controversia stessa, essere sottoposta a richiesta di una delle parti, ad una Commissione composta di un rappresentante di ciascuna delle parti e di un terzo membro, scelto di comune accordo dalle due parti stesse, tra i cittadini di un terzo Paese. Qualora le parti non si mettano d'accordo entro un mese sulla nomina del terzo membro, il Segretario Generale delle Nazioni Unite sarà invitato a procedere alla designazione. La decisione della maggioranza dei membri della Commissione costituirà la decisione della Commissione, e dovrà essere accettata dalle parti come definitiva e obbligatoria.

Articolo 37. Emendamento allo Statuto

Il presente Statuto costituirà lo Statuto permanente del Territorio Libero, salvo ogni emendamento che possa esservi successivamente apportato dal Consiglio di Sicurezza. L'assemblea popolare, a seguito di deliberazione presa alla maggioranza di due terzi dei voti espressi, potrà presentare petizione al Consiglio di Sicurezza, diretta ad ottenere l'adozione di emendamenti.

Articolo 38. Entrata in vigore dello Statuto

Il presente Statuto entrerà in vigore alla data che sarà stabilita dal Consiglio di Sicurezza delle Nazioni Unite.

ALLEGATO VII

Strumento per il regime provvisorio del Territorio Libero di Trieste

(vedi Articolo 21)

Le disposizioni seguenti si applicheranno all'amministrazione del Territorio Libero di Trieste, fino all'entrata in vigore dello Statuto permanente.

Articolo 1

Il Governatore assumerà le sue funzioni nel Territorio Libero, al più presto possibile dopo l'entrata in vigore del presente Trattato di Pace. Fino all'assunzione dei poteri da parte del Governatore, il Territorio Libero

continuerà ad essere amministrato dai Comandi militari alleati, entro le rispettive zone di competenza.

Articolo 2

Appena assunte le sue funzioni nel Territorio Libero di Trieste, il Governatore avrà il potere di costituire un Consiglio Provvisorio di Governo, di cui sceglierà i componenti, dopo essersi consultato con i Governi della Jugoslavia e dell'Italia, tra le persone domiciliate nel Territorio Libero. Il Governatore avrà diritto di modificare la composizione del Consiglio Provvisorio di Governo, ogni qualvolta lo ritenga necessario. Il Governatore e il Consiglio Provvisorio di Governo eserciteranno le loro funzioni in base alle norme contenute nelle disposizioni dello Statuto permanente, quando ed in quanto tali disposizioni siano applicabili e non siano sostituite da quelle contenute nel presente Strumento. Tutte le altre disposizioni dello Statuto permanente saranno parimenti applicabili per la durata del regime provvisorio, quando ed in quanto tali disposizioni siano applicabili e non siano sostituite da quelle contenute nel presente Strumento. Il Governatore sarà guidato nella sua linea di condotta sopratutto dalla preoccupazione di far fronte ai bisogni materiali della popolazione e di assicurarne il benessere.

Articolo 3

La sede del Governo sarà stabilita in Trieste. Il Governatore invierà i suoi rapporti direttamente al Presidente del Consiglio di Sicurezza e, attraverso di lui, fornirà al Consiglio di Sicurezza, tutte le informazioni necessarie sull'amministrazione del Territorio Libero.

Articolo 4

Il primo dovere del Governatore sarà quello di assicurare il mantenimento dell'ordine pubblico e della sicurezza. Egli nominerà a titolo provvisorio un Direttore di Pubblica Sicurezza, che riorganizzerà e amministrerà le forze di polizia e i servizi di pubblica sicurezza.

Articolo 5

(a) Dalla data di entrata in vigore del presente Trattato, le truppe stazionanti nel Territorio Libero non dovranno superare gli effettivi seguenti:

Regno Unito, 5000 uomini; Stati Uniti d'America, 5000 uomini; Jugoslavia, 5000 uomini.

(b) Queste truppe dovranno essere poste a disposizione del Governatore per un periodo di 90 giorni dalla data in cui il Governatore stesso avrà assunto i suoi poteri nel Territorio Libero. Alla fine di detto periodo, le truppe cesseranno di essere a disposizione del Governatore e saranno ritirate dal Territorio entro un ulteriore termine di 45 giorni, a meno che il Governatore informi il Consiglio di Sicurezza che, nell'interesse del Territorio, una parte delle truppe o l'intero contingente non dovrebbe, a suo parere, essere ritirato. In tal caso le truppe richieste dal Governatore rimarranno non oltre 45 giorni dalla data in cui il Governatore avrà informato il Consiglio di Sicurezza, che i servizi di pubblica sicurezza possono assicurare il mantenimento dell'ordine interno nel Territorio, senza l'assistenza di truppe straniere.

(c) Le operazioni di ritiro delle truppe, di cui al paragrafo *(b)* dovranno svolgersi in modo da mantenere, per quanto possibile, il rapporto previsto al paragrafo *(a)* tra le truppe delle tre Potenze interessate.

Articolo 6

Il Governatore avrà il diritto, in ogni momento, di richiedere assistenza ai Comandanti di detti contingenti, e tale assistenza dovrà essere immediatamente fornita. Il Governatore, ogni volta che sia possibile, si consulterà con i Comandanti militari interessati prima di emanare le sue istruzioni, ma non dovrà intervenire nelle misure di carattere militare prese per dare esecuzione alle sue istruzioni. Ogni Comandante avrà il diritto di riferire al proprio Governo le istruzioni ricevute dal Governatore, informando il Governatore stesso del contenuto di tali suoi rapporti. Il Governo interessato avrà il diritto di rifiutare che le sue truppe partecipino all'operazione in oggetto, informandone debitamente il Consiglio di Sicurezza.

Articolo 7

Le misure necessarie relative alla dislocazione, all'amministrazione e approvvigionamento per i contingenti militari forniti dal Regno Unito, dagli Stati Uniti d'America e dalla Jugoslavia, saranno prese d'accordo tra il Governatore e i Comandanti di detti contingenti.

Articolo 8

Il Governatore sarà incaricato di organizzare, consultandosi con il Consiglio Provvisorio di Governo, l'elezione dei membri dell'Assemblea Costituente, nelle condizioni previste dallo Statuto per le elezioni dell'Assemblea popolare.

Le elezioni dovranno aver luogo non più tardi di quattro mesi, dal giorno in cui il Governatore avrà assunto le proprie funzioni. Nel caso in cui sia tecnicamente impossibile procedere alle elezioni entro il periodo predetto, il Governatore dovrà riferirne al Consiglio di Sicurezza.

Articolo 9

Il Governatore, d'intesa con il Consiglio Provvisorio di Governo, dovrà preparare il bilancio preventivo provvisorio e i programmi provvisori per le importazioni e le esportazioni e dovrà assicurarsi che siano adottate dal Consiglio Provvisorio di Governo misure opportune per la gestione finanziaria del Territorio Libero.

Articolo 10

Le leggi ed i regolamenti esistenti resteranno in vigore, salvo e fino a che non siano abrogati o sospesi dal Governatore. Il Governatore avrà il diritto di emendare le leggi e i regolamenti esistenti e di emanare nuove leggi e nuovi regolamenti, d'accordo con la maggioranza del Consiglio Provvisorio di Governo. Le leggi e i regolamenti emendati e le leggi e i regolamenti di nuova emanazione, così come gli atti del Governatore, comportanti la abrogazione o la sospensione di leggi e regolamenti, rimarranno in vigore, salvo e fino a che non siano emendati, abrogati o sospesi da atti dell'Assemblea popolare o del Consiglio di Governo, agenti entro la rispettiva loro sfera di competenza, dopo l'entrata in vigore della Costituzione.

Articolo 11

Finchè non sia stabilito un regime monetario autonomo per il Territorio Libero, la lira italiana continuerà ad avere corso legale entro il Territorio Libero. Il Governo italiano dovrà fornire al Territorio Libero la valuta estera e i mezzi monetari che siano ad esso necessari, a condizioni non meno favorevoli di quelle vigenti in Italia.

L'Italia e il Territorio Libero concluderanno un accordo per dare esecuzione alle disposizioni di cui sopra, e per provvedere alla sistemazione di quelle questioni, che sia necessario di regolare fra i due Governi.

2. La creazione di zone speciali nel Porto Franco sotto la giurisdizione esclusiva di uno Stato qualunque è incompatible con la figura del Territorio Libero e del Porto Franco.

3. Allo scopo tuttavia di soddisfare le speciali esigenze della navigazione jugoslava e italiana nel mare Adriatico, il Direttore del Porto Franco, a richiesta del Governo jugoslavo o di quello italiano, e su conforme parere della Commissione Internazionale prevista al successivo Articolo 21, potrà riservare a favore delle navi mercantili battenti bandiera di uno o dell'altro dei due Stati, l'uso esclusivo di punti d'ormeggio in determinate parti della zona del Porto Franco.

4. Nel caso in cui sia necessario di allargare l'area del Porto Franco, ciò potrà farsi su proposta del Direttore del Porto Franco, con decisione del Consiglio di Governo e con l'approvazione dell'Assemblea popolare.

Articolo 4

Salvo che non sia diversamente stabilito dal presente Strumento, le leggi ed i regolamenti in vigore nel Territorio Libero si applicheranno alle persone e ai beni entro i confini del Porto Franco e le autorità incaricate di assicurare la loro osservanza nel Territorio Libero, eserciteranno le proprie funzioni entro i confini del Porto Franco.

per il passato di svolgere nelle zone franche del Porto di Trieste, saranno autorizzate nel Porto Franco, in conformità dei regolamenti generali emanati dal Direttore del Porto Franco.

Articolo 7

1. Il Direttore del Porto Franco potrà anche autorizzare in Porto Franco la lavorazione delle merci.

2. L'esercizio di attività industriali sarà consentito in Porto Franco soltanto a quelle imprese che esistevano nelle zone franche del porto di Trieste prima dell'entrata in vigore del presente Strumento. Su proposta del Direttore del Porto Franco, il Consiglio di Governo può consentire che vengano stabilite nuove imprese industriali entro i confini del Porto Franco.

Articolo 8

Le autorità del Territorio Libero saranno autorizzate a procedere ad ispezioni in Porto Franco nella misura che sarà necessaria per far rispettare i regolamenti doganali o gli altri regolamenti del Territorio Libero, per la prevenzione del contrabbando.

Articolo 9

1. Le autorità del Territorio Libero saranno autorizzate a determinare ed a percepire i diritti portuali nel Porto Franco.

2. Il Direttore del Porto Franco determinerà la tariffa per l'uso delle installazioni e dei servizi del Porto Franco. Tale tariffa dovrà essere mantenuta ad un livello ragionevole ed essere in funzione del costo di funzionamento, di amministrazione, di manutenzione e di sviluppo del Porto Franco.

Articolo 10

Nel determinare e percepire nel Porto Franco i diritti portuali e le altre tasse di cui al precedente Articolo 9, come nel disporre dei mezzi e dei servizi del Porto Franco, non sarà ammessa alcuna discriminazione, basata sulla bandiera delle navi, oppure sulla proprietà delle merci o su qualsiasi altro motivo.

Articolo 11

L'entrata e l'uscita di tutte le persone in e dal Porto Franco sarà sottoposta a quelle norme che verranno stabilite dalle autorità del Territorio Libero. Tali norme tuttavia saranno formulate in modo da non intralciare eccessivamente l'entrata e l'uscita dal Porto Franco dei cittadini di qualunque Stato, i quali esercitino un'attività legittima nella zona del Porto Franco.

Articolo 12

Le norme e regolamenti in vigore nel Porto Franco e le tariffe dei diritti e delle tasse percepite nel Porto Franco devono essere rese pubbliche.

Articolo 13

Il cabotaggio ed il traffico costiero entro il Territorio Libero saranno esercitati in conformità delle norme emanate dalle autorità del Territorio Libero, le disposizioni del presente Strumento non dovendo considerarsi come implicanti alcuna restrizione al riguardo per le predette autorità.

di dazi doganali o gravami, che non siano quelli applicati in corrispettivo di servizi prestati.

2. Il Territorio Libero e gli Stati che assumono le obbligazioni nascenti dal presente Strumento, sul territorio dei quali detto traffico transiterà in una direzione o nell'altra, faranno tutto quanto sarà in loro potere per provvedere i mezzi più adeguati che sia possibile, sotto ogni rispetto, per assicurare la rapidità ed il buon andamento di detto traffico ad un costo ragionevole. Essi inoltre non applicheranno, per quanto concerne il movimento delle merci a destinazione od in provenienza dal Porto Franco, alcuna misura discriminatoria in materia di tariffe, servizi, dogane, regolamenti sanitari, di polizia o di ogni altra natura.

3. Gli Stati che si assumono le obbligazioni nascenti dal presente Strumento, non adotteranno alcuna misura in materia di regolamenti o di tariffe che possa deviare artificialmente il traffico del Porto Franco a favore di altri porti marittimi. I provvedimenti adottati dal Governo jugoslavo per provvedere al traffico diretto ai porti della Jugoslavia meridionale, non saranno considerati come misure miranti a deviare artificialmente il traffico.

Articolo 17

Il Territorio Libero e gli Stati che assumono le obbligazioni nascenti dal presente Strumento, concederanno, nei loro rispettivi territori ed in modo tale da escludere qualsiasi discriminazione, libertà di comunicazioni postali, telegrafiche e telefoniche, in conformità delle consuete convenzioni internazionali, tra la zona del Porto Franco e qualsiasi altro paese, e ciò per ogni comunicazione che provenga dalla zona del Porto Franco o sia ad essa destinata.

Articolo 18

Il Consiglio di Governo sottoporrà al Governatore un elenco di candidati idonei per il posto di Direttore del Porto Franco. Il Governatore nominerà il Direttore, scegliendolo tra i candidati a lui segnalati, dopo essersi consultato con il Consiglio di Governo. In caso di disaccordo, la questione

sarà riferita al Consiglio di Sicurezza. Il Governatore può anche licenziare il Direttore, dietro raccomandazione della Commissione Internazionale o del Consiglio di Governo.

2. Il Direttore non sarà nè un cittadino jugoslavo, nè un cittadino italiano.

3. Tutti gli altri impiegati del Porto Franco saranno nominati dal Direttore. Nella nomina degli impiegati, dovrà essere data preferenza ai cittadini del Territorio Libero.

Articolo 19

Il Direttore del Porto Libero, compatibilmente con le disposizioni del presente Strumento, adotterà tutte le misure ragionevoli e necessarie per l'amministrazione, il funzionamento, la manutenzione e lo sviluppo del Porto Franco, come un porto efficiente ed idoneo a far prontamente fronte a tutto il traffico relativo. In particolare, egli sarà responsabile dell'esecuzione dei lavori portuali di ogni tipo nel Porto Franco, dirigerà il funzionamento delle installazioni e degli altri impianti portuali, determinerà, conformemente alle leggi del Territorio Libero, le condizioni di lavoro nel Porto Franco e sopravedrà alla osservanza inoltre nel Porto Franco, delle ordinanze e dei regolamenti emanati dalle autorità del Territorio Libero in materia di navigazione.

Articolo 20

1. Il Direttore del Porto Franco emanerà quelle norme e quei regolamenti che riterrà necessari nell'esercizio delle sue funzioni, quali sono stabilite dall'Articolo che precede.

2. Il bilancio preventivo autonomo del Porto Franco verrà approntato dal Direttore e sarà approvato e amministrato in conformità delle leggi che saranno stabilite dall'Assemblea popolare del Territorio Libero.

3. Il Direttore del Porto Franco sottoporrà un rapporto annuale sul funzionamento del Porto Franco al Governatore e al Consiglio di Governo del Territorio Libero. Una copia del rapporto dovrà essere inviata alla Commissione Internazionale.

Articolo 21

1. Sarà creata una Commissione Internazionale del Porto Franco, in appresso designata "La Commissione Internazionale", composta di un rappresentante del Territorio Libero e di un rappresentante di ognuno dei seguenti Stati: Francia, Regno Unito di Gran Bretagna e Irlanda del Nord, Unione delle Repubbliche Socialiste Sovietiche, Stati Uniti d'America, Repubblica Federale Popolare di Jugoslavia, Italia, Cecoslovacchia, Polonia, Svizzera, Austria e Ungheria, a condizione che ognuno di detti Stati abbia assunto le obbligazioni di cui al presente Strumento.

2. Il rappresentante del Territorio Libero sarà Presidente permanente della Commissione Internazionale. In caso di parità di voti, prevarrà il voto espresso dal Presidente.

Articolo 22

La Commissione Internazionale avrà la sua sede in Porto Franco. I suoi uffici e le sue attività saranno sottratte alla giurisdizione locale. I membri e i funzionari della Commissione Internazionale godranno nel Territorio Libero di quei privilegi ed immunità che saranno necessarie per il libero esercizio delle loro funzioni. La Commissione Internazionale organizzerà il proprio Segretariato, stabilirà la procedura di funzionamento e determinerà il proprio bilancio. Le spese comuni della Commissione Internazionale saranno ripartite tra gli Stati membri, in una maniera equa, secondo le proporzioni da essi accettate in seno alla Commissione Internazionale stessa.

Articolo 23

La Commissione Internazionale avrà il diritto di procedere ad inchieste ed a studi su tutte le questioni concernenti il funzionamento, l'utilizzazione e l'amministrazione del Porto Franco o gli aspetti tecnici del transito tra il Porto Franco e gli Stati ch'esso serve, compresa l'unificazione dei metodi seguiti per lo smistamento del traffico. La Commissione Internazionale agirà, sia di propria iniziativa, sia quando siffatte questioni siano portate alla sua attenzione da qualunque Stato, o dal Territorio Libero, o dal Direttore del Porto Franco. La Commissione Internazionale comunicherà le sue vedute o raccomandazioni al riguardo allo Stato od agli Stati

interessati, od al Territorio Libero, od al Direttore del Porto Franco. Tali raccomandazioni saranno prese in considerazione e saranno adottati gli opportuni provvedimenti. Nel caso in cui tuttavia il Territorio Libero, o lo Stato, o gli Stati interessati ritengano che detti provvedimenti siano incompatibili con le disposizioni del presente Strumento, la questione potrà essere regolata, a richiesta del Territorio Libero, o di uno qualunque degli Stati interessati, secondo la procedura prevista all'Articolo 24.

Articolo 24

Ogni controversia relativa all'interpretazione o all'esecuzione del presente Strumento, che non sia regolata mediante negoziati diretti, dovrà, a meno che le parti non convengano di adottare un altro sistema per il regolamento della controversia stessa, essere sottoposta a richiesta di una o dell'altra parte, a una Commissione composta di un rappresentante di ciascuna delle parti e di un terzo membro, scelto di comune accordo tra le parti, fra cittadini di un terzo paese. Se nello spazio di un mese le due parti non riescano a mettersi d'accordo sulla designazione del terzo membro, il Segretario Generale delle Nazioni Unite sarà invitato a procedere alla designazione. Le decisione della maggioranza dei membri della Commissione costituirà la decisione della Commissione e dovrà essere accettata dalle parti come definitiva e obbligatoria.

Articolo 25

Potranno presentarsi al Consiglio di Sicurezza da parte del Consiglio di Governo del Territorio Libero, o da tre o più Stati rappresentati nella Commissione Internazionale, proposte di emendamenti al presente Strumento. Ogni emendamento approvato dal Consiglio di Sicurezza entrerà in vigore alla data stabilita dal Consiglio stesso.

Articolo 26

Ai fini del presente Strumento, uno Stato sarà considerato aver assunto le obbligazioni nascenti dallo Strumento stesso, se esso sia parte contraente del Trattato di Pace con l'Italia o se esso abbia notificato al Governo della Repubblica francese l'assunzione da parte sua di dette obbligazioni.

ALLEGATO IX

Disposizioni techniche relative al Territorio Libero di Trieste

(vedi Articolo 21)

A. *Approvvigionamento idrico dell'Istria nord-occidentale*

La Jugoslavia continuerà ad approvvigionare la regione dell'Istria nord-occidentale, entro il Territorio Libero di Trieste, con acqua proveniente dalla sorgente di San Giovanni de Pinguente, attraverso il sistema di approvvigionamento idrico del Quieto e dalla sorgente di S. Maria del Risano, attraverso il sistema di approvvigionamento idrico del Risano. L'acqua da fornirsi così, sarà in quantità — che non superi sensibilmente quella abitualmente provveduta alla regione — ed al ritmo di flusso, che il Territorio Libero sarà per richiedere, sempre peraltro entro i limiti imposti dalle condizioni naturali. La Jugoslavia assicurerà la manutenzione delle condutture, dei bacini, delle pompe, dei dispositivi di purificazione delle acque e degli altri impianti in territorio jugoslavo, che possano essere necessari per assolvere le suddette obbligazioni. Una temporanea tolleranza rispetto a tali obbligazioni dovrà essere consentita alla Jugoslavia, per le necessarie riparazioni dei danni di guerra sofferti dalle installazioni per l'approvvigionamento idrico. Il Territorio Libero pagherà, per l'acqua così fornita, un prezzo ragionevole, che rappresenti il suo contributo proporzionale, basato sul quantitativo d'acqua consumato entro il Territorio Libero, rispetto al costo totale di funzionamento e di manutenzione dei sistemi di approvvigionamento idrico del Quieto e del Risano. Nel caso in cui il Territorio Libero abbia bisogno in futuro di forniture supplementari d'acqua, la Jugoslavia s'impegna ad esaminare la questione assieme alle autorità del Territorio Libero e ad adottare di comune accordo quelle ragionevoli misure che siano necessarie per soddisfare detti bisogni.

B. *Forniture di energia elettrica*

1. La Jugoslavia e l'Italia manterranno le attuali forniture di energia elettrica a favore del Territorio Libero di Trieste, fornendo ad esso quei quantitativi e quel ritmo di fornitura che il Territorio Libero sarà per richiedere. I quantitativi d'energia forniti non dovranno superare sensibil-

mente, all'inizio, i quantitativi normalmente messi a disposizione della zona compresa nei confini del Territorio Libero, ma l'Italia e la Jugoslavia, a richiesta del Territorio Libero, dovranno fornire crescenti quantitativi in relazione alle crescenti esigenze del Territorio Libero, a condizione peraltro che ogni aumento di più del 20% rispetto al quantitativo normalmente fornito al Territorio Libero dalle diverse fonti, formi l'oggetto di un accordo tra i Governi interessati.

2. Il prezzo che sarà fissato dalla Jugoslavia o dall'Italia e che sarà pagato dal Territorio Libero per l'energia elettrica ad esso fornita, non potrà essere superiore al prezzo fissato in Jugoslavia o in Italia, per la fornitura di uguali quantitativi di energia idroelettrica prodotta dalle stesse fonti in territorio jugoslavo od italiano.

3. La Jugoslavia, l'Italia e il Territorio Libero, si scambieranno continuamente informazioni concernenti il flusso, le riserve di acqua e la produzione di energia delle centrali che alimentano l'antico compartimento italiano della Venezia Giulia, in modo che ognuna delle tre parti possa essere in condizione di determinare il rispettivo fabbisogno.

4. La Jugoslavia, l'Italia e il Territorio Libero manterranno in buono stato di funzionamento tutte le centrali elettriche, le linee di trasmissione, le sottostazioni e le altre installazioni necessarie per assicurare l'approvvigionamento continuato di energia all'antico compartimento italiano della Venezia Giulia.

5. La Jugoslavia provvederà a che gli impianti esistenti o che possano venire in futuro costruiti nella zona dell'Isonzo (Soca) per la produzione di energia elettrica siano utilizzati in modo che i quantitativi d'acqua di cui l'Italia abbia bisogno periodicamente per irrigare la regione compresa tra Gorizia e la costa adriatica a sudovest di detta città, possano essere prelevati dall'Isonzo (Soca). L'Italia non potrà rivendicare il diritto di utilizzare l'acqua dell'Isonzo (Soca) in quantitativi maggiori o in condizioni più favorevoli di quelle abituali per il passato.

6. La Jugoslavia, l'Italia e il Territorio Libero dovranno negoziare fra loro ed adottare una convenzione che sia accettabile da tutte le parti e sia conforme alle disposizioni di cui sopra, per assicurare che il sistema elettrico che serve l'antico compartimento italiano della Venezia Giulia

possa continuare a funzionare. Una Commissione mista, nella quale i tre Governi saranno rappresentati su una base di parità, sarà istituita per presiedere all'esecuzione delle obbligazioni risultanti dai paragrafi da 1 a 5, di cui sopra.

7. Allo scadere di un periodo di dieci anni dall'entrata in vigore del presente Trattato, la Jugoslavia, l'Italia e il Territorio Libero riesamineranno le disposizioni che precedono alla luce delle condizioni in allora esistenti, allo scopo di determinare quali delle obbligazioni di cui sopra siano eventualmente non più necessarie e vi apporteranno quelle modifiche, soppressioni od aggiunte, che le parti interessate fra loro convenissero. Ogni controversia che possa sorgere in sede di detto riesame, dovrà essere regolata secondo la procedura prevista dall'Articolo 87 del presente Trattato.

C. *Disposizioni per facilitare il traffico locale di frontiera*

La Jugoslavia ed il Territorio Libero di Trieste, e l'Italia e il Territorio Libero di Trieste, dovranno entro un mese dall'entrata in vigore del presente Trattato, intraprendere negoziati, in vista di concludere intese allo scopo di facilitare il passaggio attraverso la frontiera tra il Territorio Libero e le zone adiacenti di Jugoslavia e d'Italia, di generi alimentari e di altre categorie di merci che hanno formato abitualmente oggetto di scambi locali tra dette regioni, a condizione che si tratti di derrate o merci prodotte o fabbricate nei territori rispettivi. Detti scambi potranno essere facilitati da opportuni provvedimenti, compresa l'esenzione entro determinati limiti di quantità o valore, da diritti, dazi doganali e tasse di qualsiasi genere sull'importazione e sulla esportazione, quando i prodotti sopradetti rimangano nel commercio locale.

ALLEGATO X

Disposizioni economiche e finanziarie relative al Territorio Libero di Trieste

1. Il Territorio Libero di Trieste acquisterà, senza pagamento, i beni italiani statali e parastatali che si trovano entro i confini del Territorio Libero.

Ai sensi del presente Allegato, saranno considerati come beni statali o parastatali: i beni mobili ed immobili dello Stato italiano, degli Enti locali e degli Enti pubblici e delle società o associazioni di proprietà statale, così come i beni mobili e immobili già appartenenti al Partito Fascista od alle sue organizzazioni ausiliarie.

2. Tutti i trasferimenti di beni italiani statali e parastatali, secondo la definizione datane al paragrafo 1 di cui sopra, effettuati dopo il 3 settembre 1943, saranno considerati come nulli e non avvenuti. Tuttavia tale disposizione non si applicherà agli atti legittimi relativi ad operazioni correnti di Enti statali e parastatali, in quanto detti atti concernano la vendita, in condizioni normali, di merci da essi prodotte o vendute, in esecuzione di normali intese commerciali o nel corso normale di attività amministrative del Governo.

3. I cavi sottomarini appartenenti allo Stato italiano o ad Enti parastatali italiani, cadranno sotto la disciplina delle disposizioni del paragrafo 1, per quanto si riferisce agli impianti terminali ed ai tratti di cavi giacenti nelle acque territoriali del Territorio Libero.

4. L'Italia trasferirà al Territorio Libero tutti gli archivi e i documenti di carattere amministrativo o di valore storico riferentisi al Territorio Libero o a beni trasferiti in esecuzione del paragrafo 1 del presente Allegato. Il Territorio Libero consegnerà alla Jugoslavia tutti i documenti dello stesso carattere riferentisi ai territori ceduti alla Jugoslavia ai sensi del presente Trattato, e all'Italia tutti i documenti dello stesso carattere, che possano trovarsi nel Territorio Libero e che si riferiscano al territorio italiano.

La Jugoslavia si dichiara pronta a trasferire al Territorio Libero tutti gli archivi e documenti di carattere amministrativo riguardanti l'amministrazione del Territorio Libero e necessari soltanto per l'amministrazione del territorio stesso, che siano del tipo di quelli che venivano normalmente conservati, prima del 3 settembre 1943, dalle autorità locali, aventi giurisdizione sulla zona che fa ora parte del Territorio Libero.

5. Il Territorio Libero sarà esente dal pagamento del Debito Pubblico italiano, ma dovrà assumere le obbligazioni dello Stato italiano nei con-

fronti dei detentori di titoli, i quali siano persone fisiche che continuino a risiedere nel Territorio Libero, o persone giuridiche che vi conservino la loro sede sociale od il centro principale dei loro affari, nella misura in cui dette obbligazioni corrispondano alla parte di tale Debito, emessa prima del 10 giugno 1940, che sia attribuibile ad opere pubbliche od a servizi amministrativi civili di cui detto Territorio abbia beneficiato e non attribuibile direttamente od indirettamente a scopi militari.

Potrà richiedersi ai detentori dei titoli di fornire piena prova dell'origine dei titoli stessi.

L'Italia e il Territorio Libero concluderanno un accordo per determinare la parte del Debito Pubblico italiano, a cui si riferisce il presente paragrafo e i metodi da applicare per l'esecuzione delle disposizioni relative.

6. Il regime futuro dei debiti esteri garantiti da privilegi gravanti sui beni o sulle entrate del Territorio Libero, sarà regolato da ulteriori accordi, che saranno conclusi tra le parti interessate.

7. L'Italia e il Territorio Libero regoleranno con speciali accordi le condizioni in cui saranno trasferite ad organizzazioni consimili del Territorio Libero, le obbligazioni verso gli abitanti del Territorio Libero, delle organizzazioni italiane pubbliche, come private, per le assicurazioni sociali, come pure una parte proporzionale delle riserve accumulate dalle dette organizzazioni.

Accordi analoghi saranno anche conclusi tra il Territorio Libero e l'Italia e tra il Territorio Libero e la Jugoslavia, per regolare le obbligazioni di organizzazioni per le assicurazioni sociali, pubbliche e private, la cui sede sociale sia nel Territorio Libero, nei confronti dei detentori di polizze e dei sottoscrittori residenti rispettivamente in Italia o in territorio ceduto alla Jugoslavia in base al presente Trattato.

Il Territorio Libero e la Jugoslavia regoleranno con accordi analoghi, le obbligazioni delle organizzazioni per le assicurazioni sociali, pubbliche e private, la cui sede sociale sia nel territorio ceduto alla Jugoslavia ai sensi del presente Trattato, nei confronti di detentori di polizze o di sottoscrittori che risiedano nel Territorio Libero.

8. L'Italia continuerà ad essere responsabile del pagamento delle

pensioni civili o militari acquisite alla data dell'entrata in vigore del presente Trattato, al servizio dello Stato italiano o di municipi od altri Enti pubblici locali, da persone che acquistino la cittadinanza del Territorio Libero, in virtù del presente Trattato. Tale obbligazione riguarda anche il diritto a pensioni non ancora maturate. Accordi saranno conclusi tra l'Italia e il Territorio Libero, per determinare le condizioni, in cui detta obbligazione sarà soddisfatta.

9. I beni, diritti e interessi dei cittadini italiani, che hanno stabilito il loro domicilio nel Territorio Libero dopo il 10 giugno 1940 e delle persone che opteranno per la cittadinanza italiana, in virtù delle disposizioni dello Statuto del Territorio Libero di Trieste, saranno rispettati, a condizione ch'essi siano stati legittimamente acquisiti, per un periodo di tre anni dalla data dell'entrata in vigore del presente Trattato, nella stessa misura che i beni, diritti e interessi dei cittadini del Territorio Libero in generale.

I beni, diritti e interessi degli altri cittadini italiani ed anche quelli delle persone giuridiche di nazionalità italiana, che siano situati nel Territorio Libero, purchè siano stati legittimamente acquisiti, saranno sottoposti soltanto a quei provvedimenti che potranno essere via via adottati in linea generale rispetto ai beni di cittadini stranieri e di persone giuridiche di nazionalità straniera.

10. Le persone che opteranno per la cittadinanza italiana e che stabiliranno la loro residenza in Italia, saranno autorizzate, dopo ch'esse abbiano pagato ogni debito o imposta dovuta nel Territorio Libero, a portare con sè i loro beni mobili e a trasferire i loro fondi, purchè detti beni e fondi siano stati legittimamente acquisiti. Nessun diritto d'importazione o di esportazione sarà imposto in relazione al trasferimento di tali beni. Dette persone saranno autorizzate inoltre a vendere i loro beni mobili e immobili nelle stesse condizioni dei cittadini del Territorio Libero.

Il trasferimento dei beni in Italia sarà effettuato a condizioni che non dovranno essere in contrasto con la Costituzione del Territorio Libero e nel modo che sarà determinato d'accordo tra l'Italia e il Territorio Libero. Le condizioni e i termini di tempo per il trasferimento dei fondi, compresi i proventi delle vendite, saranno fissati nella medesima maniera.

11. I beni, diritti e interessi esistenti in Italia alla data dell'entrata in vigore del presente Trattato e che appartengano a ex-cittadini italiani, residenti nel Territorio Libero, che divengono cittadini del Territorio Libero stesso ai sensi del presente Trattato, saranno rispettati dall'Italia, nella stessa misura dei beni, diritti e interessi dei cittadini italiani in genere, per un periodo di tre anni dall'entrata in vigore del presente Trattato.

Dette persone sono autorizzate ad effettuare il trasferimento e la liquidazione dei loro beni, diritti, ed interessi, nelle stesse condizioni previste al paragrafo 10 di cui sopra.

12. Le società costituite a norma delle leggi italiane e aventi la loro sede sociale nel Territorio Libero, che desiderino spostare detta sede sociale in Italia, od in Jugoslavia, dovranno egualmente essere trattate in conformità del paragrafo 10 di cui sopra, a condizione che più del cinquanta per cento del loro capitale appartenga a persone residenti normalmente fuori del Territorio Libero o che trasferiscano il loro domicilio in Italia o in Jugoslavia.

13. I debiti dovuti da persone residenti in Italia o in territorio ceduto alla Jugoslavia, a persone residenti nel Territorio Libero e i debiti dovuti da persone residenti nel Territorio Libero a persone residenti in Italia o in territorio ceduto alla Jugoslavia, non saranno rimessi o lesi per effetto della cessione. L'Italia, la Jugoslavia e il Territorio Libero s'impegnano a facilitare il regolamento di dette obbligazioni. Ai fini del presente paragrafo, il termine "persone" si riferisce anche alle persone giuridiche.

14. I beni situati nel Territorio Libero, appartenenti a qualunque delle Nazioni Unite e ai suoi cittadini, riguardo a cui non fossero state ancora revocate le misure di sequestro o di controllo adottate dall'Italia e che non fossero stati restituiti ai rispettivi proprietari, verranno restituiti nello stato in cui si trovano attualmente.

15. L'Italia restituirà i beni illegalmente asportati dopo il 3 settembre 1943, dal Territorio Libero e portati in Italia. L'esecuzione di tale obbligazione sarà regolata dai paragrafi 2, 3, 4, 5 e 6 dell'Articolo 75, salvo per quanto si riferisce ai beni formanti oggetto di altre disposizioni del presente Allegato.

Le disposizioni dei paragrafi 1, 2, 5 e 6 dell'Articolo 75 si applicheranno alla restituzione, da parte del Territorio Libero, dei beni che siano stati asportati durante la guerra dai territori delle Nazioni Unite.

16. L'Italia restituirà al Territorio Libero, nel più breve tempo possibile, tutte le navi detenute dallo Stato italiano o da cittadini italiani che, alla data del 3 settembre 1943 appartenevano sia a persone fisiche residenti nel Territorio Libero e che acquistino la cittadinanza del Territorio Libero ai sensi del presente Trattato, sia a persone giuridiche di nazionalità italiana, che abbiano e conservino la loro sede sociale nel Territorio Libero, fatta eccezione delle navi che siano state oggetto di vendita effettuata in buona fede.

17. L'Italia e il Territorio Libero, e la Jugoslavia e il Territorio Libero, concluderanno degli accordi fra loro per procedere alla ripartizione, su basi di giustizia e di equità, dei beni appartenenti agli enti locali, il territorio della cui giurisdizione venga a trovarsi diviso per effetto della nuova delimitazione di confini recata dal presente Trattato e per assicurare la continuazione a favore degli abitanti, di quei servizi comunali, a cui non si riferiscano espressamente altre disposizioni del presente Trattato.

Accordi analoghi saranno conclusi per una ripartizione giusta ed equa del materiale rotabile e dell'altro materiale ferroviario e dei galleggianti ed impianti dei bacini e del porto; accordi saranno egualmente presi per regolare qualsiasi altra questione economica pendente, che non sia regolata dal presente Allegato.

18. I cittadini del Territorio Libero continueranno, nonostante il trasferimento di sovranità e ogni mutamento di cittadinanza che ne risulti, a godere in Italia di tutti i diritti di proprietà industriale, letteraria e artistica, previsti dalla legislazione ivi vigente, al momento del trasferimento.

Il Territorio Libero riconoscerà e darà effetto ai diritti di proprietà industriale, letteraria e artistica, esistenti nel Territorio Libero a sensi della legislazione italiana vigente al momento del trasferimento ed a quelli che dovessero essere ristabiliti o restituiti ai legittimi titolari, ai sensi dell'Allegato XV capo A del presente Trattato. Detti diritti rimarranno in vigore nel Territorio Libero, per lo stesso periodo di tempo durante il quale sarebbero rimasti in vigore, ai sensi della legislazione italiana.

19. Ogni controversia che possa sorgere in merito alla attuazione delle disposizioni del presente Allegato, sarà regolata nel modo previsto dall'Articolo 83 del presente Trattato.

20. I paragrafi 1, 3 e 5 dell'Articolo 76, l'Articolo 77, il paragrafo 3 dell'Articolo 78, l'Articolo 81, l'Allegato XV capo A, l'Allegato XVI e l'Allegato XVII capo B, si applicheranno al Territorio Libero nello stesso modo in cui si applicheranno all'Italia.

ALLEGATO XI

Dichiarazione comune dei Governi dell'Unione Sovietica, del Regno Unito, degli Stati Uniti d'America e della Francia, concernente i possedimenti territoriali italiani in Africa

(vedi Articolo 23)

1. I Governi dell'Unione delle Repubbliche Socialiste Sovietiche, del Regno Unito di Gran Bretagna e dell'Irlanda del Nord, degli Stati Uniti d'America e della Francia, convengono di decidere di comune accordo, entro un anno dall'entrata in vigore del Trattato con l'Italia, che porta la data del 10 febbraio 1947, della sorte definitiva dei possedimenti territoriali italiani in Africa, sui quali l'Italia, in base all'Articolo 23 del Trattato, rinuncia ad ogni diritto e titolo.

2. Le Quattro Potenze decideranno della sorte definitiva dei territori in questione e procederanno alle opportune modifiche dei confini dei territori stessi, tenendo conto delle aspirazioni e del benessere degli abitanti, oltre che delle esigenze della pace e della sicurezza, prendendo in considerazione i pareri degli altri Governi interessati.

3. Se le Quattro Potenze non possono mettersi d'accordo sulla sorte di uno qualunque dei detti territori, entro un anno dall'entrata in vigore del presente Trattato, la questione sarà sottoposta all'ssemblea Generale delle Nazioni Unite per una raccomandazione e le Quattro Potenze convengono di accettare la raccomandazione stessa e di prendere le misure del caso, per darvi esecuzione.

ALLEGATO XIV

Disposizioni economiche e finanziarie relative ai territori ceduti

1. Lo Stato successore riceverà, senza pagamento, i beni statali e parastatali situati nel territorio ceduto, in forza del presente Trattato, e tutti gli archivi e documenti di carattere amministrativo o di valore storico, relativi al territorio di cui trattasi o ai beni trasferiti ai sensi del presente paragrafo.

Ai fini del presente allegato saranno considerati come beni statali o parastatali: i beni mobili ed immobili dello Stato italiano, degli Enti pubblici e degli Enti locali e delle società o associazioni di proprietà pubblica, così come i beni mobili e immobili già appartenenti al Partito Fascista o alle sue organizzazioni ausiliarie.

2. Tutti i trasferimenti di beni italiani, statali e parastatali, secondo la definizione datane al paragrafo 1 di cui sopra, effettuati dopo il 3 settembre 1943, saranno considerati nulli e non avvenuti. Tuttavia tale disposizione non si applicherà agli atti legittimi relativi ad operazioni correnti di Enti statali e parastatali, in quanto detti atti concernano la vendita, in condizioni normali, di merci da essi regolarmente prodotte o vendute in esecuzione di normali accordi commerciali o nel corso normale di attività amministrative di carattere pubblico.

3. I cavi sottomarini italiani, colleganti punti del territorio ceduto o un punto del territorio ceduto con un punto in un altro territorio dello Stato successore, dovranno essere considerati beni italiani in territorio ceduto, nonostante che parti di detti cavi possano trovarsi a giacere fuori delle acque territoriali. I cavi sottomarini italiani colleganti un punto del territorio ceduto con un punto al di fuori della giurisdizione dello Stato successore, dovranno essere considerati beni italiani nel territorio ceduto, per quanto si riferisce agli impianti terminali e alla parte dei cavi giacente nelle acque territoriali del territorio ceduto.

4. Il Governo italiano trasferirà allo Stato successore tutti gli oggetti di valore artistico, storico o archeologico, appartenenti al patrimonio culturale del territorio ceduto, che siano stati rimossi, senza pagamento, mentre detto territorio si trovava sotto controllo italiano, e che siano trattenuti dal Governo italiano o da istituzioni pubbliche italiane.

5. Lo Stato successore procederà alla conversione nella propria valuta della valuta italiana detenuta entro il territorio ceduto, da persone fisiche che continuino a risiedere in detto territorio o da persone giuridiche che continuino a esercitare in esso la loro attività. Si potrà esigere che i detentori forniscano piena prova dell'origine dei fondi presentati alla conversione.

6. Il Governo dello Stato successore sarà esente dal pagamento del Debito Pubblico italiano, ma dovrà assumere le obbligazioni dello Stato italiano, nei confronti dei detentori di titoli del Debito Pubblico che siano, o persone fisiche che continuino a risiedere nel territorio ceduto, o persone giuridiche che vi conservino la loro sede sociale o il centro principale dei loro affari, nella misura in cui dette obbligazioni corrispondano alla parte

del Debito, i cui titoli siano stati emessi prima del 10 giugno 1940, è che sia attribuibile ad opere pubbliche ed a servizi amministrativi civili, di cui il territorio ceduto abbia beneficiato, ma non direttamente od indirettamente a scopi militari.

Si potrà esigere che i detentori dei titoli forniscano piena prova sull'origine dei titoli stessi.

Lo Stato successore e l'Italia concluderanno un accordo per determinare la parte del Debito Pubblico italiano a cui si dovrà riferre il presente paragrafo e i metodi per dare esecuzione alle disposizioni relative.

7. Lo Stato successore e l'Italia regoleranno con speciali accordi le condizioni in base alle quali saranno trasferite ad organizzazioni analoghe esistenti nel territorio ceduto le obbligazioni verso gli abitanti del territorio ceduto di organizzazioni italiane per le assicurazioni sociali, sia pubbliche che private, come pure una parte proporzionale delle riserve accumulate da dette organizzazioni.

Accordi analoghi saranno anche conclusi tra lo Stato successore e l'Italia per regolare le obbligazioni di organizzazioni per le assicurazioni sociali, pubbliche e private, la cui sede sociale sia nel territorio ceduto, verso detentori di polizze o sottoscrittori, residenti in Italia.

8. L'Italia continuerà a rispondere del pagamento delle pensioni civili o militari, acquisite, alla data dell'entrata in vigore del presente Trattato, al servizio dello Stato italiano o di Enti pubblici locali da persone che, in virtù del presente Trattato, acquistino la cittadinanza dello Stato successore. Tale obbligazione riguarda anche il diritto a pensioni non ancora maturate. Accordi saranno conclusi tra lo Stato successore e l'Italia per determinare il modo con cui la suddetta obbligazione sarà soddisfatta.

9. I beni, diritti e interessi dei cittadini italiani, che siano residenti permanenti nei territori ceduti alla data dell'entrata in vigore del presente Trattato, saranno rispettati, su una base di parità rispetto ai diritti dei cittadini dello Stato successore, purchè siano stati legittimamente acquisiti.

I beni, diritti e interessi entro i territori ceduti degli altri cittadini italiani e quelli delle persone giuridiche di nazionalità italiana, purchè legittimamente acquisiti, saranno sottoposti soltanto a quei provvedimenti che potranno essere via via adottati in linea generale rispetto ai beni di cittadini stranieri e di persone giuridiche di nazionalità straniera.

Detti beni, diritti e interessi non potranno essere trattenuti o liquidati ai sensi dell'articolo 79 del presente Trattato, ma dovranno essere restituiti ai rispettivi proprietari, liberi da vincoli di qualsiasi natura o da ogni altra misura di alienazione, di amministrazione forzosa o di sequestro presa nel periodo compreso tra il 3 settembre 1943 e l'entrata in vigore del presente Trattato.

10. Le persone che opteranno per la cittadinanza italiana e si trasferiranno in Italia, saranno autorizzate, dopo ch'esse abbiano pagato ogni debito o imposta dovuta nel territorio ceduto, a portare con sè i loro beni mobili e a trasferire i loro fondi, purchè detti beni e fondi siano stati legittimamente acquisiti. Nessun diritto d'importazione o d'esportazione sarà imposto in relazione al trasferimento dei beni stessi. Dette persone saranno inoltre autorizzate a vendere i loro beni mobili e immobili alle stesse condizioni dei cittadini dello Stato successore.

Il trasferimento dei beni in Italia sarà effettuato a condizioni ed entro i limiti, che verranno concordati tra lo Stato successore e l'Italia. Le condizioni ed i termini di tempo per il trasferimento dei fondi suddetti, compresi i proventi delle vendite, saranno egualmente fissati d'accordo.

11. I beni, diritti e interessi esistenti in Italia alla data dell'entrata in vigore del presente Trattato e che appartengano a cittadini italiani, residenti nei territori ceduti, che siano divenuti cittadini di un altro Stato ai sensi del presente Trattato, saranno rispettati dall'Italia nella stessa misura dei beni, diritti e interessi dei cittadini delle Nazione Unite in genere.

Dette persone sono autorizzate ad effettuare il trasferimento e la liquidazione dei loro beni, diritti e interessi alle stesse condizioni di quelle previste al paragrafo 10 di cui sopra.

12. Le società costituite ai sensi della legislazione italiana e aventi la loro sede sociale nel territorio ceduto, che desiderino spostare detta sede sociale in Italia, dovranno egualmente essere trattate in conformità del paragrafo 10 di cui sopra, a condizione che più del cinquanta per cento del capitale della società appartenga a persone residenti normalmente fuori del territorio ceduto o a persone che optino per la cittadinanza italiana, ai sensi del presente Trattato e trasferiscano il loro domicilio in Italia e a condizione altresì che la massima parte dell'attività della società si svolga fuori del territorio ceduto.

13. I debiti dovuti da persone residenti in Italia verso persone residenti nel territorio ceduto e i debiti dovuti da persone residenti in territorio ceduto verso persone residenti in Italia non saranno rimessi o lesi per effetto della cessione. L'Italia e lo Stato successore s'impegnano a facilitare il regolamento di dette obbligazioni. Ai sensi del presente paragrafo, il termine "persone" si riferisce anche alle persone giuridiche.

14. I beni situati nel territorio ceduto, appartenenti a una qualunque delle Nazioni Unite e ai suoi cittadini, riguardo a cui non fossero state ancora revocate le misure di sequestro o di controllo adottate dall'Italia, o che non fossero stati restituiti ai rispettivi proprietari, saranno restituiti nello stato in cui attualmente si trovano.

15. Il Governo italiano riconosce che l'Accordo di Brioni del 10 agosto 1942 è nullo e non avvenuto e s'impegna a partecipare, insieme con gli altri firmatari dell'Accordo di Roma del 29 maggio 1923, a qualsiasi negoziato mirante ad apportare a detto accordo le modificazioni necessarie per assicurare un equo regolamento delle annualità in esso previste.

16. L'Italia restituirà i beni illegalmente asportati, dopo il 3 settembre 1943, dai territori ceduti e trasferiti in Italia. I paragrafi 2, 3, 4, 5 e 6 dell'Articolo 75 regoleranno l'adempimento di detta obbligazione, salvo che per quanto si riferisce a beni, che formino oggetto di altre disposizioni del presente Allegato.

17. L'Italia restituirà allo Stato successore, nel più breve tempo possibile, tutte le navi, detenute dallo Stato italiano o da cittadini italiani, che, alla data del 3 settembre 1943, appartenevano sia a persone fisiche residenti nel territorio ceduto e che acquistino la cittadinanza dello Stato successore ai sensi del presente Trattato, sia a persone giuridiche di nazionalità italiana, che abbiano e conservino la loro sede sociale in territorio ceduto, fatta eccezione delle navi che siano state oggetto di vendita effettuata in buona fede.

18. L'Italia e lo Stato successore concluderanno degli accordi per procedere alla ripartizione, su basi di giustizia e di equità, dei beni appartenenti agli enti locali esistenti, il territorio della cui giurisdizione venga a trovarsi diviso dai nuovi confini previsti dal presente Trattato, e per assicurare la continuazione, a favore degli abitanti, di quei necessari servizi

comunali, a cui non si riferiscano espressamente altre disposizioni del presente Trattato.

Accordi analoghi saranno conclusi per una ripartizione giusta ed equa del materiale rotabile e dell'altro materiale ferroviario, e dei galleggianti e dell'attrezzatura dei bacini e dei porti, ed altresì per regolare qualsiasi altra importante questione economica, che non sia presa in considerazione dal presente Allegato.

19. Le disposizioni del presente Allegato non si applicheranno alle ex-colonie italiane. Le disposizioni economiche e finanziarie ad esse applicabili dovranno formare oggetto degli accordi per la sorte definitiva di detti territori, ai sensi dell'Articolo 23 del presente Trattato.

ALLEGATO XV

Disposizioni speciali relative a certi tipi di beni

A. PROPRIETÀ INDUSTRIALE, LETTERARIA ED ARTISTICA

1. *(a)* Sarà concesso alle Potenze Alleate ed Associate ed ai loro cittadini un termine di un anno dall'entrata in vigore del presente Trattato per permettere loro di adempiere, senza dover pagare diritti di proroga od altre sanzioni di qualunque genere, tutti quegli atti, necessari per conseguire o conservare in Italia i diritti di proprietà industriale, letteraria ed artistica, che non poterono compiersi a causa dell'esistenza dello stato di guerra.

(b) Le Potenze Alleate ed Associate od i loro cittadini, che abbiano fatto regolare domanda nel territorio di qualunque Potenza Alleata od Associata diretta ad ottenere un brevetto o la registrazione di un modello d'utilità entro i dodici mesi precedenti allo scoppio della guerra, o durante la stessa, ovvero abbiano fatto domanda diretta ad ottenere la registrazione di un disegno o modello industriale o di un marchio di fabbrica entro i sei mesi precedenti allo scoppio della guerra o durante la guerra, avranno diritto, nel termine di dodici mesi dall'entrata in vigore del presente Trattato, di presentare domanda, al fine di ottenere i corrispondenti diritti in Italia, con una priorità basata sulla data della presentazione della domanda nel territorio di quella Potenza Alleata od Associata.

(c) Sarà concesso ad ognuna delle Potenze Alleate od Associate ed ai loro cittadini un termine di un anno dall'entrata in vigore del presente Trattato, durante il quale potranno istituire giudizio in Italia contro quelle persone fisiche o giuridiche, alle quali si attribuisca di aver illegittimamente violato i loro diritti di proprietà industriale, letteraria od artistica, durante il periodo corrente dallo scoppio della guerra all'entrata in vigore del presente Trattato.

2. Nel determinare il tempo entro il quale un brevetto deve essere attuato od un disegno od un marchio deve essere messo in uso, non si terrà conto di un periodo di tempo estendentesi dallo scoppio della guerra, fino alla fine del diciottesimo mese dall'entrata in vigore del presente Trattato.

3. Nel calcolo dei termini normali di validità dei diritti di proprietà industriale, letteraria ed artistica, che erano in vigore in Italia allo scoppio della guerra o che saranno riconosciuti o stabiliti in forza della Parte A del presente Allegato, appartenenti a qualunque delle Potenze Alleate ed Associate od ai loro cittadini, non si terrà conto del periodo intercorso dallo scoppio della guerra, fino all'entrata in vigore del presente Trattato. Per conseguenza, la durata normale di tali diritti si considererà automaticamente estesa in Italia per un termine ulteriore, corrispondente al periodo di sospensione di cui sopra.

4. Le disposizioni che precedono, concernenti i diritti delle Potenze Alleate ed Associate e dei loro cittadini in Italia, si applicheranno egualmente ai diritti dell'Italia e dei suoi cittadini, nei territori delle Potenze Alleate ed Associate. Nessuna delle disposizioni che precedono darà peraltro diritto all'Italia od ai suoi cittadini di conseguire nel territorio di alcuna delle Potenze Alleate ed Associate un trattamento più favorevole di quello accordato da tale Potenza in casi analoghi ad altre Nazioni Unite ed ai loro cittadini, nè imporrà all'Italia di accordare ad alcuna delle Potenze Alleate ed Associate od ai loro cittadini un trattamento più favorevole di quello che l'Italia od i suoi cittadini riceveranno nel territorio di tale Potenza, rispetto alle materie formanti oggetto delle disposizioni di cui sopra.

5. I terzi che, nel territorio di qualunque delle Potenze Alleate ed Associate od in teritorio italiano, prima dell'entrata in vigore del presente Trattato, abbiano in buona fede acquistato diritti di proprietà industriale,

letteraria od artistica, in contrasto con i diritti ristabiliti in forza della parte A del presente Allegato, o con diritti ottenuti grazie alla priorità consentita in forza dell'Allegato medesimo, ovvero che abbiano, in buona fede, fabbricato, pubblicato, riprodotto, usato o venduto quanto forma oggetto di tali diritti, avranno facoltà di continuare ad esercitare i diritti stessi ed a continuare od a riprendere tale fabbricazione, pubblicazione, riproduzione, uso o vendita, da essi in buona fede intrapresa, senza esporsi a conseguenze per la relativa violazione. In Italia tale concessione prenderà la forma di licenza nonesclusiva concessa ai termini ed alle condizioni che le parti di comune accordo concorderanno, ovvero, in difetto di accordo, che verranno determinate dalla Commissione stabilita in base all'Articolo 83 del presente Trattato. Tuttavia nei territori di ognuna delle Potenze Alleate ed Associate, terzi di buona fede, riceveranno quella protezione, che si accorda in circostanze analoghe ai terzi in buona fede, i cui diritti siano in conflitto con quelli di cittadini di altre Potenze Alleate ed Associate.

6. Nessuna disposizione contenuta nella parte A de presente Allegato potrà interpretarsi nel senso di accordare all'Italia od ai suoi cittadini nel territorio di alcuna delle Potenze Alleate ed Associate, diritti a brevetti od a modelli d'utilità relativi ad invenzioni concernenti qualsiasi articolo elencato nominativamente nella definizione di materiale bellico, contenuta nell'Allegato XIII del presente Trattato, le quali invenzioni siano state fatte o per cui domanda di registrazione sia stata presentata dall'Italia, o da un suo cittadino, in Italia o nel territorio di qualunque altra Potenza dell'Asse, ovvero in territorio occupato dalle forze dell'Asse, durante il tempo in cui il territorio stesso si trovava sotto il controllo delle forze o delle autorità delle Potenze dell'Asse.

7. L'Italia estenderà egualmente i vantaggi nascenti dalle disposizioni che precedono a quelle Nazioni Unite, che non siano fra le Potenze Alleate od Associate, le quali abbiano rotto le relazioni diplomatiche con l'Italia durante la guerra, e che si obblighino ad estendere all'Italia gli stessi vantaggi accordatile in forza delle disposizioni suddette.

8. Nessuna delle disposizioni contenute nella parte A del presente Allegato dovrà intendersi in contrasto con gli Articoli 78, 79 ed 81 del presente Trattato.

B. ASSICURAZIONI

1. Salvo le restrizioni che si applicano in genere a tutti gli assicuratori, non verrà frapposto alcun ostacolo alla riassunzione dei loro antichi portafogli da parte degli assicuratori che sono cittadini delle Nazioni Unite.

2. Qualora un assicuratore, cittadino di una delle Nazioni Unite, desideri riprendere la sua attività professionale in Italia, ma si trovi che il valore dei depositi di garanzia o delle riserve prescritte per essere autorizzato a trattare affari in Italia, sia diminuito per effetto di perdite o deprezzamento dei valori che costituivano tali depositi o riserve, il Governo italiano si obbliga ad accettare per un periodo di 18 mesi i valori che rimangono, come se fossero adeguati depositi o riserve, ai sensi di legge.

ALLEGATO XVI

Contratti, prescrizione e titoli all'ordine

A. CONTRATTI

1. Salve le eccezioni di cui agli infrascritti paragrafi 2 e 3, ogni contratto che implicasse, ai fini della sua esecuzione, la necessità di contatti fra le parti contraenti, le quali fossero divenute nemiche, secondo la definizione datane nella parte D del presente Allegato, si avrà per risolto a far tempo dal momento in cui una delle parti contraenti sia divenuta nemica. Tale risoluzione peraltro non influirà su quanto dispone l'Articolo 81 del presente Trattato, nè libererà alcuna delle parti contraenti dall'obbligazione di rimborsare le somme che avessero ricevuto come anticipi, o pagamenti in conto, e rispetto alle quali la parte medesima non abbia fornito la relativa controprestazione.

2. Malgrado quanto dispone il paragrafo 1 che precede, quelle parti di un contratto che potessero rimanere avulse e che non esigessero, per la loro esecuzione, la necessità di contatti fra le parti contraenti, divenute nemiche secondo la definizione datane nella parte D del presente Allegato, saranno escluse dalla risoluzione contrattuale e rimarranno in vigore, senza pregiudizio dei diritti contemplati dall'Articolo 79 del presente Trattato. Nei casi in cui il contenuto del contratto non fosse suscettibile di divisione, il contratto stesso si avrà per interamente risolto. Quanto precede rimane subordinato all'osservanza delle leggi, ordinanze e regolamenti interni ema-

nati da qualsiasi delle Potenze Alleate ed Associate che abbiano giurisdizione e riassicurazione formeranno oggetto di separati accordi fra il Governo nato ai termini del contratto stesso.

3. Nulla di quanto stabilito nella parte A del presente Allegato sarà considerato come comportante l'annullamento delle operazioni e negozi intervenuti in dipendenza di un contratto fra nemici, allorquando siffatte operazioni e negozi abbiano avuto corso con l'autorizzazione del Governo di una delle Potenze Alleate ed Associate.

4. Nonostante le disposizioni che precedono, i contratti di assicurazione e riassicurazione formeranno oggetto di separati accordi fra il Governo della Potenza Alleata od Associata interessata ed il Governo italiano.

B. TERMINI DI PRESCRIZIONE

1. Tutti i termini di prescrizione o di decadenza del diritto di agire o di prendere provvedimenti conservativi rispetto a rapporti di natura personale o patrimoniale in cui si trovino coinvolti cittadini delle Nazioni Unite e cittadini italiani, che, a seguito dello stato di guerra, si siano trovati nella impossibilità di instaurare giudizio o di compiere le formalità necessarie per la salvaguardia dei loro diritti, e sia che detti termini abbiano cominciato a decorrere prima o dopo lo scoppio della guerra, si avranno per sospesi per la durata della guerra da un canto in territorio italiano e d'altro canto, nel territorio di quelle Nazioni Unite che concedono all'Italia, in via di reciprocità, il beneficio delle provvidenze di cui al presente paragrafo. I predetti termini ricominceranno a decorrere con l'entrata in vigore del presente Trattato. Le disposizioni di cui al presente paragrafo, si applicheranno ai termini previsti per la presentazione di cedole di interessi o dividendi o per la presentazione di titoli sorteggiati o per altro motivo redimibili.

2. Quando misure d'esecuzione siano state prese in territorio italiano a carico di un cittadino di una delle Nazioni Unite, a seguito dell'omissione di qualche atto o della mancata osservanza di qualche formalità durante la guerra, il Governo italiano ristabilirà i diritti che siano stati in tal modo lesi. Qualora tale reintegrazione fosse impossibile o risultasse iniqua, il Governo italiano disporrà perchè il cittadino della Nazione Unita riceva quel compenso che potrà essere giusto ed equo, nel caso in oggetto.

C. TITOLI ALL'ORDINE

1. Nei rapporti fra nemici, non si avrà per invalido alcun titolo all'ordine fatto prima della guerra, soltanto per il fatto della mancata sua presentazione nel termine prescritto per l'accettazione o per il pagamento o pel fatto dell'omissione dell'avviso di mancata accettazione o di mancato pagamento ai traenti o ai giranti, ovvero per l'omissione del protesto, ovvero per la mancata osservanza di qualsiasi formalità, durante la guerra.

2. Allorquando il termine entro cui un titolo all'ordine avrebbe dovuto essere presentato per l'accettazione o per il pagamento, ovvero entro cui avrebbe dovuto darsi avviso della mancata accettazione o del mancato pagamento al traente od al girante, ovvero entro cui avrebbe dovuto levarsi protesto, sia scaduto durante la guerra e la parte che avrebbe dovuto presentare o far protestare il titolo o dare avviso della sua mancata accettazione o pagamento, non lo abbia fatto durante la guerra, sarà concesso un termine di non meno di tre mesi dall'entrata in vigore del presente Trattato, durante il quale potrà farsi luogo alla presentazione, all'avviso di mancata accettazione o di mancato pagamento od al protesto.

3. Se una persona, prima o durante la guerra, sia divenuta obbligata in base ad un titolo all'ordine a seguito di un impegno verso di lei assunto da una persona che sia poi divenuta nemica, quest'ultima persona resterà obbligata a tenere indenne la prima per l'obbligazione da essa assunta, malgrado l'intervenuto scoppio della guerra.

D. DISPOSIZIONI SPECIALI

1. Ai fini del presente allegato, le persone fisiche o giuridiche saranno considerate come nemiche, dalla data in cui i rapporti commerciali fra di esse sono divenuti illeciti, in base alle leggi, ordinanze e regolamenti ai quali erano soggette le predette persone od i contratti.

2. In vista del sistema giuridico degli Stati Uniti d'America, le disposizioni del presente Allegato non si applicheranno nei rapporti fra gli Stati Uniti d'America e l'Italia.

ALLEGATO XVII

Tribunali delle Prede e giudizi

A. TRIBUNALI DELLE PREDE

Ognuna delle Potenze Alleate ed Associate si riserva il diritto di esaminare, in conformità di una procedura da stabilire con propria decisione, tutte le sentenze e ordinanze emesse dai Tribunali italiani delle Prede, concernenti i diritti di proprietà dei propri cittadini e di raccomandare al Governo italiano di procedere alla revisione di quelle sentenze o ordinanze che non siano conformi al diritto internazionale.

Il Governo italiano s'impegna a fornire copie di tutti i documenti facenti parte degli atti dei singoli giudizi, comprese le sentenze e le ordinanze emesse e di accettare tutte le raccomandazioni formulate, a seguito del riesame di detti giudizi, e di dare esecuzione alle raccomandazioni stesse.

B. GIUDIZI

Il Governo italiano prenderà le misure necessarie per permettere ai cittadini di qualunque delle Nazioni Unite, in qualsiasi momento, entro un anno dall'entrata in vigore del presente Trattato, di sottoporre al riesame delle competenti autorità italiane ogni sentenza emessa da una autorità giudiziaria italiana tra il 10 giugno 1940 e la data dell'entrata in vigore del presente Trattato, in qualsiasi giudizio, in cui il cittadino di una delle Nazioni Unite non abbia potuto fare adeguatamente valere le proprie ragioni, sia come attore, che come convenuto. Il Governo italiano disporrà perchè, nel caso che il cittadino di una delle Nazioni Unite abbia sofferto danno a causa di siffatta sentenza, egli possa essere restituito nella condizione in cui si trovava prima della pronuncia della sentenza stessa, o venga ammesso a godere di quelle provvidenze che appaiano giuste ed eque, nel caso specifico. L'espressione "cittadini delle Nazioni Unite" comprende anche le società o associazioni organizzate o costituite in conformità delle leggi di qualunque delle Nazioni Unite.

February 10, 1947
[T. I. A. S. 1649]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Treaty of Peace with Roumania, dated at Paris February 10, 1947, was signed by the respective Plenipotentiaries of the United States of America, the Union of Soviet Socialist Republics, the United Kingdom of Great Britain and Northern Ireland, Australia, the Byelorussian Soviet Socialist Republic, Canada, Czechoslovakia, India, New Zealand, the Ukrainian Soviet Socialist Republic, the Union of South Africa, and Roumania;

WHEREAS the text of the said Treaty, in the Russian, English, French, and Roumanian languages, as certified by the Foreign Office of the Government of the Union of Soviet Socialist Republics, is word for word as follows:

МИРНЫЙ ДОГОВОР С РУМЫНИЕЙ

1947 г.

Союз Советских Социалистических Республик, Соединенное Королевство Великобритании и Северной Ирландии, Соединенные Штаты Америки, Австралия, Белорусская Советская Социалистическая Республика, Канада, Чехословакия, Индия, Новая Зеландия, Украинская Советская Социалистическая Республика и Южно-Африканский Союз, как государства, находящиеся в состоянии войны с Румынией и активно участвовавшие в войне против вражеских государств в Европе существенными военными контингентами, именуемые в дальнейшем «Союзные и Соединенные Державы», с одной стороны,

и Румыния, с другой стороны,

Принимая во внимание, что, став союзником гитлеровской Германии и участвуя на ее стороне в войне против Союза Советских Социалистических Республик, Соединенного Королевства, Соединенных Штатов Америки и других Объединенных Наций, Румыния несет свою долю ответственности за эту войну;

Принимая, однако, во внимание, что 24 августа 1944 года Румыния полностью прекратила военные действия против Союза Советских Социалистических Республик, вышла из войны против Объединенных Наций, порвала отношения с Германией и ее сателлитами и, заключив 12 сентября 1944 года Перемирие с Правительствами Союза Советских Социалистических Республик, Соединенного Королевства и Соединенных Штатов Америки, действовавшими в интересах всех Объединенных Наций, приняла активное участие в войне против Германии; и

Принимая во внимание, что Союзные и Соединенные Державы и Румыния желают заключить мирный договор, который, соответствуя принципам справедливости, урегулирует вопросы, остающиеся еще нерешенными в результате перечисленных выше событий, и явится основой дружественных отношений между ними, тем самым давая Союзным и Соединенным Державам возможность поддержать обращение Румынии о принятии ее в члены Организации Объединенных Наций, а также о присоединении Румынии к любой

конвенции, заключенной по почину Организации Объединенных Наций;

В соответствии с этим решили объявить о прекращении состояния войны и для этой цели заключить настоящий Мирный Договор и назначили для этого нижеподписавшихся в качестве своих Полномочных Представителей, которые по представлении своих полномочий, найденных в порядке и надлежащей форме, согласились о следующих постановлениях:

ЧАСТЬ I.

ГРАНИЦЫ.

Статья 1.

Границы Румынии, показанные на прилагаемой к настоящему Договору карте (Приложение I), будут такими, как они существовали на 1 января 1941 года, за исключением румыно-венгерской границы, которая определяется статьей 2 настоящего Договора.

Советско-румынская граница устанавливается при этом в соответствии с Советско-Румынским Соглашением от 28 июня 1940 года и Советско-Чехословацким Соглашением от 29 июня 1945 года.

Статья 2.

Решения Венского Арбитража от 30 августа 1940 года объявляются несуществующими. Граница между Румынией и Венгрией, существовавшая на 1 января 1938 года, настоящим восстанавливается.

ЧАСТЬ II.

ПОЛИТИЧЕСКИЕ ПОСТАНОВЛЕНИЯ.

Раздел I.

Статья 3.

1. Румыния обязуется принять все меры, необходимые для обеспечения того, чтобы все лица, находящиеся под румынской юрисдикцией, без различия расы, пола, языка или религии, пользовались правами человека и основными свободами, включая сво-

боду слова, печати и изданий, религиозного культа, политических убеждений и публичных собраний.

2. Румыния также принимает обязательство, что действующие в Румынии законы, как в отношении своего содержания, так и применения, не будут устанавливать дискриминации или влечь за собой дискриминацию для лиц румынского гражданства на основании их расы, пола, языка или религии как в том, что касается их личности, имущества, занятий, профессиональных или финансовых интересов, статуса, политических или гражданских прав, так и любых других вопросов.

Статья 4.

Румыния, которая в соответствии с Соглашением о Перемирии провела мероприятия по освобождению, независимо от гражданства и национальной принадлежности, всех лиц, содержавшихся в заключении в связи с их деятельностью в пользу Объединенных Наций, или за их сочувствие Объединенным Нациям, или ввиду их расового происхождения, и мероприятия по отмене дискриминационного законодательства и вытекающих из него ограничений, обязуется закончить проведение этих мероприятий и впредь не принимать каких-либо мер или законов, которые были бы несовместимы с целями, предусмотренными в этой статье.

Статья 5.

Румыния, которая в соответствии с Соглашением о Перемирии провела мероприятия по роспуску всех находившихся на румынской территории организаций фашистского типа: политических, военных, военизированных, а также других организаций, ведущих враждебную Советскому Союзу или любой из других Объединенных Наций пропаганду, — обязуется и впредь не допускать существования и деятельности организаций такого рода, преследующих цель лишения народа его демократических прав.

Статья 6.

1. Румыния обязуется принять все необходимые меры, чтобы обеспечить задержание и выдачу для суда над ними:

a) лиц, обвиняемых в том, что они совершили военные преступления и преступления против мира или против человечности, дали приказ о совершении таких преступлений или содействовали их совершению;

b) граждан какой-либо из Союзных и Соединенных Держав, которые обвиняются в нарушении законов их стран изменой или сотрудничеством с врагом во время войны.

2. Румыния, по требованию Правительства заинтересованной Объединенной Нации, обеспечит также явку в качестве свидетелей находящихся под ее юрисдикцией лиц, показания которых потребуются для суда над лицами, указанными в пункте 1 настоящей статьи.

3. Всякое разногласие относительно применения постановлений пунктов 1 и 2 настоящей статьи должно быть передано любым заинтересованным Правительством Главам Дипломатических Миссий Советского Союза, Соединенного Королевства и Соединенных Штатов Америки в Бухаресте, которые достигнут соглашения по поводу этого затруднения.

Раздел II.

Статья 7.

Румыния обязуется признать полную силу Мирных Договоров с Италией, Болгарией, Венгрией и Финляндией и других соглашений или урегулирований, которые были или будут достигнуты Союзными и Соединенными Державами относительно Австрии, Германии и Японии для восстановления мира.

Статья 8.

Состояние войны между Румынией и Венгрией прекратится со дня вступления в силу как настоящего Мирного Договора, так и Мирного Договора между Союзом Советских Социалистических Республик, Соединенным Королевством Великобритании и Северной Ирландии, Соединенными Штатами Америки, Австралией, Белорусской Советской Социалистической Республикой, Канадой, Чехословакией, Индией, Новой Зеландией, Украинской Советской Со-

циалистической Республикой, Южно-Африканским Союзом и Федеративной Народной Республикой Югославии, с одной стороны, и Венгрией, с другой стороны.

Статья 9.

Румыния обязуется принять любые соглашения, которые были или могут быть заключены для ликвидации Лиги Наций и Постоянной Палаты Международного Правосудия.

Статья 10.

1. Каждая Союзная или Соединенная Держава нотифицирует Румынии в течение шести месяцев со дня вступления в силу настоящего Договора о своих довоенных двусторонних договорах с Румынией, которые эта Держава желает сохранить в силе или действие которых она желает возобновить. Любые положения, не находящиеся в соответствии с настоящим Договором, будут, однако, исключены из вышеупомянутых договоров.

2. Все вышеупомянутые договоры, о которых будет нотифицировано таким образом, будут зарегистрированы в Секретариате Объединенных Наций в соответствии со статьей 102 Устава Организации Объединенных Наций.

3. Все вышеупомянутые договоры, о которых не будет нотифицировано таким образом, будут считаться отмененными.

ЧАСТЬ III.

ВОЕННЫЕ, ВОЕННО-МОРСКИЕ И ВОЕННО-ВОЗДУШНЫЕ ПОСТАНОВЛЕНИЯ.

Раздел I.

Статья 11.

Содержание сухопутных, морских и военно-воздушных вооружений и укреплений будет строго ограничено так, чтобы отвечать задачам внутреннего характера и местной обороны границ. В соответствии с вышеуказанным Румынии разрешается иметь вооруженные силы, не свыше чем:

a) сухопутная армия, включая пограничные войска, с общей численностью личного состава в 120.000 человек;

b) зенитная артиллерия с численностью личного состава в 5.000 человек;

c) военно-морской флот с численностью личного состава в 5.000 человек и общим тоннажем в 15.000 тонн;

d) военно-воздушные силы, в том числе военно-воздушные силы военно-морского флота, численностью в 150 самолетов, включая резервные, из которых не более 100 самолетов боевых типов, с общей численностью личного состава в 8.000 человек. Румыния не должна иметь или приобретать самолетов, сконструированных в основном как бомбардировщики с приспособлениями для внутренней подвески бомб.

Эта численность в каждом случае будет включать строевой, нестроевой состав и штабной персонал.

Статья 12.

Личный состав румынской армии, военно-морского флота и военно-воздушных сил, превышающий соответственно разрешенную статьей 11 численность, будет распущен в течение шести месяцев со дня вступления в силу настоящего Договора.

Статья 13.

Людские контингенты, не входящие в состав румынской армии, военно-морского флота или военно-воздушных сил, не будут проходить в какой-либо форме военного, военно-морского или военно-воздушного обучения, как оно определено в Приложении II.

Статья 14.

Румыния не должна иметь, производить или экспериментировать: любые виды атомного вооружения; какие-либо самодвижущиеся или управляемые снаряды или аппараты, связанные с их выбрасыванием (за исключением торпед и торпедных аппаратов, составляющих нормальное вооружение военно-морских кораблей, разрешенных настоящим Договором); морские мины или торпеды неконтактного типа, действующие от чувствительных механизмов; торпеды, которые могут быть укомплектованы людьми; подводные

лодки или другие подводные суда, торпедные катеры и специализированные типы штурмовых судов.

Статья 15.

Румыния не должна сохранять, производить или приобретать другими путями военные материалы и технику или содержать производственные мощности для их изготовления, сверх того, что требуется для содержания вооруженных сил, разрешенных статьей 11 настоящего Договора.

Статья 16.

1. Излишки военных материалов и техники союзного происхождения будут переданы в распоряжение соответствующей Союзной или Соединенной Державы, согласно указаниям, которые будут даны этой Державой. Излишки румынских военных материалов и техники будут переданы в распоряжение Правительств Советского Союза, Соединенного Королевства и Соединенных Штатов Америки. Румыния откажется от всех прав на эти материалы и технику.

2. Военные материалы и техника германского происхождения или конструкции, превышающие то, что требуется для вооруженных сил, разрешенных настоящим Договором, будут переданы в распоряжение Трех Правительств. Румыния не будет приобретать или производить каких-либо военных материалов и техники германского происхождения или конструкции, или нанимать на работу или обучать каких-либо технических специалистов, включая военный и гражданский авиационный персонал, из числа лиц, которые являются или являлись гражданами Германии.

3. Излишки военных материалов и техники, упомянутые в пунктах 1 и 2 настоящей статьи, будут переданы или уничтожены в течение одного года со дня вступления в силу настоящего Договора.

4. Определение термина «военные материалы и техника» и перечень военных материалов и техники для целей настоящего Договора даны в Приложении III.

Статья 17.

Румыния обязуется полностью сотрудничать с Союзными и Соединенными Державами в целях обеспечения того, чтобы Германия не смогла предпринять каких-либо мер за пределами германской территории в направлении возрождения своего вооружения.

Статья 18.

Румыния обязуется не приобретать и не производить гражданских самолетов германской или японской конструкции или самолетов, включающих крупные узлы германского или японского производства или конструкции.

Статья 19.

Каждая из военных, военно-морских и военно-воздушных статей настоящего Договора будет оставаться в силе до тех пор, пока она не будет изменена полностью или частично по соглашению между Союзными и Соединенными Державами и Румынией или, после того как Румыния станет членом Организации Объединенных Наций, — по соглашению между Советом Безопасности и Румынией.

Раздел II.

Статья 20.

1. Румынские военнопленные должны быть репатриированы как можно скорее в соответствии с соглашениями между отдельными Державами, содержащими этих военнопленных, и Румынией.

2. Все издержки на перевозку румынских военнопленных, включая их содержание, от сборных пунктов, установленных Правительством соответствующей Союзной или Соединенной Державы, до пункта вступления на румынскую территорию будет нести Правительство Румынии.

ЧАСТЬ IV.

ВЫВОД СОЮЗНЫХ ВОЙСК.

Статья 21.

1. После вступления в силу настоящего Договора все союзные войска должны быть в течение 90 дней выведены из Румынии,

при сохранении за Советским Союзом права держать на территории Румынии такие вооруженные силы, какие будут ему необходимы для поддержания коммуникационных линий Советской Армии с советской зоной оккупации в Австрии.

2. Вся неиспользованная румынская валюта и все неиспользованные румынские запасы, находящиеся в распоряжении союзных войск в Румынии и полученные в соответствии со статьей 10 Соглашения о Перемирии, будут возвращены Правительству Румынии в течение того же срока в 90 дней.

3. Румыния, однако, должна предоставить такие снабжение и услуги, которые могут быть специально потребованы для поддержания коммуникационных линий с советской зоной оккупации в Австрии и за которые Правительству Румынии будет выплачена соответствующая компенсация.

ЧАСТЬ V.

РЕПАРАЦИИ И РЕСТИТУЦИИ.

Статья 22.

1. Убытки, причиненные Советскому Союзу военными действиями и оккупацией Румынией советской территории, будут Румынией возмещены Советскому Союзу, причем, принимая во внимание, что Румыния не просто вышла из войны против Объединенных Наций, а объявила войну и вела ее на деле против Германии, Стороны уславливаются о том, что возмещение указанных убытков будет произведено Румынией не полностью, а только частично, а именно, в сумме 300.000.000 долларов США, с погашением в течение 8 лет, начиная с 12 сентября 1944 года, товарами (нефтепродукты, зерно, лесные материалы, морские и речные суда, различное машинное оборудование и другие товары).

2. В основу расчетов по настоящей статье положен доллар США по его золотому паритету на день подписания Соглашения о Перемирии, т. е. 35 долларов за одну унцию золота.

Статья 23.

1. Румыния принимает принципы Декларации Объединенных Наций от 5 января 1943 года и вернет имущество, вывезенное с территории любой из Объединенных Наций.

2. Обязательство производить реституцию относится ко всей находящейся в настоящее время в Румынии опознаваемой собственности, которая была вывезена насильственно или по принуждению какой-либо из держав оси с территории любой из Объединенных Наций, независимо от каких-либо последующих сделок, путем которых нынешний владелец такой собственности вступил во владение ею.

3. Правительство страны, которая имеет право на реституцию, и Правительство Румынии могут заключать соглашения взамен постановлений настоящей статьи.

4. Правительство Румынии должно вернуть указанное в настоящей статье имущество в сохранности и принять на себя в этом отношении все расходы в Румынии, относящиеся к рабочей силе, материалам и транспорту.

5. Правительство Румынии будет оказывать содействие Объединенным Нациям и предоставит за свой счет все необходимые возможности для розыска и реституции имущества, подлежащего реституции согласно настоящей статье.

6. Правительство Румынии примет необходимые меры, чтобы добиться возвращения имущества, указанного в настоящей статье, которым владеют в любой третьей стране лица, находящиеся под румынской юрисдикцией.

7. Требования реституции имущества должны быть предъявлены Правительству Румынии Правительством той страны, с территории которой было вывезено это имущество; при этом понимается, что железнодорожный подвижной состав будет рассматриваться как вывезенный из страны, которой он первоначально принадлежал. Такие требования могут предъявляться в течение 6 месяцев со дня вступления в силу настоящего Договора.

8. Бремя доказательства в отношении опознавания имущества и доказательства права собственности возлагается на Правительство, предъявляющее претензию, а бремя доказательства того, что имущество не было вывезено насильственно или по принуждению, возлагается на Правительство Румынии.

ЧАСТЬ VI.

ЭКОНОМИЧЕСКИЕ ПОСТАНОВЛЕНИЯ.

Статья 24.

1. Румыния, поскольку ею это еще не сделано, восстановит все законные права и интересы Объединенных Наций и их граждан в Румынии, как они существовали на 1 сентября 1939 года, и вернет всю собственность Объединенных Наций и их граждан в Румынии, включая суда, в том состоянии, в котором она находится в настоящее время.

Если необходимо, Правительство Румынии отменит законодательство, введенное в силу после 1 сентября 1939 года, в той мере, в какой оно устанавливает дискриминацию в отношении прав граждан Объединенных Наций.

2. Правительство Румынии обязуется восстановить всю собственность, права и интересы, подпадающие под действие настоящей статьи, без всяких обременений и обложений любого вида, которым они могли подвергнуться вследствие войны, и без взимания Правительством Румынии каких-либо сборов в связи с их возвращением. Правительство Румынии аннулирует все мероприятия, включая отобрание, секвестр или контроль, проведенные им в отношении собственности Объединенных Наций между 1 сентября 1939 года и днем вступления в силу настоящего Договора. В случаях невозвращения собственности в течение 6 месяцев со дня вступления в силу настоящего Договора, заявление о возвращении собственности должно быть подано румынским властям не позднее, чем в течение 12 месяцев со дня вступления в силу настоящего Договора, за исключением случаев, когда заявитель может доказать, что он не мог подать своего заявления в течение этого срока.

3. Правительство Румынии должно аннулировать передачи, относящиеся к собственности, правам и интересам всякого рода, принадлежащим гражданам Объединенных Наций, в тех случаях, когда такие передачи были результатом насилия или принуждения со стороны правительств держав оси или их органов во время войны.

4. *a*) Правительство Румынии несет ответственность за приведение во вполне исправное состояние собственности, возвращаемой гражданам Объединенных Наций согласно пункту 1 настоящей статьи. В тех случаях, когда собственность не может быть возвращена или когда в результате войны гражданин Объединенных Наций потерпел убыток вследствие повреждения или порчи собственности в Румынии, он должен получить от Правительства Румынии компенсацию в леях в пределах двух третей суммы, необходимой в день выплаты для того, чтобы купить аналогичную собственность или возместить понесенный убыток. Граждане Объединенных Наций ни в коем случае не должны ставиться в менее благоприятное положение в отношении компенсации, чем румынские граждане.

b) Граждане Объединенных Наций, имеющие прямой или косвенный собственнический интерес в корпорациях или ассоциациях, национальность которых не является национальностью Объединенных Наций в значении пункта 9 «*a*» настоящей статьи, но которые потерпели убыток вследствие повреждения или порчи собственности в Румынии, должны получить компенсацию в соответствии с подпунктом «*a*» выше. Эта компенсация должна исчисляться на основе общих убытков или ущерба, понесенных корпорацией или ассоциацией, и должна составлять по отношению к таким убыткам или ущербу ту же пропорцию, какую составляют приносящие доход интересы таких граждан по отношению к общему капиталу корпорации или ассоциации.

c) Компенсация должна выплачиваться без каких-либо обложений, налогов или других сборов. Она может свободно использоваться в Румынии, но должна подлежать правилам контроля над

иностранными девизами, которые могут время от времени вводиться в Румынии.

d) Правительство Румынии предоставит гражданам Объединенных Наций такой же режим при распределении материалов для ремонта или восстановления их собственности в Румынии, а также при распределении иностранных девиз для импорта таких материалов, который применяется в отношении румынских граждан.

e) Правительство Румынии предоставит гражданам Объединенных Наций возмещение в леях в том же самом размере, который предусмотрен в подпункте «*a*» выше, чтобы компенсировать потери или ущерб, возникшие в результате особых мер, которые применялись к их собственности во время войны, но которые не применялись к румынской собственности. Этот подпункт не распространяется на упущенные выгоды.

5. Постановления пункта 4 настоящей статьи не будут применяться к Румынии, поскольку действия, которые могут вызвать претензии в связи с ущербом собственности, находящейся в Северной Трансильвании и принадлежащей Объединенным Нациям или их гражданам, имели место, когда эта территория не находилась под властью Румынии.

6. Все произведенные в Румынии разумные расходы по предъявлению претензий, включая расходы на подсчет потерь или ущерба, должно нести Правительство Румынии.

7. Граждане Объединенных Наций и их собственность должны быть освобождены от всяких исключительных налогов, сборов или податей, налагавшихся на их основные фонды в Румынии Правительством Румынии или любой румынской властью в период между днем заключения Перемирия и днем вступления в силу настоящего Договора со специальной целью покрытия расходов, связанных с войной, или покрытия издержек на оккупационные силы или на репарации в пользу любой из Объединенных Наций. Любые суммы, выплаченные таким образом, должны быть возвращены.

8. Заинтересованный собственник и Правительство Румынии могут заключать соглашения взамен положений настоящей статьи.

9. Применяемые в настоящей статье:

a) Выражение «граждане Объединенных Наций» означает физических лиц, являющихся к моменту вступления в силу настоящего Договора гражданами любой из Объединенных Наций, или корпорации или ассоциации, организованные к этому моменту по законам любой из Объединенных Наций, при условии, что указанные лица, корпорации или ассоциации имели такой статус также и в момент заключения Перемирия с Румынией.

Выражение «граждане Объединенных Наций» также включает всех физических лиц, корпорации или ассоциации, которые на основании законов, действовавших в Румынии во время войны, рассматривались как вражеские.

b) Выражение «собственник» означает гражданина Объединенных Наций, как определено в подпункте «*a*» выше, имеющего право на данную собственность, и включает преемника такого собственника, при условии, что преемник также является гражданином одной из Объединенных Наций, как определено в подпункте «*a*». Если преемник приобрел собственность в поврежденном виде, то лицо передающее сохраняет свои права на возмещение на основании настоящей статьи без ущерба для обязательств, существующих между лицом передающим и лицом приобретающим в соответствии с внутренними законами.

c) Выражение «собственность» означает всю движимую или недвижимую собственность, материальную или нематериальную, включая промышленную, литературную и художественную собственность, а также все права или интересы всякого рода в собственности. Без ущерба для общего характера предыдущих постановлений выражение «собственность Объединенных Наций и их граждан» включает все морские и речные суда вместе с их инвентарем и оборудованием, которые либо принадлежали Объединенным Нациям или их гражданам, либо были зарегистрированы на территории одной из Объединенных Наций, либо плавали под флагом одной из Объединенных Наций и которые после 1 сентября 1939 года, во время нахождения их в румынских водах или после их насильственного привода в румынские воды, либо были поставлены под

контроль румынских властей, как вражеская собственность, либо перестали находиться в свободном распоряжении Объединенных Наций или их граждан в Румынии, вследствие проведения румынскими властями мероприятий по контролю в связи с существованием состояния войны между Объединенными Нациями и Германией.

Статья 25.

1. Румыния обязуется, что во всех случаях, когда собственность, законные права или интересы в Румынии находящихся под румынской юрисдикцией лиц подвергались после 1 сентября 1939 года секвестру, конфискации или контролю вследствие расового происхождения или религии таких лиц, эта собственность, законные права и интересы будут восстановлены вместе с привходящими правами, а если восстановление невозможно, за них будет выплачена справедливая компенсация.

2. Вся собственность, права и интересы в Румынии, принадлежащие лицам, организациям или обществам, которые индивидуально или в качестве членов групп являлись объектом применения расовых, религиозных или других фашистских мер преследования, и оставшиеся в течение 6 месяцев со дня вступления в силу настоящего Договора без наследника или невостребованными, должны быть переданы Правительством Румынии организациям в Румынии, представляющим таких лиц, организации или общества. Переданная собственность должна использоваться такими организациями для целей оказания помощи оставшимся членам таких групп, организаций и обществ в Румынии и для их восстановления. Такая передача должна быть произведена в течение 12 месяцев со дня вступления в силу настоящего Договора и должна включать собственность, права и интересы, восстановление которых требуется согласно пункту 1 настоящей статьи.

Статья 26.

Румыния признает, что Советский Союз имеет право на все германские активы в Румынии, переданные Советскому Союзу Контрольным Советом в Германии, и обязуется принять все необходимые меры для облегчения передачи таких активов.

Статья 27.

1. Каждая из Союзных и Соединенных Держав будет иметь право взять, удержать, ликвидировать или предпринять любое другое действие в отношении всей собственности, прав и интересов, которые на день вступления в силу настоящего Договора будут находиться на ее территории и принадлежать Румынии или румынским гражданам, а также использовать такую собственность или выручку от нее для таких целей, какие эта Держава сочтет желательными в пределах претензий этой Державы и ее граждан к Румынии или к румынским гражданам, — включая долги, — которые не были полностью удовлетворены в силу других статей настоящего Договора. Вся румынская собственность или выручка от ее ликвидации, превышающие сумму таких претензий, должны быть возвращены.

2. Ликвидация румынской собственности и распоряжение ею будут проводиться в соответствии с законом заинтересованной Союзной или Соединенной Державы. Румынский собственник не будет иметь прав в отношении такой собственности, за исключением тех, которые могут быть предоставлены ему в силу этого закона.

3. Правительство Румынии обязуется компенсировать румынских граждан собственность которых изъята в силу настоящей статьи и не возвращена им.

4. Данная статья не налагает на ту или иную из Союзных или Соединенных Держав никакого обязательства возвратить Правительству Румынии или румынским гражданам промышленную собственность или включить такую собственность при определении суммы, которая может быть удержана согласно пункту 1 настоящей статьи. Правительство каждой из Союзных и Соединенных Держав будет иметь право установить такие ограничения и условия в отношении прав или интересов, касающихся промышленной собственности, приобретенной до дня вступления в силу настоящего Договора на территории этой Союзной или Соединенной Державы Правительством или гражданами Румынии, какие Правительство данной Союзной или Соединенной Державы сочтет необходимыми в своих национальных интересах.

5. Собственность, предусмотренная пунктом 1 настоящей статьи, должна рассматриваться как включающая румынскую собственность, которая подлежала контролю в силу состояния войны, существовавшего между Румынией и Союзной или Соединенной Державой, имеющей юрисдикцию над этой собственностью, но не должна включать:

a) собственность Правительства Румынии, используемую для консульских или дипломатических целей;

b) собственность, принадлежащую религиозным организациям или частным благотворительным учреждениям и используемую для религиозных или благотворительных целей;

c) собственность физических лиц, которые являются румынскими гражданами, получившими разрешение проживать в пределах территории той страны, в которой находится эта собственность, или проживать в любом другом месте на территории стран Объединенных Наций, за исключением румынской собственности, которая когда-либо во время войны являлась объектом мер, не применявшихся как правило к собственности румынских граждан, проживающих на той же территории;

d) имущественные права, возникшие после возобновления торговых и финансовых отношений между Союзными и Соединенными Державами и Румынией или возникшие из сделок между Правительством любой Союзной или Соединенной Державы и Румынией после 12 сентября 1944 года;

e) права на литературную и художественную собственность.

Статья 28.

1. Со дня вступления в силу настоящего Договора собственность Румынии и румынских граждан, находящаяся в Германии, не будет больше рассматриваться как вражеская собственность, и все ограничения, связанные с таким режимом, должны быть отменены.

2. Опознаваемая собственность Румынии и румынских граждан, вывезенная насильственно или по принуждению с территории Румынии в Германию германскими вооруженными силами или властями после 12 сентября 1944 года, подлежит возврату.

3. Реституция и восстановление румынской собственности в Германии будут осуществляться в соответствии с мероприятиями, которые будут определены Державами, оккупирующими Германию.

4. Без ущерба для вышеизложенных и для любых других постановлений, принятых в пользу Румынии и ее граждан Державами, оккупирующими Германию, Румыния от своего имени и от имени румынских граждан отказывается от всех оставшихся неурегулированными на 8 мая 1945 года претензий в отношении Германии и германских граждан, за исключением претензий, вытекающих из контрактов и других обязательств, заключенных до 1 сентября 1939 года, и прав, приобретенных до этой даты. Этот отказ будет рассматриваться как включающий долги, все межправительственные претензии, связанные с соглашениями, заключенными во время войны, и все претензии на возмещение за потери или ущерб, возникшие во время войны.

Статья 29.

1. Существование состояния войны само по себе не будет считаться фактором, влияющим на обязательство выплачивать денежные долги, вытекающие из обязательств и контрактов, существовавших до возникновения состояния войны, — а также из прав, приобретенных до этого времени, — срок уплаты которых наступил до дня вступления в силу настоящего Договора и которые причитаются с Правительства или граждан Румынии Правительству или гражданам одной из Союзных и Соединенных Держав, или которые причитаются с Правительства или граждан одной из Союзных и Соединенных Держав Правительству или гражданам Румынии.

2. За исключением случаев, специально предусмотренных в настоящем Договоре, ничто в нем не должно толковаться как наносящее ущерб отношениям между дебиторами и кредиторами, вытекающим из довоенных контрактов, заключенных Правительством или гражданами Румынии.

Статья 30.

1. Румыния отказывается от всех претензий любого характера, от имени Правительства Румынии или румынских граждан, к Союз-

ным и Соединенным Державам, связанных непосредственно с войной или вытекающих из мероприятий, предпринятых в силу существования состояния войны в Европе после 1 сентября 1939 года, независимо от того, находилась ли в это время соответствующая Союзная или Соединенная Держава в состоянии войны с Румынией или нет. Этот отказ от претензий включает нижеследующее:

a) претензии в связи с потерями или ущербом, понесенными вследствие действий вооруженных сил или властей Союзных или Соединенных Держав;

b) претензии, вытекающие из присутствия, операций или действий вооруженных сил или властей Союзных или Соединенных Держав на румынской территории;

c) претензии в отношении решений или распоряжений призовых судов Союзных или Соединенных Держав, причем Румыния признает действительными и обязательными все решения и распоряжения таких призовых судов, вынесенные 1 сентября 1939 года или позднее, относительно румынских судов или румынских грузов или оплаты издержек;

d) претензии, вытекающие из осуществления прав воюющей стороны или из мер, принятых с целью осуществления этих прав.

2. Положения настоящей статьи должны исключать полностью и окончательно все претензии указанного выше характера, которые отныне будут прекращены, кто бы ни являлся заинтересованной стороной. Правительство Румынии соглашается выплатить справедливую компенсацию в леях лицам, которые предоставили вооруженным силам Союзных или Соединенных Держав на румынской территории снабжение или услуги по реквизиции, а также для удовлетворения возникших на румынской территории претензий за невоенный ущерб, предъявленных вооруженным силам Союзных или Соединенных Держав.

3. Румыния равным образом отказывается от всех претензий такого характера, который указан в пункте 1 настоящей статьи, от имени Правительства Румынии или румынских граждан к любой из Объединенных Наций, дипломатические отношения которой с Ру-

мынией были порваны во время войны и которая предприняла действия в сотрудничестве с Союзными и Соединенными Державами.

4. Правительство Румынии должно принять на себя полную ответственность за всю военную валюту Союзников, выпущенную в Румынии союзными военными властями, включая всю такую валюту, которая будет находиться в обращении на день вступления в силу настоящего Договора.

5. Отказ Румынии от претензий согласно пункту 1 настоящей статьи включает любые претензии, вытекающие из мер, принятых любой из Союзных и Соединенных Держав в отношении румынских судов между 1 сентября 1939 года и днем вступления в силу настоящего Договора, а также любые претензии и долги, вытекающие из ныне действующих конвенций о военнопленных.

Статья 31.

1. До заключения торговых договоров или соглашений между отдельными Объединенными Нациями и Румынией, Правительство Румынии будет предоставлять в течение 18 месяцев со дня вступления в силу настоящего Договора нижеуказанный режим каждой из Объединенных Наций, которая на началах взаимности фактически предоставит Румынии аналогичный режим в подобных вопросах:

a) Во всем, что касается пошлин и сборов по импорту или экспорту, внутреннего обложения импортируемых товаров, а также всех правил, относящихся к этому, Объединенным Нациям будет предоставлен безусловный режим наибольшего благоприятствования.

b) Во всех других отношениях Румыния не должна проводить произвольной дискриминации, направленной против товаров, производимых на любой территории любой из Объединенных Наций или предназначенных для этой территории, по сравнению с подобными товарами, производимыми на территории любой другой из Объединенных Наций или на территории любой другой иностранной державы или предназначенными для этих территорий.

c) Гражданам Объединенных Наций, в том числе юридическим лицам, должен быть предоставлен национальный режим и режим наибольшего благоприятствования во всех вопросах, касающихся торговли, промышленности, мореплавания и других видов торговой деятельности в Румынии. Эти постановления не должны применяться к коммерческой авиации.

d) Румыния не будет предоставлять никакого исключительного или дискриминационного права какой бы то ни было стране в отношении использования коммерческих самолетов в международном сообщении; она предоставит всем Объединенным Нациям равные возможности в приобретении на румынской территории прав в области международной коммерческой авиации, включая право посадки для заправки горючим и ремонта; что касается использования коммерческих самолетов в международном сообщении, она предоставит всем Объединенным Нациям на основе взаимности и без дискриминации право беспосадочного полета над румынской территорией. Эти постановления не должны затрагивать интересов национальной обороны Румынии.

2. Вышеупомянутые обязательства Румынии должны пониматься в том смысле, что на них распространяются изъятия, обычно включавшиеся в торговые договоры, заключенные Румынией до войны; а постановления, относящиеся к взаимности со стороны каждой из Объединенных Наций, должны пониматься в том смысле, что на них распространяются изъятия, обычно включаемые в торговые договоры данного государства.

Статья 32.

1. Споры, могущие возникнуть при осуществлении статей 23 и 24 и Приложений IV, V и части B Приложения VI настоящего Договора, должны передаваться Согласительной Комиссии, состоящей из равного числа представителей Правительства заинтересованной Объединенной Нации и Правительства Румынии. Если в течение трех месяцев после передачи спора Согласительной Комиссии не будет достигнуто соглашения, каждое из Правительств может потребовать включения в Комиссию третьего члена

и, в случае несогласия между двумя Правительствами относительно избрания этого члена, любая из сторон может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение.

2. Решение большинства членов Комиссии будет являться решением Комиссии и должно приниматься сторонами как окончательное и обязательное.

Статья 33.

Споры, могущие возникнуть в связи с ценами, уплачиваемыми Правительством Румынии за товары, поставляемые этим Правительством в счет репараций и приобретаемые у граждан Союзной или Соединенной Державы или у компаний, принадлежащих им, будут разрешаться, без ущерба выполнению обязательств Румынии по репарациям, путем дипломатических переговоров между Правительством заинтересованной страны и Правительством Румынии. Если прямые дипломатические переговоры заинтересованных сторон не приведут в течение двух месяцев к разрешению спора, то такой спор передается на решение Глав Дипломатических Миссий Советского Союза, Соединенного Королевства и Соединенных Штатов Америки в Бухаресте. В случае, если Главы Миссий не достигнут соглашения в течение двух месяцев, любая из сторон может обратиться к Генеральному Секретарю Объединенных Наций с просьбой назначить арбитра, который примет решение, обязательное для спорящих сторон.

Статья 34.

Статьи 23, 24 и 31 и Приложение VI настоящего Договора будут применяться к Союзным и Соединенным Державам и Франции, а также к тем из Объединенных Наций, дипломатические отношения которых с Румынией были порваны во время войны.

Статья 35.

Постановления Приложений IV, V и VI, как и постановления других Приложений, будут иметь силу как неотъемлемые части настоящего Договора.

ЧАСТЬ VII.

ПОСТАНОВЛЕНИЯ, ОТНОСЯЩИЕСЯ К ДУНАЮ.

Статья 36.

Навигация на реке Дунай должна быть свободной и открытой для граждан, торговых судов и товаров всех государств на основе равенства в отношении портовых и навигационных сборов и условий торгового судоходства. Вышеизложенное не распространяется на перевозки между портами одного и того же государства.

ЧАСТЬ VIII.

ЗАКЛЮЧИТЕЛЬНЫЕ ПОСТАНОВЛЕНИЯ.

3. Правительство Румынии будет предоставлять упомянутым Трем Главам Миссий всю необходимую информацию и оказывать всякое содействие, которые они могут потребовать при выполнении задач, возложенных на них настоящим Договором.

Статья 38.

1. За исключением тех случаев, когда иной порядок специально предусмотрен какой-либо из статей настоящего Договора, любой спор относительно толкования или выполнения этого До-

говора, не урегулированный путем прямых дипломатических переговоров, должен передаваться Трем Главам Дипломатических Миссий, действующим на основании статьи 37, с тем исключением, что в этом случае Главы Миссий не будут ограничены сроком, предусмотренным этой статьей. Любой такой спор, не разрешенный Главами Миссий в течение двух месяцев, должен, если спорящие стороны не придут к взаимному соглашению об иных способах урегулирования спора, передаваться, по требованию любой из спорящих сторон, в Комиссию в составе одного представителя от каждой из сторон и третьего члена, выбранного по взаимному соглашению двух сторон из граждан третьих стран. Если двум сторонам не удастся в месячный срок притти к соглашению относительно назначения третьего члена, то любая из них может обратиться к Генеральному Секретарю Объединенных Наций с просьбой произвести это назначение.

2. Решение большинства членов Комиссии будет являться решением Комиссии и должно приниматься сторонами как окончательное и обязательное.

Статья 39.

1. Любой член Организации Объединенных Наций, не являющийся стороной, подписавшей настоящий Договор, и находящийся в состоянии войны с Румынией, может присоединиться к этому Договору и после присоединения будет для целей Договора считаться одной из Соединенных Держав.

2. Акты присоединения будут сданы на хранение Правительству Союза Советских Социалистических Республик и будут иметь силу со дня сдачи.

Статья 40.

Настоящий Договор, русский и английский тексты которого являются аутентичными, будет ратифицирован Союзными и Соединенными Державами. Договор должен быть также ратифицирован Румынией. Договор вступит в силу немедленно после сдачи ратификационных грамот Союзом Советских Социалистических Республик, Соединенным Королевством Великобритании и Северной Ир-

ландии и Соединенными Штатами Америки. Ратификационные грамоты будут в кратчайший срок сданы на хранение Правительству Союза Советских Социалистических Республик.

В отношении каждой из Союзных или Соединенных Держав, ратификационная грамота которой будет сдана после этого, Договор вступит в силу со дня сдачи на хранение. Настоящий Договор будет сдан в архивы Правительства Союза Советских Социалистических Республик, которое разошлет заверенные копии каждому из подписавших этот Договор государств.

ПРИЛОЖЕНИЕ IV.

Специальные постановления, относящиеся к некоторым видам собственности.

A. Промышленная, литературная и художественная собственность.

1. *a)* Союзным и Соединенным Державам и их гражданам

должен быть предоставлен срок в один год со дня вступления в силу настоящего Договора для того, чтобы дать им возможность, без взимания с них дополнительных сборов или других штрафов любого рода, совершить все необходимые акты для приобретения или сохранения в Румынии прав промышленной, литературной и художественной собственности, которые не могли быть совершены вследствие существования состояния войны.

b) Союзные и Соединенные Державы или их граждане, которые надлежащим образом сделали заявку на территории любой Союзной или Соединенной Державы о патенте или о регистрации образца не ранее, чем за 12 месяцев до возникновения войны с Румынией или в течение войны, или о регистрации промышленного рисунка или модели, или товарного знака не ранее, чем за 6 месяцев до возникновения войны с Румынией или во время войны, будут иметь право в течение 12 месяцев со дня вступления в силу настоящего Договора сделать заявку о соответствующих правах в Румынии вместе с правом приоритета, основанным на более ранней регистрации заявки на территории этой Союзной или Соединенной Державы.

c) Каждой из Союзных и Соединенных Держав и ее гражданам должен быть предоставлен срок в один год со дня вступления в силу настоящего Договора, в течение которого они могут возбуждать дело в Румынии против тех физических или юридических лиц, в отношении которых утверждается, что они незаконно нарушили их права промышленной, литературной или художественной собственности между датой возникновения войны и датой вступления в силу настоящего Договора.

2. Период с момента возникновения войны до истечения 18 месяцев после вступления в силу настоящего Договора должен быть исключен при исчислении срока, в течение которого патент должен был быть осуществлен или рисунок или товарный знак — использован.

3. Период с момента возникновения войны до дня вступления в силу настоящего Договора должен быть исключен из нормального

срока прав промышленной, литературной и художественной собственности, которые имели силу в Румынии к моменту возникновения войны, или которые признаны или установлены на основании части А настоящего Приложения и которые принадлежат любой из Союзных и Соединенных Держав или ее гражданам. Поэтому нормальная продолжительность таких прав должна считаться автоматически продленной в Румынии на дальнейший срок, соответствующий исключенному таким образом периоду.

4. Предшествующие положения, касающиеся прав в Румынии Союзных и Соединенных Держав и их граждан, должны равным образом применяться в отношении прав Румынии и ее граждан на территориях Союзных и Соединенных Держав. Однако, ничто в этих положениях не дает Румынии или ее гражданам права на более благоприятный режим на территории какой-либо из Союзных и Соединенных Держав, чем тот, который предоставляется в подобных случаях этой Державой какой-либо другой из Объединенных Наций или ее гражданам. Румыния не будет также обязана на основании этих положений предоставлять любой из Союзных и Соединенных Держав или ее гражданам более благоприятный режим, чем тот, которым пользуются на территории этой Державы Румыния или ее граждане в вопросах, предусмотренных в предшествующих положениях.

5. Третьим лицам на территориях любой из Союзных и Соединенных Держав или Румынии, которые до дня вступления в силу настоящего Договора добросовестно приобрели права на промышленную, литературную или художественную собственность, находящиеся в противоречии с правами, восстановленными на основании части А настоящего Приложения, или в противоречии с правами, приобретенными на основании приоритета в силу этого же Приложения, или которые добросовестно изготовили, опубликовали, воспроизвели, использовали или продали предмет, к которому относятся эти права, будет разрешено, без всякой ответственности за нарушение, продолжать осуществлять такие права и продолжать или возобновить такое изготовление, публикацию, репродукцию, использование или продажу, которые были добросовестно приобретены или

начаты. В Румынии такое разрешение будет носить форму неисключительной лицензии, предоставляемой на условиях по взаимному соглашению сторон, а при отсутствии соглашения — на условиях, устанавливаемых Согласительной Комиссией, учрежденной на основании статьи 32 настоящего Договора. Однако, на территории каждой из Союзных и Соединенных Держав добросовестные третьи лица будут пользоваться такой защитой, какая предоставляется при аналогичных обстоятельствах добросовестным третьим лицам, права которых находятся в противоречии с правами граждан других Союзных и Соединенных Держав.

6. Ничто в части А настоящего Приложения не должно толковаться как дающее Румынии или ее гражданам право на какой-либо патент или образец на территории какой-либо из Союзных и Соединенных Держав в отношении изобретений, относящихся к любому предмету, поименованному в Приложении III к настоящему Договору, которые были сделаны или в отношении которых заявки были зарегистрированы Румынией или любым из ее граждан в Румынии, или на территории любой из держав оси, или на территории, которая была оккупирована вооруженными силами держав оси, в течение периода времени, когда данная территория находилась под контролем вооруженных сил или властей держав оси.

7. Румыния равным образом распространит действие предыдущих положений настоящего Приложения на Францию и другие неявляющиеся Союзными или Соединенными Державами Объединенные Нации, дипломатические отношения которых с Румынией были порваны во время войны и которые обязуются предоставить Румынии преимущества, предоставляемые Румынии этими же положениями.

8. Ничто в части А настоящего Приложения не будет пониматься как противоречащее статьям 24, 27 и 29 настоящего Договора.

B. Страховое дело.

1. Никакие препятствия кроме тех, которые вообще устанавливаются в отношении страховщиков, не должны ставиться к воз-

обновлению страховщиками, являющимися гражданами Объединенных Наций, их бывших деловых портфелей.

2. Если страховщик из числа граждан любой из Объединенных Наций желает возобновить свою профессиональную деятельность в Румынии и если будет установлено, что стоимость гарантийных депозитов или резервных фондов, требующихся в качестве условия для ведения дела в Румынии, уменьшилась вследствие потери или обесценения ценных бумаг, из которых состояли эти депозиты или резервные фонды, Правительство Румынии обязуется считать в течение 18 месяцев такие ценные бумаги, которые сохранились, удовлетворяющими предписаниям закона в отношении депозитов и резервных фондов.

ПРИЛОЖЕНИЕ V.

Контракты, сроки давности и ценные бумаги.

A. Контракты.

1. Всякий контракт, который для своего выполнения требовал установления сношений между любыми из его сторон, ставшими врагами, как это определено в части D настоящего Приложения, должен, при условии соблюдения исключений, изложенных в пунктах 2 и 3 ниже, считаться расторгнутым с того времени, когда любые из его сторон стали врагами. Такое расторжение, однако, не затрагивает положений статьи 29 настоящего Договора, и оно не должно освобождать ту или иную сторону контракта от обязательства вернуть суммы, полученные в качестве авансов или частичных платежей, в отношении которых такая сторона ничего не сделала взамен.

2. Несмотря на положения пункта 1 выше, не подлежат расторжению и, без ущерба для прав, изложенных в статье 27 настоящего Договора, остаются в силе такие части любого контракта, которые отделимы и не требовали для своего исполнения установления сношений между любыми из его сторон, ставшими врагами, как это определено в части D настоящего Приложения. Если положения того или иного контракта не могут быть таким образом отделены, контракт должен считаться полностью расторгнутым. Вышеизложен-

ное имеет силу при условии применения внутренних законов, распоряжений или правил, изданных любой из Союзных и Соединенных Держав, имеющих юрисдикцию в отношении контракта или в отношении любой из его сторон, а также будет подчиняться условиям контракта.

3. Ничто в части А настоящего Приложения не должно рассматриваться как аннулирующее сделки, законно осуществленные в соответствии с контрактом между врагами, если они осуществлены с разрешения Правительства любой из Союзных и Соединенных Держав.

4. Несмотря на вышеприведенные положения, контракты по страхованию и перестрахованию будут подчиняться отдельным соглашениям между Правительством заинтересованной Союзной или Соединенной Державы и Правительством Румынии.

B. Сроки давности.

1. Все сроки давности или сроки ограничения права на иск или права принимать охранительные меры в отношениях, касающихся лиц или собственности и затрагивающих граждан Объединенных Наций и румынских граждан, которые в силу состояния войны не могли предъявить иска или выполнить формальностей, необходимых для обеспечения своих прав, независимо от того, началось ли течение этих сроков до или после возникновения войны, будут считаться приостановленными на время войны на территории Румынии, с одной стороны, и на территории тех из Объединенных Наций, которые предоставляют Румынии на началах взаимности преимущества, предусматриваемые положениями настоящего пункта, — с другой. Течение приостановленных сроков давности возобновится со дня вступления в силу настоящего Договора. Положения настоящего пункта будут применимы в отношении сроков, установленных для предъявления процентных купонов или купонов на дивиденд или для предъявления к оплате ценных бумаг, вышедших в тираж или подлежащих оплате на каком-либо другом основании.

2. В тех случаях, когда вследствие невыполнения какого-либо акта или какой-либо формальности во время войны были приняты

исполнительные меры на румынской территории в ущерб тому или иному гражданину любой из Объединенных Наций, Правительство Румынии восстановит права, которым был нанесен ущерб. Если такое восстановление является несправедливым или невозможным, Правительство Румынии примет меры к тому, чтобы гражданину Объединенных Наций было предоставлено такое пособие, которое может оказаться справедливым при этих обстоятельствах.

C. Ценные бумаги.

1. В отношениях между врагами ни одна ценная бумага, составленная до войны, не будет рассматриваться как утратившая силу только потому, что эта бумага не была в установленные сроки предъявлена для акцепта или оплаты, или не было сделано уведомление составителю или лицу, учинившему передаточную надпись, об отказе от акцепта или платежа, или она не была опротестована, или же потому, что не была выполнена какая-либо формальность во время войны.

2. В тех случаях, когда срок, установленный для того, чтобы ценная бумага была предъявлена для акцепта или оплаты, или срок, в который уведомление об отказе от акцепта или платежа должно было быть сделано составителю или лицу, учинившему передаточную надпись, или в течение которого документ должен был быть опротестован, истек во время войны, а сторона, которая должна была предъявить или опротестовать документ или уведомить об отказе от акцепта или платежа, не сделала этого во время войны, ей будет предоставлен срок не менее трех месяцев, считая со дня вступления в силу настоящего Договора, в течение которого может быть сделано предъявление, уведомление об отказе от акцепта или платежа или опротестование.

3. Если какое-либо лицо до или во время войны вступило в обязательство по какой-либо ценной бумаге в связи с обязательством, выданным ему лицом, ставшим в дальнейшем врагом, то последнее остается обязанным предоставить первому возмещение в отношении этого обязательства, независимо от возникновения войны.

D. Особые постановления.

1. Для целей настоящего Приложения физические или юридические лица будут рассматриваться как враги с того дня, когда торговля между ними стала незаконной на основании законов, распоряжений или правил, действию которых такие лица или контракты подлежали.

2. Принимая во внимание особенности правовой системы Соединенных Штатов Америки, постановления настоящего Приложения не будут применяться в отношениях между Соединенными Штатами Америки и Румынией.

ПРИЛОЖЕНИЕ VI.

Призовые суды и судебные решения.

A. Призовые суды.

TREATY OF PEACE

WITH

ROUMANIA

1947

The Union of Soviet Socialist Republics, the United Kingdom of Great Britain and Northern Ireland, the United States of America, Australia, the Byelorussian Soviet Socialist Republic, Canada, Czechoslovakia, India, New Zealand, the Ukrainian Soviet Socialist Republic, and the Union of South Africa, as the States which are at war with Roumania and actively waged war against the European enemy states with substantial military forces, hereinafter referred to as "the Allied and Associated Powers", of the one part,

and Roumania, of the other part;

Whereas Roumania, having become an ally of Hitlerite Germany and having participated on her side in the war against the Union of Soviet Socialist Republics, the United Kingdom, the United States of America, and other United Nations, bears her share of responsibility for this war;

Whereas, however, Roumania, on August 24, 1944, entirely ceased military operations against the Union of Soviet Socialist Republics, withdrew from the war against the United Nations, broke off relations with Germany and her satellites and having concluded on September 12, 1944, an Armistice with the Governments of the Union of Soviet Socialist Republics, the United Kingdom and the United States of America, acting in the interests of all the United Nations, took an active part in the war against Germany; and

Whereas the Allied and Associated Powers and Roumania are desirous of concluding a treaty of peace, which, conforming to the principles of justice, will settle questions still outstanding as a result of the events hereinbefore recited and form the basis of friendly relations between them, thereby enabling the Allied and Associated Powers to support Roumania's application to become a member of the United Nations and also to adhere to any Convention concluded under the auspices of the United Nations;

Have therefore agreed to declare the cessation of the state of war and for this purpose to conclude the present Treaty of Peace, and have accordingly appointed the undersigned Plenipotentiaries who, after presentation of their full powers, found in good and due form, have agreed on the following provisions:

The frontiers of Roumania, shown on the map annexed to the present Treaty (Annex I), [1] shall be those which existed on January 1, 1941, with the exception of the Roumanian-Hungarian frontier, which is defined in Article 2 of the present Treaty.

The Soviet-Roumanian frontier is thus fixed in accordance with the Soviet-Roumanian Agreement of June 28, 1940, and the Soviet-Czechoslovak Agreement of June 29, 1945.

Article 14

Roumania shall not possess, construct or experiment with any atomic weapon, any self-propelled or guided missiles or apparatus connected with

Article 21

1. Upon the coming into force of the present Treaty, all Allied Forces shall, within a period of 90 days, be withdrawn from Roumania, subject to the right of the Soviet Union to keep on Roumanian territory such armed forces as it may need for the maintenance of the lines of communication of the Soviet Army with the Soviet zone of occupation in Austria.

2. All unused Roumanian currency and all Roumanian goods in possession of the Allied forces in Roumania, acquired pursuant to Article 10 of the Armistice Agreement, shall be returned to the Roumanian Government within the same period of 90 days.

3. Roumania shall, however, make available such maintenance and facilities as may specifically be required for the maintenance of the lines of communication with the Soviet zone of occupation in Austria, for which due compensation will be made to the Roumanian Government.

PART V

REPARATION AND RESTITUTION

Article 22

1. Losses caused to the Soviet Union by military operations and by the occupation by Roumania of Soviet territory shall be made good by Roumania to the Soviet Union, but, taking into consideration that Roumania has not only withdrawn from the war against the United Nations, but has declared and, in fact, waged war against Germany, it is agreed that compensation for the above losses will be made by Roumania not in full but only in part, namely in the amount of $300,000,000 payable over eight years from September 12, 1944, in commodities (oil products, grain, timber, seagoing and river craft, sundry machinery and other commodities).

2. The basis of calculation for the settlement provided in this Article will be the United States dollar at its gold parity on the day of the signing of the Armistice Agreement, i.e. $35 for one ounce of gold.

Article 23

1. Roumania accepts the principles of the United Nations Declaration of January 5, 1943, and shall return property removed from the territory of any of the United Nations.

2. The obligation to make restitution applies to all identifiable property at present in Roumania which was removed by force or duress

by any of the Axis Powers from the territory of any of the United Nations, irrespective of any subsequent transactions by which the present holder of any such property has secured possession.

3. The Government entitled to restitution and the Roumanian Government may conclude agreements which will replace the provisions of the present Article.

4. The Roumanian Government shall return the property referred to in this Article in good order and, in this connection, shall bear all costs in Roumania relating to labour, materials and transport.

5. The Roumanian Government shall co-operate with the United Nations in, and shall provide at its own expense all necessary facilities for, the search for and restitution of property liable to restitution under this Article.

6. The Roumanian Government shall take the necessary measures to effect the return of property covered by this Article held in any third country by persons subject to Roumanian jurisdiction.

7. Claims for the restitution of property shall be presented to the Roumanian Government by the Government of the country from whose territory the property was removed, it being understood that rolling stock shall be regarded as having been removed from the territory to which it originally belonged. The period during which such claims may be presented shall be six months from the coming into force of the present Treaty.

8. The burden of identifying the property and of proving ownership shall rest on the claimant Government, and the burden of proving that the property was not removed by force or duress shall rest on the Roumanian Government.

PART VI

ECONOMIC CLAUSES

Article 24

1. In so far as Roumania has not already done so, Roumania shall restore all legal rights and interests in Roumania of the United Nations

and their nationals as they existed on September 1, 1939, and shall return all property in Roumania, including ships, of the United Nations and their nationals as it now exists.

If necessary, the Roumanian Government shall revoke legislation enacted since September 1, 1939, in so far as it discriminates against the rights of United Nations nationals.

2. The Roumanian Government undertakes that all property, rights and interests passing under this Article shall be restored free of all encumbrances and charges of any kind to which they may have become subject as a result of the war and without the imposition of any charges by the Roumanian Government in connection with their return. The Roumanian Government shall nullify all measures, including seizures, sequestration or control, taken by it against United Nations property between September 1, 1939, and the coming into force of the present Treaty. In cases where the property has not been returned within six months from the coming into force of the present Treaty, application shall be made to the Roumanian authorities not later than twelve months from the coming into force of the Treaty, except in cases in which the claimant is able to show that he could not file his application within this period.

3. The Roumanian Government shall invalidate transfers involving property, rights and interests of any description belonging to United Nations nationals, where such transfers resulted from force or duress exerted by Axis Governments or their agencies during the war.

4. *(a)* The Roumanian Government shall be responsible for the restoration to complete good order of the property returned to United Nations nationals under paragraph 1 of this Article. In cases where property cannot be returned or where, as a result of the war, a United Nations national has suffered a loss by reason of injury or damage to property in Roumania, he shall receive from the Roumanian Government compensation in lei to the extent of two-thirds of the sum necessary, at the date of payment, to purchase similar property or to make good the loss suffered. In no event shall United Nations nationals receive less favourable treatment with respect to compensation than that accorded to Roumanian nationals.

(b) United Nations nationals who hold, directly or indirectly, ownership interests in corporations or associations which are not United Nations nationals within the meaning of paragraph 9*(a)* of this Article, but which have suffered a loss by reason of injury or damage to property in Roumania, shall receive compensation in accordance with sub-paragraph *(a)* above. This compensation shall be calculated on the basis of the total loss or damage suffered by the corporation or association and shall bear the same proportion to such loss or damage as the beneficial interests of such nationals in the corporation or association bear to the total capital thereof.

(c) Compensation shall be paid free of any levies, taxes or other charges. It shall be freely usable in Roumania but shall be subject to the foreign exchange control regulations which may be in force in Roumania from time to time.

(d) The Roumanian Government shall accord to United Nations nationals the same treatment in the allocation of materials for the repair or rehabilitation of their property in Roumania and in the allocation of foreign exchange for the importation of such materials as applies to Roumanian nationals.

(e) The Roumanian Government shall grant United Nations nationals an indemnity in lei at the same rate as provided in sub-paragraph *(a)* above to compensate them for the loss or damage due to special measures applied to their property during the war, and which were not applicable to Roumanian property. This sub-paragraph does not apply to a loss of profit.

5. The provisions of paragraph 4 of this Article shall not apply to Roumania in so far as the action which may give rise to a claim for damage to property in Northern Transylvania belonging to the United Nations or their nationals took place during the period when this territory was not subject to Roumanian authority.

6. All reasonable expenses incurred in Roumania in establishing claims, including the assessment of loss or damage, shall be borne by the Roumanian Government.

7. United Nations nationals and their property shall be exempted from any exceptional taxes, levies or imposts imposed on their capital

assets in Roumania by the Roumanian Government or any Roumanian authority between the date of the Armistice and the coming into force of the present Treaty for the specific purpose of meeting charges arising out of the war or of meeting the costs of occupying forces or of reparation payable to any of the United Nations. Any sums which have been so paid shall be refunded.

8. The owner of the property concerned and the Roumanian Government may agree upon arrangements in lieu of the provisions of this Article.

9. As used in this Article:

(a) "United Nations nationals" means individuals who are nationals of any of the United Nations, or corporations or associations organised under the laws of any of the United Nations, at the coming into force of the present Treaty, provided that the said individuals, corporations or associations also had this status at the date of the Armistice with Roumania.

The term "United Nations nationals" also includes all individuals, corporations or associations which, under the laws in force in Roumania during the war, have been treated as enemy;

(b) "Owner" means the United Nations national, as defined in sub-paragraph *(a)* above, who is entitled to the property in question, and includes a successor of the owner, provided that the successor is also a United Nations national as defined in sub-paragraph *(a)*. If the successor has purchased the property in its damaged state, the transferor shall retain his rights to compensation under this Article, without prejudice to obligations between the transferor and the purchaser under domestic law;

(c) "Property" means all movable or immovable property, whether tangible or intangible, including industrial, literary and artistic property, as well as all rights or interests of any kind in property. Without prejudice to the generality of the foregoing provisions, the property of the United Nations and their nationals includes all seagoing and river vessels, together with their gear and equipment, which were either owned by United Nations or their nationals, or registered in the territory of one of the United Nations, or sailed under the flag of one of the United Nations and which, after September 1, 1939, while in Roumanian waters, or after they had been forcibly brought into Roumanian waters, either were placed under the

control of the Roumanian authorities as enemy property or ceased to be at the free disposal in Roumania of the United Nations or their nationals, as a result of measures of control taken by the Roumanian authorities in relation to the existence of a state of war between members of the United Nations and Germany.

Article 25

1. Roumania undertakes that in all cases where the property, legal rights or interests in Roumania of persons under Roumanian jurisdiction have, since September 1, 1939, been the subject of measures of sequestration, confiscation or control on account of the racial origin or religion of such persons, the said property, legal rights and interests shall be restored together with their accessories or, if restoration is impossible, that fair compensation shall be made therefor.

2. All property, rights and interests in Roumania of persons, organisations or communities which, individually or as members of groups, were the object of racial, religious or other Fascist measures of persecution, and remaining heirless or unclaimed for six months after the coming into force of the present Treaty, shall be transferred by the Roumanian Government to organisations in Roumania representative of such persons, organisations or communities. The property transferred shall be used by such organisations for purposes of relief and rehabilitation of surviving members of such groups, organisations and communities in Roumania. Such transfer shall be effected within twelve months from the coming into force of the Treaty, and shall include property, rights and interests required to be restored under paragraph 1 of this Article.

Article 26

Roumania recognizes that the Soviet Union is entitled to all German assets in Roumania transferred to the Soviet Union by the Control Council for Germany and undertakes to take all necessary measures to facilitate such transfers.

Article 27

1. Each of the Allied and Associated Powers shall have the right to seize, retain, liquidate or take any other action with respect to all property, rights and interests which at the coming into force of the present Treaty are within its territory and belong to Roumania or to Roumanian nationals, and

to apply such property or the proceeds thereof to such purposes as it may desire, within the limits of its claims and those of its nationals against Roumania or Roumanian nationals, including debts, other than claims fully satisfied under other Articles of the present Treaty. All Roumanian property, or the proceeds thereof, in excess of the amount of such claims, shall be returned.

2. The liquidation and disposition of Roumanian property shall be carried out in accordance with the law of the Allied or Associated Power concerned. The Roumanian owner shall have no rights with respect to such property except those which may be given him by that law.

3. The Roumanian Government undertakes to compensate Roumanian nationals whose property is taken under this Article and not returned to them.

4. No obligation is created by this Article on any Allied or Associated Power to return industrial property to the Roumanian Government or Roumanian nationals, or to include such property in determining the amounts which may be retained under paragraph 1 of this Article. The Government of each of the Allied and Associated Powers shall have the right to impose such limitations, conditions and restrictions on rights or interests with respect to industrial property in the territory of that Allied or Associated Power, acquired prior to the coming into force of the present Treaty by the Government or nationals of Roumania, as may be deemed by the Government of the Allied or Associated Power to be necessary in the national interest.

5. The property covered by paragraph 1 of this Article shall be deemed to include Roumanian property which has been subject to control by reason of a state of war existing between Roumania and the Allied or Associated Power having jurisdiction over the property, but shall not include:

(a) Property of the Roumanian Government used for consular or diplomatic purposes;

(b) Property belonging to religious bodies or private charitable institutions and used for religious or charitable purposes;

(c) Property of natural persons who are Roumanian nationals permitted to reside within the territory of the country in which the property

is located or to reside elsewhere in United Nations territory, other than Roumanian property which at any time during the war was subjected to measures not generally applicable to the property of Roumanian nationals resident in the same territory;

(d) Property rights arising since the resumption of trade and financial relations between the Allied and Associated Powers and Roumania, or arising out of transactions between the Government of any Allied or Associated Power and Roumania since September 12, 1944;

(e) Literary and artistic property rights.

Article 28

1. From the coming into force of the present Treaty, property in Germany of Roumania and of Roumanian nationals shall no longer be treated as enemy property and all restrictions based on such treatment shall be removed.

2. Identifiable property of Roumania and of Roumanian nationals removed by force or duress from Roumanian territory to Germany by German forces or authorities after September 12, 1944, shall be eligible for restitution.

3. The restoration and restitution of Roumanian property in Germany shall be effected in accordance with measures which will be determined by the Powers in occupation of Germany.

4. Without prejudice to these and to any other dispositions in favour of Roumania and Roumanian nationals by the Powers occupying Germany, Roumania waives on its own behalf and on behalf of Roumanian nationals all claims against Germany and German nationals outstanding on May 8, 1945, except those arising out of contracts and other obligations entered into, and rights acquired, before September 1, 1939. This waiver shall be deemed to include debts, all inter-governmental claims in respect of arrangements entered into in the course of the war and all claims for loss or damage arising during the war.

Article 29

1. The existence of the state of war shall not, in itself, be regarded as affecting the obligation to pay pecuniary debts arising out of obligations

and contracts which existed, and rights which were acquired, before the existence of the state of war, which became payable prior to the coming into force of the present Treaty, and which are due by the Government or nationals of Roumania to the Government or nationals of one of the Allied and Associated Powers or are due by the Government or nationals of one of the Allied and Associated Powers to the Government or nationals of Roumania.

2. Except as otherwise expressly provided in the present Treaty, nothing therein shall be construed as impairing debtor-creditor relationships arising out of pre-war contracts concluded either by the Government or nationals of Roumania.

Article 30

1. Roumania waives all claims of any description against the Allied and Associated Powers on behalf of the Roumanian Government or Roumanian nationals arising directly out of the war or out of actions taken because of the existence of a state of war in Europe after September 1, 1939, whether or not the Allied or Associated Power was at war with Roumania at the time, including the following:

(a) Claims for losses or damages sustained as a consequence of acts of forces or authorities of Allied or Associated Powers;

(b) Claims arising from the presence, operations or actions of forces or authorities of Allied or Associated Powers in Roumanian territory;

(c) Claims with respect to the decrees or orders of Prize Courts of Allied or Associated Powers, Roumania agreeing to accept as valid and binding all decrees and orders of such Prize Courts on or after September 1, 1939, concerning Roumanian ships or Roumanian goods or the payment of costs;

(d) Claims arising out of the exercise or purported exercise of belligerent rights.

2. The provisions of this Article shall bar, completely and finally, all claims of the nature referred to herein, which will be henceforward extinguished, whoever may be the parties in interest. The Roumanian Government agrees to make equitable compensation in lei to persons who

furnished supplies or services on requisition to the forces of Allied or Associated Powers in Roumanian territory and in satisfaction of non-combat damage claims against the forces of Allied or Associated Powers arising in Roumanian territory.

3. Roumania likewise waives all claims of the nature covered by paragraph 1 of this Article on behalf of the Roumanian Government or Roumanian nationals against any of the United Nations whose diplomatic relations with Roumania were broken off during the war and which took action in co-operation with the Allied and Associated Powers.

4. The Roumanian Government shall assume full responsibility for all Allied military currency issued in Roumania by the Allied military authorities, including all such currency in circulation at the coming into force of the present Treaty.

5. The waiver of claims by Roumania under paragraph 1 of this Article includes any claims arising out of actions taken by any of the Allied and Associated Powers with respect to Roumanian ships between September 1, 1939, and the coming into force of the present Treaty, as well as any claims and debts arising out of the Conventions on prisoners of war now in force.

Article 31

1. Pending the conclusion of commercial treaties or agreements between individual United Nations and Roumania, the Roumanian Government shall, during a period of eighteen months from the coming into force of the present Treaty, grant the following treatment to each of the United Nations which, in fact, reciprocally grants similar treatment in like matters to Roumania:

(a) In all that concerns duties and charges on importation or exportation, the internal taxation of imported goods and all regulations pertaining thereto, the United Nations shall be granted unconditional most-favoured-nation treatment;

(b) In all other respects, Roumania shall make no arbitrary discrimination against goods originating in or destined for any territory of any of the United Nations as compared with like goods originating in or destined

for territory of any other of the United Nations or of any other foreign country;

(c) United Nations nationals, including juridical persons, shall be granted national and most-favoured-nation treatment in all matters pertaining to commerce, industry, shipping and other forms of business activity within Roumania. These provisions shall not apply to commercial aviation;

(d) Roumania shall grant no exclusive or discriminatory right to any country with regard to the operation of commercial aircraft in international traffic, shall afford all the United Nations equality of opportunity in obtaining international commercial aviation rights in Roumanian territory, including the right to land for refueling and repair, and, with regard to the operation of commercial aircraft in international traffic, shall grant on a reciprocal and non-discriminatory basis to all United Nations the right to fly over Roumanian territory without landing. These provisions shall not affect the interests of the national defence of Roumania.

2. The foregoing undertakings by Roumania shall be understood to be subject to the exceptions customarily included in commercial treaties concluded by Roumania before the war, and the provisions with respect to reciprocity granted by each of the United Nations shall be understood to be subject to the exceptions customarily included in the commercial treaties concluded by that State.

Article 32

1. Any disputes which may arise in connection with Articles 23 and 24 and Annexes IV, V and VI, part B of the present Treaty shall be referred to a Conciliation Commission composed of an equal number of representatives of the United Nations Government concerned and of the Roumanian Government. If agreement has not been reached within three months of the dispute having been referred to the Conciliation Commission, either Government may require the addition of a third member to the Commission, and failing agreement between the two Governments on the selection of this member, the Secretary-General of the United Nations may be requested by either party to make the appointment.

2. The decision of the majority of the members of the Commission shall be the decision of the Commission and shall be accepted by the parties as definitive and binding.

Article 33

Any disputes which may arise in connection with the prices paid by the Roumanian Government for goods delivered by this Government on account of reparation and acquired from nationals of an Allied or Associated Power or companies owned by them shall be settled, without prejudice to the execution of the obligations of Roumania with regard to reparation, by means of diplomatic negotiations between the Government of the country concerned and the Roumanian Government. Should the direct diplomatic negotiations between the parties concerned not result in a solution of the dispute within two months, such dispute shall be referred to the Heads of the Diplomatic Missions in Bucharest of the Soviet Union, the United Kingdom and the United States of America for settlement. In case the Heads of Mission fail to reach agreement within two months, either party may request the Secretary-General of the United Nations to appoint an arbitrator whose decision shall be binding on the parties to the dispute.

Article 34

Articles 23, 24, 31 and Annex VI of the present Treaty shall apply to the Allied and Associated Powers and France and to those of the United Nations whose diplomatic relations with Roumania have been broken off during the war.

Special Provisions Relating to Certain Kinds of Property

A. Industrial, Literary and Artistic Property

1. *(a)* A period of one year from the coming into force of the present Treaty shall be accorded to the Allied and Associated Powers and their nationals without extension fees or other penalty of any sort in order to enable them to accomplish all necessary acts for the obtaining or preserving in Roumania of rights in industrial, literary and artistic property which were not capable of accomplishment owing to the existence of a state of war.

(b) Allied and Associated Powers or their nationals who had duly applied in the territory of any Allied or Associated Power for a patent or registration of a utility model not earlier than twelve months before the outbreak of the war with Roumania or during the war, or for the registration of an industrial design or model or trade mark not earlier than six months before the outbreak of the war with Roumania or during the war, shall be entitled within twelve months after the coming into force of the present Treaty to apply for corresponding rights in Roumania, with a right of priority based upon the previous filing of the application in the territory of that Allied or Associated Power.

(c) Each of the Allied and Associated Powers and its nationals shall be accorded a period of one year from the coming into force of the present Treaty during which they may institute proceedings in Roumania against those natural or juridical persons who are alleged illegally to have infringed their rights in industrial, literary or artistic property between the date of the outbreak of the war and the coming into force of the Treaty.

2. A period from the outbreak of the war until a date eighteen months after the coming into force of the present Treaty shall be excluded in determining the time within which a patent must be worked or a design or trade mark used.

3. The period from the outbreak of the war until the coming into force of the present Treaty shall be excluded from the normal term of rights in

industrial, literary and artistic property which were in force in Roumania at the outbreak of the war or which are recognized or established under part A of this Annex and belong to any of the Allied and Associated Powers or their nationals. Consequently, the normal duration of such rights shall be deemed to be automatically extended in Roumania for a further term corresponding to the period so excluded.

4. The foregoing provisions concerning the rights in Roumania of the Allied and Associated Powers and their nationals shall apply equally to the rights in the territories of the Allied and Associated Powers of Roumania and its nationals. Nothing, however, in these provisions shall entitle Roumania or its nationals to more favourable treatment in the territory of any of the Allied and Associated Powers than is accorded by such Power in like cases to other United Nations or their nationals, nor shall Roumania be thereby required to accord to any of the Allied and Associated Powers or its nationals more favourable treatment than Roumania or its nationals receive in the territory of such Power in regard to the matters dealt with in the foregoing provisions.

5. Third parties in the territories of any of the Allied and Associated Powers or Roumania who, before the coming into force of the present Treaty, had bona fide acquired industrial, literary or artistic property rights conflicting with rights restored under part A of this Annex or with rights obtained with the priority provided thereunder, or had bona fide manufactured, published, reproduced, used or sold the subject matter of such rights, shall be permitted, without any liability for infringement, to continue to exercise such rights and to continue or to resume such manufacture, publication, reproduction, use or sale which had been bona fide acquired or commenced. In Roumania, such permission shall take the form of a non-exclusive licence granted on terms and conditions to be mutually agreed by the parties thereto or, in default of agreement, to be fixed by the Conciliation Commission established under Article 32 of the present Treaty. In the territories of each of the Allied and Associated Powers, however, bona fide third parties shall receive such protection as is accorded under similar circumstances to bona fide third parties whose rights are in conflict with those of the nationals of other Allied and Associated Powers.

6. Nothing in part A of this Annex shall be construed to entitle Roumania or its nationals to any patent or utility model rights in the territory of any of the Allied and Associated Powers with respect to inventions, relating to any article listed by name in Annex III of the present Treaty, made, or upon which applications were filed, by Roumania, or any of its nationals, in Roumania or in the territory of any other of the Axis Powers, or in any territory occupied by the Axis forces, during the time when such territory was under the control of the forces or authorities of the Axis Powers.

7. Roumania shall likewise extend the benefits of the foregoing provisions of this Annex to France, and to other United Nations which are not Allied or Associated Powers, whose diplomatic relations with Roumania have been broken off during the war and which undertake to extend to Roumania the benefits accorded to Roumania under the said provisions.

8. Nothing in part A of this Annex shall be understood to conflict with Articles 24, 27 and 29 of the present Treaty.

B. INSURANCE

1. No obstacles, other than any applicable to insurers generally, shall be placed in the way of the resumption by insurers who are United Nations nationals of their former portfolios of business.

ANNEX V

1. Any contract which required for its execution intercourse between any of the parties thereto having become enemies as defined in part D of this Annex, shall, subject to the exceptions set out in paragraphs 2 and 3 below, be deemed to have been dissolved as from the time when any of the parties thereto became enemies. Such dissolution, however, is without prejudice to the provisions of Article 29 of the present Treaty, nor shall it relieve any party to the contract from the obligation to repay amounts received as advances or as payments on account and in respect of which such party has not rendered performance in return.

2. Notwithstanding the provisions of paragraph 1 above, there shall be excepted from dissolution and, without prejudice to the rights contained in Article 27 of the present Treaty, there shall remain in force such parts of any contract as are severable and did not require for their execution intercourse between any of the parties thereto, having become enemies as defined in part D of this Annex. Where the provisions of any contract are not so severable, the contract shall be deemed to have been dissolved in its entirety. The foregoing shall be subject to the application of domestic laws, orders or regulations made by any of the Allied and Associated Powers having jurisdiction over the contract or over any of the parties thereto and shall be subject to the terms of the contract.

3. Nothing in part A of this Annex shall be deemed to invalidate transactions lawfully carried out in accordance with a contract between enemies if they have been carried out with the authorization of the Government of one of the Allied and Associated Powers.

4. Notwithstanding the foregoing provisions, contracts of insurance and re-insurance shall be subject to separate agreements between the Government of the Allied or Associated Power concerned and the Government of Roumania.

B. PERIODS OF PRESCRIPTION

1. All periods of prescription or limitation of right of action or of the right to take conservatory measures in respect of relations affecting persons or property, involving United Nations nationals and Roumanian nationals who, by reason of the state of war, were unable to take judicial action or to comply with the formalities necessary to safeguard their rights, irrespective of whether these periods commenced before or after the outbreak of war, shall be regarded as having been suspended, for the duration of the war, in Roumanian territory on the one hand, and on the other hand in the territory of those United Nations which grant to Roumania, on a reciprocal basis, the benefit of the provisions of this paragraph. These periods shall begin to run again on the coming into force of the present Treaty. The provisions of this paragraph shall be applicable in regard to the periods fixed for the presentation of interest or dividend coupons or for the presentation for payment of securities drawn for repayment or repayable on any other ground.

2. Where, on account of failure to perform any act or to comply with any formality during the war, measures of execution have been taken in Roumanian territory to the prejudice of a national of one of the United Nations, the Roumanian Government shall restore the rights which have been detrimentally affected. If such restoration is impossible or would be inequitable, the Roumanian Government shall provide that the United Nations national shall be afforded such relief as may be just and equitable in the circumstances.

C. NEGOTIABLE INSTRUMENTS

1. As between enemies, no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or payment, or to give notice of non-acceptance or non-payment to drawers or endorsers, or to protest the instrument, nor by reason of failure to complete any formality during the war.

2. Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice

of non-acceptance or non-payment should have been given to the drawer or endorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period of not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment, or protest may be made.

3. If a person has, either before or during the war, incurred obligations under a negotiable instrument in consequence of an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of these obligations, notwithstanding the outbreak of war.

D. SPECIAL PROVISIONS

1. For the purposes of this Annex, natural or juridical persons shall be regarded as enemies from the date when trading between them shall have become unlawful under laws, orders or regulations to which such persons or the contracts were subject.

2. Having regard to the legal system of the United States of America, the provisions of this Annex shall not apply as between the United States of America and Roumania.

ANNEX VI

Each of the Allied and Associated Powers reserves the right to examine, according to a procedure to be established by it, all decisions and orders of the Roumanian Prize Courts in cases involving ownership rights of its nationals, and to recommend to the Roumanian Government that revision shall be undertaken of such of those decisions or orders as may not be in conformity with international law.

The Roumanian Government undertakes to supply copies of all documents comprising the records of these cases, including the decisions taken and orders issued, and to accept all recommendations made as a result of the examination of the said cases, and to give effect to such recommendations.

B. JUDGMENTS

The Roumanian Government shall take the necessary measures to enable nationals of any of the United Nations at any time within one year from the coming into force of the present Treaty to submit to the appropriate Roumanian authorities for review any judgment given by a Roumanian court between June 22, 1941, and the coming into force of the present Treaty in any proceeding in which the United Nations national was unable to make adequate presentation of his case either as plaintiff or defendant. The Roumanian Government shall provide that, where the United Nations national has suffered injury by reason of any such judgment, he shall be restored in the position in which he was before the judgment was given or shall be afforded such relief as may be just and equitable in the circumstances. The term "United Nations nationals" includes corporations or associations organised or constituted under the laws of any of the United Nations.

Toutes les forces armées alliées seront retirées de Roumanie dans un délai de quatre-vingt-dix jours à compter de l'entrée en vigueur du présent Traité, l'Union Soviétique se réservant le droit de conserver en territoire roumain les forces armées qui pourront lui être nécessaires pour le maintien des lignes de communication de l'Armée Soviétique avec la zone soviétique d'occupation en Autriche.

2. Toutes les devises roumaines non employées et tous les biens roumains qui sont en la possession des armées alliées sur le territoire roumain et qui ont été acquis en application de l'article 10 de la Convention d'Armistice seront restitués au Gouvernement roumain dans le même délai de quatre-vingt-dix jours.

3. Toutefois, la Roumanie fournira tous les approvisionnements et facilités qui pourront être particulièrement nécessaires au maintien des lignes de communication avec la zone soviétique d'occupation en Autriche, prestations pour lesquelles le Gouvernement roumain sera dûment indemnisé.

PARTIE V

REPARATIONS ET RESTITUTIONS

Article 22

1. La Roumanie indemnisera l'Union Soviétique des pertes causées du fait des opérations militaires et de l'occupation par la Roumanie de territoires soviétiques; toutefois, tenant compte du fait que la Roumanie,

non seulement s'est retirée de la guerre contre les Nations Unies, mais encore a déclaré la guerre à l'Allemagne et a effectivement mené la guerre contre celle-ci, les Parties Contractantes conviennent que les réparations pour les pertes indiquées ci-dessus seront effectuées par la Roumanie non en totalité, mais seulement en partie, à savoir pour une valeur de 300.000.000 de dollars des Etats-Unis payables en huit années à partir du 12 septembre 1944 en nature (produits pétroliers, céréales, bois, navires de mer et navires fluviaux, outillage divers, et autres marchandises).

2. La base de calcul pour le règlement prévu au présent article sera le dollar des Etats-Unis à sa parité or à la date de la signature de la Convention d'Armistice, c'est-à-dire 35 dollars pour une once d'or.

Article 23

1. La Roumanie accepte les principes de la Déclaration des Nations Unies du 5 janvier 1943 et restituera les biens enlevés du territoire de l'une quelconque des Nations Unies.

2. L'obligation de restituer s'applique à tous les biens identifiables se trouvant actuellement en Roumanie et qui ont été enlevés, par force ou par contrainte, du territoire de l'une des Nations Unies, par l'une des Puissances de l'Axe, quelles qu'aient été les transactions ultérieures par lesquelles le détenteur actuel de ces biens s'en est assuré la possession.

3. Le Gouvernement ayant droit à la restitution et le Gouvernement roumain pourront conclure des accords qui se subsistueront aux dispositions du présent article.

4. Le Gouvernement roumain restituera en bon état les biens visés dans le présent article et prendra à sa charge tous les frais de main d'oeuvre, de matériaux et de transport engagés à cet effet en Roumanie.

5. Le Gouvernement roumain coopérera avec les Nations Unies à la recherche et à la restitution des biens soumis à restitution aux termes du présent article et il fournira à ses frais toutes les facilités nécessaires.

6. Le Gouvernement roumain prendra les mesures nécessaires pour restituer les biens visés dans le présent article, qui sont détenus dans un tiers pays par des personnes relevant de la juridiction roumaine.

7. La demande de restitution d'un bien sera présentée au Gouvernement roumain par le Gouvernement du pays du territoire duquel le bien a été enlevé, étant entendu que le matériel roulant sera considéré comme ayant été enlevé du territoire auquel il appartenait à l'origine. Les demandes devront être présentées dans un délai de six mois à partir de l'entrée en vigueur du présent Traité.

8. Il incombera au Gouvernement requérant d'identifier le bien et d'en prouver la propriété et au Gouvernement roumain d'apporter la preuve que le bien n'a pas été enlevé par force ou par contrainte.

PARTIE VI

CLAUSES ECONOMIQUES

Article 24

1. Pour autant qu'elle ne l'a pas déjà fait, la Roumanie rétablira tous les droits et intérêts légaux en Roumanie des Nations Unies et de leurs ressortissants tels qu'ils existaient au 1er septembre 1939 et restituera à ces Nations Unies et à leurs ressortissants tous les biens leur appartenant en Roumanie, y compris les navires, dans l'état où ils se trouvent actuellement.

S'il y a lieu le Gouvernement roumain abolira la législation édictée depuis le 1er septembre 1939 dans la mesure où elle présente un caractère de discrimination à l'encontre des droits des ressortissants des Nations Unies.

2. Le Gouvernement roumain restituera tous les biens, droits et intérêts visés au présent article, libres de toutes hypothèques et charges quelconques dont ils auraient pu être grevés du fait de la guerre, et sans que cette restitution donne lieu à la perception d'aucune somme de la part du Gouvernement roumain. Le Gouvernement roumain annulera toutes mesures, y compris les mesures de saisie, de séquestre ou de contrôle, prises par lui à l'égard des biens des Nations Unies entre le 1er septembre 1939 et l'entrée en vigueur du présent Traité. Dans le cas où le bien n'aura pas été restitué dans les six mois à compter de la date d'entrée en vigueur du présent Traité, la demande devra être présentée aux autorités roumaines dans un délai maximum de douze mois à compter de cette même date, sauf

dans les cas où le demandeur sera en mesure d'établir qu'il lui a été impossible de présenter sa demande dans ce délai.

3. Le Gouvernement roumain annulera les transferts portant sur des biens, droits et intérêts de toute nature appartenant à des ressortissants des Nations Unies, lorsque ces transferts résultent de mesures de force ou de contrainte prises au cours de la guerre par les Gouvernements des Puissances de l'Axe ou par leurs organes.

4 *(a)* Le Gouvernement roumain sera responsable de la remise en parfait état des biens restitués à des ressortissants des Nations Unies en vertu du paragraphe 1 du présent article. Lorsqu'un bien ne pourra être restitué ou que, du fait de la guerre, le ressortissant d'une Nation Unie aura subi une perte par suite d'une atteinte ou d'un dommage causé à un bien en Roumanie, le Gouvernement roumain indemnisera le propriétaire en versant une somme en lei jusqu'à concurrence des deux tiers de la somme nécessaire, à la date du paiement, pour permettre au bénéficiaire, soit d'acheter un bien équivalent, soit de compenser la perte ou le dommage subi. En aucun cas, les ressortissants des Nations Unies ne devront être l'objet d'un traitement moins favorable en matière d'indemnité que le traitement accordé aux ressortissants roumains.
